No curb, curb ramp, or sidewalk provided. Pedestrian access route is along the vehicular lane and is not separated by a curb or other cane detectable warning.

- *Proposed Solution:*

When curb or sidewalk is installed along either street, provide accessible curb ramp.

N Parallel

3653 Detectable Warning Surface

- *As-Built Description:*
  The detectable warning surface is not located between 6" - 8" from the curb line on a curb ramp or at the edges on a pedestrian island, cut-through median or perpendicular curb ramp. (0" from curb line on a parallel curb ramp.)
- *As-is* 8.0"
- *Proposed Solution:*
  Relocate the detectable warning surface.

507 Gutter

- *As-Built Description:*

The slope of the gutter area or street at the foot of a curb ramp or blended transition exceeds 1:20 (5%) in the direction of the pedestrian crossing.

- *As-is* 6.2%
- *Proposed Solution:*

Demolish gutter or street area as required and provide 48" x 48" area at foot of curb ramp or blended transition with slope no greater than 5%.
