REPORT TO CITY COUNCIL

Approved by:

Keith Helmuth, Department Director

Arnoldo Rodriguez, City Manager

Council Meeting of: April 5 ,2023
Agenda Number: B-3

SUBJECT:

Second Reading and Adoption of an Ordinance Updating Prima Facie Speed Limits on Designated City Streets

RECOMMENDATION:

Waive the full reading and adopt An Ordinance Amending Section 3-5.08 of Chapter 5 of Title 3 of the Madera Municipal Code to Update Prima Facie Speed Limits on City Streets

SUMMARY:

Adoption or amendment of an ordinance requires two readings (actions) by the City Council: introduction and adoption. Following a public hearing at its March 15, 2023 regular meeting, the Council introduced and waived the full reading of the proposed ordinance. This is the second reading. The California Vehicle Code (CVC) sets speed laws and prima facie speed limits for highways and local roads. In order to vary speed limits from those established by the CVC, a local agency must conduct an Engineering and Traffic Survey (E&TS). The CVC states that a speed limit for a particular roadway segment must be justified by an E&TS, otherwise the subject segment is considered a "speed trap". The evidence of a speeding violation based on a "speed trap" is inadmissible in court. The City last conducted an E&TS in 2022 and extended the E&TS for a period of two years in 2016. The City Engineer has conducted a new E&TS as justification for speed limits on designated streets. The proposed speed limits are provided as Exhibit A of the ordinance. In order to be enforced, the E&TS must be filed with the local Court, and new speed limit signs must be posted, as necessary.

According to the Manual on Uniform Traffic Control Devices (MUTCD) (TOPD 09-04) the speed limit shall be established at the nearest 5 mph increment of the 85th percentile. However, the speed limit may be reduced by a 5-mph increment from the 85th percentile speed if an

engineering study indicates the need for a reduction in speed is necessary to match existing conditions with the traffic safety needs of the community. If the 5-mph reduction is applied, the E&TS shall document in writing the conditions and justification for the reduced speed limit and be approved by a registered Civil or Traffic Engineer. In cases where the nearest increment would require rounding up MUTCD allows the speed limit to be rounded down to the nearest 5 mph increment if no further reduction is used.

BACKGROUND:

Engineering Department staff conducted a speed survey on 6 street segments that expired from 6/3/2022 to 2/9/2023. The speed survey was conducted by reading the speed directly from a Radar Speed Meter. One Hundred (100) automobiles were considered taking 50 from each direction.

The representative conducting the survey was using an unmarked car and selected a section of the road that is straight, no traffic signal, sign, or intersection with major cross streets. It was taken during off-peak hours on weekdays, good weather and with no unusual conditions prevailing.

DISCUSSION:

The City has completed traffic surveys for 4 existing street segments and 2 new street segment including minor collector and arterial streets. The speed limit is required to be set at the nearest 5 mph increment of the 85th percentile speed. However, other factors such as median and modal speed, 50%, 15% percentile, 10 mph pace and accident history within each street segment that are speed related should also be taken in consideration.

In addition to the availability of the above statistical data, a significant aspect of speed limit recommendations is based on a field review. Its importance is that existing conditions may warrant a lower speed than is indicated by the application of survey data.
To use radar for enforcement, the engineering traffic survey must justify the posted speed. Below are the actual results for the 6 streets surveyed:

Table 1: *Summary of Engineering and Traffic Survey*

1. Matches Item No. of table in Section 3-5.08 of Chapter 5 of Title 3 of the Madera Municipal Code
2. Initial value is the nearest rounded speed from the 85th percentile speed. Second value in parenthesis is recommended adjusted speed in compliance with CVC sections 627 and 22358.5 and MUTCD Section 2B.13.
3. Rounded down when 85th percentile speed would require rounding up per MUTCD Section 2B.13 Paragraph 12a Option 2 and in compliance with CVC sections 627 and 22358.5

Justifications:

The following section provides conditions and justification for reduction of speed limits as required by MUTCD.

#23 Granada Drive from Howard Road to Industrial Avenue:

The speed limit was reduced by 5 mph to 40 mph as permissible by the MUTCD 2014 Revision 6 Section 2B.13 paragraph 12a and in compliance with CVC Section 627 and 22358.2. CVC Section 627 defines an E&TS that is required to consider prevailing speeds, accident records, and conditions not readily apparent to the driver and optionally consider residential density and pedestrian and bicycle safety. E&TS determined the 85th percentile speed to be 45 mph. The speed reduction was due to the following condition(s):

- The segment is in a residential area.
- Pedestrians cross Granada Drive in higher than typical numbers in this section to access the Town & Country Park

#44 Storey Road from Yosemite Avenue to City Limits:

E&TS determined the 85th percentile speed to be 49 mph. The speed limit was rounded down to 45 mph as permissible by the MUTCD Section 2B.13 Paragraph 12a Option 2 and in compliance with CVC Sections 627 and 22358.5.

#46 Sunset Avenue from 4th Street to Granada Drive:

E&TS determined the 85th percentile speed to be 40 mph. The speed limit was reduced by 5 mph to 35 mph as permissible by the MUTCD 2014 Revision 6 Section 2B.13 paragraph 12a and in compliance with CVC Section 627 and 22358.2. CVC Section 627 defines an E&TS that is required to consider prevailing speeds, accident records, and conditions not readily apparent to the driver and optionally consider residential density and pedestrian and bicycle safety. The speed reduction was due to the following condition(s):

- The segment is in a residential area.
- The segment is a major school route for two elementary schools.

#48 Tozer Street from Avenue 15 to A Street:

CVC Section 627 defines an E&TS that is required to consider prevailing speeds, accident records, and conditions not readily apparent to the driver and optionally consider residential density and pedestrian and bicycle safety. E&TS determined the 85th percentile speed to be 47 mph. The

speed limit was rounded to 45 mph per CVC and reduced by 10 to 35 mph per engineering judgment. The speed reduction was due to the following condition(s):

- The edge of the traveled way is, in many places, less than 10 feet from the driveways on adjacent properties, causing low visibility for residents attempting to exit their homes.
- Ongoing residential land development in the adjacent vacant lands generates more vehicular and pedestrian traffic than in previous conditions.
- Street is a route to an elementary school and technical school.
- Half-mile street segment north of Sunrise would be classified as residential if not for the width of the roadway due to the high number of adjacent residential properties.

#56 Falcon Drive from Yeager Drive to Aviation Drive:

CVC Section 627 defines an E&TS that is required to consider prevailing speeds, accident records, and conditions not readily apparent to the driver and optionally consider residential density and pedestrian and bicycle safety. E&TS determined the 85th percentile speed to be 47 mph. The speed limit is rounded to 45 mph per CVC and reduced by 10 to 35 mph per engineering judgment. The speed reduction was due to the following condition(s):

- Segment is located in a commercial area that commonly sees high-profile trucks parallel parked, restricting driveway sight distance.
- Segment approaches a curve with a design speed of 35 mph.

#57 Aviation Drive from Condor Drive to Falcon Drive:

CVC Section 627 defines an E&TS that is required to consider prevailing speeds, accident records, and conditions not readily apparent to the driver and optionally consider residential density and pedestrian and bicycle safety. E&TS determined the 85th percentile speed to be 47 mph. The speed limit was rounded to 45 mph per CVC and reduced by 10 to 35 mph per engineering judgment. The speed reduction was due to the following condition(s):

- Segment approaches a curve with a design speed of 35 mph.
- Segment is of minimal length (1,350 feet) terminating to the west into the curve noted in the previous bullet and to the east with a curve that cannot support more than 15 mph.

FISCAL IMPACT:

There is no direct impact to the city.

ALTERNATIVES:

Not adopt the ordinance. Failure to adopt the proposed ordinance inhibits the City of Madera Police Department to issue citations. Council may direct staff to draft further revisions to the Speed Survey Report.

ORDINANCE NO._____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MADERA AMENDING SECTION 3-5.08 OF CHAPTER 5 OF TITLE III OF THE MADERA MUNICIPAL CODE RELATING TO INCREASING STATE SPEED LIMIT IN CERTAIN ZONES

WHEREAS, California Vehicle Code Section 22352 establishes prima facie speed limits for streets; and

WHEREAS, California Vehicle Code Section 22357 provides that whenever a local authority determines upon the basis of an engineering and traffic survey that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any street other than a state highway otherwise subject to prima facie limit of 25 miles per hour, the local authority may by ordinance determine and declare a speed limit of 30, 35, 40, 45, 50, 55, or 60 miles per hour or a maximum speed limit of 65 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe; and

WHEREAS, according to California Vehicle Code (CVC) Section 40802, a "speed trap" is defined as a section of highway or street with a prima facie speed limit that is not justified by an engineering and traffic survey conducted within the time periods specified and the enforcement of the speed limit involves the use of radar or any other electronic device that measures the speed of moving objects; and

WHEREAS, the evidence of a speeding violation based on the maintenance or use of a speed trap is inadmissible in court per CVC Section 40803; and

WHEREAS, in order to establish speed limits and ensure a speed trap is not created, engineering and traffic surveys must be conducted in accordance with CVC Section 627 and the California Manual on Uniform Traffic Control Devices (MUTCD); and

WHEREAS, the City prepared an engineering and traffic survey (E&TS) for designated City streets from 6/3/22 through 2/9/23 and the proposed speed limit for each street as established by the 2023 E&TS; and

WHEREAS, CVC Section 40802(c) allows for engineering and traffic surveys to be valid for a period of seven years if the conditions specified in Section 40802(c), pertaining to officer training and equipment standards, are met; and

WHEREAS, the City has reviewed CVC Section 40802(c) and determined that the Madera Police Officers using radar/lidar equipment for determination of speed have been properly trained and the radar/lidar equipment used meets the required standards and is properly maintained and calibrated.

REPORT TO CITY COUNCIL

Approved by:

Wendy Silva, Director of Human Resources

Arnoldo Rodriguez, City Manager

Council Meeting of: April 5, 2023

Agenda Number: B-4

SUBJECT:

Designation of Applicant's Agents for federal disaster assistance and grant assistance

RECOMMENDATION:

Adopt a resolution designating the City Manager, Director of Financial Services, Director of Human Resources, and Administrative Analyst (Human Resources) to act as Applicant's Agents on behalf of the City of Madera with the California Governor's Office of Emergency Services for a period of three years from the date of approval

SUMMARY:

The California Governor's Office of Emergency Services (CalOES) requires authorized agents (AAs) to sign Requests for Public Assistance (RPAs) and related documents when requesting assistance as a result of a federally declared disaster or grants for hazard mitigation assistance. The City does not have a current designation on file with CalOES. The requested action will recognize four (4) AAs to act on behalf of the City of Madera to ensure the City is able to timely file any necessary paperwork for disaster assistance or mitigation grants: the City Manager, Director of Financial Services, Director of Human Resources, and Administrative Analyst in the Human Resources Department.

DISCUSSION:

In the event the City experiences a disaster that is covered under a federal disaster declaration, the City can request federal assistance for certain covered categories. Additionally, the City can seek grant funding to mitigate known hazards. The federal funding passes through CalOES to public agencies within the State of California, such as the City of Madera. CalOES requires a resolution designating AAs to submit required documents on behalf of the City. The designation of AAs can either occur by naming specific individuals within the organization or by job titles. Additionally, the form can be completed to cover one specified incident, or it can be designated as universal meaning it will cover all open and future disasters, up to three (3) years from the resolution effective date.

Staff recommends designating job titles as AAs and selecting the universal resolution option as this is more operationally efficient. By designating titles only, the City does not need to request additional resolutions if named employees separate from the City. The universal resolution is valid for all open and future disasters that are declared up to three years following the date of approval of the resolution. Upon expiration of the resolution, the AAs can no longer make application for new assistance, but it would remain in effect for disasters declared prior to expiration. It also remains effective until the disaster goes through closeout unless it is superseded by a newer resolution.

At present, the City is in process with the Federal Emergency Management Agency (FEMA) to seek assistance for the January 2023 storms, which have been declared a federal disaster. The requested resolution will apply to this disaster, as well as any others going forward for a period of three (3) years and will ensure staff is equipped with authority to file appropriate paperwork for disaster recovery or mitigation assistance timely on behalf of the City.

FINANCIAL IMPACT:

The recommended action does not have any direct financial impact, but approval of the recommended action would enable the City to seek emergency reimbursement funds as well as mitigation grant funds from the State and Federal government.

ALTERNATIVES:

Council can direct staff to choose different positions to be AAs or to use individual names instead of job titles. Council could also direct staff to adopt a resolution that would only be effective for a single incident, rather than a universal resolution.

REPORT TO CITY COUNCIL

Approved by:

Keith Helmuth, Department Director

Arnoldo Rodriguez, City Manager

Council Meeting of: April 5, 2023

Agenda Number: B-5

SUBJECT:

Consideration of a request by Filogonio Santiago and Isabel Perez for connection to the City's water system

RECOMMENDATION:

Adopt a resolution approving an agreement for Outside City Limits Water Connection for 26475 and 26479 Ellis Street (APN 038-070-010)

SUMMARY:

The City has a policy wherein properties located outside the City Limits, but proximate to the City water and sewer systems, may, under certain conditions, apply for and receive City utility services. The proposed resolution approves an Agreement for Outside City Limits Water Connection which, if approved, will be recorded on the title of the property. Should the current owners elect to sell the property, the agreement would be listed on the Title Report.

DISCUSSION:

The property owners, Filogonio Santiago and Isabel Perez, have two existing single-family residences on a one-acre parcel located on the north side of Ellis Street, between Sonora and D Streets. The owners have requested that they be allowed to connect to the existing 24-inch City water main in Ellis Street and have declared their request as an urgent matter as the property has a well that is failing. The two homes are served by a single water well. Without potable water, they would more than likely rely on bottled water or pay for water service to be delivered. Fortunately, the 24-inch water line was recently installed as part of a development at the southwest intersection of North D and Ellis Streets. The subject site is directly north of the subdivision, which is under construction.

It is noted that two, one-inch water lines would be installed, and they would be metered, similar to all new City connections. Development Impact Fees (DIF) of $845 per house will be collected

prior to permitting the water connections. The customers would then be charged fixed charges and volumetric charges (i.e., consumption-based) similar to existing customers. All expenses would be borne by the property owners.

It is further noted that the City has recently approved several other similar requests in this area, including:

1. Two requests on North D Street, northeast of the site
2. Two requests on Country Club Drive, southwest of the site

The Local Agency Formation Commission (LAFCO) has approved the connection of the two homes on this parcel to City water service outside the current City limits. The City requires an Agreement to be recorded on title regarding terms and conditions for subject services and the Owners' covenant not to protest annexation.

FINANCIAL IMPACT:

Approving this request for outside city limits water connection imposes no additional expense to the City, Water Enterprise Fund or the General Fund, as the property owners pay all costs associated with the physical construction of the water lateral and meter. In addition, the property owners would pay single-family residential Development Impact Fees, also known as DIF, for both structures.

ALTERNATIVES:

If Council does not approve the Agreement for Outside City Limits Water Connection, the residents may face hardships and will have to seek other alternatives.

REPORT TO CITY COUNCIL

Approved by:

Arnoldo Rodriguez, City Manager

Council Meeting of: April 5, 2023

Agenda Number: B-6

SUBJECT:

Letter of Support for Valley Children's Hospital

RECOMMENDATION:

As the Letter of Support was provided at the time of request, this report is for informational purposes only; therefore, no action is being requested of Council.

SUMMARY:

Staff received and complied with a request from the Director of Community and Governmental Relations for Valley Children's Hospital for a Letter of Support for a federal funding request to fund a Long-Duration Energy Storage Demonstration program (LDES). As the Letter of Support was provided to Valley Children's Hospital, this item is to present details of their request along with information about the LDES program as an informational item.

BACKGROUND:

In December 2021, the U.S. Department of Energy (DOE) announced the establishment of the Office of Clean Energy Demonstrations to support large-scale clean energy demonstration projects. The DOE formed the Long Duration Energy Storage Demonstration Initiative and Joint Program (LDES), which focuses on developing long-duration energy storage technologies and accelerating clean energy technology from the lab to the market. The goal is to provide funding to fill a critical innovation gap on the path to 100 percent clean electricity by 2035 and net-zero emissions by 2050.

The LDES grant applies to public and private sector organizations undergoing clean energy projects that require assistance in deployment, market adoption, or the implementation of carbon-reducing energy systems. The grant available $150 million in funding for these projects. Eligible projects include but are not limited to investments in clean hydrogen, carbon management, advanced nuclear reactors, long-duration energy storage, and industrial decarbonization in rural areas. Projects should demonstrate promising long-duration energy

storage technologies at different scales and should help the new technologies become commercially viable.

DISCUSSION:

On February 21, 2023, the City received a request from Valley Children's Hospital (VCH) for a Letter of Support for their application for LDES funding to drive additional solar panel and energy system installations on hospital grounds. Valley Children's Hospital has witnessed firsthand the devastating impacts of climate change on the local community. The facility has long treated children and youth impacted by extreme weather events such as wildfires, drought-inducing dehydration, and poor air quality while overcoming the threat of repeated power outages. To help address the impact of climate change on the organization and the children and families they serve, VCH has proposed a sustainable energy strategy that includes investing significantly in green energy technology and infrastructure on-site at their hospital campus.

A significant feature of this strategy includes generating and storing energy for current and future use. To demonstrate this, VCH partnered with the California Energy Commission (CEC) and Faraday Microgrids to develop and construct a new renewable energy microgrid connected to the hospital's emergency power. The original project (funded by VCH and the CEC) would provide 1.3MWh (megawatt hour) of solar, 1.4MWh of battery, and 2.2MW of fuel cells, estimated to provide up to 10 hours of backup power. VCH and its partners are now pursuing LDES funding to install additional batteries and solar infrastructure that could provide a round-the-clock backup energy source for its hospital facilities. The result will produce a project that demonstrates the capabilities of non-lithium-ion batteries to support critical infrastructure as well as increase the resiliency of a hospital that faces challenges both from natural disaster events as well as serving disadvantaged communities while significantly reducing or potentially eliminating the need for backup diesel generators. VCH will use a similar system installed by Faraday at other location sites to assess the performance and capabilities of these energy systems in different environments with varying energy demands. The project's total cost is estimated at $60 million, with the CEC contributing $25 million and Valley Children's Hospital contributing $5 million. The project is supported by PG&E, the Madera County Economic Development Commission, Congressman Jim Costa, Congressman David Valadao, and the California Central Valley Economic Development Corporation.

If the grant is awarded, this project is expected to trigger support for similar projects, strengthening the viability of such systems in the commercial marketplace. Furthermore, as required by the LDES Initiative, this project aims to invest in carbon management and industrial decarbonization in rural areas by promoting the replacement of carbon-producing diesel backup generators with renewable energy microgrids, thereby improving the air quality in nearby regions. The City Manager provided a Letter of Support to the Director of Community and Governmental Relations for VCH on February 27, 2023.

FINANCIAL IMPACT:

There is no cost to the City associated with the provision of this letter of support.

ALTERNATIVES:

None.

Subject: **Long-Duration Energy Storage Demonstration for Children's Hospital in an Underserved Community**

Re: DE-FOA-0002867

The City of Madera is pleased to offer this letter of support for the proposed project referenced above submitted by the California Energy Commission, Faraday Microgrids, and Valley Children's Hospital in response to the Department of Energy's Office of Clean Energy Demonstrations funding opportunity announcement DE-FOA-0002867.

Valley Children's Hospital (VCH) belongs to one of the nation's largest pediatric healthcare networks and is the only pediatric hospital serving Central California. With more than 670 physicians and 3,500 staff, Valley Children's delivers high-quality, comprehensive care to more than 1.3 million children in our service area, including those that require exceedingly specialized and complex care. VCH has witnessed firsthand the devastating impacts of climate change, particularly in disadvantaged communities such as ours and continues to invest in treatment, education and outreach to keep our residents informed of the dangers, underlying health conditions and prevention measures. With extreme weather events such as wildfires, prolonged drought, poor air quality and ongoing threats to power outages, Valley Children's has had to develop sustainable solutions while providing life-saving care and crucial preventative treatment for its young patients. Simply said, any loss of power or threat to the normal daily functions of this hospital would be catastrophic. As such, the City of Madera supports the proposed project's overall goals to intelligently integrate, monitor, condition-analyze, and control high-penetration, non-lithium-ion long duration energy storage based renewable energy microgrids to support multiple critical buildings at the hospital in Madera.

The project will include a large zinc-bromide-based energy storage system combined with a large solar array that will be capable of supporting, at a minimum, the emergency power system of the hospital indefinitely. The end result will produce a project which will demonstrate the capabilities of non-lithium-ion batteries to support critical infrastructure as well as increase the resiliency of a hospital that faces challenges both from natural disaster events as well as serving

disadvantaged communities while significantly reducing, or even eliminating, the need for operation of backup diesel generation.

Additionally the unprecedented size and capabilities of the proposed system will prove to be a critical demonstration of the contribution of behind-the-meter long duration energy storage to overall grid stability and reliability.

The City of Madera supports the advancement of this project and wish you a successful outcome from the proposal selection process. Thank you for your consideration.

Sincerely,

Arnoldo Rodriguez

SUBJECT:

California Department of Resources Recycling and Recovery (CalRecycle) Tire Amnesty Grant Application

RECOMMENDATION:

Adopt a Resolution authorizing the submittal of grant applications to CalRecycle for the Local Government Waste Tire Amnesty Grant Program for a period of five years

SUMMARY:

The California Department of Resources Recycling and Recovery (CalRecycle) offers grant programs to fund the cleanup and abatement of waste tires collected at cleanup projects and amnesty events. The Tire Amnesty Grant is awarded in two-year cycles that reimburse for costs associated with staff time, transportation, handling, and recycling of the tires. CalRecycle requires agencies to receive approval from their respective governing bodies prior to applying. The resolution before the City Council (Council) would authorize staff to apply for the grant program and any subsequent programs for the next five years.

The grant award is for two years for up to $90,000, and the City anticipates applying for the maximum amount.

DISCUSSION:

The City has previously participated in the CalRecycle waste tire program, and the program has been successful, resulting in fewer tires being illegally dumped. As a recipient of the grant in Fiscal Year 2019/20, staff estimated 24,000 tires were collected in the county over two years. At collection events, residents can dispose of up to 20 waste tires at no charge; however, tires from waste tire-generating businesses or haulers are prohibited. The events are date-specific and open to the public.

It is noted that while residents may dispose of 20 waste tires per event, the City actively collects illegally dumped tires via the Waste Tire Cleanup Grant, which is a different grant than the subject item. Under the Waste Tire Cleanup Grant, staff collects up to 9 waste tires per address when tires are illegally dumped on a property. Under this scenario, City staff travel to the site to collect the tires; however, someone may occasionally drop them off at the City's Corporation Yard. Under the subject grant, the City will hold a tire collection day where community members may drop off up to 20 tires at a central location. Table 1 provides a comparison of the two programs.

Table 1: *Comparison of the two tire waste collection programs*

	Waste Tire Cleanup Grant	*Tire Amnesty Grant*[1]
Administered by	Public Works	Code Enforcement
Geographic Area	City	City, Chowchilla, County
Maximum # of tires	9 per address	20 per address
Are businesses eligible?	No	No
Where does tire collection occur?	City staff collects tires; this includes those that are illegally dumped.	Residents take their tires to a drop-off location. Five drop-off events are planned as part of this grant application.

[1] This report is for the Tire Amnesty Grant

The grant program allows agencies to submit as a single jurisdiction or as part of a regional team. In the spirit of cooperation, the City would serve as the lead agency, apply for a regional jurisdiction grant, and include the County and Chowchilla. Per grant guidelines, the City may request up to $90k. Based on experience, it is anticipated that up to five collection events will be held during the two-year grant period. The five events include the City, Chowchilla, and the County.

It should be noted that authorizing the City to submit grant applications for the next five years does not authorize fund acceptance.

FINANCIAL IMPACT:

The submittal of grant applications would not impact the general fund. The grant application, if awarded, would provide funds for future fiscal years, thus having no impact on the City's 2022/23 Operating Budget.

The cost per event is estimated to be more than $17,000, which includes staff time, transportation, handling, and processing/recycling of the tires. Historically, the City partnered with a non-profit that provided manual labor and some trailers, reducing the costs. The City's request would be $90,000, and upon award, would be distributed through CalRecycle's reimbursement request process.

ALTERNATIVES:

Council may approve the submission of the regional grant without authorization of grant submittal for the next five years. Furthermore, they can reject the resolution in its entirety and request staff return with additional information.

SUBJECT:

Public hearing on the Community Development Block Grant (CDBG) 2023/24 Annual Action Plan funding allocation

RECOMMENDATION:

Conduct the public hearing and, by motion, approve the tentative allocations for the CDBG 2023/24 Annual Action Plan in the amount of $981,730 plus the reallocation of $342,761.46 to Capital Projects/Public Improvements

SUMMARY:

On February 27, 2024, the U.S. Department of Housing and Urban Development (HUD) announced the 2023/24 CDBG funding allocations. The City's eligible allocation for the 2023/24 Annual Action Plan funding is $981,730. On March 20, 2023, Council approved reallocating funds previously awarded to the Community Action Partnership of Madera County (CAPMC) related to the 2020/21 Rapid Rehousing Program. The funds reallocated to the 2023/24 Capital Projects/Public Improvements funding category is $342,761. Therefore, the total eligible CDBG funding allocation for the 2023/24 Program Year is $1,324,491.46.

The public hearing is for Council to consider funding recommendations proposed by the Block Grant Commission (BGC) for the eligible CDBG Annual Action Plan funding and to receive public comment on the funding proposals. HUD requires a 30-day public comment period after approving tentative allocations. Once the public comment period expires, staff will present the tentative allocations to Council in May 2023 for final approval.

DISCUSSION:

The City is a CDBG entitlement jurisdiction that receives an annual funding allocation. Each year, the City is eligible to apply for and receive the funds through the development and submittal of

a CDBG Annual Action Plan. HUD established three national objectives for the CDBG program. Activities proposed in the Annual Action Plan to HUD must meet, at a minimum, one of the following objectives:

1. Benefit to low- and moderate-income (LMI) persons; or
2. Aid in the prevention or elimination of slums or blight; or
3. Meet a need having a particular urgency (referred to as urgent need).

In addition to the national objectives, HUD requires the identification of primary and secondary-tier local funding priorities. The City identifies these local funding priorities in the 2020-2024 Consolidated Action Plan. The following primary and secondary-tier priorities for funding cycles 2020-2024 are as follows:

- Primary
  - Quality Housing (Rent affordability and rental assistance)
  - Homelessness (Supportive services and prevention)
- Secondary-Tier
  - Neighborhood Revitalization (Infrastructure Improvements, Streets/Roads/Lighting, and Community Centers/Parks)

ELIGIBLE USES OF FUNDS

HUD requires the expenditure of funds across three funding categories:

- Administration; 20 percent maximum of annual allocated funding
- Public Services; 15 percent maximum of annual allocated funding
- Capital Projects/Public Improvements; no minimum or maximum thresholds of the available funding

The maximum percentage allocation amounts must be based on the current year's award ($981,730). Therefore, the maximum amounts eligible for Administration and Public Service are $196,346 and $147,259, respectively. The remaining balance is allocated to Capital Projects/Public Improvements. This year's remaining allocation ($638,125) plus the reallocation of funds from the CAPMC Rapid Rehousing Program ($342,761) results in a total Capital Projects/Public Improvements eligible amount of $980,886.

SUMMARY OF SUBRECIPIENT GRANT APPLICATIONS

On January 20, 2023, the City released a Request for Funding Proposal (RFP) inviting eligible and interested entities to submit applications for the CDBG 2023/24 funding cycle. Thirteen applications were received. The BGC convened a meeting on March 21, 2023, to review applications, listen to presentations made by the interested entities, and deliberate over the merits of each applicant. Their primary objective was to obtain consensus on funding distributions and propose such recommendations to Council.

Table 1 below indicates the funding limits that can be allocated to Administration, Public Service, and Capital Projects/Public Improvements. The third column identifies the total amount requested by the applicants in each funding category.

an integral part of the CNA is listening to Madera County resident, both those affected by the conditions of poverty and those attempting to reduce them. We are in the process of starting this year's CNA.

CAPMC also collaborates with FMCoC to conduct the annual Point in Time County in Madera County. Volunteers from a variety of entities go out into the county in search of homeless individuals, tally and then surveys all those found living in places not meant for habitation. Funding from the FMCoC is also used to purchase hygiene kits that serve as an incentive to those hesitate to be surveyed.

While the hospital closure is about a month ago, the larger issues surrounding lack of healthcare access has be a persistent problem for years. The hospital closure merely shone a bright light a more vexing problem. MCCJ in its various community projects have gotten feedback residents about the dearth of health services. Related to that is the ongoing misinformation (e.g., eligibility, public charge implications, etc.) and all the barriers that the marginalized communities routinely face.

Since the closure, staff have heard from residents, ex-patients, teachers, care providers, legal advocates, ex-hospital staff, other doctors and nurses and the faith community about the pressing need to provide monolingual , farmworker, low-income and uninsured residents about their rights, what actions to take, resources, and listing of available healthcare facilities and related services.

Madera Promotora Project reflects the direct input from all these different stakeholders. The range of activities are designed to addressed their concerns and recommendations. Additionally, the project relies in large part on the organization's extensive and ongoing dealing with these communities and the informal, impromptu and unsolicited information obtained therefrom but hugely invaluable to informing the creation of this project.

Section 2. Project Timeline

2.1 Will the proposed project funding be fully expended by June 30, 2024?

Yes

If no, please explain.

2.2 Please provide anticipated project/activity schedule by identifying major milestones in each quarter period.

Quarter	Description of Anticipated Milestones
Quarter 1 July-September	MRM is an ongoing program and our services to the community remains the same. Our goal is to serve our clients with love and dignity. Making sure that our facilities are kept clean and well maintained, as we help to provide our clients with their basic needs. We offer case management to our clients that are already in our system waiting for possible permanent housing, as well as case management to new clients that come to the Mission.
Quarter 2 October - December	Connect new clients with the necessary resources that they might need. Help them with applications to the housing authority for them to obtain their permanent housing. Also helping clients build their resumes and training them work skills. It's sad to mention, but we have encountered so many clients that do not have the slightest idea of how to open a bank account or how to apply for a driver license , so we help them with all this and more.
Quarter 3 January - March	We stay in contact with clients that have entered into the job force to ensure they are doing well. In other words we encourage them with a phone call by letting them know that we are here for them. We also pay them random visits to see their progress, specially the clients that are of advanced age.
Quarter 4 April - June	We will keep promoting our services to the community by spreading the voice through social media and our website. Keep working with each individual that comes to the mission for services. We will refer clients to other agencies that might help them to succeed in their life. Keep maintaining our services in an outstanding manner. We serve God's children.

Section 3. Ability to Locate other Funds

2.1 Will the proposed project funding be fully expended by June 30, 2024?
Yes

If no, please explain.

2.2 Please provide anticipated project/activity schedule by identifying major milestones in each quarter period.

Quarter	Description of Anticipated Milestones
Quarter 1 July-September	Olive will continue to provide temporary, transitional safe housing for victims of human sex trafficking. Our goal is to connect clients to available resources that will enable them to become self sufficient. Resources include but are not limited to; drug/alcohol rehabilitation, licensed therapy for trauma, life coaching, transportation, assistance with probation/parole, assistance through court ordered services, obtaining proper identification, medical services through Camarena Healthcare, assistance with job or school applications, applying for state compensation, and any other state resource available that clients qualify for. After 2 years of operating, we anticipate two women to be self-sufficient and moving out of the Bennett House. This is an appropriate timeframe to help our clients gain enough confidence empowering them to move through life successfully. This first quarter we anticipate a large number of victims that will reach out to Olive. We base this on past patterns as summer months bring in a larger influx of clientele. We are here to intervene on behalf of the victims of sex trafficking locally. Once a potential client is assessed, they are moved into the safe house in the City of Madera. From there, they can attain supportive services that they require. We work in a 'case by case' basis to ensure each victim is treated with individual dignity and respect.
Quarter 2 October - December	We are attempting to fund equine therapy for the women we are housing through fundraising efforts. This expansion of therapeutic services to our clients will bring more choices to the different clients we encounter on a regular basis. The more opportunities we can provide to the different clients, the more women we can help succeed. We also maintain a 'phase 2' apartment in Fresno County to assist clients with evictions or lack of job history to satisfy landlords in apartment buildings. This is a 2 bedroom apartment that can house up to 2 women who are ready to

	begin their journey into a normal life. There are landlords who will not rent to clients with certain crimes listed on their records such as drug charges or prostitution. This apartment will give our clients who hold regular jobs the understanding of what job history and paying rent and utilities looks like. This phase 2 apartment also give more time for vacatur of certain criminal activity that was accrued during the time they were actually victims. Clients can stay at this location up to 1 year to build rental history and save money. We anticipate that we will have 2 clients ready by the second quarter that will qualify for phase 2. This apartment is funded through donations only. Awarding CDBG funding to Olive, provides stability to our City of Madera safe house and enables us to expand services in other areas. Victims of sex trafficking often have a trafficker who is actively searching for them to bring them back under oppression. Keeping someone in the same county they were picked up in is not always a viable solution. Transferring someone out of county for their safety in some cases is a necessary step we must take. For this reason, we use donor funding to provide a second location in Fresno County. This location is a 2 bedroom apartment that is at the same location as the 'phase 2' apartment. On this property lives a life coach that specializes in trauma counseling that these particular clients have 24 hour access to. Our staff meets with these clients regularly to ensure proper individualized care is maintained.
Quarter 3 January - March	With January being Human Trafficking Awareness Month, we will expand our outreach programs county wide. Olive will be hosting the 'Red Sand Project' on a much larger scale. In past years, we have simply provided the sand to the different agencies. This coming year, we will be hosting several different opportunities for agencies and community members to be involved in this particular project. The Red Sand Project is a world-wide campaign designed to bring prevention and awareness to those who have lost their lives due to human trafficking. Olive has also joined the 'Pledge 2 Stop Trafficking.' This is a co-op of Central Valley agencies to host a 'one day' fundraising event on January 16th, 2024. The combined efforts of this multi-agency organization will provide more funding opportunities for direct services for our clients. Volunteers

	work all day for one day to provide awareness opportunities and donation centers for community members. Olive also sponsors a local agency by the name of EPIK Project in Madera. This group of male volunteers meet once a month to reach out to the 'buyer' population to educate them on human sex trafficking, offer supportive services (i.e. therapy) and explain their role in this crime. As spring and summer approach, there is anticipated a higher call volume for sex services. This third quarter we anticipate more awareness to community members of the devastation that sex trafficking can bring throughout the city and county of Madera.
Quarter 4 April - June	Spring is our fundraising season. We will host our annual dinner/auction to bring in extra funding from the community. During this quarter our focus is to bring more donor support to Olive to cover other costs. Last year Olive grossed just over $51,000.00. However, due to the high cost of housing individuals, inflation and funding their specific needs, these funds are depleting. In order to maintain our quality of service, this fundraiser is necessary.

Section 3. Ability to Locate other Funds

3.1 What financial resources, other than City are available for this project? Explain.

Donor funding is the only other resource that we use for expenses and direct services for clients at this time. Wages are provided by Community Corrections Partnership (CCP) through AB-109 funding from the State of California.

Section 4. Public Input Received/Citizen Participation

Proposals should include evidence of citizen support for the project.

4.1 What was done to receive public input/participation? Please provide details.

Olive has many volunteers and board members that are highly involved in every aspect of decision making. We have a large following on social media. Our monthly newsletter is sent out to over 250+ email recipients

who receive regular updates. Our Operations Director has been to multiple local service clubs to talk to them about how sex trafficking is affecting our community.

4.2 What were the outcomes? Include documentation of support for the proposal such as meeting minutes, letters and petitions.

Last year, the input we received from the community resulted in our annual fundraiser being sold out. Attached are meeting minutes from our board meetings that have law enforcement and members of the public on our board, as well as community support letters.

4.3 List partnerships / collaborations with other agencies within the community.

Our partnerships include, Madera County Behavioral Health, Madera County Victims Services through CAPMC, Madera Police Department, Madera County Sheriff's Office, Madera County Probation, Breaking the Chains (Fresno), Fresno EOC (CVAHT), World Impact, Central Valley Justice Coalition, Haven Women's Crisis Center, Community Corrections Partnership (CCP), District Attorney's Office, Defense Attorney Craig Collins, Wings of the Way, and Poverello House Fresno.

Section 5. Client Population

Please refer to (Attachment A) for Income Limits and (Attachment B) for eligible CDBG Census Tracts to assist in determining client eligibility.

5.1 Indicate the total number of unduplicated clients you intend to serve during the term of this proposed project: 15

Section 6. Project Budget and Capacity

6.1 Does the organization have the storage capacity to retain project files for a minimum of five years? Yes

6.2 Does the organization have the capacity to separately track/report all CDBG funded expenditures and activities?

If yes, briefly describe the organization's record keeping, tracking, and reporting system.

Olive uses Quickbooks online services as well as hard copies kept locked in a file cabinet. We also have an Excel Spreadsheet that is used to keep track of expenses and income. Financial reports are emailed directly to our Board Treasurer each month. Taxes are filed by a licensed CPA every year.

6.3 Please list all expenses in the table below.

Reason: April, please review section 1. Section 1.2 needs an outcome identified (should be availability/sustainability) and the national objective I believe is incorrect. If the safe house will provide services to victims outside of the immediate are where located, then a different option must be selected. It should likely be option 2 then select which low-mod individuals are served. Please call me if you have questions. - Marcela

The conditions of approval for the Project require annexation into CFD 2005-1, which was established as an annexable district to provide funding to offset the increased cost for public safety, open space and parks maintenance created by new development.

DISCUSSION:

By Resolution No. 05-334, the City Council established CFD 2005-1, a Mello Roos Community Facilities District with the intention that future development within the City of Madera (City) would annex into this district. The special taxes collected from the property owners within the district are used for the funding of police and fire protection services, storm drain infrastructure maintenance and operations, and park maintenance. Property owner assessments are paid as a component of the property tax collection process. As was originally envisioned with the establishment of the CFD, future residential projects not included in the initial formation process are required to go through an annexation process in order to be included in CFD 2005-1. Projects may be annexed one at a time, or in a group if they are ready at the same time.

CVI Subdivision makes up Annexation No. 14. The Subdivision Tract 22-S-02/TSM 2017-02 is owned by CVI-2 Group, LLC. The Project includes the development of approximately 19 single family residential units. The boundaries of the Project consist of the area within the original Assessor's Parcel Numbers (APN's) 004-170-007 and 004-170-008 as depicted on Attachment 1.

The attached resolution represents the first steps that must be taken in the annexation process. The resolution declares the City's intention to annex the proposed territory into CFD 2005-1, and establishes May 17, 2023, as the public hearing date for consideration of the annexation of the property into CFD 2005-1. See Attachment 1 to view a diagram of the properties proposed to be annexed. As with all residential subdivisions, conditions of approval for the subdivision require annexation into CFD 2005-1 prior to recordation of the final subdivision map. This will comprise the 14th annexation into CFD 2005-01. See Attachment 2 for a history of annexations into CFD 2005-1.

FINANCIAL IMPACT:

The 2022/2023 Fiscal Year CFD 2005-1 assessment for single-family residential development is approximately $524.41 per dwelling unit. Based on this figure, the estimated annual revenue that will be received by the City (Fund 76650) for all 19 units in Annexation No. 14 will be $9,963.79. CFD 2005-1 includes an annual Consumer Price Index (CPI) adjustment, therefore, this amount will escalate over time. The process for annexation is funded by the developer and no General Fund monies are used for this effort.

ALTERNATIVES:

The City Council adopted Ordinance C.S. 792, which established the district and its special tax structure, on December 7, 2005. The Council could, at its discretion, consider alternative methods for funding the necessary services that are demanded by residential development and supported by CFD 2005-1. Amendment of the ordinance would be required.

WHEREAS, the City Council of the City of Madera has conducted proceedings to establish Community Facilities District No. 2005-1 (Public Services) (the "CFD") pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (the "Act"), Chapter 2.5 of Part 1 of Division 2 of Title 5, commencing at Section 53311, of the California Government Code; and

WHEREAS, under the Act, the City Council, as the legislative body for the CFD, is empowered with the authority to annex territory to the CFD, and now desires to undertake proceedings to annex the territory known as 22-S-02 /TSM 2017-02 Subdivision ("Annexation No. 14") to the CFD. Annexation No. 14 will consist of 19 single family residential units located at the southwest corner of Adell Street and North Lake Street.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MADERA, HEREBY RESOLVES:

SECTION 1. This Council hereby finds and determines that public convenience and necessity require that territory be added to the CFD.

SECTION 2. The name of the existing CFD is "Community Facilities District No. 2005-1 (Public Services)".

SECTION 3. The territory included in the existing CFD is as shown on the maps thereof filed in the office of the County Recorder, County of Madera State of California, to which maps reference is hereby made which have been filed with the Madera County Recorder's Office. Said territory is generally described in Exhibit "A" attached hereto.

The territory now proposed to be annexed to the CFD is as shown on the Boundary Map of Annexation No. 14 to the CFD, on file with the City Clerk, a copy of which is attached hereto as Exhibit "B" and made a part hereof.

SECTION 4. Services described in Exhibit A to Resolution No. 05-334 include police protection services and fire protection and suppression services, including but not limited to (i) the costs of contracting services; (ii) equipment, vehicles, ambulances and paramedics, fire apparatus, supplies; (iii) the salaries and benefits of City staff that directly provide police protection services and fire protection and suppression service3s and other services as defined herein, respectively; (iv) City overhead costs associated with providing such services within the District; (v) park maintenance; and (vi) storm drainage system operation and maintenance. It is presently intended that the Services will be shared, without preference or priority, by the existing territory in the CFD and the territory proposed to be annexed to the CFD.

SECTION 5. Except to the extent that funds are otherwise available to the CFD to pay for the Services and/or the principal and interest as it becomes due on bonds of the CFD issued to finance the Services, a special tax sufficient to pay the costs thereof is intended to be levied annually within the CFD, and collected in the same manner as ordinary ad valorem property taxes. The proposed rate and method of apportionment of the special tax among the parcels of real property within the CFD, as now in existence and following the annexation proposed herein, and in sufficient detail to allow each landowner within the territory proposed to be annexed to the CFD to estimate the maximum amount such owner will have to pay, is described in Exhibit C, which is hereby incorporated by this reference.

SECTION 6. The City Staff presented Annexation No. 14 to City Council at a Council Meeting on April 5, 2023, in order to begin annexation proceedings.

SECTION 7. The City Council fixes May 17, 2023, at 6:00 p.m., in the regular meeting place of this Council, being the City Council Chambers, located at 205 W. 4th St, Madera, California, the Council, as legislative body for the CFD, to conduct a public hearing on the annexation of territory to the CFD and consider and finally determine whether the public interest, convenience and necessity require said annexation of territory to the CFD and the levy of said special tax therein.

SECTION 8. The City Clerk is hereby directed to cause notice of said public hearing to be given by publication one time in a newspaper of general circulation in the area of the CFD. The publication of said notice shall be completed at least seven days before the date herein set for said hearing. Said notice shall be substantially in the form specified in Section 53339.4 of the Act. The City Clerk shall also cause a copy of the Resolution of Annexation, or a notice thereof, to be mailed to each landowner (and to each registered voter, if any) within the territory proposed to be annexed, which resolution or notice shall be mailed at least fifteen days before the date of said hearing.

No Special Tax shall be levied on Non-Residential Property, Undeveloped Property, Property Owner Association Property or Public Property.

MANNER OF COLLECTION

Special Tax as levied pursuant to Section D above shall be collected in the same manner and at the same time as ordinary ad valorem property taxes; provided, however, that the District Administrator may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet the financial obligations of the District or as otherwise determined appropriate by the District Administrator.

TERM OF SPECIAL TAX

After the establishment of the District, the City Council may reexamine, if deemed necessary by City Council, the necessity of the continuance of the Special Tax through the preparation of a Fiscal Impact Analysis, otherwise the Special Tax shall be levied in perpetuity.

REPORT TO THE CITY COUNCIL

Approved by:

Will Tackett, Community Development Director

Arnoldo Rodriguez, City Manager

Council Meeting of: April 5, 2023

Agenda Number: C-3

SUBJECT:

Repeal of Outdated Section 10-3.419 of the Madera Municipal Code, Telecommunications, Towers, Antennas and Structures (OTA 2022-02)

RECOMMENDATION:

Conduct a public hearing, waive full reading, and introduce Regulatory Ordinance (i) Repealing Section 10-3.419 of Title X, Chapter 3 of the Madera Municipal Code Relating to Telecommunications Towers, Antennas and Structures and (ii) finding the Ordinance is not a project subject to the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15378, and alternatively, exempt from CEQA under CEQA Guidelines Section 15061(b)(3) (Common Sense).

SUMMARY:

This is a housekeeping ordinance as a result of the City Council's (Council) adoption of a comprehensive ordinance and a policy regarding wireless facilities on October 19, 2022. The Planning Commission (Commission) and staff are recommending the Council to hold a public hearing and introduce for the first reading by title only the full reading of regulatory ordinance repealing outdated Section 10-3.419 of Title X, Chapter 3 of the Madera Municipal Code (MMC) (OTA 2022-02). On February 21, 2023, the Commission adopted Planning Commission Resolution No. 1946 recommending that Council adopt an ordinance repealing Section 10-3.419 and find the ordinance not a project to CEQA (refer to Attachment 1).

BACKGROUND:

On October 19, 2022, Council adopted Ordinance No. 995 C.S. adding Chapter 9 of Title X to the MMC allowing for new regulations for wireless facilities on private property and Resolution No. 22-174 adopting a policy (Administrative Policy No. AP-69) for small wireless facilities in the public rights-of-way). The purpose of the new regulations and policies was to bring the MMC in line with recent Federal and State case law pertinent to wireless facilities and to replace MMC Section 10-3.419 which had become out of step with Federal and State law. Chapter 9 lists preferred and discouraged locations to prioritize locations where wireless projects can be approved. Complementing Chapter 9, Administrative Policy No. AP-69 established location standards for wireless facilities in the public rights-of-way.

When Chapter 9 of Title X was adopted by Council, the Council, during its public hearing for the ordinance text amendment (OTA 2022-01), was informed that the text amendment was necessitated by changes in State and Federal Law regarding the regulation of Wireless Facilities. Specifically, a new ordinance regulating new Wireless Facilities on private property was needed to make the City code consistent with State and Federal Law and a new policy regulating Wireless projects in the Public Rights-of-way was also legally necessary and was drafted. The addition of Chapter 9 to the MMC and adoption of Administrative Policy No. AP-69 necessitates the repeal of the outdated Section 10-3.419 of the MMC to avoid duplicative and obsolete regulations.

ENVIRONMENTAL REVIEW:

Staff performed a preliminary environmental assessment in accordance with CEQA and determined that an ordinance repealing Section 10-3.419 of the MMC is not a "project" subject to CEQA pursuant to Section 15378. Alternatively, if the ordinance was a "project" subject to CEQA, it would be exempt from CEQA under CEQA Guidelines Section 15061(b)(3) the General Rule of Exception of the CEQA Guidelines. Further, none of the exceptions under Section 15300.2 of the CEQA Guidelines are applicable.

PLANNING COMMISSION REVIEW:

The Commission held a public hearing on February 21, 2023 to consider the repeal of Section 10-3.419 of Title X, Chapter 3 of the MMC. On a 7-0 vote, the Commission adopted Resolution No. 1946 recommending Council adopt an Ordinance repealing Section 10-3.419 of the MMC and to find the Ordinance to repeal Section 10-3.419 of the MMC is not a project subject to CEQA.

PUBLIC NOTICE:

Public notification consisted of publishing a notice in the local newspaper (Madera Tribune) and by posting the agenda, with the agenda items listed, at least 72 hours prior to the meeting.

FINANCIAL IMPACT:

Cost associated with the ordinance to repeal Section 10-3.419 of the MMC included various staff time, City Attorney fees and public noticing.

ALTERNATIVES:

As an alternative, the Council may elect to:

1. Move to refer the item back to staff or continue the public hearing to a future Council meeting at a date certain with direction to staff to return with an updated staff report and/or ordinance.
2. Provide staff with other alternative directives.

RESOLUTION NO. 1946

RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF MADERA RECOMMENDING THE CITY COUNCIL ADOPT AN ORDINANCE REPEALING SECTION 10-3.419 OF TITLE X OF THE MADERA MUNICIPAL CODE RELATING TO TELECOMMUNICATION TOWERS, ANTENNAS AND STRUCTURES AND FIND THE ORDINANCE IS NOT A PROJECT SUBJECT TO CEQA PURSUANT TO CEQA GUIDELINES SECTION 15378, AND ALTERNATIVELY, EXEMPT FROM CEQA UNDER CEQA GUIDELINES SECTION 15061(B)(3) (COMMON SENSE)

WHEREAS, pursuant to the California Constitution, Article XI, section 7; California Government Code Section 37100 and other applicable law, the City Council of the City of Madera ("City Council") may make and enforce within its limits all local, police, sanitary and other ordinances, resolutions and other regulations not in conflict with general laws; and

WHEREAS, On October 19, 2022, the City Council adopted Ordinance No. 995 C.S., which added Chapter 9 to Title X of the Madera Municipal Code, and brought the Madera Municipal Code in line with recent Federal and State law pertinent to wireless facilities; and

WHEREAS, the adoption of Ordinance No. 995 C.S. necessitates the repeal of Section 10-3.419 of the Madera Municipal Code to avoid duplicative and obsolete regulations; and

WHEREAS, the City performed a preliminary environmental assessment in accordance with the California Environmental Quality Act (CEQA) and determined that an ordinance repealing Section 10-3.419 is not a "project" subject to CEQA per CEQA Guidelines Section 15378, and alternatively, if the ordinance was a "project" subject to CEQA, it would be exempt from CEQA under CEQA Guidelines Section 15061(b)(3); and

WHEREAS, on February 21, 2023, the Planning Commission held a duly noticed public hearing, and evaluated the information in the record, and considered testimony at the public hearing; and

WHEREAS, the Planning Commission now desires to recommend that the City Council adopt an ordinance repealing Section 10-3.419 of the Madera Municipal Code related to telecommunication towers, antennas, and structures.

NOW, THEREFORE BE IT RESOLVED, by the Planning Commission of the City of Madera as follows:

1. Recitals. The Planning Commission finds that: (a) the facts set forth in the recitals in this Resolution are true and correct and incorporated by reference; and (b) the recitals constitute findings in this matter and, together with the staff report, other written reports, public testimony and other information contained in the record, are an adequate and appropriate evidentiary basis for the actions taken in this Resolution.

2. CEQA Recommendation. The Planning Commission recommends that the City Council find that the ordinance does not qualify as a "project" subject to California Environmental Quality Act ("CEQA") Guidelines § 15378 and California Public Resources Code § 21065 because repealing Section 10-3.419 is a ministerial action that has no potential for resulting in either a direct or physical change in the environment or a reasonably foreseeable indirect physical change in the environment. Alternatively, if this action qualified as a "project", it would be exempt pursuant to CEQA Guidelines § 15061(b)(3) (Common Sense) because there is no possibility that the project will have a significant impact on the

physical environment. Further, none of the exceptions under Section 15300.2 of the CEQA Guidelines are applicable to this project.

3. **Recommendation to Adopt the Ordinance.** The Planning Commission recommends that the City Council adopt an ordinance repealing Section 10-3.419.

4. **Effective Date.** This Resolution shall become effective immediately.

Passed and adopted by the Planning Commission of the City of Madera this 21st day of February 2023, by the following vote:

City Council Ordinance

Repeal of Section 10-3.419 of Title X, Chapter 3
Telecommunication Towers, Antennas and Structures

ORDINANCE _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MADERA REPEALING SECTION 10-3.419 OF TITLE X, CHAPTER 3 OF THE MADERA MUNICIPAL CODE RELATING TO TELECOMMUNICATION TOWERS, ANTENNAS AND STRUCTURES AND FINDING THE ORDINANCE IS NOT A PROJECT SUBJECT TO CEQA PURSUANT TO CEQA GUIDELINES SECTION 15378, AND ALTERNATIVELY IS EXEMPT FROM CEQA UNDER CEQA GUIDELINES SECTION 15061(B)(3) (COMMON SENSE)

THE CITY COUNCIL OF THE CITY OF MADERA ORDAINS AS FOLLOWS:

SECTION 1. Section 10-3.419 Of Title X, Chapter 3 of the Madera Municipal Code Relating To Telecommunication Towers, Antennas And Structures is repealed.

SECTION 2. **CEQA**. The City Council finds that the Ordinance does not qualify as a "project" subject to California Environmental Quality Act ("CEQA") Guidelines Section 15378 and California Public Resources Code Section 21065 because repealing Section 10-3.419 is a ministerial action that has no potential for resulting in either a direct or physical change in the environment or a reasonably foreseeable indirect physical change in the environment. Alternatively, if this action qualified as a "project", it would be exempt pursuant to CEQA Guidelines Section 15061(b)(3) (Common Sense) because there is no possibility that the project will have a significant impact on the physical environment. Further, none of the exceptions under Section 15300.2 of the CEQA Guidelines are applicable to this project.

SECTION 3. **Effective Date**. This Ordinance shall become effective thirty (30) days after adoption.

SECTION 5. **Publication**. The City Clerk shall certify to the passage and adoption of this Ordinance by the City Council of the City of Madera and shall cause this Ordinance to be published or posted in accordance with Government Code Section 36933 as required by law.

REPORT TO CITY COUNCIL

Approved by:

Will Tackett, Community Development Director

Arnoldo Rodriguez, City Manager

Council Meeting of: April 5, 2023

Agenda Number: C-4

SUBJECT:

The Arc Fresno/Madera Counties Project General Plan Amendment (GPA 2022-03), Prezone (REZ 2022-02), Annexation (ANX 2022-03), and Negative Declaration (ENV 2022-03)

RECOMMENDATION:

Conduct a public hearing and then consider the following:

1. Adoption of a Resolution adopting ENV 2022-03 (Negative Declaration) and approving GPA 2022-03 for The Arc Fresno/Madera Counties Project; and

2. Waive full reading and introduce an Ordinance of the City Council approving REZ 2022-02 amending the official City of Madera Zoning Map to prezone the approximately 242 acres "Arc Annexation Area" generally bound by Martin Avenue on the north, North D Street on the East, Adell and Ellis Streets on the south, and the existing United States Bureau of Reclamation Canal and Road 26.

SUMMARY:

The applicant, The Arc Fresno/Madera Counties, is requesting a General Plan amendment (GPA 2022-03), and the prezoning (REZ 2022-02) and annexation (ANX 2022-03) of approximately 242 acres for the purpose of constructing and operating a new Intellectual and Development Disability Center (IDDC) at 16482 Road 26 (Assessor's Parcel Number [APN] 038-060-018)) herein referenced as the "Arc development site." The 2.1-acre Arc development site is approximately 320 feet north of the intersection of Ellis Street and Road 26 and approximately 1,800 feet (0.35 miles) north of the City limits. See Attachments 1 and 2 for annexation boundaries and Attachment 3 for a list of affected parcels.

The proposed annexation requires a series of actions by the City and the Madera Local Agency Formation Commission (LAFCo). LAFCo is the lead agency for annexations of properties into the City. Prezoning is required as a precursor to submitting an application for annexation of the site with LAFCo. State law requires that a proposed annexation to a city must be consistent with the General Plan (GP) and the prezoning set by the city. The LAFCo process will be started with the City Council adopting a resolution of initiation, which will be provided at the next meeting when the prezone ordinance is adopted. An overview of the proposed project is provided in Table 1 below.

Site Characteristics	Annexation area is a mix of undeveloped and developed parcels. Majority of the developed parcels consist of rural residential uses and existing school facilities. Non-residential uses include a County drainage ponding basin located in the central portion of the annexation area and a commercial facility located along the east side of Road 26. The largest use developed within the annexation area includes the Matilda Torres High School, Jack G. Desmond Middle School, and Nishimoto Elementary School combined campus located at the north end of the area of annexation.

BACKGROUND:

The proposed 242-acre annexation area is a mix of undeveloped and developed parcels. A majority of the developed parcels consist of rural residential uses and existing school facilities. Non-residential uses include a County drainage ponding basin located in the central portion of the annexation area and a commercial facility located along the east side of Road 26. The largest developed land use within the annexation area is the 93.13-acre combined Matilda Torres High School, Jack G. Desmond Middle School, and Nishimoto Elementary School campus located at the north end of the area of annexation (see Attachment 2). The proposed annexation area is generally surrounded by unincorporated property composed of commercial uses and single-family residences to the west, single family residential uses to the north and east. Lands to the south, within the City limits which form the southern boundary of the annexation area, are comprised of a mix of commercial developments, vacant lands, and rural and urban residential properties, as well as a portion of the Sherman Thomas school campus.

As an area currently outside the jurisdiction of the City, zoning and development entitlements for properties located within the proposed annexation area currently fall under the jurisdiction of the County of Madera. Current County zoning districts for the affected annexation properties are shown in Attachment 4. Table 2 below summarizes the existing development/uses, and the General Plan land use designations and zoning districts surrounding the proposed annexation area. The General Plan designations identified in Table 2 represent the City's General Plan land use designations surrounding the proposed annexation area. The zoning districts identified in Table 2 include both City and County zone district based on where the annexation boundary abuts the existing City limits or unincorporated property.

General Plan Amendment 2022-03

GPA 2022-03 proposes to amend the Arc development site's (APN 038-060-018) General Plan land use designation from MD (Medium Density Residential) to HD (High Density Residential) to enable the proposed IDDC to be constructed and operate on the Arc development site. GPA 2022-03 also proposes to amend the General Plan land use designation of the southern five acres of the Jack G. Desmond Middle School site (APN 038-010-026) from OS (Open Space) to P&SP (Other Public & Semi-Public Uses) consistent with the land use designation of the northern portion of the school site. See Exhibit A of Attachment 9 for the City of Madera existing and proposed General Plan Land use designations for the Arc development site and affected annexation area.

Prezone 2022-02

The project site is currently outside the City limits. Current zoning of the project site is subject to the County of Madera. The County has zoned the majority of annexation area property AR-5 - Agricultural Rural, Five Acre) District. Properties between Road 26 and the USBR canal are zoned RRM – Residential, Rural, Multiple Family District. The southwest section of the Matilda Torres High School site and the properties immediately south of the High School, adjacent to Road 26 and the northern one-third of the County's drainage basin south of the High School are zoned CRM – Commercial, Rural, Medium District (see Attachment 4).

The proposed annexation area must be prezoned before an annexation request can be filed with LAFCo. Pursuant to Government Code Section 65859(a), "[A] city may, pursuant to this chapter, prezone unincorporated territory to determine the zoning that will apply to that territory upon annexation to the city. The zoning shall become effective at the same time that the annexation becomes effective."

The City is required to ensure a prezone request is consistent with the General Plan. REZ 2022-02 proposes to prezone the Arc development site to R3 (One unit per each 1,800 square feet (sf)) and prezone the Jack G. Desmond Middle School PF (Public Facilities) consistent with the land use amendments proposed under GPA 2022-03. The remaining properties to be annexed into the City as a part of the project would be prezoned as well, consistent with the respective City's General Plan land use designation assigned to those individual properties. The proposed prezoning districts for the affected annexation properties are shown in Exhibit A of Attachment 10.

Annexation 2022-03

ANX 2022-03 proposes to annex the 2.12-acre Arc development site and 51 additional parcels, representing approximately 242 acres combined, into the City, consistent with LAFCo's request to define and establish a logical annexation territory pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.

The proposed 242-acre annexation area is generally bounded by Martin Street to the north, North D Street to the east, Adell and Ellis Streets to the south, and the USBR canal and Road 26 to west. A listing of all affected parcels is included as Attachment 3. Please note, where Road 26 enters the City limits, it is identified as Country Club Drive. Road 26 within the limits of the annexation area would be renamed Country Club Drive upon approval of the annexation by LAFCo.

The proposed annexation area is located within the City's Urban Growth Area and Sphere of Influence and is consistent with the General Plan as proposed to be amended pursuant to GPA 2022-03. The proposed development of the Arc development site would be compatible with the proposed General Plan land use designation for the Arc development project site as proposed pursuant to GPA 2022-03 and the surrounding area. On this basis, the Planning Commission (Commission) has made the necessary findings determining the proposed project is consistent with the General Plan.

City Council (Council) approval of ANX 2022-03 would initiate the request to LAFCo to undertake proceedings for the Arc Annexation. If the Council approves the project entitlements, LAFCo will review and take action on the proposed annexation. If the annexation is approved by LAFCo, a certificate of completion will be issued, which would make the annexation effective 30 days after approval. At that time, Road 26 within the limits of the annexation area would be renamed Country Club Drive.

Plan of Services

The proposed annexation area has already experienced some urban development and City improvements, and is planned for development by the City's Master Sewer, Water and Transportation/Circulation Plans. Within the proposed annexation area, existing City water facilities are located beneath Road 26, Martin Street, North D Street, approximately 1,000 feet of Ellis Street west of North D Street, and approximately 1,500 feet of Adell Street west of North D Street. Existing City sewer facilities within the annexation area are located beneath Ellis Street, Road 26 north of Ellis Street, North D Street, approximately 1,700 feet of Martin Street west of North D Street, and Road 26 (Country Club Drive) south of Adell Street. City water and sewer improvements serve the 93.13-acre combined Matilda Torres High School, Jack G. Desmond Middle School, and Nishimoto Elementary School campus.

The annexation area also includes previously developed storm drainage infrastructure. Both Road 26 and Ellis Street contain storm drain inlets within the annexation area that presently drain to an existing County Drainage basin located approximately 600 feet east of the Road 26 and Ellis Street intersection. This basin collects storm runoff from the surrounding area. City water, sewer, and storm drainage infrastructure would be extended, consistent with City standards, as development occurs within the annexation area.

Fire, emergency, medical, and police protection services for the annexation area are presently provided by the County of Madera and augmented through contracts and agreements with other agencies and service providers, including the City of Madera. The County of Madera has a contract with CalFire to provide management and staffing of the County's fire stations and equipment. Madera City Fire Station 58 is located approximately 1.20 miles to the southwest of the Arc annexation area and Madera County Fire Station 1 is located approximately 2.75 miles to the southeast of the Arc annexation area. The annexation would place the area under the jurisdiction of City services; however, the existing mutual agreement would allow for County services to respond to emergency events within the annexation area.

ENVIRONMENTAL REVIEW:

The proposed project has been reviewed for compliance with the California Environmental Quality Act (CEQA). The City prepared an initial study and, on that basis, determined that the proposed project will not have significant adverse effects on the environment and that a Negative Declaration could be prepared. See Attachment 5 for The Arc Fresno/Madera Counties Initial Study/Negative Declaration. The Initial Study/Negative Declaration (IS/ND) was published for a 30-day public review and comment period commencing on November 19, 2022, and ending on December 19, 2022. Comments were received from the California Highway Patrol (CHP), Pacific Gas & Electric Company (PG&E), Madera Irrigation District (MID), Caltrans, and the San Joaquin Valley Air Pollution Control District (SJVAPCD). See Attachment 6 for comment letters received.

Comments from CHP and PG&E indicated that the project would not have an impact on their facilities. MID also indicated that the project would have no impact and that the canal abutting the Arc development site to the west was owned by the USBR and operated by MID.

Comments from Caltrans stated that the construction and the operation of the Arc facility would not have an impact on their facilities; however, the overall annexation area may have an impact. Caltrans requested that a traffic analysis be completed analyzing the impact of development planned throughout the annexation area according to each parcel's prezoning designation. Based on a subsequent meeting between Caltrans and the City on January 19, 2023, Caltrans subsequently retracted the request for a traffic analysis to be completed in association with the project. The retraction was based on the mutual understanding the land use intensity within the annexation area was not going to increase beyond what is anticipated in accordance with the General Plan as a result of the project; and, any attempts at such analyses, beyond the scope of analyses performed for purposes of the General Plan, would be too speculative at this time. There are two sites that would experience a change in their land use designation as a result of the project. The first site is the Arc's property, which Caltrans confirmed would not require additional traffic analysis due to the size of the project. The other site undergoing a land use change is the southern five-acre portion of Jack G Desmond Middle School site (APN 038-010-026) already developed as school athletic fields. This site is currently planned as Open Space and would be amended to be planned for Other Public and Semi-Public Uses, consistent with the rest of the combined school campus. The remaining parcels within the annexation area would be prezoned to be consistent with their respective General Plan land use designation, remaining consistent with their currently planned intensity. As they develop, individual projects within the annexation area will be required to complete any applicable project specific or cumulative environmental and traffic analyses necessary for CEQA compliance based upon the timing and project proposed.

Comments from the SJVAPCD noted that neither the annexation, nor the construction of the Arc facility, would have an impact on air quality resources; however, future development within the annexation area could result in impacts to air quality resources. Individual projects within the annexation area would be required to complete any applicable environmental analyses depending on the extent of the project being proposed, including required air quality analysis.

Based on the initial study and review of all items in the record, there is no substantial evidence that this project may have a significant direct, indirect or cumulative effect on the environment. As a result, a negative declaration is appropriate for this project.

PLANNING COMMISSION REVIEW:

The Commission held a public hearing on February 21, 2023 to consider GPA 2023-03, REZ 2022-02 and ANX 2022-03. The Commission also considered the applicant's request for a use permit (CUP 2022-07)

and a site plan review (SPR 2022-07), both of which are required to authorize the construction and operation of the proposed IDDC at 16482 Road 26 (Arc Development Site).

On a 7-0 vote, the Commission adopted Resolution No. 1941 recommending the Council adopt the Negative Declaration ENV 2022-03, and approve GPA 2022-03, and REZ 2022-02 (see Attachment 7). Additionally, the Commission, on a 7-0 vote, adopted Resolution No. 1940, recommending the Council initiate annexation of the proposed 242-acre annexation area (see Attachment 8). Finally, on a 7-0 vote, the Commission approved Resolution No. 1942, contingently approving CUP 2022-07 and SPR 2022-12, which would allow for the construction and operation of the IDDC. Approval of CUP 2022-07 and SPR 2022-12 are contingent on Council adopting the ENV 2022-03, approving GPA 2022-03 and REZ 2022-02, and Council adopting a Resolution initiating annexation of the 242 acres.

PUBLIC NOTICE:

Public notification consisted of posting the agenda, with the agenda items being listed, at least 72 hours prior to the meeting and publishing a notice in the local newspaper (Madera Tribune) and notification by mail to property owners within at least a 300-foot radius of the proposed annexation boundary.

FISCAL IMPACT:

The applicant paid entitlement fees in accordance with the City's adopted Master Fee Schedule to offset the costs associated with processing this General Plan amendment, annexation, prezone, site plan review, conditional use permit, and supporting environmental determination. Additional fees will be required from the Engineering and Building Departments in conjunction with final approval of civil improvement plans and building plan check and permitting. With development of the approved facility, the developer will pay development impact fees toward supporting City infrastructure and services.

ALTERNATIVES:

As an alternative, the Council may elect to:

1. Move to refer the item back to staff and/or continue the public hearing to a future Council meeting at a date certain with direction to staff to return with an updated staff report, resolution and/or ordinance.
2. Provide staff with other alternative directives.

GPA 2022-03 Rezone 2022-02 CUP 2022-07 SPR 2022-12 Annexation 2022-03

Dear Brandi Garcia,

Thank you for providing PG&E the opportunity to review the proposed plans for The Arc Fresno/Madera Counties dated 11/18/2022. Our review indicates the proposed improvements do not appear to directly interfere with existing PG&E facilities or impact our easement rights.

Dear Mx. Garcia,

Thank you for the opportunity to review a Notice to adopt a negative declaration for the Arc Fresno/Madera Counties Project, including a General Plan Amendment 2022-03, Rezone 2022-02, Conditional Use Permit 2022-07, Site Plan Review 2022-12 and Annexation 2022- 03. The 2.12-acre Arc development site is located along the west side of Road 26, north of Ellis Street. Under annexation 2022- 03, the 230-acre area is generally bounded by Martin Street to the north, North D Street to the east, existing City limits to the south, and Road 26 to the west, approximately 1 mile north of the State Route (SR) 99/Cleveland Avenue interchange.

Under SPR 2022-12, the applicant, The Arc Fresno/Madera Counties, proposes to construct a new 8,170 square foot Arc facility on a 2.12-acre site. The Arc facility would serve as an Intellectual and Developmental Disability Center, providing education and other services for individuals with disabilities. GPA 2022-03 proposes amendment of the Arc development site's City General Plan Land Use designation from MD (Medium Density Residential) to HD (High Density Residential). In addition, GPA 2022-03 would also amend the southern portion (5 acres) of the Jack G. Desmond Middle School site (APN 038-010-026) from OS (Open Space) to P&SP (Other Public & Semi-Public Uses). REZ 2022-02 would prezone the Arc development site to R3 (One unit per each 1,800 sq ft). Other properties in the annexation area would be prezoned to be consistent with the City's General Plan Land Use designation applicable to the property. CUP 2022-07 would allow the operation of the Arc facility on the Arc development site. The Arc development site and 53 additional parcels are proposed for annexation to the City as a part of ANX 2022-03. The total annexation area is approximately 230 acres.

Caltrans provides the following comments consistent with the State's smart mobility goals that support a vibrant economy and sustainable communities:

1. Caltrans does not anticipate the 8,170 square foot Arc facility (CUP 2022-07) will have a significant impact to the state highway system.

2. However, the development as a whole as part of ANX 2022-03, may generate a significant number of trips based on future development. Therefore, Caltrans request a traffic analysis and/or vehicle miles traveled (VMT) study be conducted based on the proposed zoning to determine potential impacts and what improvements may be needed to mitigate. Caltrans request future project proposal(s) be submitted to our office for review.

3. Caltrans recommends the project proponent(s) implement "smart growth" principles regarding parking solutions or providing alternative transportation choices to future employees/customers/residents. Alternative transportation choices may include but are not limited to parking for carpools/vanpools, carshare and/or ride-share programs.

4. Furthermore, Caltrans recommends the Project implement multimodal strategies, such as those that originate from Transit-oriented development (TOD). According to Office of Planning and Research (OPR) General Plan Guidelines, "TOD is a strategy may help a community achieve its general plan goals related to circulation, housing, environmental quality, and economic development. Additionally, by improving access to jobs and housing and revitalizing existing neighborhoods, TOD can be a tool for promoting environmental justice".

5. Overall, Active Transportation Plans, TOD, and/or Smart Growth efforts support the state's 2050 Climate goals. Caltrans supports reducing VMT and GHG emissions in ways that increase the likelihood people will use and benefit from a multimodal transportation network.

6. As a point of information, the SR 99/Avenue 16 interchange doesn't meet the current one-mile interchange spacing distance requirement between Avenue 16 and Cleveland Avenue interchanges (Caltrans Highway Design Manual (HDM) 501.3). The Avenue 16 interchange configuration doesn't meet the current Caltrans HDM standard. A Caltrans project study report to relocate the ramps at Avenue 16 to Ellis Street overcrossing (OC) was prepared in 2003-2004, however it was not approved. The SR 99/Avenue 16 interchange would need to be removed and the Ellis Street OC would need to be reconstructed to include ramp terminus in the future.

If you have any other questions, please call or email Edgar Hernandez at (559) 981-7436 or edgar.hernandez@dot.ca.gov.

Project: Notice of Intent to Adopt a Negative Declaration for The Arc Fresno/Madera Counties

District CEQA Reference No: 20221558

Dear Mr. Conte:

The San Joaquin Valley Air Pollution Control District (District) has reviewed the Negative Declaration (ND) from the City of Madera (City) for the Arc Fresno/Madera Counties development project. Per the ND, the project consists of the development of "The Arc" Intellectual and Developmental Disability Center equating to 8,170 sq. ft. (Development) and the annexation of approximately 242 acres, a General Plan amendment, a Conditional Use Permit, and a Site Plan Review (Project). The Development is located within the proposed 242 acres to be annexed on the West side of Rd. 26 North of Ellis St. in Madera County.

The District offers the following comments regarding the Project:

1) Project Related Emissions

The Annexation will not have an impact on air quality. However, if approved, future development projects will contribute to the overall decline in air quality due to construction activities, increased traffic, and ongoing operational emissions.

Based on information provided to the District, the specific annual criteria pollutant emissions from construction and operation from the Development are not expected to exceed any of the significance thresholds as identified in the District's Guidance for Assessing and Mitigating Air Quality Impacts (GAMAQI): https://www.valleyair.org/transportation/GAMAQI.pdf.

1a) Construction Emissions

The District recommends, to reduce impacts from construction-related diesel exhaust emissions, the Development should utilize the cleanest available off-road construction equipment, including the latest tier equipment.

2) Health Risk Screening/Assessment

The City should evaluate the risk associated with future development projects for sensitive receptors (residences, businesses, hospitals, day-care facilities, health care facilities, etc.) in the area and mitigate any potentially significant risk to help limit exposure of sensitive receptors to emissions.

To determine potential health impacts on surrounding receptors (residences, businesses, hospitals, day-care facilities, health care facilities, etc.) a Prioritization and/or a Health Risk Assessment (HRA) should be performed for future development projects. These health risk determinations should quantify and characterize potential Toxic Air Contaminants (TACs) identified by the Office of Environmental Health Hazard Assessment/California Air Resources Board (OEHHA/CARB) that pose a present or potential hazard to human health.

Health risk analyses should include all potential air emissions from the project, which include emissions from construction of the project, including multi-year construction, as well as ongoing operational activities of the project. Note, two common sources of TACs can be attributed to diesel exhaust emitted from heavy-duty off-road earth moving equipment during construction, and from ongoing operation of heavy-duty on-road trucks.

Prioritization (Screening Health Risk Assessment):
A "Prioritization" is the recommended method for a conservative screening-level health risk assessment. The Prioritization should be performed using the California Air Pollution Control Officers Association's (CAPCOA) methodology.

The District recommends that a more refined analysis, in the form of an HRA, be performed for any project resulting in a Prioritization score of 10 or greater. This is because the prioritization results are a conservative health risk representation, while the detailed HRA provides a more accurate health risk evaluation.

To assist land use agencies and project proponents with Prioritization analyses, the District has created a prioritization calculator based on the aforementioned CAPCOA guidelines, which can be found here:
http://www.valleyair.org/busind/pto/emission_factors/Criteria/Toxics/Utilities/PRIORITIZATION-CALCULATOR.xls
Health Risk Assessment:
Prior to performing an HRA, it is strongly recommended that land use agencies/

project proponents develop and submit for District review a health risk modeling protocol that outlines the sources and methodologies that will be used to perform the HRA. This step will ensure all components are addressed when performing the HRA.

A development project would be considered to have a potentially significant health risk if the HRA demonstrates that the project-related health impacts would exceed the District's significance threshold of 20 in a million for carcinogenic risk, or 1.0 for either the Acute or Chronic Hazard Indices.

A project with a significant health risk would trigger all feasible mitigation measures. The District strongly recommends that development projects that result in a significant health risk not be approved by the land use agency.

The District is available to review HRA protocols and analyses. For HRA submittals please provide the following information electronically to the District for review:

- HRA (AERMOD) modeling files
- HARP2 files
- Summary of emissions source locations, emissions rates, and emission factor calculations and methodologies.

For assistance, please contact the District's Technical Services Department by:

- E-Mailing inquiries to: hramodeler@valleyair.org
- Calling (559) 230-5900

Recommended Measure: Development projects resulting in TAC emissions should be located an adequate distance from residential areas and other sensitive receptors in accordance to CARB's Air Quality and Land Use Handbook: A Community Health Perspective located at https://ww3.arb.ca.gov/ch/handbook.pdf.

3) Vegetative Barriers and Urban Greening

For future development projects, the District suggests the City consider incorporating vegetative barriers and urban greening as a measure to further reduce air pollution exposure on sensitive receptors (e.g., residences, schools, healthcare facilities).

The District suggests the City consider the feasibility of incorporating vegetative barriers and urban greening as a measure to further reduce air pollution exposure on sensitive receptors (e.g.: residential units and students).
While various emission control techniques and programs exist to reduce air quality emissions from mobile and stationary sources, vegetative barriers have been shown to be an additional measure to potentially reduce a population's exposure to air

pollution through the interception of airborne particles and the update of gaseous pollutants. Examples of vegetative barriers include, but are not limited to the following: trees, bushes, shrubs, or a mix of these. Generally, a higher and thicker vegetative barrier with full coverage will result in greater reductions in downwind pollutant concentrations. In the same manner, urban greening is also a way to help improve air quality and public health in addition to enhancing the overall beautification of a community with drought tolerant, low-maintenance greenery.

4) Clean Lawn and Garden Equipment in the Community

Since the Development consists of commercial development, gas-powered commercial lawn and garden equipment have the potential to result in an increase of NOx and PM2.5 emissions. Utilizing electric lawn care equipment can provide residents with immediate economic, environmental, and health benefits. The District recommends the Project proponent consider the District's Clean Green Yard Machines (CGYM) program which provides incentive funding for replacement of existing gas powered lawn and garden equipment. More information on the District CGYM program and funding can be found at:
http://www.valleyair.org/grants/cgym.htm
and http://valleyair.org/grants/cgym-commercial.htm.

5) On-Site Solar Deployment

It is the policy of the State of California that renewable energy resources and zero-carbon resources supply 100% of retail sales of electricity to California end-use customers by December 31, 2045. While various emission control techniques and programs exist to reduce air quality emissions from mobile and stationary sources, the production of solar energy is contributing to improving air quality and public health. The District suggests that the City consider incorporating solar power systems as an emission reduction strategy for the Development and future development projects.

6) Electric Vehicle Chargers

To support and accelerate the installation of electric vehicle charging equipment and development of required infrastructure, the District offers incentives to public agencies, businesses, and property owners of multi-unit dwellings to install electric charging infrastructure (Level 2 and 3 chargers). The purpose of the District's Charge Up! Incentive program is to promote clean air alternative-fuel technologies and the use of low or zero-emission vehicles.

The District recommends that the City and project proponents install electric vehicle chargers at project sites, and at strategic locations.

Please visit www.valleyair.org/grants/chargeup.htm for more information.

7) District Rules and Regulations

The District issues permits for many types of air pollution sources, and regulates some activities that do not require permits. A project subject to District rules and regulations would reduce its impacts on air quality through compliance with the District's regulatory framework. In general, a regulation is a collection of individual rules, each of which deals with a specific topic. As an example, Regulation II (Permits) includes District Rule 2010 (Permits Required), Rule 2201 (New and Modified Stationary Source Review), Rule 2520 (Federally Mandated Operating Permits), and several other rules pertaining to District permitting requirements and processes.

The list of rules below is neither exhaustive nor exclusive. Current District rules can be found online at: www.valleyair.org/rules/1ruleslist.htm. To identify other District rules or regulations that apply to future projects, or to obtain information about District permit requirements, the project proponents are strongly encouraged to contact the District's Small Business Assistance (SBA) Office at (559) 230-5888.

7a) District Rules 2010 and 2201 - Air Quality Permitting for Stationary Sources

Stationary Source emissions include any building, structure, facility, or installation which emits or may emit any affected pollutant directly or as a fugitive emission. District Rule 2010 (Permits Required) requires operators of emission sources to obtain an Authority to Construct (ATC) and Permit to Operate (PTO) from the District. District Rule 2201 (New and Modified Stationary Source Review) requires that new and modified stationary sources of emissions mitigate their emissions using Best Available Control Technology (BACT).

This Development may be subject to District Rule 2010 (Permits Required) and Rule 2201 (New and Modified Stationary Source Review) and may require District permits. Prior to construction, the Project proponent should submit to the District an application for an ATC. For further information or assistance, the project proponent may contact the District's SBA Office at (559) 230-5888.

7b) District Rule 9410 (Employer Based Trip Reduction)

Future development projects may be subject to District Rule 9410 (Employer Based Trip Reduction) if the project would result in employment of 100 or more "eligible" employees. District Rule 9410 requires employers with 100 or more "eligible" employees at a worksite to establish an Employer Trip Reduction Implementation Plan (eTRIP) that encourages employees to reduce single-occupancy vehicle trips, thus reducing pollutant emissions associated with work commutes.

Under an eTRIP plan, employers have the flexibility to select the options that work best for their worksites and their employees.

Information about District Rule 9410 can be found online at: www.valleyair.org/tripreduction.htm.

For additional information, you can contact the District by phone at 559-230-6000 or by e-mail at etrip@valleyair.org

7c) District Rule 9510 - Indirect Source Review (ISR)

The District has reviewed the information provided and has determined the project size is below the District Rule 9510, section 2.1 applicability threshold of 9,000 sq. ft. for an educational development. Therefore, District Rule 9510 requirements and related fees do not apply to the project.

7d) District Rule 4601 (Architectural Coatings)

The Development may be subject to District Rule 4601 since it may utilize architectural coatings. Architectural coatings are paints, varnishes, sealers, or stains that are applied to structures, portable buildings, pavements or curbs. The purpose of this rule is to limit VOC emissions from architectural coatings. In addition, this rule specifies architectural coatings storage, cleanup and labeling requirements. Additional information on how to comply with District Rule 4601 requirements can be found online at: http://www.valleyair.org/rules/currntrules/r4601.pdf

7e) District Regulation VIII (Fugitive PM10 Prohibitions)

The Development proponent may be required to submit a Construction Notification Form or submit and receive approval of a Dust Control Plan prior to commencing any earthmoving activities as described in Regulation VIII, specifically Rule 8021 – *Construction, Demolition, Excavation, Extraction, and Other Earthmoving Activities*.

Since the Development will result in at least 1-acre in size, the Development proponent shall provide written notification to the District at least 48 hours prior to the Development proponents intent to commence any earthmoving activities pursuant to District Rule 8021 (Construction, Demolition, Excavation, Extraction, and Other Earthmoving Activities). Also, should the Development result in the disturbance of 5-acres or more, or will include moving, depositing, or relocating more than 2,500 cubic yards per day of bulk materials, the Development proponent shall submit to the District a Dust Control Plan pursuant to District Rule 8021 (Construction, Demolition, Excavation, Extraction, and Other Earthmoving Activities). For additional information

regarding the written notification or Dust Control Plan requirements, please contact District Compliance staff at (559) 230-5950.

The application for both the Construction Notification and Dust Control Plan can be found online at:
https://www.valleyair.org/busind/comply/PM10/forms/DCP-Form.docx

Information about District Regulation VIII can be found online at:
http://www.valleyair.org/busind/comply/pm10/compliance_pm10.htm

7f) Other District Rules and Regulations

The Development or future development projects may also be subject to the following District rules: Rule 4102 (Nuisance) and Rule 4641 (Cutback, Slow Cure, and Emulsified Asphalt, Paving and Maintenance Operations).

8) Future Projects / Land Use Agency Referral Documents

Future development projects may require an environmental review and air emissions mitigation. A project's referral documents and environmental review documents provided to the District for review should include a project summary, the land use designation, project size, air emissions quantifications and impacts, and proximity to sensitive receptors and existing emission sources, and air emissions mitigation measures. For reference and guidance, more information can be found in the District's Guidance for Assessing and Mitigating Air Quality Impacts at:
https://www.valleyair.org/transportation/GAMAQI.pdf

9) District Comment Letter

The District recommends that a copy of the District's comments be provided to the Project proponent.

If you have any questions or require further information, please contact Jacob Torrez by e-mail at Jacob.Torrez@valleyair.org or by phone at (559) 230-6558.

NOW, THEREFORE BE IT RESOLVED, by the Planning Commission of the City of Madera as follows:

1. Recitals: The above recitals are true and correct and are incorporated herein.

2. CEQA: The Commission finds an environmental assessment initial study was prepared for this project in accordance with the requirements of the California Environmental Quality Act (CEQA) Guidelines. This process included the distribution of requests for comment from other responsible or affected agencies and interested organizations. Preparation of the environmental analysis necessitated a thorough review of the proposed project and relevant environmental issues. Based on this review and assessment, the Commission finds there is no substantial evidence in the record that this project may have a significant direct, indirect or cumulative effect pon the environment, and that a Negative Declaration is appropriate for this project. The Commission further finds the Initial Study and Negative Declaration were timely and properly published and notices as required by CEQA. As such, the Commission recommends the Council adopt a Negative Declaration for the project by approving ENV 2022-03.

3. General Plan Findings: The Commission finds that GPA 2022-03 is consistent with the General Plan goals, policies and objectives and does not adversely affect the implementation of the General Plan with respect to surrounding properties. The Commission further recommends that the Council find that GPA 2022-03 is consistent with the General Plan goals, policies and objectives, and does not adversely affect the implementation of the General Plan with respect to surrounding properties. The project is consistent with General Plan Policy SUS-13, which states that "the City shall support the location and continued operation of local businesses that supply goods and services needed in Madera". The proposed amendment essentially consists of minor updates to the General Plan Land Use Plan while providing the Arc a location to expand their operations within the City.

4. Prezoning Findings: The Commission finds that REZ 2022-02 is consistent with the General Plan goals, policies and objectives and with the General Plan Land Use Plan as amended. The Commission further recommends that the Council find that REZ 2022-02 is consistent with the General Plan goals, policies and objectives and with the General Plan Land Use Plan as amended. The project is consistent with General Plan Policy LU-32, which states "zoning shall be consistent with General Plan land use designations". Prezoning proposed as a part of the project would be done in accordance with the existing or proposed land use designation for each parcel within the proposed annexation area.

5. Recommendation for Approval of GPA 2022-03: Based on the evidence in the record, the Commission recommends the Council approve GPA 2022-03 amending the General Plan land use designation of APN 038-060-018 from MD (Medium Density Residential) to HD (High Density Residential) and the southern portion of APN 038-010-26 from OS (Open Space) to P&SP (Other Public & Semi-Public Uses) as shown in Exhibit "A."

6. Recommendation for Approval of REZ 2022-02: Based on evidence in the record, the Commission recommends the Council approve REZ 2022-02 with GPA 2022-03, prezoning the properties within the boundaries of ANX 2022-03 presently within the County of Madera in accordance to their General Plan Land Use designation pursuant to GPA 2022-03 as shown in Exhibit "B."

7. Effective Date: This Resolution shall become effective immediately. The Secretary of the Commission shall certify to the adoption of the Resolution and shall transmit copies of the same to the Council of the City of Madera.

WHEREAS, Government Code Section 56654 provides that "[a] proposal for a change of organization or a reorganization may be made by the adoption of a resolution of application by the legislative body of an affected local agency...[;]" and

WHEREAS, the specific changes of organization requested consist of annexation to the City and detachment from the County of Madera of the area known as The ARC Fresno/Madera Counties Project Annexation ("Arc Annexation"); and

WHEREAS, a map of the boundaries of the territory is set forth in Exhibit "A" attached hereto and by this reference incorporated herein; and

WHEREAS, the Arc Annexation area is within the Sphere of Influence (SOI) and the Urban Growth Boundary of the City of Madera; and

WHEREAS, the Arc Annexation area is contains approximately 242 acres and contains approximately 52 existing parcels; and

WHEREAS, the Arc Annexation area is generally bound by Martin Street on the north, North D Street on the east, south to Ellis Street and a portion further south to Adell Street, and west by the United States Bureau of Reclamation canal and Road 26; and

WHEREAS, the City does not propose any specific term and conditions for the proposed reorganization; and

WHEREAS, the reasons for this proposed annexation is to allow for the implementation of the City of Madera 2025 General Plan (Madera General Plan) adopted October 7, 2009, which was a comprehensive update to the City's then existing General Plan, as further implemented by The Arc Fresno/Madera Counties Project; and

WHEREAS, The Arc Fresno/Madera Counties Project requires approval of General Plan Amendment (GPA) 2022-03, Prezone (REZ) 2022-02, Use Permit (CUP) 2022-07, Site Plan Review (SPR) 2022-12, and Annexation (ANX) 2022-03; and

WHEREAS, an Initial Study/Negative Declaration (IS/ND) has been prepared, circulated, and made available for public comment pursuant to the California Environmental Quality Act (CEQA), Public Resources Code, sections 21000, et seq., the Guidelines for implementation of CEQA, Title 14 California Code of Regulations, Chapter 3, Section 15000, et seq., and the Madera Municipal Code for the Arc Fresno/Madera Counties Project and this related annexation; and

WHEREAS, the Project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the California Department of Fish and Game Code; and

WHEREAS, at the February 21, 2023, Commission hearing, the public was provided an opportunity to comment, and evidence, both written and oral, was considered by the Commission; and

WHEREAS, after due consideration of all the items before it, the Commission now desires to adopt this Resolution recommending to the Council initiate annexation of the Arc Annexation.

NOW, THEREFORE BE IT RESOLVED, by the Planning Commission of the City of Madera as follows:

1. Recitals: The above recitals are true and correct and are incorporated herein.

2. CEQA: That the IS/ND for the project is adequate and has been completed in compliance with the California Environmental Quality Act and the State CEQA Guidelines.

3. General Plan Consistency: The Commission finds that the annexation is consistent with the goals, objectives, and policies of the Madera General Plan, as amended by GPA 2022-03. The project is consistent with General Plan Policy LU-13, which states "The City shall support annexation of property to its boundaries for the purpose of new development only when it determines that the following conditions exist:

- Sufficient public infrastructure, facilities, and services are available or will be provided in conjunction with new development; and

- Demands on public infrastructure, facilities and services created by the new development will not result in reductions in capacity that is necessary to serve the existing city limits (including demand created by potential infill development), reductions in existing service levels within the city limits, or the creation of detrimental fiscal impacts on the city"

The appropriate findings have been made and as a result, the project would be consistent with the City's General Plan.

4. Recommendation for Approval: Based on evidence in the record, the Commission recommends to the Council to initiate annexation for the entire Arc Annexation area that is not within the City limits, by adopting a resolution of application requesting the Local Agency Formation Commission of Madera County to initiate proceedings for the change of organization of territory as described in Exhibit

"A", in the manner provided by the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.

5. Effective Date: This Resolution shall become effective immediately. The Secretary of the Commission shall certify to the adoption of the Resolution and shall transmit copies of the same to the Council of the City of Madera.

WHEREAS, after due consideration of all the items before it, the Council now desires to adopt this Resolution to adopting the IS/ND prepared for the project, as well as GPA 2022-03.

NOW, THEREFORE BE IT RESOLVED, by the City Council of the City of Madera as follows:

1. Recitals: The above recitals are true and correct and are incorporated herein.

2. CEQA: The Council finds an environmental assessment initial study was prepared for this project in accordance with the requirements of the California Environmental Quality Act (CEQA) Guidelines. This process included the distribution of requests for comment from other responsible or affected agencies and interested organizations. Preparation of the environmental analysis necessitated a thorough review of the proposed project and relevant environmental issues. Based on this review and assessment, the Council finds there is no substantial evidence in the record that this project may have a significant direct, indirect or cumulative effect on the environment, and that a Negative Declaration is appropriate for this project. The Council further finds the Initial Study and Negative Declaration were timely and properly published and notices as required by CEQA. As such, the Council adopts a Negative Declaration for the Project by approving ENV 2022-03.

3. General Plan Findings: The Council finds that GPA 2022-03 is consistent with the General Plan goals, policies and objectives and does not adversely affect the implementation of the General Plan with respect to surrounding properties. Among others, the project is consistent with General Plan Policy SUS-13, which states that "the City shall support the location and continued operation of local businesses that supply goods and services needed in Madera". The proposed amendment consists of minor updates to the General Plan Land Use Plan while providing The Arc Fresno/Madera Counties a location to expand their operations within the City.

4. Approval of GPA 2022-03: Based on the evidence in the record, the Council approves GPA 2022-03 by amending the General Plan land use designation of APN 038-060-018 from MD (Medium Density Residential) to HD (High Density Residential) and the approximately 5-acre southern portion of APN 038-010-26 from OS (Open Space) to P&SP (Other Public & Semi-Public Uses) as shown in Exhibit "A."

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MADERA APPROVING REZ 2022-02 AMENDING THE OFFICIAL CITY OF MADERA ZONING MAP TO PREZONE THE APPROXIMATELY 242 ACRE "ARC ANNEXATION AREA" BOUNDED BY MARTIN STREET ON THE NORTH, NORTH D STREET ON THE EAST, SOUTH TO ELLIS STREET AND A PORTION FURTHER SOUTH TO ADELL STREET, AND WEST BY THE UNITED STATES BUREAU OF RECLAMATION CANAL AND ROAD 26

WHEREAS, The Arc Fresno/Madera Counties submitted an application for a General Plan Amendment (GPA 2022-03), Prezone (REZ 2022-02), Annexation (ANX 2022-03), Use Permit (CUP 2022-07), Site Plan Review (SPR 2022-01) and associated environmental review (ENV 2022-03) for approximately 242 acres for the purpose of constructing and operating a new Intellectual and Development Disability Center ("Project"); and

WHEREAS, annexation requires the prezoning of all parcels subject to the annexation; and

WHEREAS, the requested REZ 2022-02 proposes to prezone the properties within the boundaries of ANX 2022-03 presently within the County of Madera in accordance to their General Plan Land Use designation pursuant to GPA 2022-03 as shown in Exhibit "A" attached hereto ("Arc Annexation Area"); and

WHEREAS, an Initial Study/Negative Declaration (IS/ND) (ENV 2022-03) was previously adopted by the City Council for the Project pursuant to the California Environmental Quality Act (CEQA), which included REZ 2022-02; and

WHEREAS, the City of Madera Planning Commission has reviewed REZ 2022-02, and adopted Planning Commission Resolution No. 1940 recommending City Council adopt the REZ 2022-02; and

WHEREAS, at the April 5, 2023 Council hearing, the public was provided an opportunity to comment, and evidence, both written and oral, was considered by the Council, and the City Council introduced this ordinance to approve REZ 2022-02; and

WHEREAS, after due consideration of all the items before it, the Council now desires to adopt this ordinance and approve REZ 2022-02.

THE CITY COUNCIL OF THE CITY OF MADERA ORDAINS AS FOLLOWS:

SECTION 1. Recitals. The City Council hereby finds that all of the facts set forth in the recitals above are true and correct and incorporated herein.

SECTION 2. Based on the testimony presented at its public hearing and all of the evidence in the record, the City Council finds that REZ 2022-02 i) is consistent with the General Plan goals, objectives, and policies, and will provide the required consistency between the General Plan, as amended, and zoning; ii) is consistent with the purpose of the zoning ordinance to promote and protect the public's health, safety, peace, comfort, convenience, and general welfare; iii) is necessary to promote public necessity, convenience, general welfare, and good zoning practices; iv) the project would provide open space, light, air, privacy, convenience of access, aesthetic values, protection of environmental values, and

protection of public and private improvements; v) City services are either available or can be extended to serve the area; and vi) adoption is in the best interests of the City. REZ 2022-02 shall result in the prezoning of each property within the approximately 242-acre Arc Annexation area according to its General Plan land use designation, including those amended by GPA 2022-03. Such determinations are based on the administrative record including the following:

a) General Plan Consistency. Under REZ 2022-02, approximately 242 acres would be prezoned according to each affected property's General Plan land use designation, including those amended under GPA 2022-03. This would create consistency with between the General Plan land use diagram and the City's official zoning map. As a result, the project is consistent with General Plan Policy LU-32, which states "zoning shall be consistent with the General Plan land use designation". REZ 2022-02 promotes consistency with the General Plan, its land use designations, and its goals and policies.

b) The prezone will promote and protect the public's health, safety, peace, comfort, convenience, and general welfare. As discussed above, REZ 2022-02 would create consistency between the General Plan and zoning. The project would promote the public welfare including providing opportunities for housing development, jobs, convenience of access, aesthetic values, protection of environmental values, protection of public and private improvements, etc.

c) City Services. As discussed in the Initial Study/Negative Declaration, City services are available or can be made available to serve the area. City staff has reviewed and determined that the availability of City services within the Arc Annexation area would not be a roadblock to future development of the area.

SECTION 3. Given that all of the findings can be made, the City Council approves REZ 2022-02 to prezone the Arc Annexation area, an approximately 242-acre area bounded by Martin Street to the north, North D Street to the east, to the south by Ellis Street and a portion further south by Adell Street, and to the west by the United States Bureau of Reclamation Canal and Road 26. The City Council hereby amends the City of Madera Zoning Map as illustrated in Exhibit "A", which is attached and incorporated by reference, and which indicates the segment of the City of Madera Zoning Map to be amended. To the extent not already annexed, territory annexed to the City subject to REZ 2022-02 shall be automatically added to the City's official zone map. Pre-zoning shall be recorded on the official map in the same manner as change of zoning district amendments, but shall be identified by the use of parentheses enclosing the district symbols. Such pre-zoning classification shall become effective zoning of the property at the same time that the annexation becomes effective.

SECTION 4. Based on the testimony and information presented at its public hearing, the City Council finds that the City previously prepared and adopted an Initial Study/Negative Declaration for this project in accordance with the requirements of the California Environmental Quality Act (CEQA) Guidelines. This process included the distribution of requests for comment from other responsible or affected agencies and interested organizations. The Initial Study/Negative Declaration identified that several approvals were included within the scope of the project, including a prezone and annexation. Preparation of the environmental analysis necessitated a thorough review of the proposed project and relevant environmental issues. Based on this review and assessment, the City Council finds there is no substantial evidence in the record that this project may have significant direct, indirect, or cumulative effects on the environment, and that a Negative Declaration is appropriate for this project. The City Council further finds the Initial Study/Negative Declaration was timely and properly published and noticed

as required by CEQA. As such, the City Council finds that REZ 2022-02 has been fully assessed in accordance with CEQA, no subsequent review is required under CEQA Guidelines Section 15162, and no further action or review is required under CEQA.

SECTION 5. If any section, subsection, sentence, clause, phrase, or portion of this ordinance is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have adopted this ordinance and each section, subsection, sentences, clauses, phrases, or portions thereof may be declared invalid or unconstitutional.

SECTION 6. The City Clerk shall publish this ordinance pursuant to Government Code section 36933.

SECTION 7. Unless the adoption of this amendment to the Zoning Map is lawfully stayed, thirty-one (31) days after adoption of this amendment, the Planning Manager and City Clerk shall cause these revisions to be made to the City of Madera Zoning Map which shall also indicate the date of adoption of this revision and be signed by the Planning Manager and City Clerk.

SECTION 8. This Ordinance shall be effective and of full force and effect at 12:01 a.m. on the thirty-first day after its passage.

REPORT TO CITY COUNCIL

Approved by:

Ralph Duran

Ralph Duran, Battalion Chief

Arnoldo Rodriguez

Arnoldo Rodriguez, City Manager

Council Meeting of: April 5, 2023

Agenda Number: D-1

SUBJECT:

Submittal of a grant application to the San Joaquin Valley Air Pollution Control District (SJVAPCD) for the purchase of a new Type 1 Fire Engine

RECOMMENDATION:

Adopt a Resolution approving the Fire Department to apply for a grant to purchase a new Type 1 Fire Engine

SUMMARY:

This item is seeking authorization to submit a grant application for a new Type 1 Fire Engine via the Clean Air Vehicle program administered by the SJVAPD. This program allows local agencies to replace vehicles that are older than 2009. If awarded, the grant would provide funding between 80 to 90 percent of the replacement cost. The City would be responsible for the remaining portion.

As Council is aware, the price of new engines has increased significantly. The City last purchased a Rosenbauer Type 1 fire engine for $751,549.74 on November 3, 2021, which has yet to be delivered to the City. Since then, the City has been aware that the costs have increased. It should be noted that the prices do not include equipment estimated to be approximately $200,000.

DISCUSSION:

The San Joaquin Valley Air Pollution Control District (SJVAPCD) is accepting applications requesting monetary incentives to replace existing in-use emergency vehicles with new reduced-emission replacement vehicles, according to the terms and conditions described in their guidelines. Staff is proposing to apply for a Type 1 Engine. While there are many engine types, their purpose differs. The National Fire Protection Association (NFPA) classifies engines by type and function. Except for Truck 58, nearly all of the City's fire suppression equipment is a Type 1

Engine. The difference between a fire engine and a fire truck is that a truck is designed with a ladder on top and may be used for rescue, forced entry, and ventilation, whereas an engine typically carries more equipment and lacks the ladder. Typically, a truck is more expensive than an engine. In terms of engines, some common types are identified in Table 1.

Table 1: *Fire Engine Types*

Type	*Brief Description*
1	▪ Most common fire truck in use today ▪ Typically responds to structural fires ▪ Usually transports up to 4 firefighters
2	▪ More common in rural areas ▪ May be used for structural fires, but also grass fires ▪ Usually transports up to 3-4 firefighters
3	▪ Wildland engine ▪ Has the ability to drive in rough terrain ▪ Common in rural areas
4	▪ Wildland engine ▪ Similar to Type 3, but smaller pump and less hose
5, 6, 7	▪ Typically pick-up truck-based with 4-wheel drive ▪ Used heavily for the initial fire suppression response

As Council is aware, the City owns and maintains a fleet of fire engines. Engines respond as first out from one of the City's three stations, while older engines are kept on reserve to be made available when one of the primary engines is out of service or for routine maintenance. The new engine would serve as the frontline engine, and the existing frontline engine would be moved into reserve status.

Currently, the City has three fire engines that meet this requirement. The following tables highlight the City's existing and proposed fleet by station. Frontline engines are identified by the station number, whereas reserves are reassigned a number in the 200s. Engine 656 is a Type 6 engine, hence the 600 number.

SJVAPCD Grant Guidelines mandate that an eligible vehicle must be a model year 2009 or older.

Table 2: *Existing Equipment by Station* (not including the new engine that has not been received)

Station	*Equipment*	*Type*	*Model Year*	*Status*
56	Engine 56	1	2016	Frontline
	Engine 656	6	2006	Frontline
	All-Terrain Vehicle (river access)	N/A	2019	Frontline
57	Engine 57	1	2008	Frontline

	Engine 257 (to be replaced)	1	1990	Reserve
58	Ladder Truck 58	1	2018	Frontline
	Engine 258	1	2002	Reserve

Table 3: *Proposed Equipment by Station upon receipt of the new Engine (this table does not include potential grant funding from SJVAPCD)*

Station	*Equipment*	*Type*	*Model Year*	*Status*
56	Engine 56	1	2016	Frontline
	Engine 656	6	2006	Frontline
	All-Terrain Vehicle (river access)	N/A	2019	Frontline
57	New Engine 57	1	2022	Frontline
	Engine 257 (former Engine 57)	1	2008	Reserve
58	Ladder Truck 58	1	2018	Frontline
	Engine 258	1	2002	Reserve

Today, Engine 57 is a 2008 and is in service as a frontline engine. Engines 257 and 258 are reserve engines and are model years 1990 and 2002, respectively.

Recommended service life for a fire engine per NFPA 1901 is 15 years as a frontline, then placed as a reserve. The reserve engines have yet to be refurbished. Reserve status may be increased by 10 years if refurbished to meet safety requirements.

FINANCIAL IMPACT:

The City's engine replacement budget contains sufficient funding to accommodate a 10-20 percent cost share to purchase a new engine as required by SJVAPCD. Council may recall that in an effort to plan for the costs of replacing vehicles, the City established a Motor Vehicle Replacement Fund that accumulates annual contributions based on a vehicle's set replacement value and estimated useful life. At the time, fire engines were not included in the program. As a result, staff created a fire engine replacement program (FERP) in Fiscal Year 2019/20 using Measure K revenue. In creating the FERP, the following assumptions were made:

- Frontline engines have an expected service life of 15 years
- The City has 3 fire stations, thus the City would need to purchase a new fire engine every 5 years
- Engines, fully equipped, cost approximately $1 million
- $200k from Measure K would be assigned annually. In this fiscal year, it was increased to $490k

On November 3, 2021, Council approved the purchase of a Rosenbauer Type 1 fire engine for $751,550 from Rosenbauer LLC. These funds came from the FERP established in 2018, which set

aside $200k annually. Per Table 4, there is currently $800k in the account; however, due to inflation, this was increased to $490k rather than $200k.

Table 4: *FERP Budget (source: Measure K)*	
Fiscal Year	*Amount*
2018/19*	$200k
2019/20	$200k
2020/21	$200k
2021/22	$200k
Subtotal:	**$800k**
2022/23	$490k
Total	**$1.29M**
*City retroactively assigned unexpected additional revenue from Measure K in FY 2018/19	

After purchasing the new Type 1 Engine and necessary equipment, the FERP will have approximately $338k.

Specifically:

- 2% COLA adjustments effective 12/31/2022 and 6/17/2023
- A lump sum payment of $1,500 in July 2023

DISCUSSION:

The City Manager is a direct report of the City Council and the terms and conditions of his employment are set in an Agreement between the Council and the employee. The current City Manager Agreement was initially negotiated and approved in December 2018. Since that time, the Agreement was amended as follows:

First Amendment: April 2019

- Removed automobile allowance

Second Amendment: August 2020

- Extended term of Agreement 3 additional years, to December 2024
- Set severance pay to 6 months' salary and health benefits for years 4-6 of the agreement (extended term)
- Awarded a merit increase to Step E on the published salary schedule
- Set health insurance contribution by City equal to Mid Management employees

Third Amendment: February 2021

- Awarded merit increase to Step F (top step) on the published salary schedule

The proposed Fourth Amendment would provide the City Manager with COLA increases and a lump sum payment consistent with compensation elements recently offered to bargaining units and department heads. Specifically, the Amendment would provide for the following:

- Effective the pay period beginning December 31, 2022, with paycheck date January 20, 2023, Employee will receive a 2% base wage increase.
- Effective June 17, 2023, with paycheck date July 7, 2023, Employee will receive a 2% base wage increase.
- Employee will receive a lump sum $1,500 payment to be paid on the first regular paycheck on or after July 1, 2023.

COLA adjustments do not change the assigned range for the position on the adopted City of Madera Salary Schedule; however, they do adjust the rate for that assigned range as of the

effective date. For the City Manager, Table 1 below shows the application of the above noted percent-based adjustments. The City Manager is at top step (F Step).

Table 1. City Manager Pay Range 587, Annual Pay						
Table Effective Date	A	B	C	D	E	F
Current - 6/24/2017	$159,568	$167,550	$175,927	$184,724	$193,954	$203,655
12/31/2022	$162,759	$170,901	$179,445	$188,418	$197,833	$207,728
6/17/2023	$166,014	$174,319	$183,034	$192,187	$201,789	$211,882

The City is required by Government Code Sections 36506 and 37206 and the California Code of Regulations, title 2, §570.5 to publicly adopt its pay schedule. The City of Madera Full Time Salary Schedule effective December 31, 2022, was previously adopted by Council at its meeting on December 21, 2022, when a 2% COLA was applied to all full time positions other than the City Manager. If the proposed Fourth Amendment to the City Manager's At-Will Employment Agreement is approved, a revised Full Time Salary Schedule effective December 31, 2022, will be brought back to Council for consideration of adoption at its next meeting.

FINANCIAL IMPACT:

Council has recently discussed the financial impacts of COLAs and compensation elements for full time staff. The calculations presented represented maximum exposure of all full-time budgeted positions, including Council's direct reports. Inclusion of any of the above listed compensation elements would not add any additional cost beyond what has been discussed to date. Specific to the City Manager, for the current fiscal year, the increase will be approximately $2,035 in base salary.

REPORT TO CITY COUNCIL

Approved by:

Arnoldo Rodriguez, City Manager

Council Meeting of: April 5, 2023

Agenda Number: D-3

SUBJECT:

Approval of Additional National Opioid Settlements with Teva, Allergan, Walmart, Walgreens, and CVS

RECOMMENDATION:

1. Approve Settlement Agreements and Participation Forms for the City's participation in the National Opioid Settlement Agreements with Teva, Allergan, Walmart, Walgreens, and CVS.
2. Approve the California State-Subdivision Agreements Regarding Distribution and Use of Settlement Funds relating to the National Opioid Settlement Agreements with Teva, Allergan, Walmart, Walgreens, and CVS.
3. Adopt a Resolution approving and authorizing the City Manager to carry out all necessary acts such that the City can participate in the National Opioid Settlements with Teva, Allergan, Walmart, Walgreens, and CVS, including signing necessary documents and transmittal thereof as necessary, as it pertains to these and all future settlements (as necessary and applicable) through the National Opioid Settlements process.

BACKGROUND:

In 2021, the City entered into settlement agreements with McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation, Johnson & Johnson, Janssen Pharmaceuticals, Inc., Ortho-McNeil-Janssen Pharmaceuticals, Inc., and Janssen Pharmaceutica, Inc (2021 Settling Defendants). The 2021 settlement agreement related to litigation (the City was not a party to this litigation) by various States, cities, and counties regarding the 2021 Settling Defendants' manufacture and distribution of opioids and, in particular, the impact of such activities upon the national opioid epidemic ("2021 Settlement Agreements"). The 2021 Settlement Agreements required that a "critical mass" of public agencies participate for it to become effective, which was achieved in 2022.

A new settlement is proposed with Teva, Allergan, Walmart, Walgreens, and CVS, additional defendants that are retailers and manufacturers of opioids (2023 Settling Defendants). The terms

of the 2023 Settlement Agreements are similar to the 2021 Settlement Agreements, which include the requirement that a critical mass of participation is required, provides for a broad release of the 2023 Settling Defendants from liability relating to opioids, and, further, direct or indirect payment of settlement funds to the various local agencies agreeing to participate.

In regard to the release, as indicated above, it is a very broad release covering any activities by the 2023 Settling Defendants relating to opioids. It arguably also includes a release from liability pertaining to land use matters for facilities that manufactured, distributed, or sold opioids within the city. Additional information about these settlements can be found at the website: www.nationalopioidsettelment.com.

DISCUSSION:

With respect to the settlement funds, the 2023 Settlement Agreements could provide up to approximately $1.8 billion to California. This amount assumes maximum participation. Similar to the 2021 Settlement Agreements, the more local agencies participate, the more funds will be available to California. Also like the 2021 Settlement Agreements, the funds are restricted to opioid remediation (e.g., addiction treatment programs). By default, these funds are allocated to the County, but the City can elect to receive a direct distribution; using the funds requires strict accounting requirements. These requirements only apply to the City if it chooses to receive direct distribution and does not apply to the City if the funds go to the County. In terms of enforcement, the State enforces the expenditure requirements.

Approval of Recommendation 1 and 2 would authorize the City to participate in the National Opioid Settlements with the 2023 Settling Defendants on the terms and conditions of those settlement agreements and, further, approve agreements with the State of California on the distribution of settlement funds, consistent with the 2023 Settlement Agreements.

Approval of Recommendation 3 would approve and authorize the City Manager to carry out all necessary acts such that the City can participate in the National Opioid Settlements with Teva, Allergan, Walmart, Walgreens, and CVS, including signing necessary documents and transmittal thereof as needed. Council approval and authorization to execute, submit, and receipt all required documents must be completed before April 18, 2023.

FINANCIAL IMPACT:

City's share of the settlements is not clear at this time, as the allocations are dependent on level of participation from local agencies; however, funds will be distributed over a 5-to-15-year period depending on the settlement agreement. It should be noted that the City has received $68,911.88 in settlements from the 2021 Settling Defendants.

ALTERNATIVES:

1. Approve with modifications as desired by the Council.
2. Choose not to participate and forfeit potential local funding to the state of California

3. Elect to defer the City's allocation to Madera County.

Claim does not include any individuals' personal injury or wrongful death cause of action.

16. "*Claim Over*" means a Claim asserted by a Non-Released Entity against a Released Entity on the basis of contribution, indemnity, or other claim over on any theory relating to a Non-Party Covered Conduct Claim asserted by a Releasor.

"*Subdivision and Special District Allocation Percentage*" means for Subdivisions and Special Districts in a Settling State that are eligible to receive an allocation from the Subdivision Fund pursuant to subsection VIII.D or subsection VIII.E, the percentage as set forth in Exhibit G. The aggregate Subdivision and Special District Allocation Percentage of all Subdivisions and Special Districts receiving a Subdivision and Special District Allocation Percentage in each State shall equal 100%. Immediately upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3) that addresses allocation from the Subdivision Fund, whether before or after the Initial Participation Date, Exhibit G will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section VIII.E.3. The Subdivision and Special District Allocation Percentages contained in Exhibit G may not change once notice is distributed pursuant to subsection X.A, except upon the effectiveness

of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3) that addresses allocation from the Subdivision Fund. For the avoidance of doubt, no Subdivision or Special District not listed on Exhibit G shall receive an allocation from the Subdivision Fund and no provision of this Agreement shall be interpreted to create such an entitlement.

100. "*Subdivision Fund*" means a component of the Settlement Fund described in subsection VIII.A.

101. "*Teva*" means (i) Teva Pharmaceutical Industries Ltd. and, (ii) all of its respective past and present direct or indirect parents, subsidiaries, divisions, affiliates, joint ventures, predecessors, successors, assigns, including but not limited to the Divested Actavis Generic Entities and Anda Inc.

102. "*Teva Global Opioid Settlement Agreement*" means the settlement agreement between and among the Settling States, Participating Subdivisions, Participating Special Districts, and Teva to resolve opioid-related Claims against Teva and the other Released Entities (as defined therein).

103. "*Threshold Motion*" means a motion to dismiss or equivalent dispositive motion made at the outset of litigation under applicable procedure. A Threshold Motion must include as potential grounds for dismissal, any applicable Bar or the relevant release by a Settling State, Participating Subdivision, or Participating Special District provided under this Agreement and, where appropriate under applicable law, any applicable limitations defense.

II. Participation by States and Condition to Preliminary Agreement

A. *Notice to States*. On November 22, 2022 this Agreement shall be distributed to all Eligible States. The Eligible States' Attorneys General shall then have a period of thirty (30) days to decide whether to become Settling States. Eligible States will decide whether to become Settling States for both this Agreement and the Teva Global Opioid Settlement Agreement, or decline participation in both settlements. However, if Teva enters bankruptcy prior to the Effective Date, Eligible States can choose to only join this Agreement. If a State is only an Eligible State with respect to one of the Agreements, the State need only decide whether to become a Settling State with respect to the Agreement for which it is an Eligible State. States that determine to become Settling States shall so notify the Enforcement Committee and Allergan within thirty (30) days after November 22, 2022 and shall further commit to obtaining any necessary additional State releases prior to the Effective Date. This notice

period for States may be extended by written agreement of Allergan and the Enforcement Committee.

B. *Ineligible States.* Non-Settling States and Prior Settling States shall not be eligible for any payments or have any rights in connection with this Agreement.

C. *Condition to Preliminary Agreement*. Following the notice period to Eligible States set forth in subsection II.A above, Allergan shall determine on or before the Preliminary Agreement Date whether, in its sole discretion enough States have agreed to become Settling States to proceed with notice to Subdivisions as set forth in Section X below. The determination to proceed shall be in the sole discretion of Allergan and may be based on any criteria or factors deemed relevant by Allergan. If Allergan determines that this condition has been satisfied, and that notice to the Subdivisions should proceed, it will so notify the Settling States by providing notice to the Enforcement Committee on the Preliminary Agreement Date. If Allergan determines that this condition has not been satisfied, it will so notify the Settling States by providing notice to the Enforcement Committee, and this Agreement will have no further effect and all releases and other commitments or obligations contained herein will be void, other than Allergan's funding of Implementation Costs to date. The Preliminary Agreement Date may be extended by written agreement of Allergan and the Enforcement Committee.

D. *Later Joinder by States*. After the Preliminary Agreement Date, an Eligible State may only become a Settling State with the consent of Allergan, in its sole discretion. If a State becomes a Settling State more than thirty (30) days after the Preliminary Agreement Date, the Subdivisions and Special Districts in that State that become Participating Subdivisions and Participating Special Districts within ninety (90) days of the State becoming a Settling State shall be considered Initial Participating Subdivisions or Initial Participating Special Districts.

III. Cessation of Litigation Activities

A. Following the Preliminary Agreement Date, if Allergan has determined to proceed with notice pursuant to Section II, all Litigating States that intend to become Settling States and that are engaged in or have engaged in discovery and/or substantive motion practice ("*Active Litigation*") against a Released Entity shall make reasonable efforts to immediately cease litigation activity (e.g., written and document discovery, depositions, expert disclosures, and motion practice) against Allergan where feasible, or to minimize litigation activity by means of agreed deadline extensions and agreed postponement of depositions, document productions, and motion practice. Allergan shall cooperate in such efforts. The obligations under this subsection do not extend past the Reference Date if Allergan determines it is not going forward with the Agreement. This paragraph III.A does not apply to Litigating States with a trial date within six (6) months of the Preliminary Agreement Date, though such Litigating States and Allergan shall engage in good faith discussions regarding the potential cessation of litigation activity.

B. Following the execution of the Settlement Participation Form, attached as Exhibit K, a Litigating Subdivision or Litigating Special District that is engaged in active litigation

against a Released Entity shall make all reasonable efforts to immediately cease all litigation activity (e.g., written and document discovery, depositions, expert disclosures, and motion practice) against Allergan, where feasible, or to minimize litigation activity by means of agreed deadline extensions and agreed postponement of litigation activity by means of agreed deadline extensions and agreed postponement of depositions, document productions, and motion practices. Allergan shall cooperate in such efforts. The obligations under this subsection do not extend past the Reference Date if Allergan determines it is not going forward with the settlement. This paragraph III.B does not apply to Litigating Subdivisions or Litigating Special Districts with a trial date within six (6) months of the Preliminary Agreement Date, though such Litigating Subdivisions or Litigating Special Districts and Allergan shall engage in good faith discussions regarding the potential cessation of litigation activity. Notwithstanding this provision no Litigating Subdivision is required to cease its litigation if it determines such action would be detrimental to its litigation.

C. Following the Reference Date, the Settling States shall endeavor to file Consent Judgments (the contents of which must be agreed upon with Allergan) within thirty (30) days of the Reference Date. Participating Subdivisions and Participating Special Districts, as applicable, shall request dismissal of their actions with prejudice within fourteen (14) days of the Reference Date. The Settling States, Participating Subdivisions, and Participating Special Districts shall use best efforts to get Consent Judgments or orders of dismissal with prejudice, as applicable, entered promptly after filing.

IV. Injunctive Relief

A. *Entry of Injunctive Relief.* As part of the Consent Judgment, the Parties agree to the Injunctive Relief Terms attached as Exhibit P.

V. Release

A. *Scope.* As of the Effective Date, the Released Entities will be released and forever discharged from all of the Releasors' Released Claims. Each Settling State (for itself and its Releasors) and Participating Subdivision (for itself and its Releasors), and Participating Special District (for itself and its Releasors) will, on or before the Effective Date, absolutely, unconditionally, and irrevocably covenant not to bring, file, or claim, or to cause, assist in bringing, or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the Agreement are intended to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of each Settling State, its Attorney General, each Participating Subdivision, and each Participating Special District to release Claims. The release shall be a complete bar to any Released Claim of all Releasors. Nothing in this Agreement shall release or impair any Claims against Teva Ltd., Teva USA, Cephalon, or Anda, except to the extent expressly set forth in this Agreement.

B. *Claim Over and Non-Party Settlement*.

1. *Statement of Intent.* It is the intent of the Parties that:

   a. Released Entities should not seek contribution or indemnification (other than pursuant to an insurance contract) from other parties for their payment obligations under this Agreement;

   b. the payments made under this Agreement shall be the sole payments made by the Released Entities to the Releasors involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity);

   c. Claims by Releasors against non-Parties should not result in additional payments by Released Entities, whether through contribution, indemnification or any other means; and

   d. the Settlement meets the requirements of the Uniform Contribution Among Joint Tortfeasors Act and any similar state law or doctrine that reduces or discharges a released party's liability to any other parties.

   e. The provisions of this subsection V.B are intended to be implemented consistent with these principles. This Agreement and the releases and dismissals provided for herein are made in good faith.

2. *Contribution/Indemnity Prohibited*. No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner, provided that a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim Over against it. However, and notwithstanding the foregoing, this provision shall not preclude any Released Entity from seeking indemnification, contribution, or any other theory from and against Teva Ltd., Divested Entities, Pfizer Inc., King Pharmaceuticals, Inc., and Alpharma Inc., and/or each of their respective past and current parents, subsidiaries, and/or affiliates. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

3. *Non-Party Settlement*. To the extent that, on or after the Reference Date, any Releasor enters into a Non-Party Settlement, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasor will include (or in the case of a Non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the Non-Party Settlement a prohibition on contribution or indemnity of any kind substantially equivalent to that required from Allergan in subsection V.B.2, or a release from such Non-Released Entity in favor of the Released Entities (in a form equivalent to the releases

contained in this Agreement) of any Claim Over. The obligation to obtain the prohibition and/or release required by this subsection is a material term of this Agreement. The sole remedy for a Releasor's failure to include such a provision in a Non-Party Settlement shall be the application of Section V.B.4 below. Non-Released Entities include, but are not limited to, Teva Ltd., Teva USA, Divested Actavis Generic Entities or other Divested Entities, and Anda.

4. *Claim Over*. In the event that any Releasor obtains a judgment with respect to Non-Party Covered Conduct against a Non-Released Entity that does not contain a prohibition like that in subsection V.B.3, or any Releasor files a Non-Party Covered Conduct Claim against a Non-Released Entity in bankruptcy or a Releasor is prevented for any reason from obtaining a prohibition/release in a Non-Party Settlement as provided in subsection V.B.3, and such Non-Released Entity asserts a Claim Over against a Released Entity, then Releasor and Allergan shall take the following actions to ensure that the Released Entities do not pay more with respect to Covered Conduct to Releasors or to Non-Released Entities than the amounts owed under this Agreement by Allergan:

   a. Allergan shall notify that Releasor of the Claim Over within sixty (60) days of the assertion of the Claim Over or sixty (60) days of the Effective Date of this Agreement, whichever is later;

   b. Allergan and that Releasor shall meet and confer concerning the means to hold Released Entities harmless and ensure that it is not required to pay more with respect to Covered Conduct than the amounts owed by Allergan under this Agreement;

   c. That Releasor and Allergan shall take steps sufficient and permissible under the law of the State of the Releasor to hold Released Entities harmless from the Claim Over and ensure Released Entities are not required to pay more with respect to Covered Conduct than the amounts owed by Allergan under this Agreement. Such steps may include, where permissible:

      (i) Filing of motions to dismiss or such other appropriate motion by Allergan or Released Entities, and supported by Releasors, in response to any Claim filed in litigation or arbitration;

      (ii) Reduction of that Releasor's Claim and any judgment it has obtained or may obtain against such Non-Released Entity by whatever amount or percentage is necessary to extinguish such Claim Over under applicable law, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

      (iii) Placement into escrow of funds paid by the Non-Released Entities such that those funds are available to satisfy the Claim Over;

(iv) Return of monies paid by Allergan to that Releasor under this Agreement to permit satisfaction of a judgment against or settlement with the Non-Released Entity to satisfy the Claim Over;

(v) Payment of monies to Allergan by that Releasor to ensure it is held harmless from such Claim Over, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(vi) Credit to Allergan under this Agreement to reduce the overall amounts to be paid under the Agreement such that it is held harmless from the Claim Over; and

(vii) Such other actions as that Releasor and Allergan may devise to hold Allergan harmless from the Claim Over.

d. The actions of that Releasor and Allergan taken pursuant to paragraph (c) must, in combination, ensure Allergan is not required to pay more with respect to Covered Conduct than the amounts owed by Allergan under this Agreement.

e. In the event of any dispute over the sufficiency of the actions taken pursuant to paragraph (c), that Releasor and Allergan may seek review by the National Arbitration Panel, provided that, if the Parties agree, such dispute may be heard by the state court where the relevant Consent Judgment was filed. The National Arbitration Panel shall have authority to require Releasors to implement a remedy that includes one or more of the actions specified in paragraph (c) sufficient to hold Released Entities fully harmless. In the event that the panel's actions do not result in Released Entities being held fully harmless, Allergan shall have a Claim for breach of this Agreement by Releasors, with the remedy being payment of sufficient funds to hold Allergan harmless from the Claim Over. For the avoidance of doubt, the prior sentence does not limit or eliminate any other remedy that Allergan may have.

C. To the extent that the Claim Over is based on a contractual indemnity, the obligations under subsection V.B.4 shall extend solely to a Non-Party Covered Conduct Claim against a pharmacy, clinic, hospital or other purchaser or dispenser of Products, a manufacturer that sold or promoted Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. Allergan shall notify the Settling States, to the extent permitted by applicable law, in the event that any of these types of Non-Released Entities asserts a Claim Over arising out of contractual indemnity against it.

D. *General Release*. In connection with the releases provided for in the Agreement, each Settling State (for itself and its Releasors), Participating Subdivision and Participating Special District expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or

other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

> **General Release; extent.** A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her, would have materially affected his or her settlement with the debtor or released party.

A Releasor may thereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Settling State (for itself and its Releasors), Participating Subdivision and Participating Special District hereby expressly waives and fully, finally, and forever settles, releases, and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Settling States' decision to enter into the Agreement, the Participating Subdivisions' decision to participate in the Agreement, or the Participating Special District's decision to participate in the Agreement.

E. *Res Judicata*. Nothing in the Agreement shall be deemed to reduce the scope of the res judicata or claim preclusive effect that the settlement memorialized in the Agreement, and/or any Consent Judgment or other judgment entered on the Agreement, gives rise to under applicable law.

F. *Representation and Warranty.* The signatories hereto on behalf of their respective Settling State, its Participating Subdivisions, and its Participating Special Districts, expressly represent and warrant that they will obtain on or before the Effective Date (or have obtained) the authority to settle and release, to the maximum extent of the State's power, all Released Claims of (1) their respective Settling State; (2) any of the Settling State's past and present executive departments, state agencies, divisions, boards, commissions and instrumentalities with the regulatory authority to enforce state and federal controlled substances acts; (3) any of their respective Settling State's past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Covered Conduct seeking money (including abatement and/or remediation) or revocation of a pharmaceutical distribution license; (4) any Participating Subdivisions; and (5) any Participating Special District. For the purposes of clause (3) above, executive departments, agencies, divisions, boards, commissions, and instrumentalities are those that are under the executive authority or direct control of the State's Governor. Also, for the purposes of clause (3), a release from a State's Governor is sufficient to demonstrate that the appropriate releases have been obtained.

G. *Effectiveness*. The releases set forth in the Agreement shall not be impacted in any way by any dispute that exists, has existed, or may later exist between or among the Releasors. Nor shall such releases be impacted in any way by any current or future law, regulation, ordinance, or court or agency order limiting, seizing, or controlling the distribution or use

of the Settlement Fund or any portion thereof, or by the enactment of future laws, or by any seizure of the Settlement Fund or any portion thereof.

H. *Cooperation*. Releasors (i) will not encourage any person or entity to bring or maintain any Released Claim against any Released Entity and (ii) will reasonably cooperate with and not oppose any effort by a Released Entity to secure the prompt dismissal of any and all Released Claims.

I. *Non-Released Claims.* Notwithstanding the foregoing or anything in the definition of Released Claims, the Agreement does not waive, release or limit any criminal liability, Claims for any outstanding liability under any tax or securities law, Claims against parties who are not Released Entities, Claims by private individuals, Claims for Medicaid rebates, Claims asserted, or that could be asserted, by any State, Subdivision, or Special District related to the causes of action in *In re: Generic Pharmaceuticals Pricing Antitrust Litigation*, in the United States District court for the District of Pennsylvania, MDL No. 2724, and any related action (such excluded claims include, but are not limited to, all antitrust claims and any claims related to any non-opioid generic drugs), and any claims arising under the Agreement for enforcement of the Agreement.

VI. Monetary Relief Overview and Maximum Payments

A. Excluding Allergan's share of Implementation Costs and costs of the Settlement Fund Administrator, there are three main categories of monetary payments:

1. *Annual Payments to the Settlement Fund*. These payments are generally addressed in Section VII. The maximum amount Allergan shall pay in Annual Payments to the Settlement Fund is the Net Abatement Amount of $1,799,186,751.00, which reflects the application of the Prior Settlements Credit to the Global Settlement Abatement Amount. Annual Payments will be made over seven (7) years on the Payment Dates. The actual amount paid will depend on, among other things, the level of participation of Eligible States, their Subdivisions, and their Special Districts.

2. *Additional Restitution Amount*. These payments are generally addressed in Section XII. The maximum amount Allergan shall pay for the Additional Restitution Amount is $16,192,680.76. Payments for the Additional Restitution Amount will be made over four (4) years on the Payment Dates. The actual amount paid will depend on the number of Eligible States listed in Exhibit N that become Settling States.

3. *Attorney Fee and Cost Payments*. These payments are generally addressed in Section XII and Exhibits M, R, S, and T. They consist of payments for the State Outside Counsel Fee Fund, the State Cost Fund, and the Attorney Fee and Cost Fund. These payments will be made over four (4) on the Payment Dates. The maximum amount Allergan shall pay into these funds is the Global Settlement Attorney Fee Amount of $206,906,476.36.

B. The aggregate maximum amount Allergan shall pay for these for these payment categories is $2,022,285,908.12 (the "*Post-Credit Global Settlement Amount*"). This figure does not include costs related to injunctive relief and document disclosure addressed in Exhibit P, Implementation Costs, and Settlement Fund Administrator Costs addressed in this Agreement. AbbVie agrees to satisfy the obligations to make the payments due in this Section VI if for any reason Allergan fails to fulfill its payment obligations under Section VI (the "*Payment Obligations*").

C. For purposes of this Agreement only, Releasors represent that fifty-six percent (56%) of the Post-Credit Global Settlement Amount payable by Allergan constitutes consideration for the settlement of Claims involving, arising from, or related to generic opioid drugs that are Products distributed and/or sold before August 2, 2016 by Divested Actavis Generic Entities and other Divested Entities and the operation of Divested Actavis Generic Entities and other Divested Entities related to those generic opioid drugs that are Products before August 2, 2016 that the Releasors are asserting or might otherwise assert or could assert that Allergan (or any other Released Entity) is directly or indirectly and/or jointly or severally liable, including but not limited to, based on parent or control liability or a substantially similar theory. Releasors represent that forty-four percent (44%) of the Post-Credit Global Settlement Amount payable by Allergan constitutes consideration for the settlement of Claims involving, arising from, or related to branded opioid drugs that are Products of or attributable to Allergan or any other Released Entity (including but not limited to branded opioid drugs that are Products distributed and/or sold before August 2, 2016 by Divested Actavis Generic Entities and other Divested Entities and the operation of the Divested Actavis Generic Entities and the other Divested Entities related to those branded opioid drugs that are Products before August 2, 2016) that the Releasors are asserting or might otherwise assert or could assert against Allergan or any other Released Entity, of which seventy-seven percent (77%) is specifically involving, arising from, or related to Kadian® (including but not limited to Kadian® manufactured, distributed, marketed, and/or sold from 1997 through 2008 by King Pharmaceuticals, Inc. and/or Alpharma Inc.).

D. *Settlement Fund Administrator and Implementation Costs*. If this Agreement becomes effective, Allergan shall be responsible for one-third of the Implementation Costs. The full amount of the Implementation Costs shall be jointly advanced by Teva and Allergan. If this Agreement becomes effective, then Allergan shall deduct from Allergan's Initial Year Payment the difference between the excess amount it advanced for Implementation Costs and its one-third obligation for such costs. Settlement Fund Administrator Costs shall be paid out of interest accrued on the Settlement Fund. Should such interest prove insufficient to fully cover the costs, the remaining cost amounts shall be paid one-third by Teva, one-third by Allergan and one-third from the Settlement Fund through the disbursement of Allergan's final Payment Allergan shall not be responsible for any costs incurred by the Settlement Fund Administrator after the disbursement of its final Payment.

VII. Annual Payments to Settlement Fund

A. Structure of Payments to Settlement Fund

1. All payments under this Section VII shall be made into the Settlement Fund, except that where specified, they shall be made into the Settlement Fund Escrow. The Settlement Fund shall be allocated and used only as specified in Section VIII.

2. Allergan shall pay into the Settlement Fund the Net Abatement Amount consisting of $1,799,186,751.00 minus: (1) any offsets specified in subsection VII.C below; (2) any unearned Incentive Payments under subsection VII.E below; and (3) any adjustments under Section XI below.

3. The payments to the Settlement Fund shall be divided into Base Payments and Incentive Payments as provided in subsections VII.D and VII.E below and set out in Exhibit M.

B. Settlement Fund Payment Process

1. Except as otherwise provided in this Agreement, Allergan shall make one Initial Year Payment (the first Annual Payment) and six (6) additional Annual Payments of equal installments of the Net Abatement Amount (after all applicable offsets) into the Settlement Fund. The Settlement Payment Schedule is set forth in Exhibit M. Annual Payments shall be made on the Payment Date, provided that the necessary wire instructions, W-9 form, and Allergan's Bank Verification Form process is completed for the Settlement Fund at least twenty-one (21) days before the relevant payment is due and Allergan has completed any process required by the Settlement Fund Administrator and/or its financial institution(s) to complete the transaction. If there is a delay in making a payment because any of these conditions were not completed at least twenty-one (21) days in advance of the Payment Date, then the Annual Payment will be made within twenty-one (21) days of the completion of these conditions.

2. The Initial Year Payment shall consist of only Base Payments (after all applicable offsets). The other six (6) Annual Payments shall each consist of Base Payments (after all applicable offsets) and Incentive Payments (after all applicable offsets). The amount of the Initial Year Payment and each other Annual Payment, payable by Allergan shall not exceed the maximum amounts allocated to each Payment Year in Exhibit M.

3. To determine each Annual Payment for Payment Year 2 forward, the Settlement Fund Administrator shall use the data in its records sixty (60) days prior to the Payment Date for each payment. Prior to the Effective Date, the Parties will include an exhibit to the Agreement setting forth in detail the process for the Settlement Fund Administrator obtaining relevant data and for distributing funds to Settling States and Exhibit G Participants consistent with the terms of this Agreement as quickly as practical.

4. The Settlement Fund Administrator shall determine the Annual Payment and the Statewide Payment Amount for each Settling State, consistent with the provisions in Exhibit L, by:

   a. determining, for each Settling State, the amount of Base Payments and Incentive Payments to which the State is entitled by applying the criteria in this Section;

   b. applying any reductions, or offsets required by Sections VII and XI; and

   c. determining the total amount owed by Allergan to all Settling States and Exhibit G Participant.

5. If, no later than fifty (50) days prior to the Payment Date for each payment for Payment Year 2 forward, Allergan and the Enforcement Committee inform the Settlement Fund Administrator that they agree on the amount of the Annual Payment and the Statewide Payment Amount for each Settling State, Allergan shall pay the agreed-upon Annual Payment amount on the Payment Date and the Settlement Fund Administrator shall treat those amounts as the determination described in subsection VII.B.4. If the Settlement Fund Administrator is not so informed, it shall give notice to Allergan, the Settling States, and the Enforcement Committee of the amount of the Annual Payment, and the Statewide Payment Amount for each Settling State, following the determination described in subsection VII.B.4, and the following timeline shall apply:

   a. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, Allergan, any Settling State or the Enforcement Committee may dispute, in writing, the calculation of the Annual Payment, or the Statewide Payment Amount for a Settling State. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Allergan identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

   b. Within twenty-one (21) days of the sending of a written notice of dispute, any affected party may submit a response, in writing, to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Allergan identifying the basis for disagreement with the notice of dispute.

   c. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute, and Allergan shall pay the adjusted amount as the Annual Payment on the Payment Date. If a written response to the written notice of dispute is timely sent to the Settlement Fund Administrator, the Settlement Fund Administrator shall notify Allergan of the preliminary amount to be paid, which shall be the greater of the amount originally calculated by the Settlement Fund Administrator or the amount that would be consistent with

the notice of dispute, *provided, however* that in no circumstances shall the preliminary amount to be paid be higher than the maximum amount of Base Payments and Incentive Payments for that payment as set forth in Exhibit M. For the avoidance of doubt, a transfer of payments from the Settlement Fund Escrow for other Payment Years does not count toward determining whether the amount to be paid is higher than the maximum amount of Base Payments and Incentive Payments for that payment as set forth in Exhibit M.

d. The Settlement Fund Administrator shall place any disputed amount of the preliminary amount paid by Allergan into the Settlement Fund Escrow and shall disburse any undisputed amount to each Settling State and its Exhibit G Participants.

6. If a Settling State informs the Settlement Fund Administrator that it and its Exhibit G Participants have reached consensus on the amount of its Statewide Payment Amount, determined pursuant to subsection VII.B.3 or VII.B.4, to be distributed to the Settling State, among its separate types of funds (if applicable), and among its Exhibit G Participants, the Settlement Fund Administrator shall disburse the Statewide Payment Amount pursuant to the consensus distribution amounts provided by the Settling State. For a Settling States that does not so notify the Settlement Fund Administrator, the Settlement Fund Administrator shall allocate the Settling State's Statewide Payment Amount, pursuant to Section VII, among the separate types of funds for the Settling State (if applicable), and among its Exhibit G Participants using the following procedures:

a. As soon as possible for each payment and following the determination described in subsection VII.B.3 and VII.B.4, the Settlement Fund Administrator shall give notice to the relevant Settling States and their Exhibit G Participants of the amount to be received by each Settling State, the amount to be received by the separate types of funds for each Settling State (if applicable), and the amount to be received by each Settling State's Exhibit G Participants.

b. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, any Settling State or Exhibit G Participant may dispute, in writing, the calculation of the amount to be received by a Settling State and/or its Exhibit G Participants. A dispute will be deemed invalid and disregarded if it challenges the allocations adopted by a State-Subdivision Agreement approved pursuant to the provisions of Exhibit O or by statute. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, any affected Settling State, and any affected Exhibit G Participant identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

c. Within twenty-one (21) days of the sending of a written notice of dispute, any affected Settling State or any affected Exhibit G Participant may submit

a response, in writing, to the Settlement Fund Administrator, any affected Settling State and any affected Exhibit G Participant identifying the basis for disagreement with the notice of dispute.

d. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute.

e. The Settlement Fund Administrator shall place any disputed amount into the Settlement Fund Escrow and shall disburse any undisputed amount to the Settling State and its Exhibit G Participants.

7. Disputes described in this subsection (other than those for which no response is filed under subsection VII.B.5.c or VII.B.6.d) shall be resolved in accordance with the terms of Section XIV.

8. The Settlement Fund Administrator may combine the disbursements of Annual Payments with disbursement of funds under other comparable opioid settlements. In determining when disbursements for each Annual Payment will be made, the Settlement Fund Administrator may take into account the timeline for the availability of disbursements under other comparable opioid settlements.

9. For the avoidance of doubt, Subdivisions and Special Districts not listed on Exhibit G shall not receive an allocation from the Subdivision Fund.

C. Offsets to Annual Payments to the Settlement Fund for Non-Settling States

1. An offset equal to the Net Abatement Amount of $1,799,186,751.00 times the State Allocation Percentage assigned to each Non-Settling State in Exhibit F-2 shall be deducted from the total amount to be paid by Allergan to the Settlement Fund.

2. Non-Settling States shall not be eligible for any payments or have any rights in connection with this Agreement. Accordingly, the stated maximum dollar amounts of the Annual Payments specified in Exhibit M are reduced by the aggregate State Allocation Percentage of Non-Settling States as set forth in Exhibit F-2.

D. Base Payments

1. Allergan shall make Base Payments into the Settlement Fund in an amount equal to 45% of the Net Abatement Amount of $1,799,186,751.00 minus any offsets for Non-Settling States specified in Section VII.C.I. The maximum total for Base Payments is $809,634,037.95. The Base Payments will be paid in accordance with the Settlement Payment Schedule specified by Exhibit M, subject to potential offsets for Non-Settling States as provided in Section VII.C.1.

2. The Base Payments will be allocated by Settling State proportionate to each Settling State's State Allocation Percentage in Exhibit F-2, adjusted for any Non-Settling State.

E. Incentive Abatement Payments

1. Allergan shall make potential Incentive Payments totaling up to a maximum of 55% of the Net Abatement Amount of $1,799,186,751.00 for all Settling States with the actual amount depending on whether and the extent to which the criteria set forth below are met in each Settling State. The maximum total for Incentive Payments is $989,552,713.05.

2. The maximum total Incentive Payment for any Settling State shall be no more than the maximum total for Incentive Payments listed in Section VII.E.1 times the Settling State's State Allocation Percentage specified in Exhibit F-2. Incentive Payments are state-specific, with each Settling State receiving an Incentive Payment based on the incentives for which it is eligible for that year under the criteria set forth below and any offset specified in Section XI.

3. The Incentive Payments shall be divided among four (4) categories, referred to as Incentives A–D. Incentives A–C will be due in installments over six (6) Payment Years beginning with Annual Payment 2 and Incentive D will be due in installments over four (4) years beginning with Annual Payment 4, as shown on Exhibit M. The total amount of Incentive Payments in an Annual Payment shall be the sum of the Incentive Payments for which individual Settling States are eligible for that Payment Year under the criteria set forth below. The Incentive Payments shall be made with respect to a specific Settling State based on its eligibility for that Payment Year under the criteria set forth below.

4. The maximum amount available for Incentive Payments, $989,552,713.05, is divided into two pools. The maximum amount of Incentive Payments for Incentives A-C shall be $863,609,640.48, which is 48% of the maximum Net Abatement Amount. A Settling State may be eligible for its full allocable share of this payment by either achieving Incentive A or by fully earning both Incentives B and C. The maximum amount of Incentive Payments for Incentive D shall be $125,943,072.57, which is 7% of the maximum Net Abatement Amount. (These figures represent maximum payments prior to being adjusted for any offsets and assumes every State is a Settling State and will satisfy the requirements specified below to earn its maximum incentive amount. The Incentive Payments will be paid in accordance with the payment schedule in Exhibit M, subject to potential deductions as provided herein.) A Settling State qualifies to receive Incentive Payments in addition to Base Payments if it meets the incentive eligibility requirements specified below. Settling States may qualify for Incentive Payments in four ways. If a Settling State qualifies for Incentive A, it will become entitled to receive the maximum payment allocable to the State for Incentives A-C as stated in subsection VII.E.5. If a Settling State does not qualify for Incentive A, it can alternatively qualify for Incentive B and/or Incentive C. A Settling State can qualify for Incentive D regardless of whether it qualifies for another Incentive Payment.

5. *Incentive A: Full Participation or Fully Released Claims of Litigating Subdivisions, Litigating Special Districts, Non-Litigating Subdivisions with Population Greater Than 10,000, and Non-Litigating Covered Special Districts*.

   a. A Settling State's total potential Incentive A payment allocation is $863,609,640.48 times the percentage allocation assigned that Settling State in Exhibit F-2.

   b. A State qualifies for Incentive A by: (1) complete participation in the form of releases consistent with Section V above from all Litigating Subdivisions and Litigating Special Districts, Non-Litigating Subdivisions with population over 10,000, and Non-Litigating Covered Special Districts; (2) a Bar; or (3) a combination of approaches in clauses (1)-(2) that achieves the same level of resolution of Subdivision and Special District Claims (e.g., a law barring future litigation combined with full joinder by Litigating Subdivisions and Litigating Special Districts). For purposes of Incentive A, a Subdivision or Special District is considered a "Litigating Subdivision" or "Litigating Special District" if it has brought Released Claims against Released Entities on or before the Reference Date; all other Subdivisions and Special Districts are considered "Non-Litigating." For purposes of Incentive A, Non-Litigating Covered Special Districts shall not include a Special District with any of the following words or phrases in its name: mosquito, pest, insect, spray, vector, animal, air quality, air pollution, clean air, coastal water, tuberculosis, and sanitary.

   c. If a Settling State qualifies for Incentive A after receiving an Incentive Payment under Incentives B or C, described below, the Settling State's payments under Incentive A will equal the remainder of its total potential Incentive A payments less any payments previously received under Incentives B or C. A Settling State that receives all of its total potential Incentive A payment allocation shall not receive additional Incentive Payments under Incentives B or C.

   d. A Settling State that is not eligible for Incentive A as of two (2) years after the Effective Date shall not be eligible for Incentive A for that Payment Year or any subsequent Payment Years.

6. *Incentive B: Early Participation or Released Claims by Litigating Subdivisions and Litigating Special Districts.*

   a. If a Settling State does not qualify for Incentive A, it may still qualify to receive up to 60% of its total potential Incentive A payment allocation under Incentive B.

   b. A Settling State can qualify for an Incentive B payment if Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population are either Participating

Subdivisions, Participating Special Districts, or have their claims resolved through Case-Specific Resolutions.

(i) A Settling State's litigating population is the sum of the population of all Litigating Subdivisions and Litigating Special Districts. A Settling State's litigating population shall include all Litigating Subdivisions and Litigating Special Districts whose populations overlap in whole or in part with other Litigating Subdivisions and Litigating Special Districts, for instance in the case of a Litigating Special District, city, or township contained within a county.

(ii) For example, if School District A is a Litigating Special District in City B with a population of 1, City B is itself a Litigating Subdivision with a population of 8, and City B is located within County C, and County C is a Litigating Subdivision with a population 10, then each of their individual populations shall be added together (i.e., 1 + 8 +10) to determine the total litigating population (i.e., 19).

c. The following time periods apply to Incentive B payments:

(i) Period 1: Zero to two hundred ten (210) days after the Effective Date.

(ii) Period 2: Two hundred eleven (211) days to one year after the Effective Date.

(iii) Period 3: One year and one day to two years after the Effective Date.

d. Within Period 1: If Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of a Settling State's litigating population are Participating Subdivisions or Participating Special Districts, or have their Claims resolved through Case-Specific Resolutions during Period 1, then a sliding scale will determine the share of the funds available under Incentive B, with a maximum of 60% of the Settling State's total potential Incentive Payment allocation available. Under that sliding scale, if Litigating Subdivisions and Litigating Special Districts collectively representing 75% of a Settling State's litigating population become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status by the end of Period 1, a Settling State will receive 50% of the total amount available to it under Incentive B. If more Litigating Subdivisions and Litigating Special Districts become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status, the Settling State shall receive an increased percentage of the total amount available to it under Incentive B as shown in the table below.

Participation or Case-Specific Resolution Levels (As percentage of litigating population)	**Incentive B Award** (As percentage of total amount available to Settling State for Incentive B)
75%	50%
76%	52%
77%	54%
78%	56%
79%	58%
80%	60%
85%	70%
90%	80%
95%	90%
100%	100%

e. Within Period 2: If a Settling State did not qualify for an Incentive B payment in Period 1 but Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status by the end of Period 2, then the Settling State qualifies for 75% of the Incentive B payment it would have qualified for in Period 1.

f. Within Period 3: If a Settling State did not qualify for an Incentive B payment in Periods 1 or 2, but Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status by the end of Period 3, then the Settling State qualifies for 50% of the Incentive B payment it would have qualified for in Period 1.

g. A Settling State that receives the Incentive B payment for Periods 1 and/or 2 can receive additional payments if it secures participation from additional Litigating Subdivisions and/or Litigating Special Districts (or Case-Specific Resolutions of their Claims) during Periods 2 and/or 3. Those additional payments would equal 75% (for additional participation or Case-Specific Resolutions during Period 2) and 50% (for additional participation or Case-Specific Resolutions during Period 3) of the amount by which the increased litigating population levels would have increased the Settling State's Incentive B payment if they had been achieved in Period 1.

h. The percentage of the available Incentive B amount for which a Settling State is eligible by the end of Period 3 shall cap its eligibility for that Payment Year and all subsequent Payment Years. If Litigating Subdivisions and Litigating Special Districts that have become Participating Subdivisions or Participating Special Districts, or achieved Case-Specific Resolution

status collectively represent less than 75% of a Settling State's litigating population by the end of Period 3, the Settling State shall not receive any Incentive B payment.

i. If there are no Litigating Subdivisions or Litigating Special Districts in a Settling State, and that Settling State is otherwise eligible for Incentive B, that Settling State will receive its full allocable share of Incentive B.

j. Incentives earned under Incentive B shall accrue after each of Periods 1, 2, and 3. Calculations to increase Incentive Payments in later periods based on additional joinder shall not reduce any amount already vested at the end of a prior period.

7. *Incentive C: Participation or Release of Claims by Primary Subdivisions*

a. If a Settling State does not qualify for Incentive A, it may still qualify to receive up to 40% of its total potential Incentive A payment allocation under Incentive C, which has two parts.

b. Part 1: Under Incentive C, Part 1, a Settling State can receive up to 75% of its Incentive C allocation. A Settling State can qualify for a payment under Incentive C, Part 1 only if Primary Subdivisions (whether Litigating Primary Subdivisions or Non-Litigating Primary Subdivisions as of the Reference Date) collectively representing at least 60% of the Settling State's Primary Subdivision population become Participating Subdivisions or achieve Case-Specific Resolution status.

(i) A Settling State's Primary Subdivision population is the sum of the population of all Primary Subdivisions (whether Litigating Primary Subdivisions or Non-Litigating Primary Subdivisions as of the Reference Date). A Settling State's Primary Subdivision population shall include all Primary Subdivisions whose populations overlap in whole or in part with other Primary Subdivisions, for instance in the case of a Primary Subdivision that is a city contained within a Primary Subdivision that is a county. Because Primary Subdivisions include Subdivisions whose populations overlap in whole or in part with other Subdivisions, the Settling State's Primary Subdivision population may be greater than the Settling State's total population. (Special Districts are not relevant for purposes of Incentive C calculations.)

(ii) For example, if City A is a Primary Subdivision with a population of 1 within County B, and County B is a Primary Subdivision with a population of 10, then each of their individual populations shall be added together (i.e., 1+10) to determine the total Primary Subdivision population (i.e., 11).

c. A sliding scale will determine the share of the funds available under Incentive C, Part 1 to Settling States meeting the minimum 60% threshold. Under that sliding scale, if a Settling State secures participation or Case-Specific Resolutions from Primary Subdivisions representing 60% of its total Primary Subdivision population, it will receive 40% of the total amount potentially available to it under Incentive C, Part 1. If a Settling State secures participation or Case-Specific Resolutions from Primary Subdivisions representing more than 60% of its Primary Subdivision population, the Settling State shall be entitled to receive a higher percentage of the total amount potentially available to it under Incentive C, Part 1, on the scale shown in the table below. If there are no Primary Subdivisions, and that Settling State is otherwise eligible for Incentive C, that Settling State will receive its full allocable share of Incentive C, Part 1.

Participation or Case-Specific Resolution Levels (As percentage of total Primary Subdivision population)	**Incentive C, Part 1 Award** (As percentage of total amount available to Settling State for Incentive C, Part 1)
60%	40%
70%	45%
80%	50%
85%	55%
90%	60%
91%	65%
92%	70%
93%	80%
94%	90%
95%	100%

d. Part 2: If a Settling State qualifies to receive an incentive under Incentive C, Part 1, the Settling State can also qualify to receive an additional incentive amount equal to 25% of its total potential Incentive C allocation by securing 100% participation of the ten (10) largest Subdivisions by population in the Settling State. (Special Districts are not relevant for purposes of this calculation.) If a Settling State does not qualify for any amount under Incentive C, Part 1, it cannot qualify for Incentive C, Part 2.

e. Incentives earned under Incentive C shall accrue on an annual basis up to three years after the Effective Date. At one, two, and three years after the Effective Date, the Settlement Fund Administrator will conduct a lookback to assess which Subdivisions had agreed to participate or had their Claim resolved through a Case-Specific Resolution that year. Based on the look-back, the Settlement Fund Administrator will calculate the incentives accrued under Incentive C for the year. The percentage of the available Incentive C amount, for both Part 1 and Part 2, for which a Settling State is

eligible three years after the Effective Date shall cap its eligibility for that Payment Year and all subsequent Payment Years.

8. *Incentive D: No Qualifying Lawsuits Surviving Threshold Motions at Two Look-Back Dates.*

a. A Settling State's total potential Incentive D payment allocation is $125,943,072.57 times the percentage allocation assigned that Settling State in Exhibit F-2.

b. If, at any time within five and one-half (5.5) years of the Preliminary Agreement Date, any Subdivision or Special District within a Settling State files litigation pursuing Released Claims against any Released Entity (a "*Qualifying Lawsuit*"), then Allergan shall, within thirty (30) days of Allergan or any Released Entity being served or otherwise informed of the prosecution of such Released Claims, provide notice to the Settling State in which such Released Claims are being pursued and shall give the relevant Settling State a reasonable opportunity to extinguish the Released Claims without any payment or any other obligations being imposed upon any Released Entities (apart from the Global Settlement Amount payable by Allergan under the Agreement or the Injunctive Relief Terms incurred by it). The relevant Settling State and Allergan shall confer and use reasonable efforts to promptly resolve a Qualifying Lawsuit so that it is dismissed with prejudice. Nothing in this subsection creates an obligation for a Settling State to make a monetary payment or incur any other obligation to an entity filing a Qualifying Lawsuit.

c. Part 1: Under Incentive D, Part 1, a Settling State shall receive 50% of its total potential Incentive D payment allocation if, at two years after the Effective Date (the "*First Look-Back Date*"), there are no pending Released Claims from a Qualifying Lawsuit that survived a Threshold Motion within the Settling State against any Released Entities.

d. Part 2: Under Incentive D, Part 2, a Settling State shall receive 50% of its total potential Incentive D payment allocation if, at five and one-half (5.5) years after the Preliminary Agreement Date (the "*Second Look-Back* Date"), there are no pending Released Claims from a Qualifying Lawsuit that survived a Threshold Motion within the Settling State against any Released Entities.

e. After the First Look-Back Date, a Settling State can become re-eligible for Incentive Payment D Part 1 if the lawsuit that survived a Threshold Motion is dismissed pursuant to a later motion on grounds included in the Threshold Motion, in which case the Settling State shall become eligible for Incentive Payment D less any litigation fees and cost incurred by the Released Entity in the interim, except that if the dismissal motion occurs after the

completion of opening statements in such action, the Settling State shall not be eligible for Incentive Payment D.

VIII. Allocation and Use of Settlement Funds

A. *Components of Settlement Fund*. The Settlement Fund shall be comprised of an Abatement Accounts Fund, a State Fund, and a Subdivision Fund for each Settling State. The payments under Section VI into the Settlement Fund shall be initially allocated among those three (3) sub-funds and distributed and used as provided below or as provided for by a State-Subdivision Agreement (or other State-specific allocation of funds). Unless otherwise specified herein, payments placed into the Settlement Fund do not revert back to Allergan.

B. *Use of Settlement Payments*. It is the intent of the Parties that the payments disbursed from the Settlement Fund to Settling States and Exhibit G Participants be for Opioid Remediation, subject to limited exceptions that must be documented in accordance with subsection VII.C. In no event may less than 85% of Allergan's payments pursuant to Section VI.A.1-3 over the entirety of all Payment Years (but not any single Payment Year) be spent on Opioid Remediation.

C. While disfavored by the Parties, a Settling State or Exhibit G Participant may use monies from the Settlement Fund (that have not been restricted by this Agreement solely to future Opioid Remediation) for purposes that do not qualify as Opioid Remediation. If, at any time, a Settling State or Exhibit G Participant uses any monies from the Settlement Fund for a purpose that does not qualify as Opioid Remediation, such Settling State or Exhibit G Participant shall identify such amounts and report to the Settlement Fund Administrator and Allergan how such funds were used, including if used to pay attorneys' fees, investigation costs, litigation costs, or costs related to the operation and enforcement of this Agreement, respectively. It is the intent of the Parties that the reporting under this subsection VIII.C shall be available to the public. For the avoidance of doubt, (a) any amounts not identified under this subsection VIII.C as used to pay attorneys' fees, investigation costs, or litigation costs shall be included in the "Compensatory Restitution Amount" for purposes of subsection VIII.G and (b) Participating Subdivisions not listed on Exhibit G or Participating Special Districts that receive monies from the Settlement Fund indirectly may only use such monies from the Settlement Fund for purposes that qualify as Opioid Remediation.

D. *Allocation of Settlement Fund.* The allocation of the Settlement Fund allows for different approaches to be taken in different states, such as through a State-Subdivision Agreement. Given the uniqueness of States and their Subdivisions, Settling States and Participating Subdivisions are encouraged to enter into State-Subdivision Agreements in order to direct the allocation of their portion of the Settlement Fund. As set out below, the Settlement Fund Administrator will make an initial allocation to three (3) state-level sub-funds. The Settlement Fund Administrator will then, for each Settling State and its Exhibit G Participants, apply the terms of this Agreement and any relevant State-Subdivision Agreement, Statutory Trust, Allocation Statute, or voluntary redistribution of funds as set out below before disbursing the funds.

1. Base Payments. The Settlement Fund Administrator will allocate Base Payments under subsection VII.D among the Settling States in proportion to their respective State Allocation Percentages. Base Payments for each Settling State will then be allocated 15% to its State Fund, 70% to its Abatement Accounts Fund, and 15% to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in subsection VIII.E.

2. Incentive Payments. The Settlement Fund Administrator will treat Incentive Payments under subsection VII.E on a State-specific basis. Incentive payments for which a Settling State is eligible under subsection VII.E will be allocated 15% to its State Fund, 70% to its Abatement Accounts Fund, and 15% to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in subsection VIII.E.

3. Application of Adjustments. If any offset under Section XI applies with respect to a Settling State, the offset shall be applied proportionally to all amounts that would otherwise be apportioned and distributed to the State Fund, the Abatement Accounts Fund, and the Subdivision Fund for that State.

4. Settlement Fund Administrator. Prior to the Initial Participation Date, Allergan and the Enforcement Committee will agree to a detailed mechanism consistent with the foregoing for the Settlement Fund Administrator to follow in allocating, apportioning, and distributing payments, which shall be appended hereto as Exhibit L.

E. *Settlement Fund Reallocation and Distribution*. As set forth below, within a particular Settling State's account, amounts contained in the Settlement Fund sub-funds may be reallocated and distributed per a State-Subdivision Agreement or other means. If the apportionment of amounts is not addressed and controlled under subsections VIII.E.1-2, then the default provisions of subsection VIII.E.4 apply. It is not necessary that a State-Subdivision Agreement or other means of allocating funds pursuant to subsections VIII.E.1-2 address all of the Settlement Fund sub-funds. For example, a Statutory Trust might only address disbursements from a Settling State's Abatement Accounts Fund.

1. Distribution by State-Subdivision Agreement. If a Settling State has a State-Subdivision Agreement, amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VIII.D shall be reallocated and distributed as provided by that agreement. Any State-Subdivision Agreement entered into or amended after July 26, 2022 shall be applied only if it requires: (1) that all amounts be used for Opioid Remediation except as allowed by subsection VIII.C, and (2) that at least 70% of amounts be used solely for future Opioid Remediation (references to "future Opioid Remediation" include amounts paid to satisfy any future demand by another governmental entity to make a required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms). For a State-Subdivision Agreement to be applied to the relevant portion of an Annual Payment, notice must be provided to Allergan

and the Settlement Fund Administrator at least sixty (60) days prior to the Payment Date.

2. Distribution by Allocation Statute. If a Settling State has an Allocation Statute and/or a Statutory Trust that addresses allocation or distribution of amounts apportioned to such State's State Fund, Abatement Accounts Fund, and/or Subdivision Fund and that, to the extent any or all such sub-funds are addressed, requires (1) all amounts to be used for Opioid Remediation except as allowed by subsection VIII.C, and (2) at least 70% of all amounts to be used solely for future Opioid Remediation, then, to the extent allocation or distribution is addressed, the amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VIII.D shall be allocated and distributed as addressed and provided by the applicable Allocation Statute or Statutory Trust. For the avoidance of doubt, an Allocation Statute or Statutory Trust need not address all three (3) sub-funds that comprise the Settlement Fund, and if the applicable Allocation Statute or Statutory Trust does not address distribution of all or some of these three (3) sub-funds, the applicable Allocation Statute or Statutory Trust does not replace the default provisions in subsection VIII.E.4 of any such unaddressed fund. For example, if an Allocation Statute or Statutory Trust that meets the requirements of this subsection VIII.E only addresses funds restricted to abatement, then the default provisions in this Agreement concerning allocation among the three (3) sub-funds comprising the Settlement Fund and the distribution of the State Fund and Subdivision Fund for that State would still apply, while the distribution of the applicable State's Abatement Accounts Fund would be governed by the qualifying Allocation Statute or Statutory Trust.

3. Voluntary Redistribution. A Settling State may choose to reallocate all or a portion of its State Fund to its Abatement Accounts Fund. An Exhibit G Participant may choose to reallocate all or a portion of its allocation from the Subdivision Fund to the State's Abatement Accounts Fund or to another Participating Subdivision or Participating Special District. The Settlement Fund Administrator is not required to honor voluntary redistribution for which notice is provided to it less than sixty (60) days prior to the Payment Date.

4. Distribution in the Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. If subsections VIII.E.1-2 do not apply, and subject to any voluntary redistribution pursuant to subsection VIII.E.3, amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VIII.D shall be distributed as follows:

   a. Amounts apportioned to that State's State Fund shall be distributed to that State.

   b. Amounts apportioned to that State's Abatement Accounts Fund shall be distributed consistent with subsection VIII.F. Each Settling State shall submit to the Settlement Fund Administrator a designation of a lead state agency or other entity to serve as the single point of contact for that Settling

State's funding requests from the Abatement Accounts Fund and other communications with the Settlement Fund Administrator. The designation of an individual entity is for administrative purposes only and such designation shall not limit funding to such entity or even require that such entity receive funds from this Agreement. The designated entity shall be the only entity authorized to request funds from the Settlement Fund Administrator to be disbursed from that Settling State's Abatement Accounts Fund. If a Settling State has established a Statutory Trust then that Settling State's single point of contact may direct the Settlement Fund Administrator to release the State's Abatement Accounts Fund to the Statutory Trust.

c. Amounts apportioned to that State's Subdivision Fund shall be distributed to Participating Subdivisions in that State listed on Exhibit G per the Subdivision Allocation Percentage listed in Exhibit G. Subsection X.I shall govern amounts that would otherwise be distributed to Non-Participating Subdivisions listed in Exhibit G.

d. Special Districts shall not be allocated funds from the Subdivision Fund, except through a voluntary redistribution allowed by subsection VIII.E.3. A Settling State may allocate funds from its State Fund or Abatement Accounts Fund for Special Districts.

5. Restrictions on Distribution. No amounts may be distributed from the Subdivision Fund contrary to Section IX, *i.e.*, no amounts may be distributed directly to Non-Participating Subdivisions or to Later Participating Subdivisions in excess of what is permissible under subsection IX.E. Amounts allocated to the Subdivision Fund that cannot be distributed by virtue of the preceding sentence shall be distributed into the sub-account in the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement described in subsection VIII.E.1 or by an Allocation Statute or a Statutory Trust described in subsection VIII.E.2.

F. *Provisions Regarding Abatement Accounts Fund.*

1. State-Subdivision Agreement, Allocation Statute, and Statutory Trust Fund Provisions. A State-Subdivision Agreement, Allocation Statute, or Statutory Trust may govern the operation and use of amounts in that State's Abatement Accounts Fund so long as it complies with the requirements of subsection VIII.E.1 or VIII.E.2 as applicable, and all direct payments to Subdivisions comply with subsections IX.E-H.

2. Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. In the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust that addresses distribution, the Abatement Accounts Fund will be used solely for future Opioid Remediation and the following shall apply with respect to a Settling State:

a. *Regional Remediation.*

(i) At least 50% of distributions for remediation from a State's Abatement Accounts Fund shall be annually allocated and tracked to the regional level. A Settling State may allow the Advisory Committee established pursuant to subsection VIII.F.2.d to define its regions and assign regional allocations percentages. Otherwise, a Settling State shall (1) define its initial regions, which shall consist of one (1) or more Subdivisions and which shall be designated by the State agency with primary responsibility for substance abuse disorder services employing, to the maximum extent practical, existing regions established in that State for opioid abuse treatment or other public health purposes; and (2) assign initial regional allocation percentages to the regions based on the Subdivision Allocation Percentages in Exhibit G and an assumption that all Subdivisions listed on Exhibit G will become Participating Subdivisions.

(ii) This minimum regional expenditure percentage is calculated on the Settling State's initial Abatement Accounts Fund allocation and does not include any additional amounts a Settling State has directed to its Abatement Accounts Fund from its State Fund, or any other amounts directed to the fund. A Settling State may dedicate more than 50% of its Abatement Accounts Fund to the regional expenditure and may annually adjust the percentage of its Abatement Accounts Fund dedicated to regional expenditures as long as the percentage remains above the minimum amount.

(iii) The Settling State (1) has the authority to adjust the definition of the regions, and (2) may annually revise the percentages allocated to each region to reflect the number of Subdivisions in each region that are Non-Participating Subdivisions.

b. *Subdivision Block Grants*. Certain Subdivisions listed on Exhibit G shall be eligible to receive regional allocation funds in the form of a block grant for future Opioid Remediation. A Participating Subdivision listed on Exhibit G eligible for block grants is a county or parish (or in the case of States that do not have counties or parishes that function as political subdivisions, a city) that (1) does not contain a Litigating Subdivision or a Later Litigating Subdivision for which it has the authority to end the litigation through a release, Bar, or other action; (2) either (i) has a population of 400,000 or more or (ii) in the case of California has a population of 750,000 or more; and (3) has funded or otherwise managed an established health care or treatment infrastructure (e.g., health department or similar agency). Each Subdivision listed on Exhibit G eligible to receive block grants shall be assigned its own region.

c. *Small States*. Notwithstanding the provisions of subsection VIII.F.2.a, Settling States with populations under four (4) million that do not have existing regions described in subsection VIII.F.2.a shall not be required to establish regions. However, such a Settling State that contains one (1) or more Subdivisions listed on Exhibit G eligible for block grants under subsection VIII.F.2.b shall be divided regionally so that each block-grant eligible Subdivision listed on Exhibit G is a region and the remainder of the State is a region.

d. *Advisory Committee*. The Settling State shall designate an Opioid Settlement Remediation Advisory Committee (the "*Advisory Committee*") to provide input and recommendations regarding remediation spending from that Settling State's Abatement Accounts Fund. A Settling State may elect to use an existing advisory committee or similar entity (created outside of a State-Subdivision Agreement or Allocation Statute); *provided, however*, the Advisory Committee or similar entity shall meet the following requirements:

(i) Written guidelines that establish the formation and composition of the Advisory Committee, terms of service for members, contingency for removal or resignation of members, a schedule of meetings, and any other administrative details;

(ii) Composition that includes at least an equal number of local representatives as state representatives;

(iii) A process for receiving input from Subdivisions and other communities regarding how the opioid crisis is affecting their communities, their abatement needs, and proposals for abatement strategies and responses; and

(iv) A process by which Advisory Committee recommendations for expenditures for Opioid Remediation will be made to and considered by the appropriate state agencies.

3. Abatement Accounts Fund Reporting. The Settlement Fund Administrator shall track and assist in the report of remediation disbursements as agreed to among the Parties.

G. *Nature of Payment.* Allergan, the Settling States, the Participating Subdivisions, and the Participating Special Districts, acknowledge and agree that notwithstanding anything to the contrary in this Agreement, including, but not limited to, the scope of the Released Claims:

1. Allergan has entered into this Agreement to avoid the delay, expense, inconvenience, and uncertainty of further litigation;

2. The Settling States, the Participating Subdivisions, and the Participating Special Districts sought compensatory restitution (within the meaning of 26 U.S.C.

§ 162(f)(2)(A)) as damages for the Alleged Harms allegedly suffered by the Settling States, Participating Subdivisions and Participating Special Districts;

3. By executing this Agreement the Settling States, the Participating Subdivisions, and the Participating Special Districts certify that: (a) the Compensatory Restitution Amount is no greater than the amount, in the aggregate, of the Alleged Harms allegedly suffered by the Settling States, Participating Subdivisions and Participating Special Districts; and (b) the portion of the Compensatory Restitution Amount received by each Settling State, Participating Subdivision or Participating Special Districts is no greater than the amount of the Alleged Harms allegedly suffered by such Settling State, Participating Subdivision or Participating Special Districts;

4. The payment of the Compensatory Restitution Amount by Allergan constitutes, and is paid for, compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) for alleged damage or harm (as compensation for alleged damage or harm arising out of alleged bodily injury) allegedly caused by Allergan;

5. The Compensatory Restitution Amount is being paid as compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) in order to restore, in whole or in part, the Settling States, Participating Subdivisions and Participating Special Districts to the same position or condition that they would be in had the Settling States, Participating Subdivisions and Participating Special Districts not suffered the Alleged Harms;

6. No portion of the Compensatory Restitution Amount represents reimbursement to any Settling State, Participating Subdivision, Participating Special District, or other person or entity for the costs of any investigation or litigation. The entire Compensatory Restitution Amount is properly characterized as described in subsection VIII.G. No portion of the Compensatory Restitution Amount constitutes disgorgement or is properly characterized as the payment of statutory or other fines, penalties, punitive damages, other punitive assessments, or attorneys' fees; and

7. The Designated State, on behalf of all Settling States, Participating Subdivisions, and Participating Special Districts (the "Form 1098-F Filer") shall complete and file Form 1098-F with the Internal Revenue Service on or before February 28 (March 31 if filed electronically) of the year following the calendar year in which the order entering this Agreement becomes binding. On the Form 1098-F, the Form 1098-F Filer shall identify the entire Compensatory Restitution Amount received by the Form 1098-F Filer as remediation/restitution. The Form 1098-F Filer shall also, on or before January 31 of the year following the calendar year in which the order entering this Agreement becomes binding, furnish Copy B of such Form 1098-F (or an acceptable substitute statement) to Allergan.

IX. Participation by Subdivisions and Special Districts

A. *Notice.* No later than fifteen (15) days after the Preliminary Agreement Date, the Settling States, with the cooperation of Allergan, shall send individual written notice (which may be delivered via e-mail or other electronic means) of the opportunity to participate in this Agreement and the requirements of participation to all Subdivisions and Special Districts in the Settling State that are (1) Litigating Subdivisions or Litigating Special Districts, or (2) Non-Litigating Subdivisions listed in Exhibit G. To the extent a Non-Litigating Special District is entitled to an allocation for a direct payment through its inclusion in Exhibit G pursuant to a State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution, the Settling States shall also send individual written notice (which may be delivered via e-mail or other electronic means) of the opportunity to participate in this Agreement and the requirements of participation to such Special District. Unless otherwise agreed by the Parties, the version of Exhibit G used for notice shall be the one in place as of the Preliminary Agreement Date. Allergan's share of costs of the written notice shall be paid by Allergan as part of the Implementation Costs. Notice (which may be delivered via e-mail or other electronic means) shall also be provided simultaneously to counsel of record for Litigating Subdivisions, Litigating Special Districts, and known counsel for Non-Litigating Subdivisions listed on Exhibit G and Non-Litigating Special Districts listed on Exhibit G. The notice will include that the deadline for becoming an Initial Participating Subdivision or Initial Participating Special District is the Initial Participation Date. Nothing contained herein shall preclude a Settling State from providing further notice to or otherwise contacting any of its Subdivisions or Special Districts about becoming a Participating Subdivision or Participating Special District, including beginning any of the activities described in this paragraph prior to the Preliminary Agreement Date.

B. *Requirements for Becoming a Participating Subdivision: Non-Litigating Subdivisions*. A Non-Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) specifying (1) that the Subdivision agrees to the terms of this Agreement pertaining to Subdivisions, (2) that the Subdivision releases all Released Claims against all Released Entities, (3) that the Subdivision agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section VIII, and (4) that the Subdivision submits to the jurisdiction of the Court where the Consent Judgment is filed for purposes limited to that Court's role under the Agreement. The required Settlement Participation Form is attached as Exhibit K. A Non-Litigating Subdivision will decide whether to become a Participating Subdivision for both this Agreement and the Teva Global Opioid Settlement Agreement, or neither. However, if Teva enters bankruptcy prior to the Effective Date, a Non-Litigating Subdivision can choose to only join this Agreement.

C. *Requirements for Becoming a Participating Subdivision: Litigating Subdivisions/Later Litigating Subdivisions*. A Litigating Subdivision or Later Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) that, in addition to the requirements set out in subsection IX.B for Non-Litigating Subdivisions, commits it to

promptly dismissal its legal action. The required Settlement Participation Form is attached as Exhibit K. A Litigating Subdivision or Later Litigating Subdivision will decide whether to become a Participating Subdivision for both this Agreement and the Teva Global Opioid Settlement Agreement, or neither. However, if Teva enters bankruptcy prior to the Effective Date, a Litigating Subdivision or Later Litigating Subdivision can choose to only join this Agreement. Except for trials begun before the Initial Participation Date, a Litigating Subdivision or a Later Litigating Subdivision may not become a Participating Subdivision after the completion of opening statements in a trial of a legal action it brought that includes a Released Claim against a Released Entity.

D. *Initial Participating Subdivisions.* A Subdivision qualifies as an Initial Participating Subdivision if it meets the applicable requirements for becoming a Participating Subdivision set forth in subsections IX.B or IX.C by the Initial Participation Date. Provided however, all Subdivision Settlement Participation Forms shall be held by the Implementation Administrator until Allergan provides the notice in subsection X.B that it intends to proceed with the settlement, at which time the obligations created by such forms become effective. If Allergan determines not to proceed, all Settlement Participation Forms shall be returned to Counsel for Litigating Subdivisions or to the Subdivisions not represented by counsel or destroyed to the extent that such destruction is not prohibited by then existing document preservation obligations.

E. *Later Participating Subdivisions.* A Subdivision that is not an Initial Participating Subdivision may become a Later Participating Subdivision by meeting the applicable requirements for becoming a Participating Subdivision after the Initial Participation Date and agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to subsections VIII.E or VIII.F. The following provisions govern what a Later Participating Subdivision can receive (but do not apply to Initial Participating Subdivisions):

1. A Later Participating Subdivision shall not receive any share of any Base or Incentive Payments paid to the Subdivision Fund that were due before it became a Participating Subdivision.

2. A Later Participating Subdivision that becomes a Participating Subdivision after the Initial Participation Date but before June 15, 2023 shall receive 75% of the share of the Initial Year Payment that it would have received had it become an Initial Participating Subdivision (unless the Later Participating Subdivision is subject to subsections IX.E.3 or IX.E.4 below). A Later Participating Subdivision that becomes a Participating Subdivision after June 15, 2023 shall receive no share of the Initial Year Payment.

3. A Later Participating Subdivision that, after the Initial Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Subdivision (other than a consensual dismissal with prejudice) shall receive 50% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Subdivision prior to such judgment; *provided,*

however, that if the Subdivision appeals the judgment and the judgment is affirmed with finality before the Subdivision becomes a Participating Subdivision, the Subdivision shall not receive any share of any Base Payments or Incentive Payments.

4. A Later Participating Subdivision that becomes a Participating Subdivision while a Bar or Case-Specific Resolution involving a different Subdivision exists in its State shall receive 25% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Subdivision without such Bar or Case-Specific Resolution.

F. *No Increase in Payments*. Amounts to be received by Later Participating Subdivisions or Later Participating Special Districts shall not increase the payments due from Allergan.

G. *Ineligible Subdivisions and Special Districts.* Prior Settling Subdivisions and Subdivisions and Special Districts in Non-Settling States or Prior Settling States are not eligible to be Participating Subdivisions or Participating Special Districts.

H. *Non-Participating Subdivisions and Non-Participating Special Districts*. Non-Participating Subdivisions and Non-Participating Special Districts shall not directly receive any portion of any Base Payments or Incentive Payments, including from the State Fund and direct distributions from the Abatement Accounts Fund; however, a Settling State may choose to fund future Opioid Remediation that indirectly benefits Non-Participating Subdivisions and Non-Participating Special Districts.

I. *Unpaid Allocations to Later Participating and Non-Participating Subdivisions*. Any Base Payments and Incentive Payments allocated pursuant to subsection VII.E to a Later Participating or Non-Participating Subdivision or a Later Participating or Non-Participating Special District that cannot be paid pursuant to Section IX, will be allocated to the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement or by a Statutory Trust.

J. *Requirements for Becoming a Participating Special District: Non-Litigating Special Districts*. A Non-Litigating Special District in a Settling State may become a Participating Special District by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) specifying (1) that the Special District agrees to the terms of this Agreement pertaining to Special Districts, (2) that the Special District releases all Released Claims against all Released Entities, (3) that the Special District agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section VIII, and (4) that the Special District submits to the jurisdiction of the Court where the Consent Judgment is filed for purposes limited to that Court's role under the Agreement. The required Settlement Participation Form is attached as Exhibit K. A Non-Litigating Special District will decide whether to become a Participating Special District for both this Agreement and the Teva Global Opioid Settlement Agreement, or neither.

However, if Teva enters bankruptcy prior to the Effective Date, a Non-Litigating Special District can choose to only join this Agreement.

K. *Requirements for Becoming a Participating Special District: Litigating Special Districts/Later Litigating Special Districts.* A Litigating Special District or Later Litigating Special District in a Settling State may become a Participating Special District by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) that, in addition to the requirements set out in subsection IX.J for Non-Litigating Special Districts, commits it to promptly dismiss its legal action. The required Settlement Participation Form is attached as Exhibit K. A Litigating Special District or Later Litigating Special District will decide whether to become a Participating Special District for both this Agreement and the Teva Global Opioid Settlement Agreement, or neither. However, if Teva enters bankruptcy prior to the Effective Date, a Litigating Special District or Later Litigating Special District can choose to only join this Agreement. Except for trials begun before the Initial Participation Date, a Litigating Special District or a Later Litigating Special District may not become a Participating Special District after the completion of opening statements in a trial of a legal action it brought that includes a Released Claim against a Released Entity.

L. *Initial Participating Special Districts*. A Special District qualifies as an Initial Participating Special District if it meets the applicable requirements for becoming a Participating Special District set forth in subsections IX.J or IX.K by the Initial Participation Date. Provided however, all Special District Settlement Participation Forms shall be held by the Implementation Administrator until Allergan provides the notice in subsection X.B that it intends to proceed with the settlement, at which time the obligations created by such forms become effective.

M. *Later Participating Special Districts.* A Special District that is not an Initial Participating Special District may become a Later Participating Special District by meeting the applicable requirements for becoming a Participating Special District after the Initial Participation Date and agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to subsections VIII.E or VIII.F. or any agreement reached by the applicable Settling State with Initial Participating Special Districts. The following provisions govern what a Later Participating Special District can receive (but do not apply to Initial Participating Special Districts):

1. Except for the Initial Year Payment, a Later Participating Special District shall not receive any share of any Base or Incentive Payments paid to the Subdivision Fund that were due before it became a Participating Special District.

2. A Later Participating Special District that becomes a Participating Special District after Initial Participation Date but before June 15, 2023 shall receive 75% of the share of the Initial Year Payment that it would have received had it become an Initial Participating Special District (unless the Later Participating Special District is subject to subsections IX.M.3 or IX.M.4 below). A Later Participating Special

District that becomes a Participating Special District after June 15, 2023 shall receive no share of the Initial Year Payment.

3. A Later Participating Special District that, after the Initial Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Special District (other than a consensual dismissal with prejudice) shall receive 50% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Special District prior to such judgment; *provided, however*, that if the Special District appeals the judgment and the judgment is affirmed with finality before the Special District becomes a Participating Special District, the Special District shall not receive any share of any Base Payments or Incentive Payments.

4. A Later Participating Special District that becomes a Participating Special District while a Bar or Case-Specific Resolution involving a different Special District exists in its State shall receive 25% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Special District without such Bar or Case-Specific Resolution.

X. Condition to Effectiveness of Agreement and Filing of Consent Judgment

A. *Determination to Proceed With Settlement.* Allergan will determine on or before the Reference Date whether there has been a sufficient resolution of the Claims of the Subdivisions and Special Districts in the Settling States (through participation under Section IX, Case-Specific Resolution(s), and Bar(s)) to proceed with this Agreement. The determination shall be in the sole discretion of Allergan, in good faith, and may be based on any criteria or factors deemed relevant by Allergan.

B. *Notice by Allergan*. On or before the Reference Date, Allergan shall inform the Settling States and MDL Plaintiffs' Executive Committee of its determination pursuant to subsection X.A. If Allergan determines to proceed, the Parties will proceed to file the Consent Judgments. If Allergan determines not to proceed, this Agreement will have no further effect and all releases (including those given by Participating Subdivisions and Participating Special Districts) and other commitments or obligations contained herein will be void and Settlement Participation Forms returned to the Subdivision or Special District or destroyed to the extent not prohibited by then existing legal obligations or document holds.

XI. Potential Payment Adjustments

A. *Settlement Class Resolution Opt Outs.* If a Settling State is eligible for Incentive A on the basis of a Settlement Class Resolution, and a Primary Subdivision that opted out of the Settlement Class Resolution maintains a lawsuit asserting a Released Claim against a Released Entity, the following shall apply. If the lawsuit asserting a Released Claim either survives a Threshold Motion or has an unresolved Threshold Motion fewer than sixty (60) days prior to the scheduled start of a trial involving a Released Claim, and is resolved with

finality on terms requiring payment by the Released Entity, Allergan shall receive a dollar-for-dollar offset for the amount paid against its obligation to make remaining Incentive A payments that would be apportioned to that State or Participating Subdivisions listed on Exhibit G.

B. *Revoked Bar, Settlement Class Resolution, or Case-Specific Resolution.*

1. If Allergan made a payment as a result of the existence of a Bar, Settlement Class Resolution, or Case-Specific Resolution in a Settling State, and that Bar, Settlement Class Resolution, or Case-Specific Resolution is subject to a Revocation Event, Allergan shall receive a dollar-for-dollar offset against its obligation to make remaining payments that would be apportioned to that State or Participating Subdivisions or Participating Special Districts listed on Exhibit G. This offset will be calculated as the dollar amount difference between (1) the total amount of Incentive Payments paid by Allergan during the time the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event was in effect, and (2) the total amount of Incentive Payments that would have been due from Allergan during that time without the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event being in effect. The amount of Incentive Payments that would have been due, referenced in (2) above, will be calculated based on considering any Subdivision or Special District that provides a release within one hundred eighty (180) days after the Revocation Event as having been a Participating Subdivision or Participating Special District (in addition to all other Participating Subdivisions and Participating Special Districts) during the time that the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event was in effect. If a Revocation Event causes a Settling State to no longer qualify for one or both parts of Incentive D, the Settling State and its Exhibit G participants shall return to Allergan all relevant payments made under Incentive D through offsets as set forth above.

2. Notwithstanding anything to the contrary in paragraph 1 above, if a Bar or Case-Specific Resolution is reinstated by the Settling State, either through the same or different means as the initial Bar or Case-Specific Resolution, Allergan's right to an offset is extinguished and any amounts withheld to offset amounts paid on account of the revoked, rescinded, reversed, or overruled Bar or Case-Specific Resolution shall be returned to the Settling State, less and except any Incentive Payments that would have been paid during the period in which the Bar or Case-Specific Resolution was revoked, rescinded, reversed, or overruled.

XII. Additional Restitution Amount

A. *Additional Restitution Amount.* Allergan shall pay an Additional Restitution Amount to each Settling State listed in Exhibit N in the amount and on the schedule set forth in Exhibit M. The maximum Additional Restitution Amount of $16,192,680.76 shall be reduced by the allocation set forth on Exhibit N for any Non-Settling States listed on Exhibit N. The Settlement Fund Administrator shall allocate such funds among and within the Settling

States listed in Exhibit N at the same time as its allocation of Annual Payments pursuant to Section VII.B.

B. Additional Restitution Amount funds shall not be subject to allocation as provided in Sections VIII.D through VIII.F

XIII. Plaintiffs' Attorneys' Fees and Costs

A. Attorneys' fees and costs are addressed in the following exhibits and are incorporated herein by reference:

1. The State Outside Counsel Fee Fund is addressed in Exhibit U.

2. The State Cost Fund is addressed in Exhibit S.

3. The Attorney Fee and Cost Fund is addressed and the Agreement on Attorneys' Fees, Expenses and Costs is set forth in Exhibit R.

XIV. Enforcement and Dispute Resolution

A. *Enforceability*. The terms of the Agreement and Consent Judgment applicable to or in a Settling State will be enforceable solely by that Settling State and Allergan. Settling States or Participating Subdivisions shall not have enforcement rights with respect either to the terms of this Agreement that apply only to or in other States or to any Consent Judgment entered into by another Settling State. Participating Subdivisions shall not have enforcement rights against Allergan with respect to the Agreement or any Consent Judgment except as to payments that would be allocated to the Subdivision Fund or Abatement Accounts Fund pursuant to Section VII; *provided, however*, that each Settling State shall allow Participating Subdivisions in that State to notify it of any perceived violations of the Agreement or Consent Judgment.

B. *Consent to Jurisdiction and Service of Process*. Allergan consents to the jurisdiction of the Court in which the Consent Judgment is filed, and any appellate court thereof, limited to resolution of disputes identified in subsection XIV.G.2; for a civil action for any appropriate relief to enforce compliance with the Parties' Agreement for Injunctive Relief pursuant to Exhibit P, Section K.5 herein; and for any proceedings for or related to the enforcement or collection of any payments on the Consent Judgment for resolution in the Court in which the Consent Judgment is filed. Allergan further agrees any service of process or notice required for such action or proceeding may be effectuated on Allergan through delivery of all required papers by hand or by a nationally recognized private courier on Allergan's representatives identified in Section XVI.P herein. To be clear, for the purposes of this Agreement only, Allergan consents to personal jurisdiction before such courts, and will not contend service must be effectuated through personal service of the Hague Convention process.

C. *Specific Terms Dispute Resolution.*

1. Any dispute that is addressed by the provisions set forth in the Injunctive Relief Terms in Exhibit P shall be resolved as provided therein and pursuant to Section VIII.E.3 herein.

2. In the event Allergan believes the 85% threshold established in subsection VIII.B is not being satisfied, any Party may request that Allergan and the Enforcement Committee meet and confer regarding the use of funds under subsection VIII.B. The completion of such meet-and-confer process is a precondition to further action regarding any such dispute. Further action concerning subsection VIII.B shall: (i) be limited to Allergan seeking to reduce its Annual Payments by no more than 5% of the difference between the actual amount of Opioid Remediation and the 85% threshold established in subsection VIII.B; (ii) only reduce Annual Payments to those Settling States and its Participating Subdivisions that are below the 85% threshold established in subsection VIII.B; and (iii) not reduce Annual Payments restricted to future Opioid Remediation.

D. *State-Subdivision Enforcement.*

1. A Participating Subdivision shall not have enforcement rights against a Settling State in which it is located with respect to the Agreement or any Consent Judgment except: (1) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust with respect to intrastate allocation; or (2) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, as to allegations that: (a) the Settling State's use of Abatement Accounts Fund monies were not used for uses similar to or in the nature of those uses contained in Exhibit E; or (b) a Settling State failed to pay funds directly from the Abatement Accounts Fund to a Participating Subdivision eligible to receive a block grant pursuant to subsection VIII.F.2.b.

2. A Settling State shall have enforcement rights against a Participating Subdivision located in its territory: (1) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust; or (2) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, as to allegations that the uses of Abatement Accounts Fund monies by Participating Subdivisions listed on Exhibit G were not for uses similar to or in the nature of those uses contained in Exhibit E.

3. As between Settling States and Participating Subdivisions, the above rights are contractual in nature and nothing herein is intended to limit, restrict, change, or alter any other existing rights under law.

E. *Enforcement Committee Actions to Enforce Agreement.*

1. The Parties agree that in the event of any failure by Allergan to make any required payments under this Agreement, the Enforcement Committee, on its own or through its designee such as a Settling State or Participating Subdivision acting by its authorization and on its behalf, shall have the ability and right to file an action or proceeding in any New York state court, or federal court of the United States of

America, sitting in New York, for or related to the enforcement or collection of such payments.

2. If any National Dispute involving a Settling State, Participating Subdivision, and/or Allergan is pending before a National Arbitration Panel concerning a given year's payment to all Settling States, any action or proceeding pursuant to this subsection XIV.E shall be stayed as to any disputed amounts only, but may proceed as to any and all undisputed amounts. In the event there is a dispute between the Parties as to the disputed amounts at issue, the Enforcement Committee or any party to that dispute may seek an expedited determination from the National Arbitration Panel for that proceeding as to the disputed and undisputed amounts.

3. The Parties further Agree that in the event of Allergan's breach of the Parties' Agreement for Injunctive Relief (Exhibit P attached hereto), the Enforcement Committee, on its own or through a single designee such as a Settling State shall have the ability and right to file a civil action pursuant to Exhibit P, after completing the processes laid out in Exhibit P, in any New York state court, or federal court of the United States of America, sitting in New York, seeking any appropriate relief to enforce compliance with such Agreement for Injunctive Relief.

4. Allergan and other Released Entities consent to the jurisdiction of the New York state court, or federal court of the United States of America, sitting in New York, and any appellate court from any thereof, in which any action or proceeding is initiated pursuant to this subsection XIV.E, and for enforcement or collection of any related judgment entered by such court. Allergan further agrees any service of process or notice required for such action or proceeding, including for any action or proceeding for enforcement or collection of any judgment entered thereon, may be effectuated on Allergan through delivery of all required papers by hand or by a nationally recognized private courier on Allergan's representatives identified in Section XVI.P herein. For the purposes of this Agreement only, Allergan consents to personal jurisdiction before such courts and will not contend service must be effectuated through personal service or the Hague Convention process.

5. The enforcement rights under this subsection XIV.E are in addition to, and not in lieu of, any other enforcement and collection rights of the Parties herein, including but not limited to enforcement rights as to payments as allowed by subsection XV.A.

F. *Subdivision Payment Enforcement.* A Participating Subdivision shall have the same right as a Settling State pursuant to subsection XIV.G.4.a(iv) to seek resolution of any failure by Allergan to make its required Base Payments and/or Incentive Payments in a Payment Year.

G. *Other Dispute Resolution Terms.*

1. Except as provided in subsection VIII.C, the parties to a dispute shall promptly meet and confer in good faith to resolve any dispute prior to any filing or

presentation to the Court or National Arbitration Panel. If the parties cannot resolve the dispute informally, and unless otherwise agreed in writing, they shall follow the remaining provisions of this Section XIV to resolve the dispute.

2. Except as provided in subsections XIV.C and XIV.G.4, disputes not resolved informally shall be resolved in either the Court that entered the relevant Consent Judgment or, if no Consent Judgment was entered, a state or territorial court with jurisdiction located wherever the seat of state government is located. State court proceedings shall be governed by the rules and procedures of the forum. For the avoidance of doubt, disputes to be resolved in state court include, but are not limited to, the following:

    a. disputes concerning whether expenditures qualify for Opioid Remediation;

    b. disputes between a Settling State and Participating Subdivisions located in such Settling State as provided by subsection XIV.D, except to the extent the State-Subdivision Agreement provides for other dispute resolution mechanisms. For the avoidance of doubt, disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes;

    c. whether this Agreement and relevant Consent Judgment are binding under state law;

    d. the extent of the Attorney General's or other participating entity's authority under state law, including the extent of the authority to release Claims;

    e. whether the requirements of a Bar, a Case-Specific Resolution, State-Specific Finality, Later Litigating Subdivision, Litigating Subdivision, or a Threshold Motion have been met; and

    f. all other disputes not specifically identified in subsections XIV.C and XIV.G.4.

3. Any Party may request that the National Arbitration Panel provide an interpretation of any provision of the settlement that is relevant to the state court determination, and the National Arbitration Panel shall make reasonable best efforts to supply such interpretation within the earlier of thirty (30) days or the time period required by the state court proceedings. Any Party may submit that interpretation to the state court to the extent permitted by, and for such weight provided by, the state court's rules and procedures. If requested by a Party, the National Arbitration Panel shall request that its interpretation be accepted in the form of an amicus curiae brief, and any attorneys' fees and costs for preparing any such filing shall be paid for by the requesting Party.

4. National Disputes involving a Settling State, Participating Subdivision, and/or Allergan shall be resolved by a National Arbitration Panel.

a. "*National Disputes*" are disputes that are exceptions to subsection XIV.G.2's presumption of resolution in state courts because they involve issues of interpretation of Agreement terms applicable to all Settling States without reference to a particular State's law. Disputes between a State and any Participating Subdivisions shall not be considered National Disputes. National Disputes are limited to the following:

(i) the amount of offset and/or credit attributable to Non-Settling States;

(ii) issues involving the scope and definition of "Product";

(iii) interpretation and application of the terms "Covered Conduct" and "Released Entities";

(iv) disputes over a given year's Annual Payment or the payment of the Additional Restitution Amount to all Settling States (for the avoidance of doubt, disputes between a Settling State and Allergan over the amounts owed to only that State shall not be considered National Disputes);

(v) questions regarding the performance and/or removal of the Settlement Fund Administrator;

(vi) disputes involving liability of successor entities;

(vii) disputes that require a determination of sufficient Subdivision and Special District participation to qualify for Incentives A, B, C, or D,;

(viii) disputes that require interpretation of Agreement terms (i) that concretely affect four (4) or more Settling States; and (ii) do not turn on unique definitions and interpretations under State law; and

(ix) any dispute subject to resolution under subsection XIV.G.2 but for which all parties to the dispute agree to arbitration before the National Arbitration Panel under the provisions of this subsection XIV.G.4.

b. The "*National Arbitration Panel*" shall be comprised of three (3) neutral arbitrators. One (1) arbitrator shall be chosen by Allergan, one (1) arbitrator shall be chosen by the Enforcement Committee with due input from Participating Subdivisions, and the third arbitrator shall be agreed upon by the first two (2) arbitrators. The membership of the National Arbitration Panel is intended to remain constant throughout the term of this Agreement, but in the event that replacements are required, the retiring arbitrator shall be replaced by the party that selected him/her.

(i) The National Arbitration Panel shall make reasonable best efforts to decide all matters within one hundred eighty (180) days of filing, and in no event shall it take longer than one (1) year.

(ii) The National Arbitration Panel shall conduct all proceedings in a reasonably streamlined process consistent with an opportunity for the parties to be heard. Issues shall be resolved without the need for live witnesses where feasible, and with a presumption in favor of remote participation to minimize the burdens on the parties.

(iii) To the extent allowed under state law, a Settling State, Participating Subdivision, and (at any party's request) the National Arbitration Panel may certify to an appropriate state court any question of state law. The National Arbitration Panel shall be bound by a final state court determination of such a certified question. The time period for the arbitration shall be tolled during the course of the certification process.

(iv) The arbitrators will give due deference to any authoritative interpretation of state law, including any declaratory judgment or similar relief obtained by a Settling State, Participating Subdivision, or Allergan on a state law issue.

(v) The decisions of the National Arbitration Panel shall be binding on Settling States, Participating Subdivisions, Allergan, and the Settlement Fund Administrator. In any proceeding before the National Arbitration Panel involving a dispute between a Settling State and Allergan whose resolution could prejudice the rights of a Participating Subdivision(s) or Participating Special District(s) in that Settling State, such Participating Subdivision(s) or Participating Special District(s) shall be allowed to file a statement of view in the proceeding.

c. Nothing herein shall be construed so as to limit or otherwise restrict a State from seeking injunctive or other equitable relief in state court to protect the health, safety, or welfare of its citizens.

d. Each party shall bear its own costs in any arbitration or court proceeding arising under this subsection XIV.G. The costs for the arbitrators on the National Arbitration Panel shall be divided and paid equally by the disputing sides for each individual dispute, *e.g.*, a dispute between Allergan and Settling States/Participating Subdivisions shall be split 50% by Allergan and 50% by the Settling States/Participating Subdivisions that are parties to the dispute; a dispute between a Settling State and a Participating Subdivision shall be split 50% by the Settling State and 50% by any Participating Subdivisions that are party to the dispute.

5. Prior to initiating an action to enforce pursuant to this subsection XIV.G, the complaining party must:

a. Provide written notice to the Enforcement Committee of its complaint, including the provision of the Consent Judgment and/or Agreement that the practice appears to violate, as well as the basis for its interpretation of the disputed provision. The Enforcement Committee shall establish a reasonable process and timeline for obtaining additional information from the involved parties; *provided, however*, that the date the Enforcement Committee establishes for obtaining additional information from the parties shall not be more than forty-five (45) days following the notice. The Enforcement Committee may advise the involved parties of its views on the complaint and/or seek to resolve the complaint informally.

b. Wait to commence any enforcement action until thirty (30) days after the date that the Enforcement Committee establishes for obtaining additional information from the involved parties.

6. If the parties to a dispute cannot agree on the proper forum for resolution of the dispute under the provisions of subsections XIV.G.2 or XIV.G.4, a committee comprising the Enforcement Committee and sufficient representatives of Allergan such that the members of the Enforcement Committee have a majority of one (1) member will determine the forum where the dispute will be initiated within twenty-eight (28) days of receiving notification of the dispute relating to the proper forum. The forum identified by such committee shall be the sole forum for determining where the dispute shall be heard, and the committee's identification of such forum shall not be entitled to deference by the forum selected.

H. *No Effect*. Nothing in this Agreement shall be interpreted to limit the Settling State's Civil Investigative Demand ("CID") or investigative subpoena authority, to the extent such authority exists under applicable state law and the CID or investigative subpoena is issued pursuant to such authority, and Allergan reserves all of its rights in connection with a CID or investigative subpoena issued pursuant to such authority.

XV. Judgment and Settlement Set-Off Related to Teva

A. The Parties recognize that some of the Settling States, Participating Subdivisions, and Participating Special Districts are pursuing Claims against Teva Ltd., Teva USA, Cephalon, Divested Actavis Generic Entities, and/or other Divested Entities, and/or each of their respective parents, subsidiaries, and/or affiliates. If any of them achieves a judgment by verdict, judicial decision, or means other than settlement against any of Teva Ltd., Teva USA, Cephalon, Divested Actavis Generic Entities, and/or other Divested Entities, and/or each of their respective parents, subsidiaries, and/or affiliates, each plaintiff listed above shall represent and agree that any payment(s) that the Settling States, Participating Subdivisions, and Participating Special Districts or their counsel receives from Teva Ltd., Teva USA, Cephalon, Divested Actavis Generic Entities, and/or other Divested Entities, and/or each of their respective parents, subsidiaries, and/or affiliates

reflects the amount over and above 56% of the amount they or their counsel received from the Global Settlement Amount due under this Agreement that each and all of them deem to reflect a fair overall settlement value for liability attributable to the generic opioid drugs that are Products distributed and/or sold before August 2, 2016 by Divested Actavis Generic Entities and/or other Divested Entities and/or attributable to the operation of the Divested Actavis Generic Entities and/or other Divested Entities related to those generic opioid drugs that are Products before August 2, 2016.

B. The Settling States, Participating Subdivisions, and Participating Special Districts may reach a settlement agreement with Teva Ltd., Teva USA, Cephalon, Divested Actavis Generic Entities, and/or other Divested Entities, and/or each of their respective parents, subsidiaries, and/or affiliates that resolves some or all of their respective Claims. In that event, the Releasors represent and agree that any payment(s) that the Settling States, Participating Subdivisions, and Participating Special Districts or their counsel receives from Teva Ltd., Teva USA, Cephalon, Divested Actavis Generic Entities, and/or other Divested Entities, and/or each of their respective parents, subsidiaries, and/or affiliates reflects the amount over and above 56% of the amount they or they counsel received from the Global Settlement Amount due under this Agreement that each and all of them deem to reflect a fair overall settlement value for liability attributable to the generic opioid drugs that are Products distributed and/or sold before August 2, 2016 by Divested Actavis Generic Entities and/or other Divested Entities and/or attributable to the operation of the Divested Actavis Generic Entities and/or other Divested Entities related to those generic opioid drugs that are Products before August 2, 2016. In any such settlement agreement with Teva Ltd., Teva USA, Cephalon, Divested Actavis Generic Entities, and/or other Divested Entities, and/or each of their respective parents, subsidiaries, and/or affiliates, the Settling States, Participating Subdivisions, and Participating Special Districts agree that the agreed settlement amount reflects the value the parties to the agreement deem a fair settlement value over and above the payments made or due to be paid under the Allergan Public Global Opioid Settlement Agreement for generic opioid drugs that are Products distributed and/or sold before August 2, 2016 by Divested Actavis Generic Entities and/or other Divested Entities and/or relate to the operation of Divested Actavis Generic Entities and other Divested Entities related to those generic opioid drugs that are Products before August 2, 2016.

XVI. Miscellaneous

A. *No Admission.* Allergan does not admit liability or wrongdoing. Neither this Agreement nor the Consent Judgments shall be considered, construed, or represented to be (1) an admission, concession, or evidence of liability or wrongdoing or (2) a waiver or any limitation of any defense otherwise available to Allergan.

B. *Population of Subdivisions*. The population figures for Subdivisions shall be the published U.S. Census Bureau's population estimates for July 1, 2019, released May 2020. These population figures shall remain unchanged during the term of this Agreement.

C. *Population of Special Districts*. For any purpose in this Agreement in which the population of a Special District is used: (a) School Districts' population will be measured by the

number of students enrolled who are eligible under the Individuals with Disabilities Education Act ("*IDEA*") or Section 504 of the Rehabilitation Act of 1973; (b) Health Districts' and Hospital Districts' population will be measured at 25% of discharges; and (c) all other Special Districts' (including Fire Districts' and Library Districts') population will be measured at 10% of the population served.

D. *Population Associated with Sheriffs*. For any purpose in this Agreement in which the population associated with a lawsuit by a sheriff is used, the population will be measured at 20% of the capacity of the jail(s) operated by the sheriff.

E. *Most-Favored-Nation Provision.*

1. If Allergan enters into any settlement agreement with any Non-Settling State after November 23, 2022 that resolves Claims similar in scope to the Claims released by a Settling State under this Agreement on overall payment terms that are more favorable to such Non-Settling State on a net present value basis (calculated with a 7% discount rate) on overall payment terms the Non-Settling State would have received under this Agreement based on the same level of participation, then the Settling States, individually or collectively, may elect to seek review, pursuant to Section XVI.E.3, of the overall payment terms of this Agreement and the Non-Settling State agreement so that the Settling State(s) may obtain, with respect to Allergan, overall payment terms at least as favorable as those obtained by such Non-Settling State. "*Overall payment terms*" refers to consideration of all payment terms of the two agreements, taken together, including, but not limited to the amount of payments, the timing of payments, and conditions or contingencies on payments.

2. For any settlement with a Non-Settling State involving Released Claims, Allergan shall provide the Enforcement Committee with a copy of the settlement agreement or relevant Consent Judgment within thirty (30) calendar days of the consummation of such settlement. The Enforcement Committee will promptly distribute such copy to all Settling States.

3. In the event that one or more Settling State(s) believes that the overall payment terms of an agreement by Allergan with a Non-Settling State are more favorable to the Non-Settling State, when compared based on the totality of the considerations set forth in Section XVI.E.1, the Settling State(s) and Allergan shall engage in the following process:

    a. The Settling State(s) shall provide notice, within sixty (60) calendar days of the date on which a settlement agreement or Consent Judgment is provided to the Enforcement Committee, to Allergan of its intent to seek revision of this Agreement to provide payment terms that are, on an overall basis, as favorable as those obtained by the Non-Settling State. Such notice shall be confidential and not disclosed publicly to the extent allowed by law and shall state, in detail, the basis for the Settling State's belief that it is entitled to a revision of the Agreement.

b. Allergan shall, within thirty (30) calendar days, provide a response to the Settling State(s), explaining its position, in detail, as to whether the Settling State(s) is entitled to more favorable overall payment terms than those provided for in this Agreement.

c. In the event the Settling State(s) and Allergan do not reach agreement as to the application of Section XVI.E.1, the Settling State(s) may petition the National Arbitration Panel to seek a ruling from the Panel as to the applicability of Section XVI.E.1, provided that the Settling State(s) may seek such review only if at least five (5) Settling States co-sign the petition. The Panel shall consider submissions and argument by the parties pursuant to the procedures set forth in Section XIV.G.4.

d. The Settling State(s) and Allergan shall be bound by the determination of the National Arbitration Panel.

4. This Section XVI.E does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any Non-Settling State agreement with Allergan that is entered into: (a) either the earlier of (i) after the close of expert discovery or (ii) after a date ninety (90) calendar days prior to the scheduled start date of a trial between Allergan and the Non-Settling State or any severed or bifurcated portion thereof, provided that, where, in order to complete a settlement, a Non-Settling State and Allergan jointly request an adjournment of the scheduled start date of a trial within ninety (90) days of that date, this exception will apply as if the trial date had not been adjourned; (b) with a Non-Settling State that previously litigated to judgment a case related to opioids against any manufacturer, distributor, or pharmacy; or (c) the earlier of (i) after a Non-Settling State has obtained any court order or judicial determination that grants judgment (in whole or in part) against Allergan in the Non-Settling State's case, (ii) after a sanctions ruling against Allergan in the Non-Settling State's case against Allergan; or (iii) after any ruling has issued in the Non-Settling State's case against any manufacturer, distributor, or pharmacy on the issue of joint and several liability. The National Arbitration Panel shall have no power to review agreements that satisfy any of the conditions described in this paragraph.

5. This Section does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any agreement between Allergan and (a) federally-recognized tribe(s),(b) Non-Participating Subdivisions or (3) Non-Participating Special Districts. This Section XVI.E will not apply to any agreement entered into more than six (6) months after the Reference Date.

F. *Tax Reporting and Cooperation*.

1. The Parties agree that, unless otherwise required by law, Allergan's payment of the Compensatory Restitution Amount (after all applicable offsets) payable by Allergan shall be directed to Opioid Remediation for restitution of Alleged Harms allegedly caused by Allergan. By executing this Agreement (or the Settlement

Participation Form and thereby becoming a signatory to this Agreement), each Settling State, Participating Subdivision, and Participating Special District certify that: (1) the entity suffered Alleged Harms allegedly caused by Allergan; (2) the Compensatory Restitution Amount to be paid by Allergan to the entity represent an amount that is less than or equal to the actual monetary damage allegedly caused by Allergan; and (3) the entity shall use such payments for the sole purpose of Opioid Remediation.

2. Upon request by Allergan, the Settling States, Participating Subdivisions, and Participating Special Districts agree to perform such further acts and to execute and deliver such further documents as may be reasonably necessary for Allergan to establish the statements set forth in subsection VIII.G to the satisfaction of their tax advisors, their independent financial auditors, the Internal Revenue Service, or any other governmental authority, including as contemplated by Treasury Regulations Section 1.162-21(b)(3)(ii) and any subsequently proposed or finalized relevant regulations or administrative guidance.

3. Without limiting the generality of subsection XVI.F, each Settling State, Participating Subdivision, and Participating Special District shall cooperate in good faith with Allergan with respect to any tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Agreement.

4. The Designated State, on behalf of all Settling States, Participating Subdivisions, and Participating Special Districts, shall designate one of its officers or employees to act as the "appropriate official" within the meaning of Treasury Regulations Section 1.6050X-1(f)(1)(ii)(B) (the "Appropriate Official").

5. Neither Allergan nor the Settling States, Participating Subdivisions, and Participating Special Districts make any warranty or representation to any Settling jurisdiction or Releasor as to the tax consequences of the payment of the Compensatory Restitution Amount (or any portion thereof).

G. *No Third-Party Beneficiaries.* Except as expressly provided in this Agreement, no portion of this Agreement shall provide any rights to, or be enforceable by, any person or entity that is not a Settling State or Released Entity. No Settling State may assign or otherwise convey any right to enforce any provision of this Agreement.

H. *Calculation*. Any figure or percentage referred to in this Agreement shall be carried to seven decimal places.

I. *Construction*. None of the Parties and no Participating Subdivision shall be considered to be the drafter of this Agreement or of any of its provisions for the purpose of any statute, case law, or rule of interpretation or construction that would or might cause any provision to be construed against the drafter of this Agreement. The headings of the provisions of this Agreement are not binding and are for reference only and do not limit, expand, or otherwise affect the contents or meaning of this Agreement.

J. *Cooperation*. Each Party and each Participating Subdivision agrees to use its best efforts and to cooperate with the other Parties and Participating Subdivisions to cause this Agreement and the Consent Judgments to become effective, to obtain all necessary approvals, consents and authorizations, if any, and to execute all documents and to take such other action as may be appropriate in connection herewith. Consistent with the foregoing, each Party and each Participating Subdivision agrees that it will not directly or indirectly assist or encourage any challenge to this Agreement or any Consent Judgment by any other person, and will support the integrity and enforcement of the terms of this Agreement and the Consent Judgments.

K. *Entire Agreement*. This Agreement, its exhibits and any other attachments, including the attorneys' fees and cost agreement in Exhibit R, embodies the entire agreement and understanding between and among the Parties and Participating Subdivisions relating to the subject matter hereof and supersedes (1) all prior agreements and understandings relating to such subject matter, whether written or oral and (2) all purportedly contemporaneous oral agreements and understandings relating to such subject matter.

L. *Execution*. This Agreement may be executed in counterparts and by different signatories on separate counterparts, each of which shall be deemed an original, but all of which shall together be one and the same Agreement. One or more counterparts of this Agreement may be delivered by facsimile or electronic transmission with the intent that it or they shall constitute an original counterpart hereof. One or more counterparts of this Agreement may be signed by electronic signature.

M. *Good Faith and Voluntary Entry*. Each Party warrants and represents that it negotiated the terms of this Agreement in good faith. Each of the Parties and signatories to this Agreement warrants and represents that it freely and voluntarily entered into this Agreement without any degree of duress or compulsion. The Parties state that no promise of any kind or nature whatsoever (other than the written terms of this Agreement) was made to them to induce them to enter into this Agreement.

N. *No Prevailing Party.* The Parties each agree that they are not the prevailing party in this action, for purposes of any Claim for fees, costs, or expenses as prevailing parties arising under common law or under the terms of any statute, because the Parties have reached a good faith settlement. The Parties each further waive any right to challenge or contest the validity of this Agreement on any ground, including, without limitation, that any term is unconstitutional or is preempted by, or in conflict with, any current or future law.

O. *Non-Admissibility.* The settlement negotiations resulting in this Agreement have been undertaken by the Parties and by certain representatives of the Participating Subdivisions in good faith and for settlement purposes only, and no evidence of negotiations or discussions underlying this Agreement shall be offered or received in evidence in any action or proceeding for any purpose. This Agreement shall not be offered or received in evidence in any action or proceeding for any purpose other than in an action or proceeding arising under or relating to this Agreement or in any litigation or arbitration concerning Allergan's right to coverage under an insurance contract.

Q. *No Waiver*. The waiver of any rights conferred hereunder shall be effective only if made by written instrument executed by the waiving Party or Parties. The waiver by any Party of any breach of this Agreement shall not be deemed to be or construed as a waiver of any other breach, whether prior, subsequent, or contemporaneous, nor shall such waiver be deemed to be or construed as a waiver by any other Party.

R. *Preservation of Privilege.* Nothing contained in this Agreement or any Consent Judgment, and no act required to be performed pursuant to this Agreement or any Consent Judgment, is intended to constitute, cause, or effect any waiver (in whole or in part) of any attorney-client privilege, work product protection, or common interest/joint defense privilege, and each Party agrees that it shall not make or cause to be made in any forum any assertion to the contrary.

S. *Successors*

1. The Agreement shall be binding upon, and insure to the benefit of, Allergan and its respective successors and assigns.

2. Prior to Allergan's last Payment Date, Allergan shall not sell the majority of its voting stock or substantially all its assets without obtaining the acquiror's agreement that it will constitute a successor with respect to Allergan's obligations under this Agreement.

3. Prior to Allergan's last Payment Date, Allergan shall not in one (1) transaction, or a series of related transactions, sell, or transfer assets (other than sales or transfers of inventories, or sales or transfers to an entity owed directly or indirectly by Allergan) having a fair market value equal to twenty-five percent (25%) or more of the consolidated assets of Allergan where the sale or transfer transaction is announced after the Reference Date, is not for fair consideration, and would foreseeably and unreasonably jeopardize Allergan's ability to make the payments under this Agreement that are due on or before the third Payment Date following the close of a sale or transfer transaction. The above restriction shall not apply if Allergan obtains the acquiror's agreement that it will be either a guarantor of or successor to the percentage of Allergan's remaining Payment Obligations under this Agreement equal to the percentage of Allergan's consolidated assets being sold or transferred in such transaction. Percentages under this section shall be determined in accordance with the United States generally accepted accounting principles and as of the date of Allergan's most recent publicly filed consolidated balance sheet prior to the date of entry into the sale or transfer agreement at issue. This Section XVI.S.3 shall be enforceable solely by the Enforcement Committee, and any objection under this Section X.VI.S.3 not raised within twenty (20) calendar days from the date that Allergan transmits notice of the transaction to the Enforcement Committee is waived. Any dispute under this Section XVI.S.3 shall be a National Dispute as described in Section XIV.G and must be raised exclusively with the National Arbitration Panel as described therein within twenty (20) calendar days of the announcement, and the sole remedy shall be an order enjoining the transaction.

T. *Modification, Amendment, Alteration*. After the Reference Date, any modification, amendment, or alteration of this Agreement by the Parties shall be binding only if evidenced in writing signed by Allergan along with the signatures of at least thirty-seven (37) of those then-serving Attorneys General of the Settling States along with a representation from each Attorney General that either: (1) the advisory committee or similar entity established or recognized by that Settling State (either pursuant to subsection VIII.F.2, by a State-Subdivision Agreement, or by statute) voted in favor of the modification, amendment, or alteration of this Agreement including at least one Participating Subdivision-appointed member; or (2) in States without any advisory committee, that 50.1% of the Participating Subdivisions by population expressed approval of the modification, amendment, or alteration of this Agreement in writing. Provided, however, in the event the modification, amendment, or alteration relates to injunctive relief, interstate allocation between the Settling States, intrastate allocation in a particular Settling State, or fees or costs of Settling States and Participating Subdivisions, then every Settling

State and each Participating Subdivision affected by that modification, amendment, or alteration must assent in writing. Provided further that, in the event the modification, amendment, or alteration relates to injunctive relief, then such amendment, modification, or alteration of injunctive relief against Allergan will not be effective unless and until any Consent Judgment is modified by a court of competent jurisdiction, except as otherwise provided by the Injunctive Terms.

U. *Termination.*

1. Unless otherwise agreed to by Allergan and the Settling State in question, this Agreement and all of its terms (except subsection XVI.O and any other non-admissibility provisions, which shall continue in full force and effect) shall be canceled and terminated with respect to the Settling State, and the Agreement and all orders issued by the courts in the Settling State pursuant to the Agreement shall become null and void and of no effect if one or more of the following conditions applies:

    a. A Consent Judgment approving this Agreement without modification of any of the Agreement's terms has not been entered as to the Settling State by a court of competent jurisdiction on or before one hundred eighty (180) days after the Effective Date; or

    b. This Agreement or the Consent Judgment as to that Settling State has been disapproved by a court of competent jurisdiction to which it was presented for approval and/or entry (or, in the event of an appeal from or review of a decision of such a court to approve this Agreement and the Consent Judgment, by the court hearing such appeal or conducting such review), and the time to appeal from such disapproval has expired, or, in the event of an appeal from such disapproval, the appeal has been dismissed or the disapproval has been affirmed by the court of last resort to which such appeal has been taken and such dismissal or disapproval has become no longer subject to further appeal (including, without limitation, review by the United States Supreme Court).

2. If this Agreement is terminated with respect to a Settling State and its Participating Subdivisions for whatever reason pursuant to subsection XVI.U.1, then:

    a. An applicable statute of limitation or any similar time requirement (excluding any statute of repose) shall be tolled from the date the Settling State signed this Agreement until the later of the time permitted by applicable law or for one year from the date of such termination, with the effect that Allergan and the Settling State in question shall be in the same position with respect to the statute of limitation as they were at the time the Settling State filed its action; and

    b. Allergan and the Settling State and its Participating Subdivisions in question shall jointly move the relevant court of competent jurisdiction for an order

reinstating the actions and Claims dismissed pursuant to the terms of this Agreement governing dismissal, with the effect that Allergan and the Settling State and its Participating Subdivisions in question shall be in the same position with respect to those actions and Claims as they were at the time the action or Claim was stayed or dismissed.

3. Unless Allergan and the Enforcement Committee agree otherwise, this Agreement, with the exception of the Injunctive Relief Terms that have their own provisions on duration, shall terminate as to all Parties as of Annual Payment 6, *provided* that Allergan has performed its payment obligations under the Agreement as of that date. Notwithstanding any other provision in this Agreement, all releases under this Agreement will remain effective despite any termination under this paragraph.

V. *Waiver.* Allergan, for good and valuable consideration the receipt of which is acknowledged, hereby (a) waives, foregoes and relinquishes all rights to utilize and/or seek relief under any of the following laws of the State of Texas for the restructuring of its debts or liabilities related to Released Claims or Claims that would have been Released Claims if they had been brought by a Releasor against a Released Entity before the Effective Date, or this Agreement: Tex. Bus. Orgs. Code § 10.003 (Contents of Plan of Merger: More Than One Successor) or any other statute of Subchapter A of Chapter 10 of Tex. Bus. Orgs. Code to the extent such statute relates to multi-successor or divisive mergers (and/or any other similar laws or statutes in any other state or territory); Tex. Bus. Orgs. Code §§ 11.01–11.414 (Winding Up and Termination of Domestic Entity); or Tex. Bus. & Com. Code §§ 23.01–23.33 (Assignments for the Benefit of Creditors) (collectively, the "Texas Statutes"), and (b) agrees, warrants and represents that it will not file, request or petition for relief under the Texas Statutes related to its debts or liabilities related to Released Claims or Claims that would have been Released Claims if they had been brought by a Releasor against a Released Entity before the Effective Date, or this Agreement, in each case until such time as all of Allergan's payment obligations incurred hereunder are satisfied in full. The foregoing waiver and relinquishment includes, without limitation, until such time as all of Allergan's payment obligations hereunder are satisfied in full, Allergan's rights to execute a divisional merger or equivalent transaction or restructuring related to its debts or liabilities related to Released Claims or Claims that would have been Released Claims if they had been brought by a Releasor against a Released Entity before the Effective Date, or this Agreement that in each case has the intent or foreseeable effect of (i) separating material assets from material liabilities and (ii) assigning or allocating all or a substantial portion of those liabilities to any subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code, or pursuant to which such subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code would be assuming or retaining all or a substantial portion of those liabilities.

W. *Governing Law.* Except (1) as otherwise provided in the Agreement or (2) as necessary, in the sole judgment of the National Arbitration Panel, to promote uniformity of interpretation for matters within the scope of the National Arbitration Panel's authority, this Agreement shall be governed by and interpreted in accordance with the respective laws of the Settling State, without regard to the conflict of law rules of such Settling State, that is seeking to enforce the Agreement against Allergan or against which Allergan is seeking enforcement.

Notwithstanding any other provision in this subsection on governing law, any disputes relating to the Settlement Fund Escrow shall be governed by and interpreted in accordance with the law of the state where the escrow agent has its primary place of business.

EXHIBIT G
Subdivisions and Special Districts Eligible to Receive Direct Allocations from the Subdivision Fund and Subdivision Fund Allocation Percentages

The Subdivisions and Special Districts set forth on this **Exhibit G** are eligible to receive direct allocations from the Subdivision Fund, if such Subdivisions and Special Districts are otherwise eligible to receive such funds under this Agreement. By default, the Subdivisions and Special Districts set forth on this **Exhibit G** shall include all Subdivisions and Special Districts set forth on **Exhibit G** of the national opioid settlement agreement dated July 21, 2021 with Janssen Pharmaceuticals, Inc., et al., including all amendments up to the Preliminary Agreement Date of this agreement. A State may elect to add any additional Subdivisions and Special Districts to this **Exhibit G** at any time prior to the Initial Participation Date.

Immediately upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by **subsection VIII.E.3** (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by **subsection VIII.E.3**) that addresses allocation from the Subdivision Fund, whether before or after the Initial Participation Date, this **Exhibit G** will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by **subsection VIII.E.3**.

For the avoidance of doubt, inclusion on this **Exhibit G** shall not create any claim for any amount of the Settlement Fund, and no such amounts shall be allocated or distributed to any Subdivision or Special District included herein if such Subdivision or Special District does not otherwise meet all requirements to receive any such funds pursuant to the Agreement.

The governmental entity identified above ("*Governmental Entity*"), in order to obtain and in consideration for the benefits provided to the Governmental Entity pursuant to the Agreement dated November 22, 2022 ("*Allergan Settlement*"), and acting through the undersigned authorized official, hereby elects to participate in the Allergan Settlement, release all Released Claims against all Released Entities, and agrees as follows.

1. The Governmental Entity is aware of and has reviewed the Allergan Settlement, understands that all terms in this Election and Release have the meanings defined therein, and agrees that by this Election, the Governmental Entity elects to participate in the Allergan Settlement as provided therein.

2. Following the execution of this Settlement Participation Form, the Governmental Entity shall comply with Section III.B of the Allergan Settlement regarding Cessation of Litigation Activities.

3. The Governmental Entity shall, within fourteen (14) days of the Reference Date and prior to the filing of the Consent Judgment, file a request to dismiss with prejudice any Released Claims that it has filed. With respect to any Released Claims pending in *In re National Prescription Opiate Litigation*, MDL No. 2804, the Governmental Entity authorizes the MDL Plaintiffs' Executive Committee to execute and file on behalf of the Governmental Entity a Stipulation of Dismissal With Prejudice substantially in the form found at [link to national settlement website page to be provided].

4. The Governmental Entity agrees to the terms of the Allergan Settlement pertaining to Subdivisions and Special Districts as defined therein.

5. By agreeing to the terms of the Allergan Settlement and becoming a Releasor, the Governmental Entity is entitled to the benefits provided therein, including, if applicable, monetary payments beginning after the Effective Date.

6. The Governmental Entity agrees to use any monies it receives through the Allergan Settlement solely for the purposes provided therein.

7. The Governmental Entity submits to the jurisdiction of the court in the Governmental Entity's state where the Consent Judgment is filed for purposes limited to that court's role as provided in, and for resolving disputes to the extent provided in, the Allergan Settlement.

8. The Governmental Entity has the right to enforce the Allergan Settlement as provided therein.

9. The Governmental Entity, as a Participating Subdivision or Participating Special District, hereby becomes a Releasor for all purposes in the Allergan Settlement, including, but not limited to, all provisions of **Section V (Release)**, and along with all departments, agencies, divisions, boards, commissions, Subdivisions, districts, instrumentalities of any kind and attorneys, and any person in their official capacity whether elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, and any other entity identified in the definition of Releasor, provides for a release to the fullest extent of its authority. As a Releasor, the Governmental Entity hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist in bringing, or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the Allergan Settlement are intended to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of the Governmental Entity to release claims. The Allergan Settlement shall be a complete bar to any Released Claim.

10. The Governmental Entity hereby takes on all rights and obligations of a Participating Subdivision or Participating Special District as set forth in the Allergan Settlement.

11. In connection with the releases provided for in the Allergan Settlement, each Governmental Entity expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

> **General Release; extent.** A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her, would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would

materially affect the Governmental Entities' decision to participate in the Allergan Settlement.

12. Nothing herein is intended to modify in any way the terms of the Allergan Settlement, to which the Governmental Entity hereby agrees. To the extent this Settlement Participation Form is interpreted differently from the Allergan Settlement in any respect, the Allergan Settlement controls.

I have all necessary power and authorization to execute this Settlement Participation Form on behalf of the Governmental Entity.

EXHIBIT O
Adoption of a State-Subdivision Agreement

A State-Subdivision Agreement shall be applied if it meets the requirements of **Section VIII** and is approved by the State and by the State's Subdivisions as follows:

1. *Requirements for Approval.* A State-Subdivision Agreement shall be deemed as agreed to when it has been approved by the State and either (a) Subdivisions whose aggregate "Population Percentages," determined as set forth below, total more than sixty percent (60%), or (b) Subdivisions whose aggregate Population Percentages total more than fifty percent (50%) provided that these Participating Subdivisions also represent fifteen percent (15%) or more of the State's counties or parishes (or, in the case of Settling States whose counties and parishes do not function as local governments, 15% of or more of the Settling State's non-county Subdivisions), by number.

2. *Approval Authority.* Approval by the State shall be by the Attorney General. Approval by a Subdivision shall be by the appropriate official or legislative body pursuant to the required procedures for that Subdivision to agree to a legally binding settlement.

3. *Population Percentage Calculation.* For purposes of this **Exhibit O** only, Population Percentages shall be determined as follows: For States with functional counties or parishes[1], the Population Percentage of each county or parish shall be deemed to be equal to (a) (1) two hundred percent (200%) of the population of such county or parish, minus (2) the aggregate population of all Primary Incorporated Municipalities located in such county or parish, divided by (b) two hundred percent (200%) of the State's population. A "Primary Incorporated Municipality" means a city, town, village or other municipality incorporated under applicable state law with a population of at least 25,000 that is not located within another incorporated municipality. The Population Percentage of each Primary Incorporated Municipality shall be equal to its population (including the population of any incorporated or unincorporated municipality located therein) divided by two hundred percent (200%) of the State's population; *provided* that the Population Percentage of a Primary Incorporated Municipality that is not located within a county shall be equal to two hundred percent (200%) of its population (including the population of any incorporated or unincorporated municipality located therein) divided by two hundred percent (200%) of the State's population. For all States that do not have functional counties or parishes, the Population Percentage of each non-county Subdivision

[1] Certain states do not have counties or parishes that have functional governments, including Alaska, Connecticut, Massachusetts, Rhode Island, and Vermont.

(including any incorporated or unincorporated municipality located therein), shall be equal to its population divided by the State's population.

4. *Preexisting Agreements and Statutory Provisions.* A State may include with the notice to its Subdivisions an existing agreement, a proposed agreement, or statutory provisions regarding the distribution and use of settlement funds and have the acceptance of such an agreement or statutory provision be part of the requirements to be an Initial Participating Subdivision.

5. *Revised Agreements.* A State-Subdivision Agreement that has been revised, supplemented, or refined shall be applied if it meets the requirements of **Section VIII** and is approved by the State and by the State's Subdivisions pursuant to the terms above.

EXHIBIT P
Injunctive Relief

I. DEFINITIONS

A. "*Health Care Provider(s)*" means any physician or other health care practitioner who is licensed to provide health care services or to prescribe pharmaceutical medications and any medical facility, practice, hospital, clinic, pharmacy, or any other health facility that provides health care services or prescribes or dispenses pharmaceutical medications.

B. "*In-Kind Support*" means payment or assistance in the form of goods, commodities, services, or anything else of value.

C. "*Lobby*" and "*Lobbying*" shall have the same meaning as "lobbying activities" and "lobbying contacts" under the federal lobbying disclosure act, 2 U.S.C. § 1602 *et seq.*, and any analogous state or local provisions governing the person or entity being lobbied. As used in this document, "Lobby" and "Lobbying" include Lobbying directly or indirectly, through grantees or Third Parties.

D. "*Opioid(s)*" means all naturally occurring, synthetic, or semisynthetic substances that interact with mu-opioid receptors primarily in the central nervous system and have demonstrated addictive properties.

E. "*Opioid-Induced Side Effects Treatment Product(s)*" shall mean any pharmaceutical product that has been approved by the U.S. Food & Drug Administration ("FDA") and expressly indicated for the treatment of a specified "Opioid-induced" side effect (such as Movantik® which is "an opioid antagonist indicated for the treatment of opioid-induced constipation"). The term "Opioid-Induced Side Effects Treatment Product(s)" shall not include pharmaceutical products that may treat medical conditions that may also be side effects of Opioids or Opioid Products or that may treat someone who uses or has a history of using Opioids or Opioid Products and was diagnosed with certain medical conditions (e.g., anxiety, depression, and Hepatitis C), unless the FDA approved indication states that it is approved to treat a specific "Opioid-induced" side effect by expressly referencing that the side effect was caused by an Opioid or Opioid Product (e.g., "Opioid-induced"). Also, by way of example, the term "Opioid-Induced Side Effects Treatment Product(s)" shall not include the following pharmaceutical medications: BOTOX®, CELEXA®, FETIZMA®, HUMIRA®, LEXAPRO®, LINZESS®, NIMBEX®, ORIAHNN®, ORILISSA®, QULIPTA®, RINVOQ®, SAVELLA®, UBRELVY®, ULTANE®, ULTANE NOVAPLUS®, VIBERZI®, or VIEKIRA PAK®.

F. "*Opioid Product(s)*" means all past, current, and future medications containing Opioids approved by the FDA and listed by the U.S. Drug Enforcement Agency ("DEA") as Schedule II, III, or IV drugs pursuant to the federal Controlled

The term "Opioid Product(s)" shall not include (1) methadone, buprenorphine, and other substances when used exclusively to treat opioid abuse, addiction, OUD, or overdose; or (2) raw materials, immediate precursors, and/or active pharmaceutical ingredients ("APIs") used in the manufacture or study of Opioids or Opioid Products, but only when such materials, immediate precursors, and/or APIs are sold or marketed exclusively to DEA-licensed manufacturers or DEA-licensed researchers. Also, by way of example, the terms "Opioid(s)" and "Opioid Product(s)" shall not include pharmaceutical medications that may relieve pain but not by interacting with mu-opioid receptors primarily in the central nervous system, such as BOTOX®, CELEXA®, FETIZMA®, HUMIRA®, LEXAPRO®, LINZESS®, NIMBEX®, ORIAHNN®, ORILISSA®, QULIPTA®, RINVOQ®, SAVELLA®, UBRELVY®, ULTANE®, ULTANE NOVAPLUS®, VIBERZI®, or VIEKIRA PAK®.

G. "*OUD*" means opioid use disorder defined in the *Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM–5)*, as updated or amended.

H. "*Settling State*" shall mean each State or United States territory that meets the participation requirements for becoming a Settling State under **Section II** of the Allergan Public Global Settlement Agreement and then participates in the Allergan Public Global Settlement Agreement.

I. *"Promote*," "*Promoting*," "*Promotion*," and "*Promotional*" shall mean dissemination of information or other practices intended or that could reasonably be anticipated to increase the sale, prescription, or utilization of prescription products or that attempt to influence prescribing practices or formulary decisions in the Settling States.

J. "*Third Party(ies)*" means any person or entity other than Allergan or a Releasor.

K. "*Treatment of Pain*" means the provision of therapeutic modalities to alleviate or reduce pain.

L. "*Unbranded Information*" means any information that does not identify a specific branded or generic product.

II. INJUNCTIVE RELIEF

Allergan does not currently manufacture, sell, Promote, or Lobby for any Opioids or Opioid Products. As provided below, Allergan shall not manufacture, sell, Promote, or Lobby for any Opioids or Opioid Products in or for distribution in the Settling States or in a manner that directly affects the Settling States. However, the Parties acknowledge that certain Opioids or Opioid Products sold by Allergan prior to 2021 may still be circulating in the marketplace outside the possession and control of Allergan and the same is not a breach of any terms within this **Exhibit P**. Further, Allergan does not currently manufacture, sell, Promote, or Lobby for any Opioid-Induced Side Effects Treatment Products, and does not have any current intentions to do so in the

future. For the avoidance of doubt, only the Settling States shall have the ability to enforce the terms of this Agreement.

For purposes of this **Exhibit P** only, *Allergan* means Allergan Finance, LLC (f/k/a Actavis, Inc., which, in turn, was f/k/a Watson Pharmaceuticals, Inc.), Allergan Limited (f/k/a Allergan plc which, in turn, was f/k/a Actavis plc), and AbbVie Inc., and each of their respective parents (as applicable), subsidiaries, successors, affiliates, and officers, directors, employees, representatives, and agents under the control of the foregoing.

A. Compliance Duration

1. Unless addressed in Section II.A.2 below, each term of Section II of this **Exhibit P** shall be effective for ten (10) years from the Effective Date and is limited to conduct that involves or affects the Settling States.

2. The provisions of Section II.H.1, Section II.H.2, and Section II.I shall not be subject to any term.

3. Nothing in this **Exhibit P** shall relieve Allergan of its independent obligation to fully comply with the laws of the Settling States before or after expiration of the injunction period specified in this subsection.

B. Ban on Selling and Manufacturing Opioids

1. Allergan shall not manufacture or sell any Opioids or Opioid Products for distribution in the Settling States. Allergan represents that Kadian® and Norco® were voluntarily discontinued by the end of 2020 and that the last inventory shipped will expire on or before June 30, 2023.

C. Ban on Promotion

1. Allergan shall not engage in Promotion of Opioids or Opioid Products, including but not limited to, by:

   a. A "trade secret" is information, including a formula, pattern, compilation, program, device, method, technique or process, that (a) derives independent economic value, actual or potential, from not being generally known to the public or to other persons who can obtain economic value from its disclosure and use; and (b) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. Even if the information falls within the definition, "trade secret" does not include information reflecting sales or promotional strategies, tactics, targeting, or data, or internal communications related to sales or promotion or information in documents dated more than five (5) years before the disclosure required by this section.

2. Allergan must provide to each Settling State a log noting each document redacted. The log must also provide fields stating the basis for redacting the document, with sufficient detail to allow an assessment of the merits of the assertion. the practice appears to violate, and give Allergan thirty (30) days to respond to the notification ("Response Period").

B. Upon receipt of written notice from any of the Settling States, Allergan shall provide a written response to the Settling State's notification, containing either a statement explaining why Allergan believes it is in compliance with **Exhibit P**, or a detailed explanation of how the alleged violation occurred and a statement explaining how and when Allergan intends to remedy or has remedied the alleged violation. Allergan may request a reasonable amount of additional time to cure any violation through such remedial measures ("Cure Period") and the Settling State shall not unreasonably withhold approval of such request.

C. The Settling State may not take any action concerning the alleged violation of **Exhibit P** during the Response and Cure Periods. Nothing shall prevent the Settling State from agreeing in writing to provide Allergan with additional time beyond the thirty (30) days to respond to the notice. However, the Settling State may take any action, including, but not limited to legal action to enforce compliance with the Consent Judgment, without delay if the Settling State believes that a threat to the health or safety of the public requires immediate action.

D. E. Nothing in this Consent Judgment shall be interpreted to limit any Settling State's Civil Investigative Demand ("CID") or investigative subpoena authority, to the extent such authority exists under applicable state law.

F. Nothing herein shall be construed to exonerate any failure to comply with any provision of **Exhibit P** after the Effective Date, or to compromise the authority of any Settling State to take action for any failure to comply with **Exhibit P**, consistent with this section.

U. "*Participation Agreement*." An agreement executed by an Attorney that acknowledges the obligation to pay an appropriate MDL Common Benefit Assessment.

V. "*Qualified Tribal Representation.*" Representation by an attorney of a Participating Tribal Government regarding Released Claims against Released Entities. Such counsel are eligible for Common Benefit Fee consideration. The Teva Tribal Global Settlement and the Allergan Tribal Global Settlement will provide for the contribution to the Common Benefit Fund as determined by the MDL Court.

W. "*Qualifying Representation.*" Legal services provided for representation of the MDL PEC or Participating Litigating Subdivision regarding Released Claims against Released Entities.

X. "*State Back-Stop Agreement*." Any agreement by a Settling State and private counsel for Participating Subdivisions in that State (or legislation enacted in that State) to provide, adjust, or guarantee attorneys' fees and costs, whether from the Attorney Fee Fund or any other source recognized in the agreement or legislation.[1]

Y. *"Subdivision Cost and Expense Fund."* The fund created to pay approved Subdivision and Tribal Nations costs and expenses as set forth in subparagraph II.A.3.b.

Z. *"Teva"* means (i) Teva Pharmaceutical Industries Ltd. and (ii) all of its respective past and present direct or indirect parents, subsidiaries, divisions, affiliates, joint ventures, predecessors, successors, assigns, including but not limited to Teva Pharmaceuticals USA, Inc., the Actavis Generic Entities, and Anda Inc.

II. MDL Direct Cost Fund and Subdivision Cost and Expense Fund ("*Cost Fund*")

A. The total Cost Fund shall be $30 million dollars funded as set forth below.

1. Total cost to be paid by Teva in each of the relevant Payment Years[2] under this Agreement shall be up to the following amounts, subject to the provisions set forth below:

	Cost Fund

[1] Nothing herein shall be understood to indicate approval for additional State Back-Stop Agreements or modifications of existing State Back-Stop Agreements.

[2] Payment Year shall have the same meaning for Teva as set forth in the Teva Agreement and Teva Exhibits M-1 and M-3. Payment Year shall carry the same definition for Allergan as set forth in the Allergan Agreement and Allergan Exhibits M-1 and M-2.

Payment Year 1	$9,000,000.00
Payment Year 2	$9,000,000.00

2. Total cost to be paid by Allergan in each of the relevant Payment Years under this Agreement shall be up to the following amounts, subject to the provisions set forth below:

	Cost Fund
Payment Year 1	$6,000,000.00
Payment Year 2	$6,000,000.00

3. The Cost Fund shall be split into the MDL Direct Cost Fund and the Subdivision Cost and Expense Fund.

   a. The MDL Direct Cost Fund shall be Seven Million Five Hundred Thousand Dollars ($7,500,000), payable 50% in Year One, and 50% in Year Two. The MDL Direct Cost Fund shall make payment without any delay to reimburse the MDL PEC for an agreed-to portion of the expenses incurred, provided the costs have been approved by the Cost and Expense Fund Administrator appointed by the Court. The MDL Direct Cost Fund will be paid directly to the MDL Opiate Capital Account. The Cost and Expense Fund Administrator may include costs incurred by the MDL PEC in furtherance of litigation, mediation, implementation, and management of the Settlements.

   b. The Subdivision Cost and Expense Fund shall be Twenty-Two Million Five Hundred Thousand Dollars ($22,500,000), payable 50% in Year One and 50% in Year Two.

   c. It is the intention of the Parties that the Cost Fund shall be administered by the Cost Fund and Expense Fund Administrator (MDL Docket No. 3828), who will be governed by the provisions of this Agreement and shall design the process and procedures for the allocation of costs pursuant to this Agreement and the MDL Court's Order.

   d. The costs of the Cost and Expense Fund Administrator shall be paid from the Cost Fund and allocated by the Cost and Expense Fund Administrator between the MDL Direct Cost Fund and the

Subdivision Cost and Expense Fund to fairly charge each fund the cost incurred in implementing and supervising the specific fund.

e. The Cost and Expense Fund Administrator shall set the process and procedures for submission of and criteria for applications for payment of Subdivisions' and Tribal Nations' costs and expenses. The Cost and Expense Fund Administrator shall receive and evaluate applications from Participating Litigating Subdivisions and litigating Tribal Nations, whether filed in Federal Court or State Court, to seek reimbursement for eligible costs in pursuit of claims against Allergan or Teva. The process shall require a showing that the costs or expenses sought were reasonably incurred in furtherance of active litigation of a designated state or federal bellwether trial-set case, or Common Benefit. The Cost and Expense Fund Administrator shall require transparency from all applicants as to any other sources for compensating Attorneys for Subdivisions and Tribal Nations for costs incurred. If funds remain after the reimbursement of approved out-of-pocket costs, the Cost and Expense Fund Administrator may consider reasonable and appropriate payment for client time, costs, or expenses incurred by recognized trial bellwether plaintiffs. At the conclusion of the process, any funds not allocated by the Cost and Expense Fund Administrator shall be transferred to the Common Benefit Fund established in this **Exhibit R**.

4. In the event that States and Subdivisions enter into an additional global settlement with a party or parties other than Teva or Allergan that is (a) under the jurisdiction of the MDL Court in MDL No. 2804, (b) creates a separate cost fund, and (c) unless the parties agree to another date, such agreement has an effective date prior to June 30, 2023, the Cost and Expense Fund Administrator shall have the authority to aggregate the Cost Fund with the cost fund created under that global settlement agreement. The Cost and Expense Fund Administrator shall have the authority to address the appropriate procedures and required information to allow the costs to be funded from the appropriate cost fund or shared by two or more cost funds.

III. Attorney Fee Fund

A. An Attorney Fee Fund shall be paid in the following amounts and years:

	Teva Shall Pay	Allergan Shall Pay
Payment Year 1	$ 46,215,837.93	$ 40,778,855.53
Payment Year 2	$ 46,215,837.93	$ 40,778,855.53
Payment Year 3	$ 55,215,837.92	$ 46,778,855.53

Payment Year 4	$ 55,215,837.92	$ 46,778,855.53
Payment Year 5	$ 55,215,837.92	$ 0.00
Payment Year 6	$ 55,215,837.92	$ 0.00

B. The Attorney Fee Fund shall consist of the Contingency Fee Fund and the Common Benefit Fund.

2. It is the intention of the Parties that the Contingency Fee Fund and the Common Benefit Fund shall be administered by the Fee Panel (MDL Docket No. 3828), which will be governed by the provisions of this Fee Agreement and shall design the process and procedures for the allocation of fees pursuant to this Fee Agreement and the MDL Court's Order.

C. The fees to be paid under this Fee Agreement are available for Attorneys engaged in Qualifying Representations and Qualified Tribal Representations only. Fees to be paid under this Fee Agreement are not available prior to the Effective Date of the Teva Agreement and Allergan Agreement or if the Teva Agreement does not proceed past Teva's determination in **subsection XI.A** of the Teva Agreement or if the Allergan Agreement does not proceed past Allergan's determination in **subsection X.A** of the Allergan Agreement. Fees to be paid under this Fee Agreement are not available for representation of States, Non-Participating Subdivisions or Non-Litigating Subdivisions and are not available for representation of private hospitals, third-party payors, NAS claimants, personal injury/wrongful death claimants, or any entity other than Participating Litigating Subdivisions. In addition, fees under this Fee Agreement are not available for representation of any individual or entity in matters other than those claims against Released Entities, but may include a reasonable share of representations that involve development of facts for pursuit of opioid-related claims against multiple defendants in the pharmacy, manufacturing, and distribution chain.

D. *Attorney Fee Fund and Sub Funds.*

1. There shall be a split of the Attorney Fee Fund into the Contingency Fee Fund and the Common Benefit Fund. The split shall be 40% to the Contingency Fee Fund and 60% to the Common Benefit Fund.

2. In no event shall Teva or Allergan be required to pay more into the Attorney Fee Fund in any Payment Year than the maximum amount specified for that Payment Year in subsection III.A., which amounts are reflected in **Exhibit M** to the Teva Agreement and Allergan Agreement. The amounts allocated to the Contingency Fee Fund and the Common Benefit Fund set by the Fee Panel shall be subject to the reductions and offsets set forth below.

3. Awards of fees from the Contingency Fee Fund shall be available to Attorneys with Qualifying Representations of Participating Litigating Subdivisions eligible to receive an allocation under the Teva Agreement and Allergan Agreement, as set forth in **Exhibits F-2** and **G** to the Teva Agreement and **Exhibits F** and **G** to the Allergan Agreement, and shall be made applying the Mathematical Model attached as Exhibit "A" to this Fee Agreement. The collection of the data and calculations for the Mathematical Model has been a cooperative effort among private counsel for a large number of Litigating Subdivisions. The analysis has been spearheaded by Joseph Tann and Andrew Arnold. The Fee Panel is encouraged to continue working with those counsel in application of the Model. The Fee Panel shall oversee the application of the Model and resolve any questions or disputes concerning the eligibility of a Counsel to participate as required in subsection III.G. The Panel is empowered to hear disputes concerning and ensure the accuracy of the mathematical calculation.

4. As to awards from the Contingency Fee Fund, there shall be no right of appeal.

5. Any appeal of an award of the Fee Panel from the Common Benefit Fund will be made to the MDL Court and be reviewed under an abuse of discretion standard.

E. *Common Benefit Fund (60% of the Attorney Fee Fund).*

1. Funds in the Attorney Fee Fund shall be allocated to the Common Benefit Fund according to the schedule set forth below, subject to the adjustments described in paragraph III.E.6. The payments are to be made on the following yearly schedule, subject to the adjustments set forth below:

	Teva Shall Pay	Allergan Shall Pay
Payment Year 1	$ 27,729,502.76	$ 24,467,313.32
Payment Year 2	$ 27,729,502.76	$ 24,467,313.32
Payment Year 3	$ 33,129,502.75	$ 28,067,313.32
Payment Year 4	$ 33,129,502.75	$ 28,067,313.32
Payment Year 5	$ 33,129,502.75	$ 0.00
Payment Year 6	$ 33,129,502.75	$ 0.00

2. The Common Benefit Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating

Subdivisions and Qualified Tribal Representation of Tribal Participating Governments who:

a. have performed work for the Common Benefit of all Participating Subdivisions and/or Tribal Nations consistent with the provisions to the guidelines established by Judge Polster set forth in MDL 2804 and the May 1, 2018 Order, under docket number 358, which is incorporated herein by reference; and

b. satisfy the eligibility criteria set forth in subsection III.G.

3. For purposes of Common Benefit Fund distribution, Attorneys representing Tribal Nations litigating against Teva or Allergan have also reached a settlement for Released Claims with Teva and Allergan. These settlements shall be the subject of separate agreements with Teva and Allergan. Attorneys representing Tribal Nations are eligible for Common Benefit consideration, provided such agreements with Teva and Allergan become effective under their terms. Such Attorneys must meet the eligibility criteria in subsection III.G.

4. For purposes of Common Benefit Fund distribution, MDL Participating Counsel not engaged in Qualifying Representations of Participating Litigating Subdivisions but who performed work for the Common Benefit pursuant to authorization from the MDL Co-Leads and meet the eligibility criteria in subsection III.G shall be eligible.

5. The Common Benefit Fund shall be overseen by the Fee Panel, which shall determine the allocation of funds to eligible Attorneys consistent with this Fee Agreement and the May 1, 2018 Order.

6. In assessing the benefits that an Applicant has conferred to Participating Subdivisions (including non-Litigating Subdivisions) and/or Tribes for purposes of any compensation decision, the Fee Panel shall give significant weight to the extent to which (i) the Applicant and his or her clients have contributed to increasing (or reducing) the Initial Participation in the Teva Agreement or the Allergan Agreement, and (ii) the Applicant and his or her clients have contributed to increasing (or reducing) the amounts achieved under Incentive Payments A-D through participation in the Teva Agreement, including the Teva Tribal Agreement, or the Allergan Agreement, including the Allergan Tribal Agreement. The Fee Panel shall also consider additional fee recoveries the Applicant may potentially obtain, including, but not limited to, from attorney fee funds under other settlement agreements, State Back-Stop Agreements, representations of States or Tribal Nations, representations of other clients in opioids-related matters, or through the representation of Subdivision clients, whether they participated in the Teva Agreement or Allergan Agreement or not. It is the intent of this provision to recognize that the goal of the Teva Agreement

and Allergan Agreement is to provide for maximum participation by the Subdivisions, maximum abatement funding for all Subdivisions nationally, and the maximum peace for Released Entities. Therefore, representing one or more Non-Participating States or Non-Participating Subdivisions does not further the goal of the Teva Agreement or Allergan Agreement, and should not be considered Common Benefit because it does not increase funds available to Participating Subdivisions' abatement programs. Representing one or more Later Litigating States or Later Litigating Subdivisions is antithetical to the Teva Settlement and the Allergan Agreement and detracts from Common Benefit. The Fee Panel shall consider this concept of "common detriment" set forth in this paragraph in all of its decision making with respect to the allocation of the Attorney Fee Fund among Applicants, as well as, in its discretion, any offsets provided to Teva or Allergan as set forth in subsection III.H. The Fee Panel shall consider the totality of the Applicant's Participating Litigating Subdivisions as compared to the Applicant's Non-Participating Litigating Subdivisions; the Parties recognize that, although the goal is for 100% participation, Applicants with a greater number of clients have a greater probability of having one or more Non-Participating Litigating Subdivisions. As used in this paragraph, "client" or "representing" a Subdivision shall include any Litigating Subdivision as to which the Applicant has a Fee Entitlement.

7. As set forth in subsection III.H, the Fee Panel must consider the factors described in paragraph III.E.6 to determine how and whether to reduce the amounts to be paid by Teva or Allergan under this Fee Agreement and to determine how to allocate funds among Applicants. They may also, at their discretion, consider other factors. Any reduction in payment obligation or credit to be given Teva or Allergan in this Fee Agreement shall be applied against the last Payment Year for that defendant and working backwards. Any reduction to an Applicant not credited to Teva or Allergan shall be allocated to attorneys whose Litigating Subdivision clients participated in the settlement by the Initial Participation Date.

8. The MDL PEC will seek, and the Attorneys General for Settling States, Teva, and Allergan, will not oppose, a Common Benefit Fee Order requiring an assessment of 7.5% on the gross recovery (by judgment or settlement) of any Non-Participating Subdivision that is subject to the federal court jurisdiction, represented by a MDL PEC firm, represented by any Attorney receiving fees from the Common Benefit Fund, represented by any Attorney that signed a Participation Agreement or paid in a case otherwise under the jurisdiction of the MDL Court.

9. If Teva and Allergan agree to go forward with their respective Agreements under subsections [XI.A and X.A] of their respective Agreements, they shall pay the full Common Benefit (60%) Fee into the Common Benefit Fund without regard to the number of Settling States or Participating Subdivisions. Should Teva and/or Allergan pay a judgment to, or settle

with, a Non-Participating State or a Non-Participating Litigating Subdivision subsequent to the Reference Date, and such settlement or judgment results in a common benefit fee assessment paid into the Common Benefit Fund or the Court Common Benefit Fund, the following shall apply:

a. Teva or Allergan shall be credited dollar-for-dollar for the amount paid for the fee assessment up to 7.5% of the abatement amount derived from the application of the State Global Allocation Percentage as set forth in **Exhibit F-1** or the abatement amount derived from the application of the Subdivision and Special District Allocation Percentage as set forth in **Exhibit G** that the Non-Participating State or Non-Participating Litigating Subdivision would have received if it had participated in the Settlement Agreement;

b. Except as set forth below in subparagraph III.E.9.c, for any settlement or judgment that meets the requirements of paragraph III.E.9 that exceeds the abatement amount derived from the application of the State Global Allocation Percentage as set forth in **Exhibit F-1** or the abatement amount derived from the application of the Subdivision and Special District Allocation Percentage as set forth in **Exhibit G**, no credits shall be taken against Teva or Allergan's obligation to make payments into the Common Benefit Fund for that portion of the settlement or judgment in excess of the abatement amount derived from the application of the State Global Allocation Percentage as set forth in **Exhibit F-1** or the abatement amount derived from the application of the Subdivision and Special District Allocation Percentage as set forth in **Exhibit G**;

c. For any settlement or judgment that meets the requirements of paragraph III.E.9 that exceeds the abatement amount derived from the application of the State Global Allocation Percentage as set forth in **Exhibit F-1** or the abatement amount derived from the application of the Subdivision and Special District Allocation Percentage as set forth in **Exhibit G** that the Later Litigating State or Later Litigating Subdivision would have received if it had participated in the Settlement Agreement, where the Later Litigating State or Later Litigating Subdivision is represented by any member of the MDL PEC or that member's law firm, Teva or Allergan shall be credited dollar-for-dollar for the full amount of the 7.5% common benefit fee assessment paid into the Common Benefit Fund or the Court Common Benefit Fund;

d. If a credit is made to Allergan or Teva pursuant to subparagraph III.E.9.c., then that amount shall be calculated as a direct reduction to any common benefit fee award made under this Fee Agreement

to the MDL PEC firm(s) that represented the Later Litigating State or Later Litigating Subdivision;

e. Any credits shall be taken first against Teva's or Allergan's payment to the Common Benefit Fund in Teva's or Allergan's respective final Payment Year as set forth in paragraph III.E.1 (for Teva Year 6; for Allergan Year 4), up to the full amount of Teva's or Allergan's final year payment obligation, then from the next-to-final Payment Year's payment obligation, and so on;

f. Teva and Allergan shall not be entitled to any credits against the Common Benefit Fund for settlements or judgments paid after Teva's or Allergan's final fee Payment Year.

F. *Contingency Fee Fund (40% of the Attorney Fee Fund).*

1. Funds from the Attorney Fee Fund shall be allocated to the Contingency Fee Fund on the following yearly schedule, subject to the adjustments set forth below:

	Teva Shall Pay	Allergan Shall Pay
Payment Year 1	$ 18,486,335.17	$ 16,311,542.21
Payment Year 2	$ 18,486,335.17	$ 16,311,542.21
Payment Year 3	$ 22,086,335.17	$ 18,711,542.21
Payment Year 4	$ 22,086,335.17	$ 18,711,542.21
Payment Year 5	$ 22,086,335.17	$ 0.00
Payment Year 6	$ 22,086,335.17	$ 0.00

2. The Contingency Fee Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions that meet the criteria set forth in subsection III.G.

a. The Contingency Fee Fund shall be available to Attorneys who represent Litigating Subdivisions that are Participating Subdivisions, whether their actions are filed in state or federal court, and meet the eligibility criteria of subsection III.G.

b. Participation in the Contingency Fee Fund by counsel that have a case that is not subject to the jurisdiction of the MDL Court shall not create, provide, or waive jurisdiction of the MDL Court over that Litigating Subdivision, that case or Attorneys, other than to oversee

the fairness of the distribution process, and enforcement of this Fee Agreement.

c. Under the terms of the Teva Agreement and Allergan Agreement Litigating Subdivisions must become a Participating Litigating Subdivision under both Agreements to be eligible to participate. Therefore, **Exhibit R** applies jointly to Teva and Allergan with the Attorneys' Fee Fund and MDL Cost Fund to include the combined payment from Teva and Allergan.

3. Teva and/or Allergan shall each be entitled to a pro-rata reduction to their own portion of the Contingency Fee Fund payment(s) in accordance with subsection III.F.4., unless, by the Payment Date for the Initial Year Payment, (i) 41 states are Settling States for Teva or 43 states are Settling States for Allergan, (ii) 98% of all Litigating Subdivisions are Participating Subdivisions and/or Subdivisions Subject to a Bar, Case-Specific Resolution, and, (iii) 97% of all Non-Litigating Subdivisions with Populations over 10,000 as listed in **Exhibit I** are Participating Subdivisions and/or Subdivisions Subject to a Bar, Case-Specific Resolution, in which case no offset shall be applied.

4. If the participation conditions in paragraph III.F.3 are not met, then the amounts owed by Teva and/or Allergan to the Contingency Fee Fund shall be reduced as follows:

a. For Non-Settling States, the Contingency Fee Fund payments shall first be reduced by the amounts identified by the Fee Panel, pursuant to paragraph III.H.7, that would have been owed to counsel for Litigating Subdivisions in Non-Settling States, had those States and those Litigating Subdivisions been Settling States and Participating Subdivisions.

b. Following the calculation in subparagraph III.F.4.a., the Contingency Fee Fund payments shall be reduced to reflect the non-joinder of Litigating Subdivisions in Settling States by subtracting the amounts identified by the Fee Panel, pursuant to paragraph III.H.7, that would have been owed to counsel for Non-Participating Litigating Subdivisions in Settling States had such Litigating Subdivisions been Participating Subdivisions.

5. In the event that after the date of the Settlement Agreement Teva, prior to the Effective Date of the Teva Agreement, or Allergan, prior to the Effective Date of the Allergan Agreement, settles with any Litigating Subdivision that would have been eligible to participate in the defendant's Agreement, and, under such settlement agreement pays attorneys' fees, the Fee Panel shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, applying the same criteria applicable to all Attorneys for Participating

Litigating Subdivisions, determine what amount they would have been paid from the Contingency Fee Fund if they had become Participating Subdivisions under the Teva Agreement or the Allergan Agreement without such prior settlement. That sum, rather than being paid to the Attorney for the previously settling Litigating Subdivision, shall be credited and/or returned to Teva or Allergan as if determined under (a)(ii) above, except that such credit shall not be greater than the amount paid to the Attorneys under the Litigating Subdivision's prior settlement agreement and credits apply equally over the Fee Payment Years.

6. During the period between the Preliminary Agreement Date and the Effective Date, the MDL PEC, as well as Litigating Subdivisions' Attorneys, shall make best efforts to cease litigation activity against Teva and Allergan, including by jointly seeking stays or severance of claims against Teva and Allergan, where feasible, or postponements if a motion to stay or sever is not feasible or is denied, so long as such actions are not otherwise detrimental to the Litigating Subdivision.

G. *Eligibility.*

1. It is the intention of all parties participating in the Fee Panel process that there should be total transparency to the Fee Panel and to all fund participants. In connection with the process to be developed by the Fee Panel, any and all monies in attorney's fees received or awarded, including prior or future Contingency Fees, Common Benefit Fees, referral fees, expenses paid, promises for payment, or any other Fee Entitlement, to any Applicant in any opioid litigation shall be disclosed to the Fee Panel as a condition of participating in the Attorney Fee Fund and prior to an award from the Fee Panel. Any payment, expectation of payment or perceived entitlement to participate in a State Back-Stop Agreement or any other agreement reached with a Settling State or any Subdivision or any other source regarding payment of fees must be disclosed to the Fee Panel. Similarly, any right to payment from any other fund, for example a fund for payment to lawyers representing Settling States or Tribal Nations or Subdivisions shall be disclosed to the Fee Panel. Because it is anticipated that there will be multiple firms listed on contingent fee agreements with Litigating Subdivisions, the Fee Panel shall establish procedures, with input from Attorneys for Participating Litigating Subdivisions, for who should petition for fees from such groups and to whom the fee shall be paid and thereafter distributed to co-counsel in accordance with applicable agreements. For the avoidance of doubt, all Attorneys that are part of such groups must meet the eligibility criteria in paragraph III.G.3, must be subject to the criteria set forth in subsection III.C, and must be disclosed to the Fee Panel.

2. An Applicant may apply for and recover attorneys' fees from the Common Benefit Fund, the Contingency Fee Fund, and any fund created by a past or

future State Back-Stop Agreement, provided the Applicant satisfies the requirements relevant to each such fund and requirements for disclosure to the Fee Panel.

3. An Attorney may not receive any payment from the Attorney Fee Fund (which includes both the Contingency Fee Fund and the Common Benefit Fund) unless the following eligibility criteria are met and annually certified by the Attorney:

   a. The Attorney must expressly waive the enforcement against the Litigating Subdivision client of all Fee Entitlements (other than under State Back-Stop Agreements) arising out of or related to any or all Qualifying Representations of any Participating Litigating Subdivision prior to applying for attorneys' fees from the Attorney Fee Fund. All applications for attorneys' fees under this Fee Agreement shall include an affirmation by the Attorney of such waiver and notice to the client(s) of such waiver. Such waiver shall not preclude the Attorney from submitting such Fee Entitlements to the Fee Panel as a factor for consideration in allocating payments from the Attorney Fee Fund or in connection with a State Back-Stop Agreement. For the avoidance of doubt, no Attorney may recover fees under this Fee Agreement unless the Attorney expressly agrees not to enforce Fee Entitlements as to each and every Participating Litigating Subdivision represented by that Attorney, but such Attorneys may participate in and receive funds from a State Back-Stop Agreement.

   b. The Attorney must represent that s/he has no present intent to represent or participate in the representation of any Later Litigating Subdivision or Later Litigating State with respect to Released Claims against Released Entities.

   c. The Attorney must represent that s/he has not and will not engage in any advertising or solicitation related to Released Claims against Released Entities where such advertising or solicitation relates to a representation of a Subdivision eligible to be a Participating Subdivision after the Reference Date unless the Attorney is recommending participation in the Agreement.

   d. The Attorney must represent s/he will not charge or accept any referral fees for any Released Claims brought against Released Entities by Later Litigating Subdivisions or Later Litigating States. This representation shall not prohibit Attorneys from receiving allocated shares of any future common benefit assessments arising out of settlements or judgments with Later Litigating Subdivisions or Later Litigating States that are the result of the MDL Court's Common Benefit order.

e. The Attorney may not have and must represent that s/he does not have a Fee Entitlement related to a Later Litigating Subdivision or Later Litigating State, other than a potential Common Benefit Fee.

f. The Attorney must fully disclose the participation, or the anticipation of participation, in any agreement with a Settling State or Participating Subdivision concerning fees arising out of or related to the Teva Agreement or Allergan Agreement, including any fees paid or anticipated to be paid or any State Back-Stop Agreement.

g. The Attorney must identify for the Fee Panel whether s/he utilized state litigation work product or MDL work product, including but not limited to ARCOS data, document repositories, experts developed in the MDL, trial transcripts, or deposition transcripts. The Attorney must identify whether s/he signed the MDL Participation Agreement.

h. Any Attorney who applies for fees from one or both Funds must represent that, having exercised his/her independent judgment, s/he believes the Teva Agreement and the Allergan Agreement to be fair and will make or has made best efforts to recommend both Agreements to his or her Subdivision clients in Settling States. For avoidance of doubt, each Attorney is expected to exercise his or her independent judgment in the best interest of each client individually before determining whether to recommend joining the settlement. All applications for attorneys' fees or costs under this subsection shall include an affirmation by the Attorney in compliance with the foregoing subparagraphs.

4. No Attorney receiving fees under this Fee Agreement may apply for or recover from the Attorney Fee Fund fees arising from representing a Non-Participating Subdivision except Common Benefit Fees as described in paragraph III.E.2. All applications for attorneys' fees under this subsection shall include an affirmation by the Attorney of compliance with this paragraph.

5. An Attorney who has filed an application under this subsection and received an award of attorneys' fees shall provide a certification of compliance with the requirements of this Fee Agreement annually during the years upon which they are still entitled to receive attorneys' fee payments under this Agreement. This certification will be done as directed by the Panel.

6. If, at any time, the Attorney is unable to make the representations set forth in this subsection, such representations become untrue, or the Attorney falsely represents compliance with the eligibility criteria, the Attorney shall cease to be eligible to receive funds from the Attorney Fee Fund until further

review by the Fee Panel of the Attorney's eligibility under and compliance with this subsection.

7. If an Attorney has a Fee Entitlement with a Later Litigating Subdivision or Later Litigating State or otherwise becomes unable to reaffirm compliance with the eligibility criteria set forth above, the Attorney shall notify the Fee Panel. For the avoidance of doubt, any Attorney who undertakes any new representation of, or has a Fee Entitlement with, a Later Litigating Subdivision or Later Litigating State shall be prohibited from receiving any future funds from the Attorney Fee Fund. If an Attorney fails to notify the Fee Panel of such Fee Entitlement with a Later Litigating Subdivision or Later Litigating State, the Attorney shall be required to refund amounts previously paid. The Fee Panel shall notify Teva and Allergan when it receives notification.

8. To the extent an Attorney who has received compensation from the Attorney Fee Fund based on Qualifying Representations of Participating Litigating Subdivisions under the Teva Agreement or the Allergan Agreement, represents a Later Litigating Subdivision or Later Litigating State, such Attorney shall be obligated to refund such amounts received as compensation from the Attorney Fee Fund to Teva or Allergan. Teva, Allergan, or such Attorney may bring any dispute as to whether such Attorney shall be obligated to refund such amounts received from the Attorney Fee Fund to Allergan or Teva to the Fee Panel. Nothing herein shall require a multi-attorney law firm that has received compensation from the Attorney Fee Fund to refund such amounts if an attorney of the firm that is no longer affiliated with such law firm, after such departure, represents a Later Litigating Subdivision or Later Litigating State, provided that (a) neither the law firm nor any of its other attorneys have any contractual or financial arrangement regarding, stand to benefit directly or indirectly from, or directly or indirectly provide financial or other support of any kind to, the former attorney's representation of the Later Litigating Subdivision or Later Litigating State and (b) if the former attorney was a partner or owner of the multi-attorney law firm at the time that the law firm received compensation from the Attorney Fee Fund, the former attorney shall be obligated to refund such amounts as the former attorney earned as a result of the compensation that the law firm received from the Attorney Fee Fund.

9. In the event that an Attorney is deemed ineligible by the Fee Panel (whether based on its initial application or subsequent recertification), the Fee Panel shall provide notice to the Attorney and give the Attorney 30 days to provide additional information such that the Fee Panel could re-consider the Attorney's eligibility.

10. To the extent that an Attorney has a Fee Entitlement with a Participating Subdivision and is authorized to bring Released Claims against Released Entities, but such authorization is, in scope, less broad than the category of

Released Claims set forth in the Teva Agreement or Allergan Agreement, such Attorney may participate fully in both the Contingency Fee Fund and the Common Benefit Fund, without any reduction imposed by the Fee Panel due to the scope of the authorization, so long as the Participating Subdivision fully releases all Released Claims against Released Entities.

11. Attorneys applying to the Attorney Fee Fund knowingly and expressly agree to be bound by the decisions of the Fee Panel, subject to the limited appeal rights set forth in this Fee Agreement, and waive the ability to assert the lack of enforceability of the allocation reached through the procedures outlined herein.

12. Applicants are under an ongoing obligation to inform the Fee Panel in writing of any additional fees earned, expected, or received related to any Opioid litigation throughout the period of the Fee Panel's operation.

H. *Calculation of Amounts Due.*

1. The Fee Panel shall be solely responsible for determining the amount of fees to be paid to each Applicant. None of the Released Entities shall have any responsibility, obligation, or liability of any kind whatsoever with respect to how attorneys' fees are calculated under this subsection, except that the Fee Panel may receive information from Teva or Allergan as to (a) the identity of Participating, Non-Participating, Litigating, Later Litigating, and Non-Litigating Subdivisions; (b) the impact of non-participation by a Litigating Subdivision as is relevant to the Fee Panel's determination in paragraph III.E.6; and (c) such other information as Teva or Allergan may voluntarily elect to provide.

2. The Fee Panel shall establish procedures for making determinations under this Fee Agreement consistent with this Fee Agreement and orders of the MDL Court. Such procedures may include submission of documentary and/or other evidence, interviews with Applicants and/or other counsel (including counsel for Teva and Allergan) that the Fee Panel deems appropriate, and/or other means of creating a record upon which fee awards will be based.

3. In making determinations under this Fee Agreement, the Fee Panel must apply the eligibility criteria set forth in subsection III.G of this Fee Agreement and the criteria set forth in paragraph III.E.2. In addition, the Fee Panel will give consideration in regard to Common Benefit Fund awards to the *Johnson* factors, as well as the following factors (which factors may be applied and given relative weight in the Fee Panel's discretion):

   a. The Applicant's contemporaneously recorded time and labor dedicated to Qualifying Representations along with the Applicant's

financial commitment to such Qualifying Representations. Claimed "time" will not be automatically accepted by the Fee Panel but will be critically reviewed and given substantially more weight and consideration if such time was subject to the audit process described in any Pretrial Order(s) governing the collection of common benefit time;

b. The novelty, time, and complexity of the Qualifying Representations;

c. The skill requisite to perform legal services properly and undesirability of the case;

d. The preclusion of other employment by the Applicant due to time dedicated to Qualifying Representations;

e. The Common Benefit, if any, alleged to have been conferred by the Applicant and whether such Common Benefit work product by that Applicant was used by others in parallel litigations against Released Entities whether within or outside the MDL, provided that any Applicant claiming that s/he substantially benefited cases other than those in which s/he entered an appearance as counsel must substantiate such claims by proffering factual support, such as proper supporting affidavits or other documents as determined by the Fee Panel with input from Attorneys for Participating Litigating Subdivisions;

f. Any "common detriment," as set forth in paragraph III.E.6.

g. Any contingent fee agreement or other Fee Entitlement with Participating Subdivisions, enforcement of which, except for State Back-Stop Agreements, are waived in conjunction with the application, the nature and extent of any work for those Participating Subdivisions, whether such Participating Subdivisions actively litigated and, if so, the nature and procedural history of such case(s);

h. The experience, reputation, and ability of the Applicant;

i. Whether the Applicant's clients brought Released Claims against Released Entities;

j. The status of discovery in cases primarily handled by the Applicant;

k. The nature of any work by the Applicant on "bellwether" cases or cases that were similarly active in litigation;

l. Any pressure points successfully asserted by the Applicant in cases against Teva or Allergan or any risk for Teva or Allergan created by the Applicant in cases against them;

m. Any risk for defendants created by Applicants in cases against Teva or Allergan;

n. Successful and unsuccessful motion practice in cases worked on by the Applicant;

o. The date of filing of any cases filed by the Applicant;

p. Obtaining consolidation of the litigation in the Applicant's jurisdiction;

q. The number and population of entities represented by the Applicant and the fees that would have been awarded under extinguished contingent fee arrangements;

r. Whether the Applicant's clients brought claims against Teva or Allergan;

s. Whether the Applicant has had a leadership role in the litigation, whether in state or federal court;

t. Whether the Applicant has had a leadership role in any negotiations aimed at resolving the litigation;

u. Whether the Applicant's cases have survived motions to dismiss;

v. The extent to which the Applicant contributed to the work product used for the common benefit of opioids litigants, including, without limitation, work on ARCOS data, Prescription Data Monitoring Programs, IQVIA data, depositions, document production and analysis experts, motions, briefs and pleadings, trial preparations, and trials;

w. The extent to which litigation was done prior to and contributed to completion of settlement negotiations, as distinct from litigation that was done litigating after the announcement of the Teva Agreement or Allergan Agreement, such latter litigation both being of less value and potentially resulting a common detriment to the settlement process; and

x. Any other factors that the Fee Panel finds to be appropriate to consider after input from Applicants to the Attorney Fee Fund.

4. In the event that States and Subdivisions enter into an additional global settlement with a party or parties other than Teva or Allergan that is (a) under the jurisdiction of the MDL Court in MDL No. 2804, (b) creates a separate common benefit fund to be administered by the Fee Panel, and (c) unless the parties agree to another date, such agreement has an effective date prior to June 30, 2023, the Fee Panel may:

    a. Consolidate the Common Benefit approval process to include evaluation of all Common Benefit Applications for all settlements entered after November 14, 2022;

    b. Determine the fair and equitable allocation of the Aggregate Common Benefit Fees that come after November 14, 2022;

    c. Give consideration to the amount and timing of each settlement, including the amount and timing of Common Benefit Fees;

    d. The Fee Panel shall abide by the applicable Attorney Fee Agreement in each of the Settlements in Allocating the Common Benefit Fees provided for in the Settlement; and

    e. Be guided in their work by the Orders of the Court related to Fees and Costs.

5. The Fee Panel shall develop procedures for receiving a single application, which may be updated or amended based on new information (such as participation by additional Litigating Subdivisions) from each Applicant seeking compensation from each sub fund of the Attorney Fee Fund pursuant to processes and procedures developed by the Fee Panel, which shall not be inconsistent with this Fee Agreement. Any request for attorneys' fees not included on the single application or through the updating/amendment process designed by the Fee Panel shall be deemed waived. For purposes of transparency and to permit the Fee Panel to conduct its work, the application from each Applicant shall, at a minimum, require each Applicant to:

    a. Identify all Litigating Subdivisions for which s/he is seeking payment from the Attorney Fee Fund;

    b. Identify all Subdivisions in both Settling and Non-Settling States (and, where applicable, Tribal Nations) with respect to which s/he has a Fee Entitlement with respect to Relevant Claims against Released Entities, and identify all co-counsel in such cases;

    c. Identify which of those Subdivisions are Participating Subdivisions and which are not (with similar information for Tribal Nations, where applicable);

d. Specify the specific fund or funds within the Attorney Fee Fund from which the Attorney is seeking compensation;

e. Demonstrate his or her eligibility for compensation from the relevant sub funds within the Attorney Fee Fund pursuant to the criteria set forth for the relevant sub fund;

f. Identify any and all Fee Entitlements from representations of States, Tribal Nations, or other plaintiffs related to Released Claims against Released Entities or in opioids-related matters;

g. Notwithstanding "a-f" above, the Panel may consider a supplemental application if the Applicant shows good cause why circumstances exist that will lead to consideration for additional Common Benefit award. Examples would include, but are not limited to, an Applicant having Non-Participating Litigating Subdivision clients that subsequently become Participating Subdivisions, a Bar Date passes that increases participation or the Participation Tier, or an Allocation Agreement is reached.

6. With respect to the Common Benefit Fund, the Fee Panel shall (subject to any applicable MDL Court Order):

a. Review the applications of all Applicants seeking compensation from the Common Benefit Fund, including determining eligibility for each Applicant as set forth in subsection III.G.

b. Reduce, on an annual basis, Teva's or Allergan's payment obligations, as set forth in paragraph III.E.7. The Panel shall inform Teva or Allergan, and the MDL PEC of all such amounts and adjust payment obligations accordingly.

c. Using criteria set forth in subsections III.E and III.H, allocate amounts from the Common Benefit Fund to eligible Applicants, including payment amounts for each Payment Year. In making such allocations, the Panel shall apply the principles set forth in paragraph III.E.6 and shall allocate any reduction in the payments specified in paragraph III.E.7 to the amounts paid to Applicants with a Common Benefit Fee Entitlement.

7. With respect to the Contingency Fee Fund, the Fee Panel shall:

a. Review the applications of all Attorneys seeking compensation from the Litigating Subdivision Fee Fund, including determining eligibility for each Attorney as set forth in subsection III.G.

b. Apply the Mathematical Model in Exhibit A to this Fee Agreement.

c. Use such allocations to reduce on an annual basis the payment obligations of Teva or Allergan to the Attorney Fee Fund as set forth in paragraph III.F.4, and distributions therefrom, and inform Teva or Allergan and the MDL PEC of all such adjustments.

8. To the extent that there is a dispute about the calculations of the Fee Panel related to the amounts that Teva or Allergan is required to pay (including application of any reductions or offsets under this Fee Agreement), such disputes shall be presented to the Fee Panel and any disputed funds be paid into/held in escrow. The Fee Panel shall resolve such disputes expeditiously, with either Party having the right to seek review from the MDL Court.

9. For purposes of determination of fee or cost awards, allocations, reductions, and possible reversions under this Fee Agreement, unless specified otherwise a Subdivision will be considered a Non-Participating Subdivision if it is not a Participating Subdivision as of the deadline for the application for the fee at issue (or, if the determination does not involve a specific application, the date on which the record for such determination closes).

10. In the event that the Fee Panel, through the use of the Mathematical Model set forth in Exhibit A, allocates funds from the Contingency Fee Fund for an Attorney based on a Qualifying Representation of a Participating Litigating Subdivision and that Subdivision is in a Settling State in which the Consent Judgment has not been approved, such funds shall be placed into escrow until the Consent Judgment is approved, after which time they shall be released.

I. *Miscellaneous.*

1. The Fee Panel shall charge an hourly rate approved by the Court. The Pre-Effective Date costs associated with the Cost and Expense Fund Administrator shall be paid from funds in the Cost Fund. Post-Effective Date, the cost of the Fee Panel shall be charged against the applicable Fee Fund based on allocation by the Fee Panel and shall not be otherwise funded by Teva and Allergan.

2. The MDL PEC shall provide to Teva and Allergan information they have that identifies Attorneys who represent Litigating Subdivisions who are not Participating Subdivisions and who have an obligation to pay a common benefit assessment, either due to the MDL Court's orders or pursuant to a Participation Agreement.

3. Participating Subdivisions agree to instruct their counsel to treat information, work product and expert materials as confidential under Rule 1.6 of the ABA Model Rules of Professional Conduct. Accordingly, an Attorney shall not share information or work product with, or experts or

materials to, non-participants (other than the Attorney's own current clients or their lawyers, consultants, experts or other representatives or agents). However, nothing herein shall prevent MDL Leadership or PEC Counsel from fulfilling their obligations in any MDL and the MDL Court Order.

IV. Miscellaneous

A. *Termination*. If the Teva Agreement or Allergan Agreement does not proceed past the Reference Date, whether because Teva and Allergan do not determine to proceed or for any other reason, this Fee Agreement shall be null and void, neither Teva nor Allergan shall have any obligation to make any payments under this Fee Agreement other than Fee Panel costs advanced, and Teva, Allergan, and the PEC shall take such steps as are necessary to restore the *status quo ante*.

B. *MDL Court Consideration*. This Fee Agreement shall be attached as an exhibit to the Teva Agreement and Allergan Agreement. This Fee Agreement shall also be submitted by Teva, Allergan, and the MDL PEC to the MDL Court for approval pursuant to the motion and order that shall be attached, prior to the Preliminary Agreement Date of the Agreements, as Exhibit B.

1. In the event that the MDL Court, through an order, makes any change to the amounts potentially to be paid by Teva and Allergan under this Fee Agreement, makes any change to the Fee Panel's consideration of the factors set forth in paragraph III.E.6, or any other material change to the draft Order attached as part of Exhibit B or the terms of this Fee Agreement, Teva, Allergan, and the MDL PEC shall meet and confer concerning such changes.

2. If Teva, Allergan, and the MDL PEC are unable to reach agreement and revisions to this Fee Agreement, this Fee Agreement shall be null and void, Teva and Allergan shall have no obligation to make any payments under this Fee Agreement, and Teva, Allergan, and the MDL PEC shall take such steps as are necessary to restore the *status quo ante*.

C. *Amendment*. Once the MDL Court has entered an order implementing this Fee Agreement, this Fee Agreement can only be amended by (1) written agreement of Teva, Allergan, and the MDL PEC and (2) approval by the MDL Court.

D. *Jurisdiction and Enforcement*. The MDL Court shall have exclusive and ongoing jurisdiction over the enforcement and implementation of this Fee Agreement as set forth herein. The MDL PEC shall be the Authorized Party to enforce this Fee Agreement, as to the payment obligations of Teva and Allergan as set forth in this subsection and as to Attorneys making application to the Funds under this Fee Agreement. Solely for purposes of assessing or allocating common benefit fees, the MDL Court will continue to have jurisdiction over the work product developed in the MDL Court by and under the direction of the MDL PEC with respect to claims against Teva or Allergan, including data and documents, depositions, expert

reports, briefs and pleadings; and the MDL Court's protective orders, management orders, and other decisions regarding such discovery and other work product, including but not limited to, conditions on its use, will continue in full force and effect. Nothing in this subsection authorizes the MDL Court to act contrary to this Agreement or provides the MDL Court with jurisdiction over the Teva Agreement or Allergan Agreement.

EXHIBIT S
Agreement on the State Outside Counsel Fee Fund for Manufacturer Settlements

1. **Definitions.**

   a. "Manufacturer" means any of Teva and Allergan, and "Manufacturers" means all of the foregoing.
   b. "Multistate Manufacturer Settlement Agreement" means This Settlement Agreement along with the separate settlement of opioids-related claims among 30 or more states and the other Manufacturer.
   c. "This Settlement Agreement" means the settlement agreement between the Settling States and the Manufacturer to which this Agreement is attached as an Exhibit.
   d. "Settling Manufacturer" means the Manufacturer that is a party to This Settlement Agreement.
   e. "Settling States" has the meaning given such term in the relevant Multistate Manufacturer Settlement Agreement.

2. **Creation of a State Outside Counsel Manufacturers Fee Fund.** The Settling States have agreed to the creation of a state outside counsel fee fund to pay reasonable attorneys' fees of Settling States which have retained outside counsel in connection with litigation against one or more Manufacturers (such fund, the "State Outside Counsel Manufacturers Fee Fund").

3. **State Outside Counsel Manufacturers Fee Fund Administration.** The State Outside Counsel Manufacturers Fee Fund shall be administered separately from any other funds for the payment of attorney's fees or costs in connection with This Settlement Agreement, including any common benefit fund, contingency fee fund for subdivision counsel, state cost fund, or MDL expense fund. If necessary, a committee of Attorneys General shall be convened to oversee the State Outside Counsel Manufacturers Fee Fund (the "Manufacturers Fee Fund Committee"). The Manufacturers Fee Fund Committee shall be appointed by the Settling State Members of the Enforcement Committee and shall be comprised solely of Attorneys General of Settling States that engaged outside counsel to pursue litigation against one or more Manufacturers. The Settlement Fund Administrator (the "Fee Fund Administrator") shall administer the State Outside Counsel Manufacturers Fee Fund according to this Exhibit and, if convened, the guidelines and directives of the Manufacturers Fee Fund Committee.

4. **State Outside Counsel Manufacturers Fee Eligibility.**

   a. To receive any amount from the State Outside Counsel Manufacturers Fee Fund, both of the following must be true:
      1. an outside counsel to a Settling State must have filed and maintained an action in the name of a Settling State or its Attorney General against a Manufacturer in a state or federal court as of November 1, 2022; and
      2. the State must become a Settling State for each Multistate Manufacturer Settlement Agreement for which it is eligible.

b. No Settling State (or its outside counsel) shall receive funds from both the State Outside Counsel Manufacturers Fee Fund and any "Additional Restitution Amount" as may be provided for in This Settlement Agreement.
c. In addition to the eligibility criteria set forth in Paragraph 4.a, above, and for the avoidance of doubt, only Settling States under This Settlement Agreement are eligible to receive any funds paid into the State Outside Counsel Manufacturers Fee Fund as a result of This Settlement Agreement.

5. **State Outside Counsel Manufacturers Fee Fund Amount.** The Settling Manufacturer shall pay funds into the State Outside Counsel Manufacturers Fee Fund in an amount equal to, and on the schedule identified in, **Exhibit M** (the "Contribution"). The Settling Manufacturer's Contribution shall be subject to a reduction as described in Paragraph 8, below.

6. **State Outside Counsel Manufacturers Fee Fund Availability and Calculation of Amount.**

a. The State Outside Counsel Manufacturers Fee Fund shall be available to compensate private outside counsel for Settling State Attorneys General for approved fees arising out of representation of the Settling State pursuant to the schedule attached to this agreement as Schedule I (the "Fee Schedule").
b. The Fee Schedule is intended to reflect the fee calculation in subparagraphs 6.c and d, below (the "Fee Calculation"). Subject to adjustments required by Paragraph 8, below, in the event of any discrepancy between the Fee Schedule and the Fee Calculation, the Fee Schedule shall control. Each Settling State, by becoming a Participating State in This Settlement Agreement, agrees that the Fee Schedule reflects the Fee Calculation and waives any right to contest the accuracy of the Fee Schedule, absent manifest error, the exclusion of a Settling State, or the inclusion of a Non-Settling State. The version of the Fee Schedule reflecting any necessary adjustments shall be the "Final Fee Schedule."
c. Except as provided in Paragraph d, below, fees shall be aggregated across the Multistate Manufacturer Settlement Agreements and be calculated by adding two components: (a) a fixed amount consisting of fifty percent (50%) of the amount of remediation funds allocated to a Settling State and its Subdivisions pursuant to the Multistate Manufacturer Settlement Agreements multiplied by 4.5% (or, if lower, the applicable contingency fee percentage in the Settling State's outside counsel contract); and (b) a proportional percentage of the remaining fee due under that Settling State's contract with its outside counsel assuming that fifty percent (50%) of the Settling State's recovery is allocable to a Settling State (rather than allocable to the Settling State's Participating Subdivisions) so that the fees of all eligible Settling States (minus the fixed amount that would have been allocated to any Non-Settling States had they become Settling States) exhausts the State Outside Counsel Manufacturers Fee Fund. The proportional share percentage will be the same for each Settling State

included in the State Outside Counsel Manufacturers Fee Fund. Except as set forth in Paragraph 6.c, fees shall be split proportionally among each Multistate Manufacturer Settlement Agreement, as set forth on the Fee Schedule.

d. Notwithstanding the foregoing, fees for the State of Oklahoma, if it becomes a Settling State under the Multistate Manufacturer Settlement Agreement with Allergan, shall be limited to Oklahoma's share of the State Outside Counsel Manufacturers Fee Fund derived from Allergan's Contribution. Oklahoma's share of the State Outside Counsel Manufacturers Fee Fund derived from Teva's Contribution shall be reallocated proportionally among the other Settling States eligible to receive payments from the State Outside Counsel Manufacturer Fee Fund.

e. All amounts paid will be less the following:

    1. Any costs or fees of the Fee Fund Administrator. The Fee Schedule reflects a holdback amount of $50,000 for such administrative expenses of the Fee Fund Administrator, the remainder of which shall be disbursed proportionally to States receiving monies from the State Outside Counsel Manufacturers Fee Fund at the conclusion of such administration.

7. **Payment by the Fee Fund Administrator.**

a. The Fee Fund Administrator shall hold the Contribution in escrow until the earlier of (1) both Multistate Manufacturer Settlement Agreements become effective or (2) when instructed by the Settling State Members of the Enforcement Committee.

b. Subject to eligibility pursuant to Paragraph 4, above, a Settling State's outside counsel may receive funds from the State Outside Counsel Manufacturers Fee Fund in the following scenarios ("Payment Scenarios"):

    1. The Settling State's outside counsel agrees that the amount listed for such state on the Final Fee Schedule either satisfies in full or exceeds the amounts owed to all such Settling State's outside counsel and such counsel has provided written notice waiving all entitlement to additional fee in respect of any Multistate Manufacturer Settlement Agreement.
    2. The Settling State and its outside counsel enter into a signed writing establishing the amount owed to the counsel, which includes an agreement on the payment of the amount listed for such state on the Final Fee Schedule and waives any right of the State or its outside counsel to additional amounts from the State Outside Counsel Manufacturers Fee Fund.
    3. A final judgment is entered that is no longer appealable, which judgement adjudicates the amount owed to the Settling State's counsel in respect of This Settlement Agreement and directs the Manufacturers Fee Fund Committee how to pay the amount listed on the Final Fee Schedule for such State.

If no Payment Scenario is applicable with respect to a Settling State, then the Settling State's share shall be placed in an interest-bearing escrow account (less reasonable expenses of the Fee Fund Administrator) and held unless and until a Payment Scenario is applicable.

c. Upon the applicability of a Payment Scenario 1 with respect to a Settling State, the Fee Fund Administrator shall pay that Settling State's outside counsel the amount identified on the Final Fee Schedule for such state or such lesser amount that satisfies the Settling State's obligation to its outside counsel in full. Any remaining allocation to such State shall be paid to the Settling State.

d. Upon the applicability of a Payment Scenario 2 or 3 with respect to a Settling State, the Fee Fund Administrator shall release monies from the State Outside Counsel Manufacturers Fee Fund in either the amount held by the Fee Fund Administrator, if the amount of the agreement or judgment is equal to or more than the amount held, or the amount indicated in the agreement or in the final judgment, if the amount in the agreement or judgment is less than the amount held.

e. Nothing herein, including the amounts listed in Paragraph 5 above or on any Fee Schedule, shall prevent a Settling State from arguing in any proceeding with its outside counsel that (i) its recovery was less than fifty percent (50%) of the recovery in the settlement agreement down to and including fifteen percent (15%) of the total recovery; (ii) any payment should be discounted by an appropriate discount rate commensurate to the risk of the settlement agreement and the timeline that the Settling State is receiving its payments; (iii) the settlement amount should be lower because the amount a Settling State receives was reduced because such Settling State's outside counsel failed to obtain joinder from a Settling State's Subdivision(s) that the outside counsel also represented; or (iv) any limitation placed by the Settling Manufacturer bars payment of a higher fee to outside counsel.

f. In the event the amount due to the Settling State's outside counsel from an escrow account is less than the total amount of funds escrowed on the account of the Settling State, the balance shall be paid to the Settling State. In no event, other than a State becoming a Non-Settling State, shall funds revert to a Manufacturer.

8. **Non-Settling States; Reversion and Redistribution.** Amounts owed by the Settling Manufacturer to the State Outside Counsel Manufacturers Fee Fund shall be reduced by amounts allocated to the fixed amount for such State under This Settlement Agreement in the event that a listed State becomes a Non-Settling State. The payments for the other Settling States reflected in the Fee Schedule shall be adjusted by the Fee Fund Administrator to reflect a recalculated proportional percentage under the Fee Calculation.

9. **Interpretation**.

a. This Agreement shall be an Exhibit to each Multistate Manufacturer Settlement Agreement and shall include the Fee Schedule setting forth the presumptive payment calculations for each eligible Settling State. By joining This Settlement Agreement, each State agrees on the presumptive accuracy of the Fee Schedule, absent manifest error, the inclusion of a Non-Settling State, or the exclusion of a Settling State.

b. It is the intent of all parties that the State Outside Counsel Manufacturers Fee Fund function in a similar manner, with similar calculations and mechanics, as the "State Outside Counsel Fee Fund" established in **Exhibit S** of that certain settlement agreement dated as of July 21, 2021 setting forth the terms of settlement between and among McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation, on the one hand, and certain settling states and certain participating subdivisions, on the other hand.

EXHIBIT T
Agreement on the Joint State Cost Fund

1. **Definitions**.

   a. "Opioids Defendant" means Teva, Allergan, or such other defendant in opioids-related litigation that enters into a Multistate Settlement after November 1, 2022, and "Opioids Defendants" means all of the foregoing.

   b. "Multistate Settlement" means this Settlement Agreement along with any other settlement of opioids-related claims among 30 or more states and an Opioids Defendant.

   c. "Settlement Agreement" means the settlement agreement between the Settling States and the Opioids Defendant to which this Agreement is attached as an Exhibit.

   d. "Settling Opioids Defendant" means the Opioids Defendant that is a party to the Settlement Agreement.

   e. "Settling States" has the meaning given such term in the Settlement Agreement.

2. **Creation of a State Cost Fund.** The Settling Opioids Defendant and the Settling States agree to the creation of a fund to pay costs and expenses associated with litigation and investigations related to the opioids litigation (such fund, the "State Cost Fund"). The State Cost Fund shall be administered separately from any other funds for the payment of attorneys fees or costs in connection with the Settlement Agreement, including any common benefit fund, contingency fee fund for subdivision counsel, subdivision cost fund, or MDL expense fund. However, the State Cost Fund shall be administered jointly with similar "State Cost Funds" created in other Multistate Settlements after November 1, 2022; any state cost funds jointly administered in this manner shall be referred to as the "Joint State Cost Fund." To the extent permissible and feasible, the Joint State Cost Fund may also be jointly administered with any fund for reimbursement of states' litigation and investigation costs established by a bankruptcy plan, including the Mallinckrodt bankruptcy plan, any plans that may emerge from the bankruptcies of Purdue and Endo, and any similar bankruptcies of opioids defendants. To the extent feasible, the Joint State Cost Fund may also be jointly administered with the State Cost Funds established pursuant to the Distributors Multistate Settlement and the Janssen Multistate Settlement.

3. **State Cost Fund Amount.** The Settling Opioids Defendant shall pay into the State Cost Fund in the amount listed on, and on the schedule set forth in, **Exhibit M** (the "Settling Opioids Defendant's Contribution") for the purpose paying States' costs and expenses associated with to the opioid litigation.

4. **Joint State Cost Fund Committee.** A committee of Attorneys General or their designated representatives (such committee, the "Joint State Cost Fund Committee") shall oversee the Joint State Cost Fund. The committee shall be appointed by the Settling State Members of the Enforcement Committee, who shall aim to (i) have equal representation between states that retained contingency fee outside counsel and states that did not retain contingency fee outside counsel with respect to opioids-related litigation, and (ii) maintain consistency of committee membership across state cost funds that compose the Joint State Cost Fund. The Settling State Members of the Enforcement Committee may by majority vote add to or change the composition of the Joint State Cost Fund Committee.

5. **Joint State Cost Fund Administrator.**

a. The Joint State Cost Fund Committee may select an administrator (the "Joint State Cost Fund Administrator"), who shall administer the Joint State Cost Fund and direct payments to Settling States according to the guidelines and directives of the Joint State Cost Fund Committee. While the expenses of the Joint State Cost Fund Administrator shall be reimbursable pursuant to the principles and guidelines listed below, the Joint State Cost Fund Administrator shall first rely on any separate funds that may be set aside for such purpose in any Multistate Settlement.

b. The Joint State Cost Fund Administrator shall be responsible, under the direction and supervision of the Joint State Cost Fund Committee, for receiving and reviewing applications for reimbursement from the Joint State Cost Fund. This may include the creation of an audit process to ensure the integrity of submissions, as well as reimbursement rules to incentivize accurate submissions.

6. **State Cost Fund Guidelines and Principles.**

a. Monies in the State Cost Fund shall be released without any delay to reimburse Settling States for documented costs incurred or paid in connection with litigation and investigation related to the opioid litigation.

b. In allocating the Joint State Cost Fund, the Joint State Cost Fund Committee shall seek to comply with the following principles:

1. Each State Cost Fund should be used to reimburse costs incurred by States that are Settling States in the Multistate Settlement from which funds are paid. (However, the foregoing sentence does not preclude a Non-Settling State that joins a separate Multistate Settlement from participating in the Joint State Cost Fund with respect to contributions made by other Opioids Defendants.)

2. Funds in any State Cost Fund shall be primarily used to reimburse

costs incurred prior to the date on which the relevant Multistate Settlement was first made available for participation to eligible States. Regardless of other factors considered in prioritizing payments, all costs incurred prior to January 1, 2023, shall be paid before any costs incurred after that date are paid.

3. The Joint State Cost Fund shall prioritize the reimbursement of the following over reimbursement of any State's litigation or investigation costs:

    - the reasonable costs of the Joint State Cost Fund Administrator;

    - repayment of National Association of Attorneys General grants made in connection with opioid investigations and litigation, without regard to when the grants were made;

    - repayment of state-attributable costs of any mediator in connection with negotiations of a Multistate Settlement;

4. The Joint State Cost Fund shall seek to prioritize costs in the following order:

    - litigation-related costs; then

    - investigation-related costs; then

    - settlement and negotiation related costs; then

    - cost shares.

5. Costs incurred by a State's outside counsel that the State is contractually obligated to reimburse shall be treated as costs incurred by a State.

6. As between similar categories of costs (e.g., defendant-specific litigation-related costs), the Joint State Cost Fund shall first reimburse costs incurred by a State's outside counsel that the State is contractually obligated to reimburse out of its recovery, and then reimburse costs directly incurred by States.

7. The Joint State Cost Fund shall be available to reimburse only those costs which have not yet been reimbursed to a State from any other source, including any other fund set aside in a Multistate Settlement or bankruptcy plan for the reimbursement of costs or any individual

state settlements.

8. The Joint State Cost Fund should not reimburse expenses that are expected to be reimbursed from another source, such as a bankruptcy debtor, unless such expected reimbursements do not come to fruition within a reasonable amount of time. This includes cost shares paid by states.

9. When coordinating among different state cost funds that each could be used to reimburse a given expense, the Joint State Cost Fund Committee may set guidelines to equitably distribute reimbursements across all state cost funds in a manner that prioritizes costs unlikely to be otherwise reimbursed to a similarly situated State.

10. The Joint State Cost Fund may deny reimbursement of costs, on either an individual basis or a categorical basis, that a supermajority (75%+) of the Joint State Cost Fund Committee determines to be unreasonable.

11. After all costs identified in the foregoing have been reimbursed, the remaining funds in the Joint State Cost Fund shall be distributed to states in proportion to their allocation of remediation payments in the Mallinckrodt bankruptcy plan. Such distribution shall be treated as a reimbursement for States' unenumerated costs of administering the Multistate Settlements and no subdivision shares shall be carved out of such disbursement, nor shall any attorney's fees be assessed against such distribution (unless individually agreed to by a State).

c. In applying the foregoing principles, the Joint State Cost Fund Committee shall have the discretion to vary their application in order to ensure equity among similarly situated states and to facilitate the ease and speed of administering the Joint State Cost Fund. The Joint State Cost Fund Committee may also apply percentages to approximate costs attributable to a particular Opioids Defendant (or categories of Opioids Defendants) in a manner that seeks to treat similarly situated states equitably.

d. The Joint State Cost Fund Committee shall establish guidelines for the submission and approval of expenses eligible for reimbursement from the Joint State Cost Fund, which guidelines may be coordinated and consolidated with any similar cost funds in other state opioid settlements for purposes of joint administration and efficiency.

e. Unless waived by the Joint State Cost Fund Committee, the Joint State Cost

Fund Administrator shall, in accordance with such guidelines, receive from Settling States records sufficient to demonstrate the incurrence and payment of each expense.

f. Where the Joint State Cost Fund Committee determines by a supermajority vote (75%+) that outside counsel for a Settling State has failed to exercise reasonable diligence in reviewing submitted costs for allowability, and such failure has resulted in the reimbursement of unallowed costs to such outside counsel, the Committee shall have the discretion to reduce or recover payments made to such outside counsel in an amount calculated to incentivize the exercise of reasonable diligence.

7. **State Undertakings.** Each State submitting for reimbursement of costs from the Joint State Cost Fund agrees:

a. to only submit costs allowable under this Joint State Cost Fund Agreement;

b. to provide all back-up documentation that may be requested with respect to any submitted cost and to make itself available for any questions related to such costs;

c. to exercise reasonable diligence to ensure that all submitted costs are allowable under (i) this Joint State Cost Fund Agreement, (ii) the State's contract with its outside counsel, if relevant, (iii) state law, and (iv) the policies and procedures applicable to the State's retention of outside counsel, if relevant; and

d. to promptly return any excess payments made to the State or its outside counsel from the Joint State Cost Fund, including payments made for costs that were reimbursed from another source or are not allowable hereunder.

"Releasors" does not include persons acting in an individual capacity, regardless of the type of relief sought. The inclusion of a specific reference to a type of entity in this definition shall not be construed as meaning that the entity is not a Subdivision. In addition to being a Releasor as provided herein, Participating Subdivisions and Participating Special Districts shall also provide a Settlement Participation Form providing for a release to the fullest extent of the Participating Subdivision's and Participating Special District's authority, which is attached as Exhibit K. Each Settling State's Attorney General represents that he or she has or has obtained (or will obtain no later than the Effective Date) the authority set forth in the Representation and Warranty subsection of Section V.

78. "*Revocation Event*" means with respect to a Bar, Settlement Class Resolution, or Case-Specific Resolution, a legislative amendment or a revocation, rescission,

If applicable state law requires that opt-out rights be afforded to members of the class, a class action resolution otherwise meeting the foregoing requirements shall qualify as a Settlement Class Resolution unless Subdivisions collectively representing more than 1% of the total population of all of that State's Subdivisions listed in Exhibit G opt out. In seeking certification of any Settlement Class, the applicable State and Participating Subdivisions shall make clear that certification is sought solely for settlement purposes and shall have no applicability beyond approval of the settlement for which certification is sought. Nothing in this Agreement constitutes an admission by any Party that class certification would be appropriate for litigation purposes in any case.

80. "*Settlement Fund*" means the interest-bearing fund established under the Agreement into which Annual Payments by Teva are made pursuant to Section VII. The Settlement Fund comprises the Abatement Accounts Fund, State Fund, and Subdivision Fund.

81. It shall also administer and distribute the Additional Restitution Amount pursuant to Section XIII. The duties of the Settlement Fund Administrator shall be governed by this Agreement. Prior to the Initial Participation Date, the Parties shall agree to selection and removal processes for and a detailed description of the Settlement Fund Administrator's duties all of which shall be appended to the Agreement as Exhibit L.

82. "*Settlement Fund Administrator Costs*" means any costs and fees associated with or arising out of the duties of the Settlement Fund Administrator with regard to Teva and Allergan's payments to the Settlement Fund as described in Exhibit L and

85. "*Settlement Payment Schedule*" means the schedule of payments attached to this Agreement as Exhibit M. Actual payment amounts are subject to adjustments consistent with this Agreement.

87. Special Districts do not include sub-entities of a State that provide general governance for a defined

[2] All such entities are found on the "Special District," "School District," and "DEP School District" tabs of the Census Bureau's 2017 Government Units Listing spreadsheet available at https://www2.census.gov/programs-surveys/gus/datasets/2017/govt_units_2017.ZIP.

91. "*State*" means any state of the United States of America, the District of Columbia, American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Additionally, the use of non-capitalized "state" to describe something (e.g., "state court") shall also be read to include parallel entities in commonwealths, territories, and the District of Columbia (e.g., "territorial court").

92. "*State Allocation Percentage*" means the allocation percentages for Eligible States as set forth in Exhibit F-2, which have been adjusted from the State Global Allocation Percentages to account for the Prior Settlements Credit.

93. "*State Cost Fund*" means the fund totaling $6,371,058.22 and described in Exhibit S.

94. "*State Global Allocation Percentage*" means the allocation percentages for all States as set forth in Exhibit F-1, which represents allocations before the Prior Settlements Credit is applied.

96. "*State Outside Counsel Fee Fund*" means the fund totaling $28,669,762.00 and described in Exhibit T.

    a. the Agreement and the Consent Judgment have been approved and entered by the Court as to Teva, including the release of all Released Claims against Released Entities as provided in this Agreement;

    b. for all lawsuits brought by the Settling State against Released Entities for Released Claims, either previously filed or filed as part of the entry of the Consent Judgment, the Court has stated in the Consent Judgment or otherwise entered an order finding that all Released Claims against Released Entities asserted in the lawsuit have been resolved by agreement; and

    c. (1) the time for appeal or to seek review of or permission to appeal from the approval and entry as described in subsection (a) hereof and entry of such order described in subsection (b) hereof has expired; or (2) in the event of an appeal, the appeal has been dismissed or denied, or the approval and entry described in (a) hereof and the order described in subsection (b) hereof have been affirmed in all material respects (to the extent challenged in the appeal) by the court of last resort to which such appeal has been taken and

such dismissal or affirmance has become no longer subject to further appeal (including, without limitation, review by the United States Supreme Court).

98. "*State-Subdivision Agreement*" means an agreement that a Settling State reaches with the Subdivisions in that State regarding the allocation, distribution, and/or use of funds allocated to that State and to Exhibit G Participants in that State. A State-Subdivision Agreement shall be effective if approved pursuant to the provisions of Exhibit O or if adopted by statute. Preexisting agreements addressing funds other than those allocated pursuant to this Agreement shall qualify if the approval requirements of Exhibit O are met. A State and its Subdivisions may revise, supplement, or refine a State-Subdivision Agreement if approved pursuant to the provisions of Exhibit O or if adopted by statute.

99. "*Statewide Payment Amount"* means the amount from an Annual Payment to be paid to a Settling State, its separate types of funds (if applicable), and its Exhibit G Participants.

100. "*Statutory Trust*" means a trust fund established by state law to receive funds allocated to a State's Abatement Accounts Fund and restrict their expenditure to Opioid Remediation purposes subject to reasonable administrative expenses. A State may give a Statutory Trust authority to allocate one or more of the three Settlement Funds, but this is not required.

101. "*Subdivision*" means (1) a formal and legally recognized sub-entity of a State that provides general governance for a defined area, such as a municipality, county, parish, city, town, incorporated township, village, borough, or any other entities that provide municipal-type government within a State, and (2) any person, official, or entity thereof acting in an official capacity on behalf of the Subdivision (including, without limitation, district attorneys, county attorneys, city attorneys, Sheriffs, and any other official, employee, or representative). Unless otherwise specified, "Subdivision" includes all functional counties and parishes and other functional levels of sub-entities of a State that provide general governance for a defined area. Historic, non-functioning sub-entities of a State (such as Connecticut counties) are not Subdivisions, unless the entity has filed a lawsuit that includes a Released Claim against a Released Entity in a direct, parens patriae, or any other capacity. For purposes of this Agreement, the term Subdivision does not include Special Districts.

102. "*Subdivision and Special District Allocation Percentage*" means for Subdivisions and Special Districts in a Settling State that are eligible to receive an allocation from the Subdivision Fund pursuant to subsection VIII.D or subsection VIII.E, the percentage as set forth in Exhibit G. The aggregate Subdivision and Special District Allocation Percentage of all Subdivisions and Special Districts receiving a Subdivision and Special District Allocation Percentage in each State shall equal 100%. Immediately upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary

redistribution allowed by subsection VIII.E.3) that addresses allocation from the Subdivision Fund, whether before or after the Initial Participation Date, Exhibit G will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3. The Subdivision and Special District Allocation Percentages contained in Exhibit G may not change once notice is distributed pursuant to subsection X.A, except upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3) that addresses allocation from the Subdivision Fund. For the avoidance of doubt, no Subdivision or Special District not listed on Exhibit G shall receive an allocation from the Subdivision Fund and no provision of this Agreement shall be interpreted to create such an entitlement.

103. "*Subdivision Fund*" means a component of the Settlement Fund described in subsection VIII.D.

104. "*Teva*" means (i) Teva Pharmaceutical Industries Ltd. and (ii) all of its respective past and present direct or indirect parents, subsidiaries, divisions, affiliates, joint ventures, predecessors, successors, assigns, including but not limited to Teva Pharmaceuticals USA, Inc., the Actavis Generic Entities, and Anda Inc.

105. "*Threshold Motion*" means a motion to dismiss or equivalent dispositive motion made at the outset of litigation under applicable procedure. A Threshold Motion must include as potential grounds for dismissal, any applicable Bar or the relevant release by a Settling State, Participating Subdivision, or Participating Special District provided under this Agreement and, where appropriate under applicable law, any applicable limitations defense.

II. Participation by States and Condition to Preliminary Agreement

A. *Notice to States*. On November 22, 2022, this Agreement shall be distributed to all Eligible States. The Eligible States' Attorneys General shall then have a period of thirty (30) days to decide whether to become Settling States. Eligible States will decide whether to become Settling States for both this Agreement and the Allergan Global Opioid Settlement Agreement, or decline participation in both settlements. If a State is only an Eligible State with respect to one of the Agreements, the State need only decide whether to become a Settling State with respect to the Agreement for which it is an Eligible State. States that determine to become Settling States shall so notify the Enforcement Committee and Teva within thirty (30) days after November 22, 2022, and shall further commit to obtaining any

necessary additional State releases prior to the Effective Date. This notice period for States may be extended by written agreement of Teva and the Enforcement Committee.

B. *Ineligible States.* Non-Settling States and Prior Settling States shall not be eligible for any payments or have any rights in connection with this Agreement, except for Subdivisions and Special Districts within Oklahoma as specified in Exhibit H.

C. *Condition to Preliminary Agreement*. Following the notice period to Eligible States set forth in subsection II.A above, Teva shall determine on or before the Preliminary Agreement Date whether, in its sole discretion enough States have agreed to become Settling States to proceed with notice to Subdivisions as set forth in Section X below. The determination to proceed shall be in the sole discretion of Teva and may be based on any criteria or factors deemed relevant by Teva. If Teva determines that this condition has been satisfied, and that notice to the Subdivisions should proceed, it will so notify the Settling States by providing notice to the Enforcement Committee on the Preliminary Agreement Date. If Teva determines that this condition has not been satisfied, it will so notify the Settling States by providing notice to the Enforcement Committee, and this Agreement will have no further effect and all releases and other commitments or obligations contained herein will be void other than Teva's funding of Implementation Costs incurred to date. The Preliminary Agreement Date may be extended by written agreement of Teva and the Enforcement Committee.

D. *Later Joinder by States*. After the Preliminary Agreement Date, an Eligible State may only become a Settling State with the consent of Teva, in its sole discretion. If a State becomes a Settling State more than thirty (30) days after the Preliminary Agreement Date, the Subdivisions and Special Districts in that State that become Participating Subdivisions and Participating Special Districts within ninety (90) days of the State becoming a Settling State shall be considered Initial Participating Subdivisions or Initial Participating Special Districts.

III. Cessation of Litigation Activities

A. Following the Preliminary Agreement Date, if Teva has determined to proceed with notice pursuant to subsection X.A, all Litigating States that intend to become Settling States and that are engaged in or have engaged in discovery and/or substantive motion practice ("*Active Litigation*") against a Released Entity shall make reasonable efforts to immediately cease litigation activity (e.g., written and document discovery, depositions, expert disclosures, and motion practice) against Teva, where feasible, or to minimize litigation activity by means of agreed deadline extensions and agreed postponement of depositions, document productions, and motion practice. Teva shall cooperate in such efforts. The obligations under this subsection do not extend past the Reference Date if Teva determines it is not going forward with the Agreement. This subsection III.A does not apply to Litigating States with a trial date within six (6) months of the Preliminary Agreement Date, though such Litigating States and Teva shall engage in good faith discussions regarding the potential cessation of litigation activity.

B. Following the execution of the Settlement Participation Form, attached as Exhibit K, indicating its intention to participate in the global settlement, a Litigating Subdivision

or Litigating Special District shall take reasonable steps to immediately cease all litigation activity (e.g., written and document discovery, depositions, expert disclosures, and motion practice) against Teva, where feasible, or minimize litigation activity by means of an agreed upon temporary "stay" of litigation and/or deadline extensions or postponement of litigation activity including depositions, document productions, and motion practice, unless the Litigating Subdivision or Litigating Special District reasonably concludes that it would be prejudiced by doing so. Teva shall cooperate in such efforts. The obligations under this subsection do not extend past the Reference Date if Teva determines it is not going forward with the settlement. This paragraph III.B does not apply to Litigating Subdivisions and Litigating Special Districts with a trial date within six (6) months of the Preliminary Agreement Date, though such Litigating Subdivisions and Litigating Special Districts and Teva shall engage in good faith discussions regarding the potential cessation of litigation activity.

C. Following the Reference Date, the Settling States shall endeavor to file Consent Judgments (the contents of which must be agreed upon with Teva) within thirty (30) days of the Reference Date. Participating Subdivisions and Participating Special Districts, as applicable, shall request dismissal of their actions with prejudice within fourteen (14) days of the Reference Date. The Settling States, Participating Subdivisions, and Participating Special Districts shall use best efforts to get Consent Judgments or orders of dismissal with prejudice, as applicable, entered promptly after filing.

IV. Injunctive Relief

A. *Entry of Injunctive Relief*. As part of the Consent Judgment, the Parties agree to the Injunctive Relief Terms attached as Exhibit P.

V. Release

A. *Scope*. As of the Effective Date, the Released Entities will be released and forever discharged from all of the Releasors' Released Claims. Each Settling State (for itself and its Releasors) and Participating Subdivision (for itself and its Releasors), and Participating Special District (for itself and its Releasors) will, on or before the Effective Date, absolutely, unconditionally, and irrevocably covenant not to bring, file, or claim, or to cause, assist in bringing, or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the Agreement are intended to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of each Settling State and its Attorney General to release Claims. The Release shall be a complete bar to any Released Claim.

B. *Claim Over and Non-Party Settlement*.

1. *Statement of Intent.* It is the intent of the Parties that:

   a. Released Entities should not seek contribution or indemnification (other than pursuant to an insurance contract) from other parties for their payment obligations under this Agreement;

   b. the payments made under this Agreement shall be the sole payments made by the Released Entities to the Releasors involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity);

   c. Claims by Releasors against non-Parties should not result in additional payments by Released Entities, whether through contribution, indemnification or any other means; and

   d. the Settlement meets the requirements of the Uniform Contribution Among Joint Tortfeasors Act and any similar state law or doctrine that reduces or discharges a released party's liability to any other parties. Any amounts payable by Teva pursuant to this Agreement, including but not limited to the Net Abatement Amount and any attorneys' fees, shall not be reduced or otherwise affected by any obligation by Teva to pay any contractual indemnity or agreed-to contribution amount to Allergan.

   The provisions of this subsection V.B are intended to be implemented consistent with these principles. This Agreement and the releases and dismissals provided for herein are made in good faith.

2. *Contribution/Indemnity Prohibited*. No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner, provided that a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

3. *Non-Party Settlement*. To the extent that, on or after the Reference Date, any Releasor enters into a Non-Party Settlement, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasor will include (or in the case of a Non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the Non-Party Settlement a prohibition on contribution or indemnity of any kind substantially equivalent to that required from Teva in subsection V.B.2, or a release from such Non-Released Entity in favor of the Released Entities (in a form equivalent to the releases contained in this Agreement) of any Claim Over. However, and notwithstanding

the foregoing, this provision shall not preclude Allergan from seeking indemnification under its agreement with Teva. The obligation to obtain the prohibition and/or release required by this subsection is a material term of this Agreement.

4. *Claim Over*. In the event that any Releasor obtains a judgment with respect to Non-Party Covered Conduct against a Non-Released Entity that does not contain a prohibition like that in subsection V.B.3, or any Releasor files a Non-Party Covered Conduct Claim against a Non-Released Entity in bankruptcy or a Releasor is prevented for any reason from obtaining a prohibition/release in a Non-Party Settlement as provided in subsection V.B.3, and such Non-Released Entity asserts a Claim Over against a Released Entity, that Releasor and Teva shall take the following actions to ensure that the Released Entities do not pay more with respect to Covered Conduct to Releasors or to Non-Released Entities than the amounts owed under this Agreement by Teva:

   a. Teva shall notify that Releasor of the Claim-Over within sixty (60) days of the assertion of the Claim-Over or sixty (60) days of the Effective Date of this Agreement, whichever is later;

   b. Teva and that Releasor shall meet and confer concerning the means to hold Released Entities harmless and ensure that it is not required to pay more with respect to Covered Conduct than the amounts owed by Teva under this Agreement;

   c. That Releasor and Teva shall take steps sufficient and permissible under the law of the State of the Releasor to hold Released Entities harmless from the Claim-Over and ensure Released Entities are not required to pay more with respect to Covered Conduct than the amounts owed by Teva under this Agreement. Such steps may include, where permissible:

      (i) Filing of motions to dismiss or such other appropriate motion by Teva or Released Entities, and supported by Releasors, in response to any Claim filed in litigation or arbitration;

      (ii) Reduction of that Releasor's Claim and any judgment it has obtained or may obtain against such Non-Released Entity by whatever amount or percentage is necessary to extinguish such Claim-Over under applicable law, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

      (iii) Placement into escrow of funds paid by the Non-Released Entities such that those funds are available to satisfy the Claim-Over;

      (iv) Return of monies paid by Teva to that Releasor under this Agreement to permit satisfaction of a judgment against or settlement with the Non-Released Entity to satisfy the Claim-Over;

(v) Payment of monies to Teva by that Releasor to ensure it is held harmless from such Claim-Over, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(vi) Credit to Teva under this Agreement to reduce the overall amounts to be paid under the Agreement such that it is held harmless from the Claim-Over; and

(vii) Such other actions as that Releasor and Teva may devise to hold Teva harmless from the Claim Over.

d. The actions of that Releasor and Teva taken pursuant to paragraph (c) must, in combination, ensure Teva is not required to pay more with respect to Covered Conduct than the amounts owed by Teva under this Agreement.

e. In the event of any dispute over the sufficiency of the actions taken pursuant to paragraph (c), that Releasor and Teva may seek review by the National Arbitration Panel, provided that, if the Parties agree, such dispute may be heard by the state Court where the relevant Consent Judgment was filed. The National Arbitration Panel shall have authority to require Releasors to implement a remedy that includes one or more of the actions specified in paragraph (c) sufficient to hold Released Entities fully harmless. In the event that the panel's actions do not result in Released Entities being held fully harmless, Teva shall have a Claim for breach of this Agreement by Releasors, with the remedy being payment of sufficient funds to hold Teva harmless from the Claim Over. For the avoidance of doubt, the prior sentence does not limit or eliminate any other remedy that Teva may have.

5. To the extent that the Claim Over is based on a contractual indemnity, the obligations under subsection V.B.4 shall extend solely to a Non-Party Covered Conduct Claim against a pharmacy, clinic, hospital or other purchaser or dispenser of Products, a manufacturer that sold Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. Teva shall notify the Settling States, to the extent permitted by applicable law, in the event that any of these types of Non-Released Entities asserts a Claim-Over arising out of contractual indemnity against it.

C. *General Release*. In connection with the releases provided for in the Agreement, each Settling State (for itself and its Releasors), Participating Subdivision and Participating Special District expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

> **General Release; extent.** A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her, would

have materially affected his or her settlement with the debtor or released party.

A Releasor may thereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Settling State (for itself and its Releasors), Participating Subdivision and Participating Special District hereby expressly waives and fully, finally, and forever settles, releases, and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Settling States' decision to enter into the Agreement, the Participating Subdivisions' decision to participate in the Agreement, or the Participating Special District's decision to participate in the Agreement.

D. *Res Judicata*. Nothing in the Agreement shall be deemed to reduce the scope of the res judicata or claim preclusive effect that the settlement memorialized in the Agreement, and/or any Consent Judgment or other judgment entered on the Agreement, gives rise to under applicable law.

E. *Representation and Warranty*. The signatories hereto on behalf of their respective Settling States, its Participating Subdivisions, and its Participating Special Districts expressly represent and warrant that they will obtain on or before the Effective Date (or have obtained) the authority to settle and release, to the maximum extent of the State's power, all Released Claims of (1) their respective Settling States; (2) any of the respective Settling State's past and present executive departments, state agencies, divisions, boards, commissions and instrumentalities with the regulatory authority to enforce state and federal controlled substances acts; (3) any of their respective Settling State's past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Covered Conduct seeking money (including abatement and/or remediation) or revocation of a pharmaceutical distribution license; (4) any Participating Subdivisions; and (5) any Participating Special District. For the purposes of clause (3) above, executive departments, agencies, divisions, boards, commissions, and instrumentalities are those that are under the executive authority or direct control of the State's Governor. Also, for the purposes of clause (3), a release from a State's Governor is sufficient to demonstrate that the appropriate releases have been obtained.

F. *Effectiveness*. The releases set forth in the Agreement shall not be impacted in any way by any dispute that exists, has existed, or may later exist between or among the Releasors. Nor shall such releases be impacted in any way by any current or future law, regulation, ordinance, or court or agency order limiting, seizing, or controlling the distribution or use of the Settlement Fund or any portion thereof, or by the enactment of future laws, or by any seizure of the Settlement Fund or any portion thereof.

G. *Cooperation*. Releasors (i) will not encourage any person or entity to bring or maintain any Released Claim against any Released Entity and (ii) will reasonably cooperate with and not oppose any effort by a Released Entity to secure the prompt dismissal of any and all Released Claims.

H. *Non-Released Claims.* Notwithstanding the foregoing or anything in the definition of Released Claims, the Agreement does not waive, release or limit any criminal liability, Claims for any outstanding liability under any tax or securities law, Claims against parties who are not Released Entities, Claims by private individuals, Claims for Medicaid rebates, Claims asserted, or that could be asserted, by any State or Subdivision, related to the causes of action in *In re: Generic Pharmaceuticals Pricing Antitrust Litigation*, in the United States District court for the District of Pennsylvania, MDL No. 2724, and any related action (such excluded claims include, but are not limited to, all antitrust claims and any claims related to any non-opioid generic drugs), and any claims arising under the Agreement for enforcement of the Agreement.

VI. Monetary Relief Overview and Maximum Payments

A. Excluding Teva's share of Implementation Costs and Settlement Fund Administrator Costs, there are four main categories of monetary payments:

1. *Annual Payments to the Settlement Fund*. These payments are generally addressed in Section VII. The maximum amount Teva shall pay in Annual Payments to the Settlement Fund is the Net Abatement Amount of $2,945,529,111.00, which reflects the application of the Prior Settlements Credit to the Global Settlement Abatement Amount. Annual Payments will be made over thirteen (13) years on the Payment Dates. The actual amount paid will depend on, among other things, the level of participation of Eligible States, their Subdivisions, and their Special Districts.

2. *Cash Conversion of Settlement Product*. These potential monetary payments are generally addressed in Section IX. The maximum monetary amount Teva shall pay for the cash conversion of Settlement Product is $240,000,000.00. Payments for cash conversion of Settlement Product will be made over twelve (12) years on the Payment Dates. The actual amount paid will depend on, among other things, the level of participation of Eligible States and the number of Settling States opting for cash conversion.

3. *Additional Restitution Amount*. These payments are generally addressed in Section XIII. The maximum amount Teva shall pay for the Additional Restitution Amount is $28,669,762.00. Payments for the Additional Restitution Amount will be made over six (6) years on the Payment Dates. The actual amount paid will depend on the number of Eligible States listed in Exhibit F-2 that become Settling States.

4. *Attorney Fee and Cost Payments*. These payments are generally addressed in Section XIV and Exhibits M, R, S and T. They consist of payments for the State Outside Counsel Fee Fund, the State Cost Fund, and the Attorney Fee and Cost Fund. These payments will be made over six (6) years on the Payment Dates. The maximum amount Teva shall pay into these funds is the Global Settlement Attorney Fee Amount of $366,335,847.76.

B. The aggregate maximum amount Teva shall pay for these for these payment categories is $3,580,534,720.76. This figure does not include costs related to injunctive relief and

document disclosure addressed in Exhibits P and V, Implementation Costs and Settlement Fund Administrator Costs addressed in this Agreement, or WAC value of Settlement Product.

C. *Settlement Fund Administrator and Implementation Costs*. If this Agreement becomes effective, Teva shall be responsible for one-third of the Implementation Costs. The full amount of the Implementation Costs shall be jointly advanced by Teva and Allergan. If this Agreement becomes effective, then Teva shall deduct from Teva's Initial Year Payment the difference between the excess amount it advanced for Implementation Costs and its one-third obligation for such costs. Settlement Fund Administrator Costs shall be paid out of interest accrued on the Settlement Fund. Should such interest prove insufficient to fully cover the costs, the remaining cost amounts shall be paid one-third by Teva, one-third by Allergan and one-third from the Settlement Fund through the disbursement of Teva's final Annual Payment.

VII. Annual Payments to Settlement Fund

A. Structure of Payments to Settlement Fund

1. All payments under this Section VII shall be made into the Settlement Fund, except that where specified, they shall be made into the Settlement Fund Escrow. The Settlement Fund shall be allocated and used only as specified in Section VIII.

2. Teva shall pay into the Settlement Fund the Net Abatement Amount consisting of $2,945,529,111.00 minus: (1) any offsets specified in subsection VII.C below; (2) any unearned Incentive Payments under subsection VII.E below; and (3) any adjustments under Section XII below.

3. The payments to the Settlement Fund shall be divided into Base Payments and Incentive Payments as provided in subsections VII.D and VII.E below and set out in Exhibit M-1.

B. Settlement Fund Payment Process

1. Except as otherwise provided in this Agreement, Teva shall make one Initial Year Payment (the first Annual Payment) and twelve (12) additional Annual Payments of equal installments of the Net Abatement Amount (after all applicable offsets) into the Settlement Fund. The Settlement Payment Schedule is set forth in Exhibit M. Annual Payments shall be made on the Payment Date, provided that the necessary wire instructions and W-9 form for the Settlement Fund are provided to Teva at least twenty-one (21) days before the relevant payment is due. If there is a delay in making a payment because wire instructions and/or a W-9 form were not provided at least twenty-one (21) days in advance of the Payment Date, then the Annual Payment will be made within twenty-one (21) days of both the wire instructions and W-9 form being provided.

2. The Initial Year Payment shall consist of only Base Payments (after all applicable offsets). The other twelve (12) Annual Payments shall each consist of Base

Payments (after all applicable offsets) and Incentive Payments (after all applicable offsets). The amount of the Initial Year Payment and each other Annual Payment, payable by Teva shall not exceed the maximum amounts allocated to each Payment Year in Exhibit M.

3. To determine each Annual Payment for Payment Year 2 forward, the Settlement Fund Administrator shall use the data in its records sixty (60) days prior to the Payment Date for each payment. Prior to the Effective Date, the Parties will include an exhibit to the Agreement setting forth in detail the process for the Settlement Fund Administrator obtaining relevant data and for distributing funds to Settling States and Exhibit G Participants consistent with the terms of this Agreement as quickly as practical.

4. The Settlement Fund Administrator shall determine the Annual Payment and the Statewide Payment Amount for each Settling State, consistent with the provisions in Exhibit L, by:

   a. determining, for each Settling State, the amount of Base Payments and Incentive Payments to which the State is entitled by applying the criteria in this Section;

   b. applying any reductions or offsets required by Sections VII and XII; and

   c. determining the total amount owed by Teva to all Settling States and Exhibit G Participants.

5. If, no later than fifty (50) days prior to the Payment Date for each payment for Payment Year 2 forward, Teva and the Enforcement Committee inform the Settlement Fund Administrator that they agree on the amount of the Annual Payment and the Statewide Payment Amount for each Settling State, Teva shall pay the agreed-upon Annual Payment amount on the Payment Date and the Settlement Fund Administrator shall treat those amounts as the determination described in subsection VII.B.4. If the Settlement Fund Administrator is not so informed, it shall give notice to Teva, the Settling States, and the Enforcement Committee of the amount of the Annual Payment, and the Statewide Payment Amount for each Settling State, following the determination described in subsection VII.B.4, and the following timeline shall apply:

   a. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, Teva, any Settling State or the Enforcement Committee may dispute, in writing, the calculation of the Annual Payment, or the Statewide Payment Amount for a Settling State. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Teva identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

b. Within twenty-one (21) days of the sending of a written notice of dispute, any affected party may submit a response, in writing, to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Teva identifying the basis for disagreement with the notice of dispute.

c. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute, and Teva shall pay the adjusted amount as the Annual Payment on the Payment Date. If a written response to the written notice of dispute is timely sent to the Settlement Fund Administrator, the Settlement Fund Administrator shall notify Teva of the preliminary amount to be paid, which shall be the greater of the amount originally calculated by the Settlement Fund Administrator or the amount that would be consistent with the notice of dispute, *provided, however* that in no circumstances shall the preliminary amount to be paid be higher than the maximum amount of Base Payments and Incentive Payments for that payment as set forth in Exhibit M. For the avoidance of doubt, a transfer of payments from the Settlement Fund Escrow for other Payment Years does not count toward determining whether the amount to be paid is higher than the maximum amount of Base Payments and Incentive Payments for that payment as set forth in Exhibit M.

d. The Settlement Fund Administrator shall place any disputed amount of the preliminary amount paid by Teva into the Settlement Fund Escrow and shall disburse any undisputed amount to each Settling State and its Exhibit G Participants.

6. If a Settling State informs the Settlement Fund Administrator that it and its Exhibit G Participants have reached consensus on the amount of its Statewide Payment Amount, determined pursuant to subsections VII.B.3 or VII.B.4, to be distributed to the Settling State, among its separate types of funds (if applicable), and among its Exhibit G Participants, the Settlement Administrator shall disburse the Statewide Payment Amount pursuant to the consensus distribution amounts provided by the Settling State. For a Settling States that does not so notify the Settlement Fund Administrator, the Settlement Fund Administrator shall allocate the Settling State's Statewide Payment Amount, pursuant to Section VII, among the separate types of funds for the Settling State (if applicable), and among its Exhibit G Participants using the following procedures:

a. As soon as possible for each payment and following the determination described in subsections VII.B.3 and VII.B.4, the Settlement Fund Administrator shall give notice to the relevant Settling States and their Exhibit G Participants of the amount to be received by each Settling State, the amount to be received by the separate types of funds for each Settling State (if applicable), and the amount to be received by each Settling State's Exhibit G Participants.

b. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, any Settling State or Exhibit G Participant may dispute, in

writing, the calculation of the amount to be received by a Settling State and/or its Exhibit G Participants. A dispute will be deemed invalid and disregarded if it challenges the allocations adopted by a State-Subdivision Agreement approved pursuant to the provisions of Exhibit O or by statute. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, any affected Settling State, and any affected Exhibit G Participant identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

c. Within twenty-one (21) days of the sending of a written notice of dispute, any affected Settling State or any affected Exhibit G Participant may submit a response, in writing, to the Settlement Fund Administrator, any affected Settling State and any affected Exhibit G Participant identifying the basis for disagreement with the notice of dispute.

d. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute.

e. The Settlement Fund Administrator shall place any disputed amount into the Settlement Fund Escrow and shall disburse any undisputed amount to the Settling State and its Exhibit G Participants.

7. Disputes described in this subsection (other than those for which no response is filed under subsections VII.B.5.c or VII.B.6.d) shall be resolved in accordance with the terms of Section XV.

8. The Settlement Fund Administrator may combine the disbursements of Annual Payments with disbursement of funds under other comparable opioid settlements. In determining when disbursements for each Annual Payment will be made, the Settlement Fund Administrator may take into account the timeline for the availability of disbursements under other comparable opioid settlements.

9. For the avoidance of doubt, Subdivisions and Special Districts not listed on Exhibit G shall not receive an allocation from the Subdivision Fund.

C. Offsets to Annual Payments to the Settlement Fund for Non-Settling States

1. An offset equal to the Net Abatement Amount of $2,945,529,111.00 times the State Allocation Percentage assigned to each Non-Settling State in Exhibit F-2 shall be deducted from the total amount to be paid by Teva to the Settlement Fund.

2. Non-Settling States shall not be eligible for any payments or have any rights in connection with this Agreement. Accordingly, the stated maximum dollar amounts of the Annual Payments specified in Exhibit M are reduced by the aggregate State Allocation Percentage of Non-Settling States as set forth in Exhibit F-2.

D. Base Payments

1. Teva shall make Base Payments into the Settlement Fund in an amount equal to 45% of the Net Abatement Amount of $2,945,529,111.00 minus any offsets for Non-Settling States specified in subsection VII.C.1. The maximum total for Base Payments is $1,325,488,100.00. The Base Payments will be paid in accordance with the Settlement Payment Schedule specified by Exhibit M-1, subject to potential offsets for Non-Settling States as provided in subsection VII.C.1.

2. The Base Payments will be allocated by Settling State proportionate to each Settling State's State Allocation Percentage in Exhibit F-2, adjusted for any Non-Settling State.

E. Incentive Abatement Payments

1. Teva shall make potential Incentive Payments totaling up to a maximum of 55% of the Net Abatement Amount of $2,945,529,111.00 for all Settling States with the actual amount depending on whether and the extent to which the criteria set forth below are met in each Settling State. The maximum total for Incentive Payments is $1,620,041,011.00.

2. The maximum total Incentive Payment for any Settling State shall be no more than the maximum total for Incentive Payments listed in subsection VII.E.1 times the Settling State's State Allocation Percentage specified in Exhibit F-2. Incentive Payments are state-specific, with each Settling State receiving an Incentive Payment based on the incentives for which it is eligible for that year under the criteria set forth below and any offset specified in Section XII.

3. The Incentive Payments shall be divided among four (4) categories, referred to as Incentives A–D. Incentives A–C will be due in installments over the twelve (12) Payment Years beginning with Payment Year 2, and Incentive D will be due in installments over ten (10) years beginning with Payment Year 4, as shown on Exhibit M-1. The total amount of Incentive Payments in an Annual Payment shall be the sum of the Incentive Payments for which individual Settling States are eligible for that Payment Year under the criteria set forth below. The Incentive Payments shall be made with respect to a specific Settling State based on its eligibility for that Payment Year under the criteria set forth below.

4. The maximum amount available for Incentive Payments, $1,620,041,011.00, is divided into two pools. The maximum amount of Incentive Payments for Incentives A-C shall be $1,413,853,973.00, which is 48% of the maximum Net Abatement Amount. A Settling State may be eligible for its full allocable share of this payment by either achieving Incentive A or by fully earning both Incentives B and C. The maximum amount of Incentive Payments for Incentive D shall be $206,187,038.00, which is 7% of the maximum Net Abatement Amount. (These figures represent maximum payments prior to being adjusted for any offsets and assumes every State is a Settling State and will satisfy the requirements specified below to earn its maximum incentive amount. The Incentive Payments will be paid in accordance

with the payment schedule in Exhibit M-1, subject to potential deductions as provided herein.) A Settling State qualifies to receive Incentive Payments in addition to Base Payments if it meets the incentive eligibility requirements specified below. Settling States may qualify for Incentive Payments in four ways. If a Settling State qualifies for Incentive A, it will become entitled to receive the maximum payment allocable to the State for Incentives A-C as stated in subsection VII.E.5. If a Settling State does not qualify for Incentive A, it can alternatively qualify for Incentive B and/or Incentive C. A Settling State can qualify for Incentive D regardless of whether it qualifies for another Incentive Payment.

5. *Incentive A: Full Participation or Fully Released Claims of Litigating Subdivisions, Litigating Special Districts, Non-Litigating Subdivisions with Population Greater Than 10,000, and Non-Litigating Covered Special Districts*.

   a. A Settling State's total potential Incentive A payment allocation is $1,413,853,973.00 times the percentage allocation assigned that Settling State in Exhibit F-2.

   b. A State qualifies for Incentive A by: (1) complete participation in the form of releases consistent with Section V above from all Litigating Subdivisions, Litigating Special Districts, and Subdivisions with a population of 10,000 or more, and Non-Litigating Covered Special Districts; (2) a Bar; or (3) a combination of approaches in clauses (1)-(2) that achieves the same level of resolution of Subdivision and Special District Claims (e.g., a law barring future litigation combined with full joinder by Litigating Subdivisions and Litigating Special Districts). For purposes of Incentive A, a Subdivision or Special District is considered a "Litigating Subdivision" or "Litigating Special District" if it has brought Released Claims against Released Entities on or before the Reference Date; all other Subdivisions and Special Districts are considered "Non-Litigating." For purposes of Incentive A, Non-Litigating Covered Special Districts shall not include a Special District with any of the following words or phrases in its name: mosquito, pest, insect, spray, vector, animal, air quality, air pollution, clean air, coastal water, tuberculosis, and sanitary.

   c. If a Settling State qualifies for Incentive A after receiving an Incentive Payment under Incentives B or C, described below, the Settling State's payments under Incentive A will equal the remainder of its total potential Incentive A payments less any payments previously received under Incentives B or C. A Settling State that receives all of its total potential Incentive A payment allocation shall not receive additional Incentive Payments under Incentives B or C.

   d. A Settling State that is not eligible for Incentive A as of two (2) years after the Effective Date shall not be eligible for Incentive A for that Payment Year or any subsequent Payment Years.

6. *Incentive B: Early Participation or Released Claims by Litigating Subdivisions and Litigating Special Districts.*

a. If a Settling State does not qualify for Incentive A, it may still qualify to receive up to 60% of its total potential Incentive A payment allocation under Incentive B.

b. A Settling State can qualify for an Incentive B payment if Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population are either Participating Subdivisions, Participating Special Districts, or have their claims resolved through Case-Specific Resolutions.

(i) A Settling State's litigating population is the sum of the population of all Litigating Subdivisions and Litigating Special Districts. A Settling State's litigating population shall include all Litigating Subdivisions and Litigating Special Districts whose populations overlap in whole or in part with other Litigating Subdivisions and Litigating Special Districts, for instance in the case of a Litigating Special District, city, or township contained within a county.

(ii) For example, if School District A is a Litigating Special District in City B with a population of 1, City B is itself a Litigating Subdivision with a population of 8, and City B is located within County C, and County C is a Litigating Subdivision with a population 10, then each of their individual populations shall be added together (i.e., 1 + 8 +10) to determine the total litigating population (i.e., 19).

c. The following time periods apply to Incentive B payments:

(i) Period 1: Zero to two hundred ten (210) days after the Effective Date.

(ii) Period 2: Two hundred eleven (211) days to one year after the Effective Date.

(iii) Period 3: One year and one day to two years after the Effective Date.

d. Within Period 1: If Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of a Settling State's litigating population are Participating Subdivisions or Participating Special Districts, or have their Claims resolved through Case-Specific Resolutions during Period 1, then a sliding scale will determine the share of the funds available under Incentive B, with a maximum of 60% of the Settling State's total potential Incentive Payment allocation available. Under that sliding scale, if Litigating Subdivisions and Litigating Special Districts collectively representing 75% of a Settling State's litigating population become

Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status by the end of Period 1, a Settling State will receive 50% of the total amount available to it under Incentive B. If more Litigating Subdivisions and Litigating Special Districts become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status, the Settling State shall receive an increased percentage of the total amount available to it under Incentive B as shown in the table below.

Participation or Case-Specific Resolution Levels (As percentage of litigating population)	**Incentive B Award** (As percentage of total amount available to Settling State for Incentive B)
75%	50%
76%	52%
77%	54%
78%	56%
79%	58%
80%	60%
85%	70%
90%	80%
95%	90%
100%	100%

e. Within Period 2: If a Settling State did not qualify for an Incentive B payment in Period 1 but Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status by the end of Period 2, then the Settling State qualifies for 75% of the Incentive B payment it would have qualified for in Period 1.

f. Within Period 3: If a Settling State did not qualify for an Incentive B payment in Periods 1 or 2, but Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population become Participating Subdivisions or Participating Special Districts, or achieve Case-Specific Resolution status by the end of Period 3, then the Settling State qualifies for 50% of the Incentive B payment it would have qualified for in Period 1.

g. A Settling State that receives the Incentive B payment for Periods 1 and/or 2 can receive additional payments if it secures participation from additional Litigating Subdivisions and/or Litigating Special Districts (or Case-Specific Resolutions of their Claims) during Periods 2 and/or 3. Those additional payments would equal 75% (for additional participation or Case-Specific Resolutions during Period 2) and 50% (for additional participation or Case-Specific Resolutions during Period 3) of the amount by which the increased

litigating population levels would have increased the Settling State's Incentive B payment if they had been achieved in Period 1.

h. The percentage of the available Incentive B amount for which a Settling State is eligible by the end of Period 3 shall cap its eligibility for that Payment Year and all subsequent Payment Years. If Litigating Subdivisions and Litigating Special Districts that have become Participating Subdivisions or Participating Special Districts, or achieved Case-Specific Resolution status collectively represent less than 75% of a Settling State's litigating population by the end of Period 3, the Settling State shall not receive any Incentive B payment.

i. If there are no Litigating Subdivisions or Litigating Special Districts in a Settling State, and that Settling State is otherwise eligible for Incentive B, that Settling State will receive its full allocable share of Incentive B.

j. Incentives earned under Incentive B shall accrue after each of Periods 1, 2, and 3. Calculations to increase Incentive Payments in later periods based on additional joinder shall not reduce any amount already vested at the end of a prior period.

7. *Incentive C: Participation or Release of Claims by Primary Subdivisions*

a. If a Settling State does not qualify for Incentive A, it may still qualify to receive up to 40% of its total potential Incentive A payment allocation under Incentive C, which has two parts.

b. Part 1: Under Incentive C, Part 1, a Settling State can receive up to 75% of its Incentive C allocation. A Settling State can qualify for a payment under Incentive C, Part 1 only if Primary Subdivisions (whether Litigating Primary Subdivisions or Non-Litigating Primary Subdivisions as of the Reference Date) collectively representing at least 60% of the Settling State's Primary Subdivision population become Participating Subdivisions or achieve Case-Specific Resolution status.

(i) A Settling State's Primary Subdivision population is the sum of the population of all Primary Subdivisions (whether Litigating Primary Subdivisions or Non-Litigating Primary Subdivisions as of the Reference Date). A Settling State's Primary Subdivision population shall include all Primary Subdivisions whose populations overlap in whole or in part with other Primary Subdivisions, for instance in the case of a Primary Subdivision that is a city contained within a Primary Subdivision that is a county. Because Primary Subdivisions include Subdivisions whose populations overlap in whole or in part with other Subdivisions, the Settling State's Primary Subdivision population may be greater than the Settling State's total population. (Special Districts are not relevant for purposes of Incentive C calculations.)

(ii) For example, if City A is a Primary Subdivision with a population of 1 within County B, and County B is a Primary Subdivision with a population of 10, then each of their individual populations shall be added together (i.e., 1+10) to determine the total Primary Subdivision population (i.e., 11).

c. A sliding scale will determine the share of the funds available under Incentive C, Part 1 to Settling States meeting the minimum 60% threshold. Under that sliding scale, if a Settling State secures participation or Case-Specific Resolutions from Primary Subdivisions representing 60% of its total Primary Subdivision population, it will receive 40% of the total amount potentially available to it under Incentive C, Part 1. If a Settling State secures participation or Case-Specific Resolutions from Primary Subdivisions representing more than 60% of its Primary Subdivision population, the Settling State shall be entitled to receive a higher percentage of the total amount potentially available to it under Incentive C, Part 1, on the scale shown in the table below. If there are no Primary Subdivisions, and that Settling State is otherwise eligible for Incentive C, that Settling State will receive its full allocable share of Incentive C, Part 1.

Participation or Case-Specific Resolution Levels (As percentage of total Primary Subdivision population)	**Incentive C, Part 1 Award** (As percentage of total amount available to Settling State for Incentive C, Part 1)
60%	40%
70%	45%
80%	50%
85%	55%
90%	60%
91%	65%
92%	70%
93%	80%
94%	90%
95%	100%

d. Part 2: If a Settling State qualifies to receive an incentive under Incentive C, Part 1, the Settling State can also qualify to receive an additional incentive amount equal to 25% of its total potential Incentive C allocation by securing 100% participation of the ten (10) largest Subdivisions by population in the Settling State. (Special Districts are not relevant for purposes of this calculation.) If a Settling State does not qualify for any amount under Incentive C, Part 1, it cannot qualify for Incentive C, Part 2.

e. Incentives earned under Incentive C shall accrue on an annual basis up to three years after the Effective Date. At one, two, and three years after the Effective Date, the Settlement Fund Administrator will conduct a lookback to assess which Subdivisions had agreed to participate or had their Claim

resolved through a Case-Specific Resolution that year. Based on the look-back, the Settlement Fund Administrator will calculate the incentives accrued under Incentive C for the year. The percentage of the available Incentive C amount, for both Part 1 and Part 2, for which a Settling State is eligible three years after the Effective Date shall cap its eligibility for that Payment Year and all subsequent Payment Years.

8. *Incentive D: No Qualifying Lawsuits Surviving Threshold Motions at Two Look-Back Dates.*

a. A Settling State's total potential Incentive D payment allocation is $206,187,038.00 times the percentage allocation assigned that Settling State in Exhibit F-2.

b. If, at any time within five and one-half (5.5) years of the Preliminary Agreement Date, any Subdivision or Special District within a Settling State files litigation pursuing Released Claims against any Released Entity (a "*Qualifying Lawsuit*"), then Teva shall, within thirty (30) days of Teva or any Released Entity being served or otherwise informed of the prosecution of such Released Claims, provide notice to the Settling State in which such Released Claims are being pursued and shall give the relevant Settling State a reasonable opportunity to extinguish the Released Claims without any payment or any other obligations being imposed upon any Released Entities (apart from the Global Settlement Amount payable by Teva under the Agreement or the Injunctive Relief Terms incurred by it). The relevant Settling State and Teva shall confer and use reasonable efforts to promptly resolve a Qualifying Lawsuit so that it is dismissed with prejudice. Nothing in this subsection creates an obligation for a Settling State to make a monetary payment or incur any other obligation to an entity filing a Qualifying Lawsuit.

c. Part 1: Under Incentive D, Part 1, a Settling State shall receive 50% of its total potential Incentive D payment allocation if, at two years after the Effective Date (the "*First Look-Back Date*"), there are no pending Released Claims from a Qualifying Lawsuit that survived a Threshold Motion within the Settling State against any Released Entities.

(i) After the First Look-Back Date, a Settling State can become re-eligible for Incentive Payment D, Part 1 if the lawsuit that survived a Threshold Motion is dismissed pursuant to a later motion on grounds included in the Threshold Motion, in which case the Settling State shall become eligible for Incentive Payment D less any litigation fees and cost incurred by the Released Entity in the interim, except that if the dismissal motion occurs after the

completion of opening statements in such action, the Settling State shall not be eligible for Incentive Payment D.

d. Part 2: Under Incentive D, Part 2, a Settling State shall receive 50% of its total potential Incentive D payment allocation if, at five and one-half (5.5) years after the Preliminary Agreement Date (the "*Second Look-Back* Date"), there are no pending Released Claims from a Qualifying Lawsuit that survived a Threshold Motion within the Settling State against any Released Entities.

VIII. Allocation and Use of Settlement Funds

A. *Components of Settlement Fund*. The Settlement Fund shall be comprised of an Abatement Accounts Fund, a State Fund, and a Subdivision Fund for each Settling State. The payments under Section VI into the Settlement Fund shall be initially allocated among those three (3) sub-funds and distributed and used as provided below or as provided for by a State-Subdivision Agreement (or other State-specific allocation of funds). Unless otherwise specified herein, payments placed into the Settlement Fund do not revert back to Teva.

B. *Use of Settlement Payments*. It is the intent of the Parties that the payments disbursed from the Settlement Fund to Settling States and Exhibit G Participants be for Opioid Remediation, subject to limited exceptions that must be documented in accordance with subsection VIII.C. In no event may less than 85% of Teva's payments pursuant to subsection VI.A.1–4 over the entirety of all Payment Years (but not any single Payment Year) be spent on Opioid Remediation.

C. While disfavored by the Parties, a Settling State or Exhibit G Participant may use monies from the Settlement Fund (that have not been restricted by this Agreement solely to future Opioid Remediation) for purposes that do not qualify as Opioid Remediation. If, at any time, a Settling State or Exhibit G Participant uses any monies from the Settlement Fund for a purpose that does not qualify as Opioid Remediation, such Settling State or Exhibit G Participant shall identify such amounts and report to the Settlement Fund Administrator and Teva how such funds were used, including if used to pay attorneys' fees, investigation costs, litigation costs, or costs related to the operation and enforcement of this Agreement. It is the intent of the Parties that the reporting under this subsection VIII.C shall be available to the public. For the avoidance of doubt, (a) any amounts not identified under this subsection VIII.C as used to pay attorneys' fees, investigation costs, or litigation costs shall be included in the "Compensatory Restitution Amount" for purposes of subsection VIII.G and (b) Participating Subdivisions not listed on Exhibit G or Participating Special Districts that receive monies from the Settlement Fund indirectly may only use such monies from the Settlement Fund for purposes that qualify as Opioid Remediation.

D. *Allocation of Settlement Fund.* The allocation of the Settlement Fund allows for different approaches to be taken in different states, such as through a State-Subdivision Agreement. Given the uniqueness of States and their Subdivisions, Settling States and Participating Subdivisions are encouraged to enter into State-Subdivision Agreements in order to direct the allocation of their portion of the Settlement Fund. As set out below, the Settlement Fund Administrator will make an initial allocation to three (3) state-level sub-funds. The

Settlement Fund Administrator will then, for each Settling State and its Exhibit G Participants, apply the terms of this Agreement and any relevant State-Subdivision Agreement, Statutory Trust, Allocation Statute, or voluntary redistribution of funds as set out below before disbursing the funds.

1. Base Payments. The Settlement Fund Administrator will allocate Base Payments under subsection VII.D among the Settling States in proportion to their respective State Allocation Percentages. Base Payments for each Settling State will then be allocated 15% to its State Fund, 70% to its Abatement Accounts Fund, and 15% to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in subsection VIII.E.

2. Incentive Payments. The Settlement Fund Administrator will treat Incentive Payments under subsection VII.E on a State-specific basis. Incentive payments for which a Settling State is eligible under subsection VII.E will be allocated 15% to its State Fund, 70% to its Abatement Accounts Fund, and 15% to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in subsection VIII.E.

3. Application of Adjustments. If any offset under Section XII applies with respect to a Settling State, the offset shall be applied proportionally to all amounts that would otherwise be apportioned and distributed to the State Fund, the Abatement Accounts Fund, and the Subdivision Fund for that State.

4. Settlement Fund Administrator. Prior to the Initial Participation Date, Teva and the Enforcement Committee will agree to a detailed mechanism consistent with the foregoing for the Settlement Fund Administrator to follow in allocating, apportioning, and distributing payments, which shall be appended hereto as Exhibit L.

E. *Settlement Fund Reallocation and Distribution*. As set forth below, within a particular Settling State's account, amounts contained in the Settlement Fund sub-funds may be reallocated and distributed per a State-Subdivision Agreement or other means. If the apportionment of amounts is not addressed and controlled under subsections VIII.E.1–2, then the default provisions of subsection VIII.E.4 apply. It is not necessary that a State-Subdivision Agreement or other means of allocating funds pursuant to subsections VIII.E.1–2 address all of the Settlement Fund sub-funds. For example, a Statutory Trust might only address disbursements from a Settling State's Abatement Accounts Fund.

1. Distribution by State-Subdivision Agreement. If a Settling State has a State-Subdivision Agreement, amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VIII.D shall be reallocated and distributed as provided by that agreement. Any State-Subdivision Agreement entered into or amended after July 26, 2022 shall be applied only if it requires: (1) that all amounts be used for Opioid Remediation except as allowed by subsection VIII.C, and (2) that at least 70% of amounts be used solely for future Opioid Remediation (references to "future Opioid Remediation" include amounts paid to satisfy any future demand by another governmental entity to make a

required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms). For a State-Subdivision Agreement to be applied to the relevant portion of an Annual Payment, notice must be provided to Teva and the Settlement Fund Administrator at least sixty (60) days prior to the Payment Date.

2. Distribution by Allocation Statute. If a Settling State has an Allocation Statute and/or a Statutory Trust that addresses allocation or distribution of amounts apportioned to such State's State Fund, Abatement Accounts Fund, and/or Subdivision Fund and that, to the extent any or all such sub-funds are addressed, requires (1) all amounts to be used for Opioid Remediation except as allowed by subsection VIII.C, and (2) at least 70% of all amounts to be used solely for future Opioid Remediation, then, to the extent allocation or distribution is addressed, the amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VIII.D shall be allocated and distributed as addressed and provided by the applicable Allocation Statute or Statutory Trust. For the avoidance of doubt, an Allocation Statute or Statutory Trust need not address all three (3) sub-funds that comprise the Settlement Fund, and if the applicable Allocation Statute or Statutory Trust does not address distribution of all or some of these three (3) sub-funds, the applicable Allocation Statute or Statutory Trust does not replace the default provisions in subsection VIII.E.4 of any such unaddressed fund. For example, if an Allocation Statute or Statutory Trust that meets the requirements of this subsection VIII.E only addresses funds restricted to abatement, then the default provisions in this Agreement concerning allocation among the three (3) sub-funds comprising the Settlement Fund and the distribution of the State Fund and Subdivision Fund for that State would still apply, while the distribution of the applicable State's Abatement Accounts Fund would be governed by the qualifying Allocation Statute or Statutory Trust.

3. Voluntary Redistribution. A Settling State may choose to reallocate all or a portion of its State Fund to its Abatement Accounts Fund. An Exhibit G Participant may choose to reallocate all or a portion of its allocation from the Subdivision Fund to the State's Abatement Accounts Fund or to another Participating Subdivision or Participating Special District. The Settlement Fund Administrator is not required to honor voluntary redistribution for which notice is provided to it less than sixty (60) days prior to the Payment Date.

4. Distribution in the Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. If subsections VIII.E.1–2 do not apply, and subject to any voluntary redistribution pursuant to subsection VIII.E.3, amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VII.D shall be distributed as follows:

   a. Amounts apportioned to that State's State Fund shall be distributed to that State.

   b. Amounts apportioned to that State's Abatement Accounts Fund shall be distributed consistent with subsection VIII.F. Each Settling State shall

submit to the Settlement Fund Administrator a designation of a lead state agency or other entity to serve as the single point of contact for that Settling State's funding requests from the Abatement Accounts Fund and other communications with the Settlement Fund Administrator. The designation of an individual entity is for administrative purposes only and such designation shall not limit funding to such entity or even require that such entity receive funds from this Agreement. The designated entity shall be the only entity authorized to request funds from the Settlement Fund Administrator to be disbursed from that Settling State's Abatement Accounts Fund. If a Settling State has established a Statutory Trust, then that Settling State's single point of contact may direct the Settlement Fund Administrator to release the State's Abatement Accounts Fund to the Statutory Trust.

c. Amounts apportioned to that State's Subdivision Fund shall be distributed to Participating Subdivisions in that State listed on Exhibit G per the Subdivision Allocation Percentage listed in Exhibit G. Subsection X.I shall govern amounts that would otherwise be distributed to Non-Participating Subdivisions listed in Exhibit G.

d. Special Districts shall not be allocated funds from the Subdivision Fund, except through a voluntary redistribution allowed by subsection VIII.E.3. A Settling State may allocate funds from its State Fund or Abatement Accounts Fund for Special Districts.

5. Restrictions on Distribution. No amounts may be distributed from the Subdivision Fund contrary to Section X, *i.e.*, no amounts may be distributed directly to Non-Participating Subdivisions or to Later Participating Subdivisions in excess of what is permissible under subsection X.E. Amounts allocated to the Subdivision Fund that cannot be distributed by virtue of the preceding sentence shall be distributed into the sub-account in the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement described in subsection VIII.E.1 or by an Allocation Statute or a Statutory Trust described in subsection VIII.E.2.

F. *Provisions Regarding Abatement Accounts Fund.*

1. State-Subdivision Agreement, Allocation Statute, and Statutory Trust Fund Provisions. A State-Subdivision Agreement, Allocation Statute, or Statutory Trust may govern the operation and use of amounts in that State's Abatement Accounts Fund so long as it complies with the requirements of subsections VIII.E.1 or VIII.E.2 as applicable, and all direct payments to Subdivisions comply with subsections X.E–H.

2. Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. In the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust that addresses distribution, the Abatement Accounts Fund will be used solely

for future Opioid Remediation and the following shall apply with respect to a Settling State:

a. *Regional Remediation.*

(i) At least 50% of distributions for remediation from a State's Abatement Accounts Fund shall be annually allocated and tracked to the regional level. A Settling State may allow the Advisory Committee established pursuant to subsection VIII.F.2.d to define its regions and assign regional allocations percentages. Otherwise, a Settling State shall (1) define its initial regions, which shall consist of one (1) or more Subdivisions and which shall be designated by the State agency with primary responsibility for substance abuse disorder services employing, to the maximum extent practical, existing regions established in that State for opioid abuse treatment or other public health purposes; and (2) assign initial regional allocation percentages to the regions based on the Subdivision Allocation Percentages in Exhibit G and an assumption that all Subdivisions listed on Exhibit G will become Participating Subdivisions.

(ii) This minimum regional expenditure percentage is calculated on the Settling State's initial Abatement Accounts Fund allocation and does not include any additional amounts a Settling State has directed to its Abatement Accounts Fund from its State Fund, or any other amounts directed to the fund. A Settling State may dedicate more than 50% of its Abatement Accounts Fund to the regional expenditure and may annually adjust the percentage of its Abatement Accounts Fund dedicated to regional expenditures as long as the percentage remains above the minimum amount.

(iii) The Settling State (1) has the authority to adjust the definition of the regions, and (2) may annually revise the percentages allocated to each region to reflect the number of Subdivisions in each region that are Non-Participating Subdivisions.

b. *Subdivision Block Grants*. Certain Subdivisions listed on Exhibit G shall be eligible to receive regional allocation funds in the form of a block grant for future Opioid Remediation. A Participating Subdivision listed on Exhibit G eligible for block grants is a county or parish (or in the case of States that do not have counties or parishes that function as political subdivisions, a city) that (1) does not contain a Litigating Subdivision or a Later Litigating Subdivision for which it has the authority to end the litigation through a release, Bar, or other action; (2) either (i) has a population of 400,000 or more or (ii) in the case of California has a population of 750,000 or more; and (3) has funded or otherwise managed an established health care or treatment infrastructure (e.g., health department or similar agency). Each

Subdivision listed on Exhibit G eligible to receive block grants shall be assigned its own region.

c. *Small States*. Notwithstanding the provisions of subsection VIII.F.2.a, Settling States with populations under four (4) million that do not have existing regions described in subsection VIII.F.2.a shall not be required to establish regions. However, such a Settling State that contains one (1) or more Subdivisions listed on Exhibit G eligible for block grants under subsection VIII.F.2.b shall be divided regionally so that each block-grant eligible Subdivision listed on Exhibit G is a region and the remainder of the State is a region.

d. *Advisory Committee*. The Settling State shall designate an Opioid Settlement Remediation Advisory Committee (the "*Advisory Committee*") to provide input and recommendations regarding remediation spending from that Settling State's Abatement Accounts Fund. A Settling State may elect to use an existing advisory committee or similar entity (created outside of a State-Subdivision Agreement or Allocation Statute); *provided, however*, the Advisory Committee or similar entity shall meet the following requirements:

(i) Written guidelines that establish the formation and composition of the Advisory Committee, terms of service for members, contingency for removal or resignation of members, a schedule of meetings, and any other administrative details;

(ii) Composition that includes at least an equal number of local representatives as state representatives;

(iii) A process for receiving input from Subdivisions and other communities regarding how the opioid crisis is affecting their communities, their abatement needs, and proposals for abatement strategies and responses; and

(iv) A process by which Advisory Committee recommendations for expenditures for Opioid Remediation will be made to and considered by the appropriate state agencies.

3. Abatement Accounts Fund Reporting. The Settlement Fund Administrator shall track and assist in the report of remediation disbursements as agreed to among the Parties.

G. *Nature of Payment.* Teva, the Settling States, the Participating Subdivisions, and the Participating Special Districts, acknowledge and agree that notwithstanding anything to the contrary in this Agreement, including, but not limited to, the scope of the Released Claims:

1. Teva has entered into this Agreement to avoid the delay, expense, inconvenience, and uncertainty of further litigation;

2. The Settling States, the Participating Subdivisions, and the Participating Special Districts sought compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) as damages for the Alleged Harms allegedly suffered by the Settling States, Participating Subdivisions and Participating Special Districts;

3. By executing this Agreement the Settling States, the Participating Subdivisions, and the Participating Special Districts certify that: (a) the Compensatory Restitution Amount is no greater than the amount, in the aggregate, of the Alleged Harms allegedly suffered by the Settling States, Participating Subdivisions and Participating Special Districts; and (b) the portion of the Compensatory Restitution Amount received by each Settling State, Participating Subdivision or Participating Special Districts is no greater than the amount of the Alleged Harms allegedly suffered by such Settling State, Participating Subdivision or Participating Special Districts;

4. The payment of the Compensatory Restitution Amount by Teva constitutes, and is paid for, compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) for alleged damage or harm (as compensation for alleged damage or harm arising out of alleged bodily injury) allegedly caused by Teva;

5. The Compensatory Restitution Amount is being paid as compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) in order to restore, in whole or in part, the Settling States, Participating Subdivisions and Participating Special Districts to the same position or condition that they would be in had the Settling States, Participating Subdivisions and Participating Special Districts not suffered the Alleged Harms;

6. No portion of the Compensatory Restitution Amount represents reimbursement to any Settling State, Participating Subdivision, Participating Special District, or other person or entity for the costs of any investigation or litigation. The entire Compensatory Restitution Amount is properly characterized as described in subsection VIII.G. No portion of the Compensatory Restitution Amount constitutes disgorgement or is properly characterized as the payment of statutory or other fines, penalties, punitive damages, other punitive assessments, or attorneys' fees; and

7. The Designated State, on behalf of all Settling States, Participating Subdivisions, and Participating Special Districts (the "Form 1098-F Filer") shall complete and file Form 1098-F with the Internal Revenue Service on or before February 28 (March 31 if filed electronically) of the year following the calendar year in which the order entering this Agreement becomes binding. On the Form 1098-F, the Form 1098-F Filer shall identify the entire Compensatory Restitution Amount received by the Form 1098-F Filer as remediation/restitution, including the provision of Settlement Product set out in Section IX below. The Form 1098-F Filer shall also, on or before January 31 of the year following the calendar year in which the order entering this Agreement becomes binding, furnish Copy B of such Form 1098-F (or an acceptable substitute statement) to Teva.

IX. Settlement Product

A. The Settlement Product is Naloxone Hydrochloride Nasal Spray (generic Narcan®), a medication that counteracts the life-threatening effects of opioid overdose and significantly reduces opioid-overdose mortality.

B. For the purposes of this Agreement, Teva has agreed to provide the Settling States Settlement Product valued at $1,200,000,000, which equals 9,600,000 kits of Settlement Product, valued at a fixed WAC of $125 per kit, allocated in accordance with the allocation percentage as reflected in Exhibit D-1. Teva shall cover the cost of the Settlement Product distribution set forth in this Agreement. For the avoidance of doubt, Participating Subdivisions and Participating Special Districts are not eligible to make a Settlement Product election pursuant to this Agreement.

C. Consistent with the Settlement Product Election Form contained in Exhibit D, each Settling State shall have the discretion to convert any portion of the Settlement Product allocated to the Settling State into a cash value equaling twenty percent (20%) of the WAC value of the Settling State's allocated Settlement Product in the following years: 2023, 2025, 2027, 2029, and 2031. The State's election shall apply and remain in place for each following year until the next election date.

D. Within thirty (30) days of the Effective Date, each Settling State shall notify Teva and the Settlement Fund Administrator of its Settlement Product election by submitting the Settlement Product Election Form reflected in Exhibit D.

E. Settling States that do not make a Settlement Product Election within 30 days of the Effective Date shall be deemed to have elected to receive the full Settlement Product Cash Conversion Amount for the first two-year period, allocated in accordance with the State Allocation Percentage as reflected in Exhibit D-1. Commencing within thirty (30) days of the Effective Date, the Settling States that have submitted a Settlement Product Election Form may place periodic orders for Settlement Product consistent with Section IX and Exhibit D.

F. By or before January 1, 2025, 2027, 2029 and 2031, each Settling State may submit a new or updated Settlement Product Election Form, which will be effective beginning with the Forecast submitted on the same date for the following calendar year. Settling States that do not submit a new or updated Settlement Product Election Form will be deemed to have made no changes to their most recent Settlement Product Election Form.

G. As is reflected in Exhibit D and the Settlement Product Election Form contained therein, Settling States may elect to convert all or a percentage of their allocation of Settlement Product into a Settlement Product Cash Conversion Amount, in the manner and method described in Exhibit D.

H. Teva will make Settlement Product Cash Conversion Amount payments to Settling States that have elected to receive a full or partial Settlement Product Cash Conversion beginning with its second Annual Payment in accordance with the Settlement Payment Schedule as set forth in Exhibit M-2.

I. The Parties understand that the provision of Settlement Product constitutes compensatory restitution within the meaning of 26 U.S.C. § 162(f)(2)(A) and that the receipt of Settlement Product must be reported on IRS Form 1098-F consistent with subsection VIII.G.7 above.

J. In addition to offering Naloxone Hydrochloride Nasal Spray per this Section IX and Exhibit D, Teva, at its sole discretion, may also offer Settling States different versions or greater amounts of Settlement Product or different products that can be accepted by the Settling State in lieu of its full allotment of the Settlement Product or Settlement Product Cash Conversion Amount. Distribution and other terms related to such substitute product shall be set out in Teva's offer. Nothing in this subsection IX.J changes the terms of this Agreement regarding the provision of Settlement Product or the calculation or availability of the Settlement Product Cash Conversion Amount. With regard to the annual product delivery schedule, to the extent that the Settling State's needs for each drug varies from year to year, such that the Settling State needs a reasonably lesser quantity one year to be offset by a reasonably greater quantity the next year, Teva will use reasonable commercial efforts to be flexible in meeting that variation in demand.

K. In the event of a Force Majeure Event, Teva shall promptly provide written notice to the Settling States. Teva and the States shall meet and confer within seven (7) days of such written notice to establish a commercially reasonable plan to resolve any inability to supply as quickly as reasonably possible, it being understood that, unless otherwise agreed to by the Parties, it is Teva's obligation to use reasonable efforts which are consistent with accepted industry practices to resume performance as soon as practicable under the circumstances.

X. Participation by Subdivisions and Special Districts

A. *Notice.* No later than fifteen (15) days after the Preliminary Agreement Date, the Settling States, with the cooperation of Teva, shall send individual written notice (which may be delivered via e-mail or other electronic means) of the opportunity to participate in this Agreement and the requirements of participation to all Subdivisions and Special Districts in the Settling State that are (1) Litigating Subdivisions or Litigating Special Districts, or (2) Non-Litigating Subdivisions listed in Exhibit G.[3] To the extent a Non-Litigating Special District is entitled to an allocation for a direct payment through its inclusion in Exhibit G pursuant to a State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution, the Settling States shall also send individual written notice (which may be delivered via e-mail or other electronic means) of the opportunity to participate in this Agreement and the requirements of participation to such Special Districts. Unless otherwise agreed by the Parties, the version of Exhibit G used for notice shall be the one in place as of the Preliminary Agreement Date. Teva's share of costs of the written notice shall be paid by Teva as part of the Implementation Costs. Notice (which may be delivered via e-mail or other electronic means) shall also be provided simultaneously to counsel of record for Litigating Subdivisions, Litigating Special

[3] Because Teva has settled with Oklahoma, but not with Oklahoma Subdivisions and Special Districts, Teva shall send individual written notice of the opportunity to participate in this Agreement and the requirements of participation to all Oklahoma Subdivisions and Special Districts. For purposes of this Section X, references to a "Subdivision in a Settling State" or "Special District in a Settling State" shall include Subdivisions and Special Districts in Oklahoma.

Districts, and known counsel for Non-Litigating Subdivisions listed on Exhibit G and Non-Litigating Special Districts listed on Exhibit G. The notice will include that the deadline for becoming an Initial Participating Subdivision or Initial Participating Special District is the Initial Participation Date. Nothing contained herein shall preclude a Settling State from providing further notice to or otherwise contacting any of its Subdivisions or Special Districts about becoming a Participating Subdivision or Participating Special District, including beginning any of the activities described in this paragraph prior to the Preliminary Agreement Date.

B. *Requirements for Becoming a Participating Subdivision: Non-Litigating Subdivisions*. A Non-Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) specifying (1) that the Subdivision agrees to the terms of this Agreement pertaining to Subdivisions, (2) that the Subdivision releases all Released Claims against all Released Entities, (3) that the Subdivision agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section VIII, and (4) that the Subdivision submits to the jurisdiction of the Court where the Consent Judgment is filed for purposes limited to that Court's role under the Agreement. The required Settlement Participation Form is attached as Exhibit K. A Non-Litigating Subdivision will decide whether to become a Participating Subdivision for both this Agreement and the Allergan Global Opioid Settlement Agreement, or neither.

C. *Requirements for Becoming a Participating Subdivision: Litigating Subdivisions/Later Litigating Subdivisions*. A Litigating Subdivision or Later Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) that, in addition to the requirements set out in subsection X.B for Non-Litigating Subdivisions, commits it to promptly dismissal its legal action. The required Settlement Participation Form is attached as Exhibit K. A Litigating Subdivision or Later Litigating Subdivision will decide whether to become a Participating Subdivision for both this Agreement and the Allergan Global Opioid Settlement Agreement, or neither. Except for trials begun before the Initial Participation Date, a Litigating Subdivision or a Later Litigating Subdivision may not become a Participating Subdivision after the completion of opening statements in a trial of a legal action it brought that includes a Released Claim against a Released Entity.

D. *Initial Participating Subdivisions.* A Subdivision qualifies as an Initial Participating Subdivision if it meets the applicable requirements for becoming a Participating Subdivision set forth in subsections X.B or X.C by the Initial Participation Date. Provided however, all Subdivision Settlement Participation Forms shall be held by the Implementation Administrator until Teva provides the notice in subsection XI.B that it intends to proceed with the settlement, at which time the obligations created by such forms become effective. If Teva determines not to proceed, all Settlement Participation Forms shall be returned to Counsel for Litigating Subdivisions or to the Subdivisions not

represented by counsel or destroyed to the extent that such destruction is not prohibited by then existing document preservation obligations.

E. *Later Participating Subdivisions.* A Subdivision that is not an Initial Participating Subdivision may become a Later Participating Subdivision by meeting the applicable requirements for becoming a Participating Subdivision after the Initial Participation Date and agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to subsections VIII.E or VIII.F. The following provisions govern what a Later Participating Subdivision can receive (but do not apply to Initial Participating Subdivisions):

1. A Later Participating Subdivision shall not receive any share of any Base or Incentive Payments paid to the Subdivision Fund that were due before it became a Participating Subdivision.

2. A Later Participating Subdivision that becomes a Participating Subdivision after Initial Participation Date but before June 15, 2023 shall receive 75% of the share of the Initial Year Payment that it would have received had it become an Initial Participating Subdivision (unless the Later Participating Subdivision is subject to subsections X.E.3 or X.E.4 below). A Later Participating Subdivision that becomes a Participating Subdivision after June 15, 2023 shall receive no share of the Initial Year Payment.

3. A Later Participating Subdivision that, after the Initial Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Subdivision (other than a consensual dismissal with prejudice) shall receive 50% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Subdivision prior to such judgment; *provided, however*, that if the Subdivision appeals the judgment and the judgment is affirmed with finality before the Subdivision becomes a Participating Subdivision, the Subdivision shall not receive any share of any Base Payments or Incentive Payments.

4. A Later Participating Subdivision that becomes a Participating Subdivision while a Bar or Case-Specific Resolution involving a different Subdivision exists in its State shall receive 25% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Subdivision without such Bar or Case-Specific Resolution.

F. *No Increase in Payments*. Amounts to be received by Later Participating Subdivisions or Later Participating Special Districts shall not increase the payments due from Teva.

G. *Ineligible Subdivisions and Special Districts.* Except for Subdivisions and Special Districts in Oklahoma, prior Settling Subdivisions, and Subdivisions and Special Districts in Non-Settling States or Prior Settling States are not eligible to be Participating Subdivisions or Participating Special Districts.

H. *Non-Participating Subdivisions and Non-Participating Special Districts*. Non-Participating Subdivisions and Non-Participating Special Districts shall not directly receive any portion of any Base Payments or Incentive Payments, including from the State Fund and direct distributions from the Abatement Accounts Fund; however, a Settling State may choose to fund future Opioid Remediation that indirectly benefits Non-Participating Subdivisions and Non-Participating Special Districts.

I. *Unpaid Allocations to Later Participating and Non-Participating Subdivisions*. Any Base Payments and Incentive Payments allocated pursuant to subsection VIII.E to a Later Participating or Non-Participating Subdivision or a Later Participating or Non-Participating Special District that cannot be paid pursuant to Section X, will be allocated to the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement or by a Statutory Trust.

J. *Requirements for Becoming a Participating Special District: Non-Litigating Special Districts*. A Non-Litigating Special District in a Settling State may become a Participating Special District by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) specifying (1) that the Special District agrees to the terms of this Agreement pertaining to Special Districts, (2) that the Special District releases all Released Claims against all Released Entities, (3) that the Special District agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section VIII, and (4) that the Special District submits to the jurisdiction of the Court where the Consent Judgment is filed for purposes limited to that Court's role under the Agreement. The required Settlement Participation Form is attached as Exhibit K. A Non-Litigating Special District will decide whether to become a Participating Special District for both this Agreement and the Allergan Global Opioid Settlement Agreement, or neither.

K. *Requirements for Becoming a Participating Special District: Litigating Special Districts/Later Litigating Special Districts.* A Litigating Special District or Later Litigating Special District in a Settling State may become a Participating Special District by returning an executed Settlement Participation Form to the Implementation Administrator or Settlement Fund Administrator (which may be executed and returned by electronic means established by the Implementation Administrator or Settlement Fund Administrator) that, in addition to the requirements set out in subsection X.J for Non-Litigating Special Districts, commits it to promptly dismiss its legal action. The required Settlement Participation Form is attached as Exhibit K. A Litigating Special District or a Later Litigating Special District will decide whether to become a Participating Special District for both this Agreement and the Allergan Global Opioid Settlement Agreement, or neither. Except for trials begun before the Initial Participation Date, a Litigating Special District or a Later Litigating Special District may not become a Participating Special District after the completion of opening statements in a trial of a legal action it brought that includes a Released Claim against a Released Entity.

L. *Initial Participating Special Districts*. A Special District qualifies as an Initial Participating Special District if it meets the applicable requirements for becoming a Participating Special

District set forth in subsections X.J or X.K by the Initial Participation Date. Provided however, all Special District Settlement Participation Forms shall be held by the Implementation Administrator until Teva provides the notice in subsection XI.B that it intends to proceed with the settlement, at which time the obligations created by such forms become effective.

M. *Later Participating Special Districts.* A Special District that is not an Initial Participating Special District may become a Later Participating Special District by meeting the applicable requirements for becoming a Participating Special District after the Initial Participation Date and agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to subsections VIII.E or VIII.F. or any agreement reached by the applicable Settling State with Initial Participating Special Districts. The following provisions govern what a Later Participating Special District can receive (but do not apply to Initial Participating Special Districts):

1. Except for the Initial Year Payment, a Later Participating Special District shall not receive any share of any Base or Incentive Payments paid to the Subdivision Fund that were due before it became a Participating Special District.

2. A Later Participating Special District that becomes a Participating Special District after Initial Participation Date but before June 15, 2023 shall receive 75% of the share of the Initial Year Payment that it would have received had it become an Initial Participating Special District (unless the Later Participating Special District is subject to subsections X.M.3 or X.M.4 below). A Later Participating Special District that becomes a Participating Special District after June 15, 2023 shall receive no share of the Initial Year Payment.

3. A Later Participating Special District that, after the Initial Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Special District (other than a consensual dismissal with prejudice) shall receive 50% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Special District prior to such judgment; *provided, however*, that if the Special District appeals the judgment and the judgment is affirmed with finality before the Special District becomes a Participating Special District, the Special District shall not receive any share of any Base Payments or Incentive Payments.

4. A Later Participating Special District that becomes a Participating Special District while a Bar or Case-Specific Resolution involving a different Special District exists in its State shall receive 25% of the share of future Base Payments or Incentive Payments that it would have received had it become a Later Participating Special District without such Bar or Case-Specific Resolution.

XI. Condition to Effectiveness of Agreement and Filing of Consent Judgment

A. *Determination to Proceed With Settlement.* Teva will determine on or before the Reference Date whether there has been a sufficient resolution of the Claims of the Litigating

Subdivisions and Litigating Special Districts in the Settling States (through participation under Section X, Case-Specific Resolution(s), and Bar(s)) to proceed with this Agreement. The determination shall be in the sole discretion of Teva, in good faith, and may be based on any criteria or factors deemed relevant by Teva.

B. *Notice by Teva*. On or before the Reference Date, Teva shall inform the Settling States and MDL Plaintiffs' Executive Committee of its determination pursuant to subsection XI.A. If Teva determines to proceed, the Parties will proceed to file the Consent Judgments. If Teva determines not to proceed, this Agreement will have no further effect and all releases (including those given by Participating Subdivisions and Special Districts) and other commitments or obligations contained herein will be void and Settlement Participation Forms shall be returned to the Subdivision or Special District or destroyed to the extent not prohibited by then existing legal obligations or document holds.

XII. Potential Payment Adjustments

A. *Settlement Class Resolution Opt Outs.* If a Settling State is eligible for Incentive A on the basis of a Settlement Class Resolution, and a Primary Subdivision that opted out of the Settlement Class Resolution maintains a lawsuit asserting a Released Claim against a Released Entity, the following shall apply: If the lawsuit asserting a Released Claim either survives a Threshold Motion or has an unresolved Threshold Motion fewer than sixty (60) days prior to the scheduled start of a trial involving a Released Claim, and is resolved with finality on terms requiring payment by the Released Entity, Teva shall receive a dollar-for-dollar offset for the amount paid against its obligation to make remaining Incentive A payments that would be apportioned to that State or Participating Subdivisions listed on Exhibit G.

B. *Revoked Bar, Settlement Class Resolution, or Case-Specific Resolution.*

1. If Teva made a payment as a result of the existence of a Bar, Settlement Class Resolution, or Case-Specific Resolution in a Settling State, and that Bar, Settlement Class Resolution, or Case-Specific Resolution is subject to a Revocation Event, Teva shall receive a dollar-for-dollar offset against its obligation to make remaining payments that would be apportioned to that State and its Exhibit G Participants. This offset will be calculated as the dollar amount difference between (1) the total amount of Incentive Payments paid by Teva during the time the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event was in effect, and (2) the total amount of Incentive Payments that would have been due from Teva during that time without the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event being in effect. The amount of Incentive Payments that would have been due, referenced in (2) above, will be calculated based on considering any Subdivision or Special District that provides a release within one hundred eighty (180) days after the Revocation Event as having been a Participating Subdivision or Participating Special District (in addition to all other Participating Subdivisions and Participating Special Districts) during the time that the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event was in effect. If a Revocation Event causes a Settling State to no longer qualify for one or both parts of Incentive D, the Settling State and its

Exhibit G participants shall return to Teva all relevant payments made under Incentive D through offsets as set forth above.

2. Notwithstanding anything to the contrary in paragraph 1 above, if a Bar or Case-Specific Resolution is reinstated by the Settling State, either through the same or different means as the initial Bar or Case-Specific Resolution, Teva's right to an offset is extinguished and any amounts withheld to offset amounts paid on account of the revoked, rescinded, reversed, or overruled Bar or Case-Specific Resolution shall be returned to the Settling State, less and except any Incentive Payments that would have been paid during the period in which the Bar or Case-Specific Resolution was revoked, rescinded, reversed, or overruled.

XIII. Additional Restitution Amount

Additional Restitution Amount. Teva shall pay an Additional Restitution Amount to each Settling State listed in Exhibit N in the amount and on the schedule set forth in Exhibit M-3. The maximum Additional Restitution Amount of $28,669,762.00 shall be reduced by the allocation set forth on Exhibit F-2 for any Non-Settling States listed on Exhibit N. The Settlement Fund Administrator shall allocate such funds among and within the Settling States listed in Exhibit N at the same time as its allocation of Annual Payments pursuant to subsection VII.B.

Additional Restitution Amount funds shall not be subject to allocation as provided in Sections VIII.D through VIII.F

XIV. Plaintiffs' Attorneys' Fees and Costs

Attorneys' fees and costs are addressed in the following exhibits and are incorporated herein by reference:

1. The State Outside Counsel Fee Fund is addressed in Exhibit T.

2. The State Cost Fund is addressed in Exhibit S.

3. The Attorney Fee and Cost Fund is addressed and the Agreement on Attorneys' Fees, Expenses and Costs is set forth in Exhibit R.

XV. Enforcement and Dispute Resolution

A. *Enforceability*. The terms of the Agreement and Consent Judgment applicable to or in a Settling State will be enforceable solely by that Settling State and Teva. Settling States or Participating Subdivisions shall not have enforcement rights with respect either to the terms of this Agreement that apply only to or in other States or to any Consent Judgment entered into by another Settling State. Participating Subdivisions shall not have enforcement rights against Teva with respect to the Agreement or any Consent Judgment except as to payments that would be allocated to the Subdivision Fund or Abatement Accounts Fund pursuant to Section VII; *provided, however,* that each Settling State shall allow

Participating Subdivisions in that State to notify it of any perceived violations of the Agreement or Consent Judgment.

B. *Consent to Jurisdiction and Service of Process*. Teva consents to the jurisdiction of the Court in which the Consent Judgment is filed, and any appellate court thereof, limited to resolution of disputes identified in subsection XV.G.2; for a civil action for any appropriate relief to enforce compliance with the Parties' Agreement for Injunctive Relief pursuant to Exhibit P, subsection K.5 herein; and for any proceedings for or related to the enforcement or collection of any payments on the Consent Judgment for resolution in the Court in which the Consent Judgment is filed. Teva further agrees any service of process or notice required for such action or proceeding may be effectuated on Teva through delivery of all required papers by hand or by a nationally recognized private courier on Teva's representatives identified in subsection XVI.P herein. To be clear, for the purposes of this Agreement only, Teva consents to personal jurisdiction before such courts, and will not contend service must be effectuated through personal service of the Hague Convention process.

C. *Specific Terms Dispute Resolution.*

1. Any dispute that is addressed by the provisions set forth in the Injunctive Relief Terms in Exhibit P shall be resolved as provided therein and pursuant to subsection XV.E.3 herein.

2. In the event Teva believes the 85% threshold established in subsection VIII.B is not being satisfied, any Party may request that Teva and the Enforcement Committee meet and confer regarding the use of funds under subsection VIII.B. The completion of such meet-and-confer process is a precondition to further action regarding any such dispute. Further action concerning subsection VIII.B shall: (i) be limited to Teva seeking to reduce its Annual Payments by no more than 5% of the difference between the actual amount of Opioid Remediation and the 85% threshold established in subsection VIII.B; (ii) only reduce Annual Payments to those Settling States and its Participating Subdivisions that are below the 85% threshold established in subsection VIII.B; and (iii) not reduce Annual Payments restricted to future Opioid Remediation.

D. *State-Subdivision Enforcement.*

1. A Participating Subdivision shall not have enforcement rights against a Settling State in which it is located with respect to the Agreement or any Consent Judgment except: (1) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust with respect to intrastate allocation; or (2) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, as to allegations that: (a) the Settling State's use of Abatement Accounts Fund monies were not used for uses similar to or in the nature of those uses contained in Exhibit E; or (b) a Settling State failed to pay funds directly from the Abatement Accounts Fund to a Participating Subdivision eligible to receive a block grant pursuant to subsection VIII.F.2.b.

2. A Settling State shall have enforcement rights against a Participating Subdivision located in its territory: (1) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust; or (2) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, as to allegations that the uses of Abatement Accounts Fund monies by Participating Subdivisions listed on Exhibit G were not for uses similar to or in the nature of those uses contained in Exhibit E.

3. As between Settling States and Participating Subdivisions, the above rights are contractual in nature and nothing herein is intended to limit, restrict, change, or alter any other existing rights under law.

E. *Enforcement Committee Actions to Enforce Agreement.*

1. The Parties agree that in the event of any failure by Teva to make any required payments under this Agreement, the Enforcement Committee, on its own or through its designee such as a Settling State or Participating Subdivision acting by its authorization and on its behalf, shall have the ability and right to file an action or proceeding in any New York state court, or federal court of the United States of America, sitting in New York, for or related to the enforcement or collection of such payments.

2. If any National Dispute involving a Settling State, Participating Subdivision, and/or Teva is pending before a National Arbitration Panel concerning a given year's payment to all Settling States, any action or proceeding pursuant to this subsection XV.E shall be stayed as to any disputed amounts only, but may proceed as to any and all undisputed amounts. In the event there is a dispute between the Parties as to the disputed amounts at issue, the Enforcement Committee or any party to that dispute may seek an expedited determination from the National Arbitration Panel for that proceeding as to the disputed and undisputed amounts.

3. The Parties further agree that in the event of Teva's breach of the Parties' Agreement for Injunctive Relief (Exhibit P attached hereto), the Enforcement Committee, on its own or through its designee such as a Settling State or Participating Subdivision acting by its authorization and on its behalf, shall have the ability and right to file a civil action pursuant to Exhibit P, subection K.5, in any New York state court, or federal court of the United States of America, sitting in New York, seeking any appropriate relief to enforce compliance with such Agreement for Injunctive Relief.

4. Teva consents to the jurisdiction of the New York state court, or federal court of the United States of America, sitting in New York, and any appellate court from any thereof, in which any action or proceeding is initiated pursuant to this subsection XV.E, and for enforcement or collection of any related judgment entered by such court. Teva further agrees any service of process or notice required for such action or proceeding, including for any action or proceeding for enforcement or collection of any judgment entered thereon, may be effectuated on Teva through delivery of all required papers by hand or by a nationally recognized private courier on Teva's representatives identified in subsection XVI.P herein. For the purposes

of this Agreement only, Teva consents to personal jurisdiction before such courts and will not contend service must be effectuated through personal service or the Hague Convention process.

5. The enforcement rights under this subsection XV.E are in addition to, and not in lieu of, any other enforcement and collection rights of the Parties herein, including but not limited to enforcement rights as to payments as allowed by subsection XV.A.

F. *Subdivision Payment Enforcement.* A Participating Subdivision shall have the same right as a Settling State pursuant to subsection XV.G.4.a.iv to seek resolution of any failure by Teva to make its required Base Payments and/or Incentive Payments in a Payment Year.

G. *Other Dispute Resolution Terms.*

1. Except as provided in subsection XV.C, the parties to a dispute shall promptly meet and confer in good faith to resolve any dispute. If the parties cannot resolve the dispute informally, and unless otherwise agreed in writing, they shall follow the remaining provisions of this subsection XV.G to resolve the dispute.

2. Except as provided in subsections XV.C and XV.G.4, disputes not resolved informally shall be resolved in either the Court that entered the relevant Consent Judgment or, if no Consent Judgment was entered, a state or territorial court with jurisdiction located wherever the seat of state government is located. State court proceedings shall be governed by the rules and procedures of the forum. For the avoidance of doubt, disputes to be resolved in state court include, but are not limited to, the following:

   a. disputes concerning whether expenditures qualify for Opioid Remediation;

   b. disputes between a Settling State and Participating Subdivisions located in such Settling State as provided by subsection XV.D, except to the extent the State-Subdivision Agreement provides for other dispute resolution mechanisms. For the avoidance of doubt, disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes;

   c. whether this Agreement and relevant Consent Judgment are binding under state law;

   d. the extent of the Attorney General's or other participating entity's authority under state law, including the extent of the authority to release Claims;

   e. whether the requirements of a Bar, a Case-Specific Resolution, State-Specific Finality, Later Litigating Subdivision, Litigating Subdivision, or a Threshold Motion have been met; and

   f. all other disputes not specifically identified in subsections XV.C and XV.G.4.

3. Any Party may request that the National Arbitration Panel provide an interpretation of any provision of the settlement that is relevant to the state court determination, and the National Arbitration Panel shall make reasonable best efforts to supply such interpretation within the earlier of thirty (30) days or the time period required by the state court proceedings. Any Party may submit that interpretation to the state court to the extent permitted by, and for such weight provided by, the state court's rules and procedures. If requested by a Party, the National Arbitration Panel shall request that its interpretation be accepted in the form of an amicus curiae brief, and any attorneys' fees and costs for preparing any such filing shall be paid for by the requesting Party.

4. National Disputes involving a Settling State, Participating Subdivision, and/or Teva shall be resolved by a National Arbitration Panel.

   a. "*National Disputes*" are disputes that are exceptions to subsection XV.G.2's presumption of resolution in state courts because they involve issues of interpretation of Agreement terms applicable to all Settling States without reference to a particular State's law. Disputes between a State and any Participating Subdivisions shall not be considered National Disputes. National Disputes are limited to the following:

      (i) the amount of offset and/or credit attributable to Non-Settling States;

      (ii) issues involving the scope and definition of "Product";

      (iii) interpretation and application of the terms "Covered Conduct" and "Released Entities";

      (iv) disputes over a given year's Annual Payment or the payment of the Additional Restitution Amount to all Settling States (for the avoidance of doubt, disputes between a Settling State and Teva over the amounts owed to only that State shall not be considered National Disputes);

      (v) questions regarding the performance and/or removal of the Settlement Fund Administrator;

      (vi) disputes involving liability of successor entities;

      (vii) disputes that require a determination of sufficient Subdivision and Special District participation to qualify for Incentives A, B, C, or D,;

      (viii) disputes that require interpretation of Agreement terms (i) that concretely affect four (4) or more Settling States; and (ii) do not turn on unique definitions and interpretations under State law; and

      (ix) any dispute subject to resolution under subsection XV.G.2 but for which all parties to the dispute agree to arbitration before the

National Arbitration Panel under the provisions of this subsection XV.G.4.

b. The "*National Arbitration Panel*" shall be comprised of three (3) neutral arbitrators. One (1) arbitrator shall be chosen by Teva, one (1) arbitrator shall be chosen by the Enforcement Committee with due input from Participating Subdivisions, and the third arbitrator shall be agreed upon by the first two (2) arbitrators. The membership of the National Arbitration Panel is intended to remain constant throughout the term of this Agreement, but in the event that replacements are required, the retiring arbitrator shall be replaced by the party that selected him/her.

(i) The National Arbitration Panel shall make reasonable best efforts to decide all matters within one hundred eighty (180) days of filing, and in no event shall it take longer than one (1) year.

(ii) The National Arbitration Panel shall conduct all proceedings in a reasonably streamlined process consistent with an opportunity for the parties to be heard. Issues shall be resolved without the need for live witnesses where feasible, and with a presumption in favor of remote participation to minimize the burdens on the parties.

(iii) To the extent allowed under state law, a Settling State, Participating Subdivision, and (at any party's request) the National Arbitration Panel may certify to an appropriate state court any question of state law. The National Arbitration Panel shall be bound by a final state court determination of such a certified question. The time period for the arbitration shall be tolled during the course of the certification process.

(iv) The arbitrators will give due deference to any authoritative interpretation of state law, including any declaratory judgment or similar relief obtained by a Settling State, Participating Subdivision, or Teva on a state law issue.

(v) The decisions of the National Arbitration Panel shall be binding on Settling States, Participating Subdivisions, Teva, and the Settlement Fund Administrator. In any proceeding before the National Arbitration Panel involving a dispute between a Settling State and Teva whose resolution could prejudice the rights of a Participating Subdivision(s) or Participating Special District(s) in that Settling State, such Participating Subdivision(s) or Participating Special District(s) shall be allowed to file a statement of view in the proceeding.

c. Nothing herein shall be construed so as to limit or otherwise restrict a State from seeking injunctive or other equitable relief in state court to protect the health, safety, or welfare of its citizens.

d. Each party shall bear its own costs in any arbitration or court proceeding arising under this subsection XV.G. The costs for the arbitrators on the National Arbitration Panel shall be divided and paid equally by the disputing sides for each individual dispute, *e.g.*, a dispute between Teva and Settling States/Participating Subdivisions shall be split 50% by Teva and 50% by the Settling States/Participating Subdivisions that are parties to the dispute; a dispute between a Settling State and a Participating Subdivision shall be split 50% by the Settling State and 50% by any Participating Subdivisions that are party to the dispute.

5. Prior to initiating an action to enforce pursuant to this subsection XV.G, the complaining party must:

a. Provide written notice to the Enforcement Committee of its complaint, including the provision of the Consent Judgment and/or Agreement that the practice appears to violate, as well as the basis for its interpretation of the disputed provision. The Enforcement Committee shall establish a reasonable process and timeline for obtaining additional information from the involved parties; *provided*, *however*, that the date the Enforcement Committee establishes for obtaining additional information from the parties shall not be more than forty-five (45) days following the notice. The Enforcement Committee may advise the involved parties of its views on the complaint and/or seek to resolve the complaint informally.

b. Wait to commence any enforcement action until thirty (30) days after the date that the Enforcement Committee establishes for obtaining additional information from the involved parties.

6. If the parties to a dispute cannot agree on the proper forum for resolution of the dispute under the provisions of subsections XV.G.2 or XV.G.4, a committee comprising the Enforcement Committee and sufficient representatives of Teva such that the members of the Enforcement Committee have a majority of one (1) member will determine the forum where the dispute will be initiated within twenty-eight (28) days of receiving notification of the dispute relating to the proper forum. The forum identified by such committee shall be the sole forum for determining where the dispute shall be heard, and the committee's identification of such forum shall not be entitled to deference by the forum selected.

H. *No Effect*. Nothing in this Agreement shall be interpreted to limit the Settling State's Civil Investigative Demand ("CID") or investigative subpoena authority, to the extent such authority exists under applicable state law and the CID or investigative subpoena is issued pursuant to such authority, and Teva reserves all of its rights in connection with a CID or investigative subpoena issued pursuant to such authority.

XVI. Miscellaneous

A. *No Admission.* Teva does not admit liability or wrongdoing. Neither this Agreement nor the Consent Judgments shall be considered, construed, or represented to be (1) an

admission, concession, or evidence of liability or wrongdoing or (2) a waiver or any limitation of any defense otherwise available to Teva.

B. *Population of Subdivisions*. The population figures for Subdivisions shall be the published U.S. Census Bureau's population estimates for July 1, 2019, released May 2020. These population figures shall remain unchanged during the term of this Agreement.

C. *Population of Special Districts*. For any purpose in this Agreement in which the population of a Special District is used, other than the use of "Covered Special District": (a) School Districts' population will be measured by the number of students enrolled who are eligible under the Individuals with Disabilities Education Act ("*IDEA*") or Section 504 of the Rehabilitation Act of 1973; (b) Health Districts' and Hospital Districts' population will be measured at 25% of discharges; and (c) all other Special Districts' (including Fire Districts' and Library Districts') population will be measured at 10% of the population served.

D. *Population Associated with Sheriffs*. For any purpose in this Agreement in which the population associated with a lawsuit by a sheriff is used, the population will be measured at 20% of the capacity of the jail(s) operated by the sheriff.

E. *Most-Favored-Nation Provision*.

1. If Teva enters into any settlement agreement with any Non-Settling State after November 23, 2022 that resolves Claims similar in scope to the Claims released by a Settling State under this Agreement on overall payment terms that are more favorable to such Non-Settling State on a net present value basis (calculated with a 7% discount rate) on overall payment terms the Non-Settling State would have received under this Agreement based on the same level of participation, then the Settling States, individually or collectively, may elect to seek review, pursuant to Section XVI.E.3, of the overall payment terms of this Agreement and the Non-Settling State agreement so that the Settling State(s) may obtain, with respect to Teva, overall payment terms at least as favorable as those obtained by such Non-Settling State. "*Overall payment terms*" refers to consideration of all payment terms of the two agreements, taken together, including, but not limited to the amount of payments, the timing of payments, and conditions or contingencies on payments.

2. For any settlement with a Non-Settling State involving Released Claims, Teva shall provide the Enforcement Committee with a copy of the settlement agreement or relevant Consent Judgment within thirty (30) calendar days of the consummation of such settlement. The Enforcement Committee will promptly distribute such copy to all Settling States.

3. In the event that the one or more Settling State(s) believes that the overall payment terms of an agreement by Teva with a Non-Settling State are more favorable to the Non-Settling State, when compared based on the totality of the considerations set forth in Section XVI.E.1, the Settling State(s) and Teva shall engage in the following process:

a. The Settling State(s) shall provide notice, within sixty (60) calendar days of the date on which a settlement agreement or Consent Judgment is provided to the Enforcement Committee, to Teva of its intent to seek revision of this Agreement to provide payment terms that are, on an overall basis, as favorable as those obtained by the Non-Settling State. Such notice shall be confidential and not disclosed publicly to the extent allowed by law and shall state, in detail, the basis for the Settling State's belief that it is entitled to a revision of the Agreement.

b. Teva shall, within thirty (30) calendar days, provide a response to the Settling State(s), explaining its position, in detail, as to whether the Settling State(s) is entitled to more favorable overall payment terms than those provided for in this Agreement.

c. In the event the Settling State(s) and Teva do not reach agreement as to the application of Section XVI.E.1, the Settling State(s) may petition the National Arbitration Panel to seek a ruling from the Panel as to the applicability of Section XVI.E.1, provided that the Settling State(s) may seek such review only if at least five (5) Settling States co-sign the petition. The Panel shall consider submissions and argument by the parties pursuant to the procedures set forth in Section XV.G.4.

d. The Settling State(s) and Teva shall be bound by the determination of the National Arbitration Panel.

4. This Section XVI.E does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any Non-Settling State agreement with Teva that is entered into: (a) either the earlier of (i) after the close of expert discovery or (ii) after a date ninety (90) calendar days prior to the scheduled start date of a trial between Teva and the Non-Settling State or any severed or bifurcated portion thereof, provided that, where, in order to complete a settlement, a Non-Settling State and Teva jointly request an adjournment of the scheduled start date of a trial within ninety (90) days of that date, this exception will apply as if the trial date had not been adjourned; (b) with a Non-Settling State that previously litigated to judgment a case related to opioids against any manufacturer, distributor, or pharmacy; or, (c) the earlier of: (i) after a Non-Settling State has obtained any court order or judicial determination that grants judgment (in whole or in part) against Teva in the Non-Settling State's case; (ii) after a sanctions ruling against Teva in the Non-Settling State's case against Teva; or, (iii) after any ruling has issued in the Non-Settling State's case against any manufacturer, distributor, or pharmacy on the issue of joint and several liability. The National Arbitration Panel shall have no power to review agreements that satisfy any of the conditions described in this paragraph.

5. This Section does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any agreement between Teva and (a) federally-recognized tribe(s), (b) Non-Participating Subdivisions or (3) Non-

Participating Special Districts. This Section XVI.E will not apply to any agreement entered into more than six (6) months after the Reference Date.

F. *Tax Reporting and Cooperation.*

1. Upon request by Teva, the Settling States, Participating Subdivisions, and Participating Special Districts agree to perform such further acts and to execute and deliver such further documents as may be reasonably necessary for Teva to establish the statements set forth in subsection VIII.G to the satisfaction of their tax advisors, their independent financial auditors, the Internal Revenue Service, or any other governmental authority, including as contemplated by Treasury Regulations Section 1.162-21(b)(3)(ii) and any subsequently proposed or finalized relevant regulations or administrative guidance.

2. Without limiting the generality of subsection XVI.F, each Settling State, Participating Subdivision, and Participating Special District shall cooperate in good faith with Teva with respect to any tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Agreement.

3. The Designated State, on behalf of all Settling States, Participating Subdivisions, and Participating Special Districts, shall designate one of its officers or employees to act as the "appropriate official" within the meaning of Treasury Regulations Section 1.6050X-1(f)(1)(ii)(B) (the "Appropriate Official").

4. Neither Teva nor the Settling States, Participating Subdivisions, and Participating Special Districts make any warranty or representation to any Settling jurisdiction or Releasor as to the tax consequences of the payment of the Compensatory Restitution Amount (or any portion thereof).

G. *No Third-Party Beneficiaries.* Except as expressly provided in this Agreement, no portion of this Agreement shall provide any rights to, or be enforceable by, any person or entity that is not a Settling State or Released Entity. No Settling State may assign or otherwise convey any right to enforce any provision of this Agreement.

H. *Calculation.* Any figure or percentage referred to in this Agreement shall be carried to seven decimal places.

I. *Construction.* None of the Parties and no Participating Subdivision shall be considered to be the drafter of this Agreement or of any of its provisions for the purpose of any statute, case law, or rule of interpretation or construction that would or might cause any provision to be construed against the drafter of this Agreement. The headings of the provisions of this Agreement are not binding and are for reference only and do not limit, expand, or otherwise affect the contents or meaning of this Agreement.

J. *Cooperation.* Each Party and each Participating Subdivision agrees to use its best efforts and to cooperate with the other Parties and Participating Subdivisions to cause this Agreement and the Consent Judgments to become effective, to obtain all necessary approvals, consents and authorizations, if any, and to execute all documents and to take

such other action as may be appropriate in connection herewith. Consistent with the foregoing, each Party and each Participating Subdivision agrees that it will not directly or indirectly assist or encourage any challenge to this Agreement or any Consent Judgment by any other person, and will support the integrity and enforcement of the terms of this Agreement and the Consent Judgments.

K. *Entire Agreement*. This Agreement, its exhibits and any other attachments, including the attorneys' fees and cost agreement in Exhibit R, embodies the entire agreement and understanding between and among the Parties and Participating Subdivisions relating to the subject matter hereof and supersedes (1) all prior agreements and understandings relating to such subject matter, whether written or oral and (2) all purportedly contemporaneous oral agreements and understandings relating to such subject matter.

L. *Execution*. This Agreement may be executed in counterparts and by different signatories on separate counterparts, each of which shall be deemed an original, but all of which shall together be one and the same Agreement. One or more counterparts of this Agreement may be delivered by facsimile or electronic transmission with the intent that it or they shall constitute an original counterpart hereof. One or more counterparts of this Agreement may be signed by electronic signature.

M. *Good Faith and Voluntary Entry*. Each Party warrants and represents that it negotiated the terms of this Agreement in good faith. Each of the Parties and signatories to this Agreement warrants and represents that it freely and voluntarily entered into this Agreement without any degree of duress or compulsion. The Parties state that no promise of any kind or nature whatsoever (other than the written terms of this Agreement) was made to them to induce them to enter into this Agreement.

N. *No Prevailing Party.* The Parties each agree that they are not the prevailing party in this action, for purposes of any Claim for fees, costs, or expenses as prevailing parties arising under common law or under the terms of any statute, because the Parties have reached a good faith settlement. The Parties each further waive any right to challenge or contest the validity of this Agreement on any ground, including, without limitation, that any term is unconstitutional or is preempted by, or in conflict with, any current or future law.

O. *Non-Admissibility.* The settlement negotiations resulting in this Agreement have been undertaken by the Parties and by certain representatives of the Participating Subdivisions in good faith and for settlement purposes only, and no evidence of negotiations or discussions underlying this Agreement shall be offered or received in evidence in any action or proceeding for any purpose. This Agreement shall not be offered or received in evidence in any action or proceeding for any purpose other than in an action or proceeding arising under or relating to this Agreement or in any litigation or arbitration concerning Teva's right to coverage under an insurance contract.

Any Party or the Plaintiffs' Executive Committee may change or add the contact information of the persons designated to receive notice on its behalf by notice given (effective upon the giving of such notice) as provided in this subsection.

Q. *No Waiver*. The waiver of any rights conferred hereunder shall be effective only if made by written instrument executed by the waiving Party or Parties. The waiver by any Party of any breach of this Agreement shall not be deemed to be or construed as a waiver of any other breach, whether prior, subsequent, or contemporaneous, nor shall such waiver be deemed to be or construed as a waiver by any other Party.

R. *Preservation of Privilege.* Nothing contained in this Agreement or any Consent Judgment, and no act required to be performed pursuant to this Agreement or any Consent Judgment, is intended to constitute, cause, or effect any waiver (in whole or in part) of any attorney-client privilege, work product protection, or common interest/joint defense privilege, and each Party agrees that it shall not make or cause to be made in any forum any assertion to the contrary.

S. *Successors*.

1. This Agreement shall be binding upon, and inure to the benefit of, Teva and its respective successors and assigns.

2. Teva shall not sell the majority of its voting stock or substantially all its assets without obtaining the acquiror's agreement that it will constitute a successor with respect to Teva's obligations under this Agreement.

3. Teva shall not in one (1) transaction, or a series of related transactions, sell, or transfer assets (other than sales or transfers of inventories, or sales or transfers to an entity owed directly or indirectly by Teva) having a fair market value equal to twenty-five percent (25%) or more of the consolidated assets of Teva where the sale or transfer transaction is announced after the Reference Date, is not for fair consideration, and would foreseeably and unreasonably jeopardize Teva's ability to make the payments under this Agreement that are due on or before the third Payment Date following the close of a sale or transfer transaction. The above restriction shall not apply if Teva obtains the acquiror's agreement that it will be either a guarantor of or successor to the percentage of Teva's remaining Payment Obligations under this Agreement equal to the percentage of Teva's consolidated assets being sold or transferred in such transaction. Percentages under this section shall be determined in accordance with the United States generally accepted accounting principles and as of the date of Teva's most recent publicly filed consolidated balance sheet prior to the date of entry into the sale or transfer agreement at issue. This subsection XVI.S.3 shall be enforceable solely by the Enforcement Committee, and any objection under this subsection XVI.S.3 not raised within twenty (20) calendar days from the date that Teva transmits notice of the transaction to the Enforcement Committee is waived. Any dispute under this subsection XVI.S.3 shall be a National Dispute as described in subsection XV.E and must be raised exclusively with the National Arbitration Panel as described therein within twenty (20) calendar days of the announcement, and the sole remedy shall be an order enjoining the transaction.

T. *Modification, Amendment, Alteration*. After the Reference Date, any modification, amendment, or alteration of this Agreement by the Parties shall be binding only if evidenced in writing signed by Teva along with the signatures of at least thirty-seven (37) of those then-serving Attorneys General of the Settling States along with a representation from each Attorney General that either: (1) the advisory committee or similar entity established or recognized by that Settling State (either pursuant to subsection VIII.F.2, by a State-Subdivision Agreement, or by statute) voted in favor of the modification, amendment, or alteration of this Agreement including at least one Participating Subdivision-appointed member; or (2) in States without any advisory committee, that 50.1% of the Participating Subdivisions by population expressed approval of the modification, amendment, or alteration of this Agreement in writing. Provided, however, in the event the modification, amendment, or alteration relates to injunctive relief, interstate allocation between the Settling States, intrastate allocation in a particular Settling State, or fees or costs of Settling States and Participating Subdivisions, then every Settling State and each Participating Subdivision affected by that modification, amendment, or alteration

must assent in writing. Provided further that, in the event the modification, amendment, or alteration relates to injunctive relief, then such amendment, modification, or alteration of injunctive relief against Teva will not be effective unless and until any Consent Judgment is modified by a court of competent jurisdiction, except as otherwise provided by the Injunctive Terms.

U. *Termination.*

1. Unless otherwise agreed to by Teva and the Settling State in question, this Agreement and all of its terms (except subsection XVI.O and any other non-admissibility provisions, which shall continue in full force and effect) shall be canceled and terminated with respect to the Settling State, and the Agreement and all orders issued by the courts in the Settling State pursuant to the Agreement shall become null and void and of no effect if one or more of the following conditions applies:

    a. A Consent Judgment approving this Agreement without modification of any of the Agreement's terms has not been entered as to the Settling State by a court of competent jurisdiction on or before one hundred eighty (180) days after the Effective Date; or

    b. The foregoing waiver and relinquishment includes, without limitation, until such time as all of Teva's obligations hereunder are satisfied in full, Teva's rights to execute a divisional merger or equivalent transaction or restructuring that in each case has the intent or foreseeable effect of (i) separating material assets from material liabilities and (ii) assigning or allocating all or a substantial portion of those liabilities to any subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code, or pursuant to which such subsidiary or affiliate that files for relief under chapter 11 of the Bankruptcy Code would be assuming or retaining all or a substantial portion of those liabilities.

W. *Affirmative Representation of Solvency.* Teva Pharmaceutical Industries Ltd. and Teva Pharmaceuticals USA, Inc. hereby warrant and represent that, as of the date of the execution of this Agreement, it is not insolvent as such term is defined and interpreted under 11 U.S.C. §§101 et seq. ("Code") including, without limitation, Code §§ 547 and 548.

X. *Governing Law.* Except (1) as otherwise provided in the Agreement or (2) as necessary, in the sole judgment of the National Arbitration Panel, to promote uniformity of interpretation for matters within the scope of the National Arbitration Panel's authority, this Agreement shall be governed by and interpreted in accordance with the respective laws of the Settling State, without regard to the conflict of law rules of such Settling State, that is seeking to enforce the Agreement against Teva or against which Teva is seeking enforcement. Exhibit D
Settling States Plan for Acceptance and Delivery of Settlement Product

1. Completion of the Settlement Product Election Form

Within thirty (30) days of the Effective Date and on or before January 1 in each of the calendar years 2025, 2027, 2029 and 2031 (each, an "Election Year"), before placing any orders for Settlement Product for the two (2) calendar years immediately following the Election Year ("Two-Year Term"), each Settling State must execute and return to the Settlement Fund Administrator the Settlement Product Election Form as set forth below in this Exhibit D if it elects to receive, consistent with the Settlement Product Election Form, all or any portion of the Settlement Product allocated to the Settling State as reflected in Schedule D-1 ("Product Election Amount"). The Two-Year Terms are: (1) 2024-2025; (2) 2026-2027; (3) 2028-2029; (4) 2030-2031; and (5) 2032-2033.

2. Settlement Product Allocation

Schedule D-I (attached hereto) sets forth the maximum annual quantity of Settlement Product ("Maximum Annual Quantity") and maximum 10-year total quantity of Settlement Product ("Maximum Total Quantity") for each Settling State. The Parties agree that the total WAC value of the Settlement Product to be provided to a Settling State under this Agreement is set forth next to the Settling State's name on Schedule D-I, and that for purposes of this Agreement the WAC value per kit of Settlement Product is $125.

For each calendar year during the applicable Two-Year Term, the difference in quantity of Settlement Product between the Settling State's Maximum Annual Quantity and the annual Product Election Amount will be converted (the "Converted Quantity") into a cash value equaling twenty percent (20%) of the WAC value of the Converted Quantity.

A Settling State shall not request in its annual Forecast quantities of Settlement Product that exceed the Product Election Amount for the applicable period. The quantities of Settlement Product set forth in a Settling State's four (4) quarterly Purchase Orders per calendar year shall not exceed the quantities set forth in the Settling State's Forecast.

3. Calculation and Payment of Cash Conversion Amount

A Settling State that elects to receive Settlement Product Cash Conversion Amount in any Two-Year Term will receive a Settlement Product Cash Conversion Amount in each year of that Two-Year Term in proportion to 8.33% (i.e. 1/12) of the State's total Settlement Product Cash Conversion Amount. The remaining Settlement Product Cash Conversion Amount owed to the State for that Two-Year Term will be paid out in two equal installments of 1.67% of the State's total Settlement Product Cash Conversion Amount in Payment Years 12 and 13 as reflected in Exhibit M-2.

For example, assume State X is allocated $60 million in Settlement Product at WAC, which would convert to $12 million in Settlement Product Cash Conversion (based on the 20% conversion rate). Therefore, State X would receive $6 million in Settlement Product at WAC annually over 10 years

or $1 million in Settlement Product Cash Conversion annually over 12 years if it elected full Settlement Product Cash Conversion in Year 1. However, if State X elects to convert to cash for a given Two-Year Term, it would receive: (i) $999,600 (i.e., 8.33% of $12 million) in each calendar year of that Two-Year Term, and (ii) $200,400 (i.e., 1.67% of $12 million) in Payment Years 12 and 13, for a total Settlement Product Cash Conversion of $2.4 million.

4. Forecast, Orders, Purchase Order Fulfillment, Distribution & Delivery

Forecast to TEVA USA

Within one hundred and twenty (120) days of the Effective Date, and each January 1 thereafter, each Settling State that elects to order Settlement Product shall provide Teva USA a written forecast of the estimated quantities of Settlement Product that the Settling State anticipates ordering from Teva USA for delivery during the immediately following calendar year (each, a "Forecast").

Orders to TEVA USA

The Office of the Attorney General, or a state office, agency, officer or official designated by the Office of the Attorney General, on behalf of each Settling State, shall have the right to place periodic purchase orders setting forth the quantity of the Settlement Product to be delivered and the Settling State's desired delivery date (each, a "Purchase Order") based on annual Forecasts submitted by the Settling State. Not less than six (6) months prior to its desired first delivery date, the Settling State will issue its first Purchase Order. Thereafter, the Settling State shall place periodic Purchase Orders not to exceed four (4) quarterly Purchase Orders per calendar year to Teva USA for fulfillment of Settlement Product over a period of ten (10) calendar years commencing six (6) months after the Settling State submits its first Forecast and ending on December 31, 2033.

Each Purchase Order from the Settling State shall be in writing and directed to Teva USA's affiliate Anda, Inc., 2915 Weston Road, Weston, FL 33331, Attention: Patrick Cochrane, patrick.cochrane@andanet.com and Anthony Mihelich, anthony.mihelich@andanet.com. If the Settling State has any questions regarding the Settlement Product, the Settling State will contact Anda Customer and Sales Support, Attention: Elizabeth Shefferman at elizabeth.shefferman@andanet.com or (954) 217-4500 x76806 ("Anda Customer and Sales Support"). The Settling State shall designate, in each Purchase Order, up to five (5) delivery locations within the Settling State that will receive the Settlement Product on behalf of the Settling State ("Delivery Locations").

Fulfillment of Purchase Orders by TEVA USA

Purchase Orders submitted to Teva USA on behalf of a Settling State pursuant to this Agreement shall in all respects be processed and filled by Teva USA as though such Purchase Orders had been submitted by Teva USA's regular paying customers, except to the extent inconsistent with the terms of this Agreement.

The delivery date of Settlement Product for the Settling State's first Purchase Order shall be no earlier than the later of (a) six (6) months after the Settling State submits its first Forecast and (b)

January 1, 2024. For a Settling State's first Purchase Order, Teva USA will use its good faith efforts to ship the order directly to the Delivery Locations within six (6) months of Teva USA's receipt of the Purchase Order, at no cost to the Settling State. For all Purchase Orders received after the first Purchase Order, Teva USA will use its good faith efforts to deliver Settlement Product within ninety (90) days of Teva USA's receipt of the applicable Purchase Order for Settlement Product.

Teva USA shall respond to the Settling State's Purchase Order request within seven (7) calendar days confirming the order. Teva will use commercially reasonable efforts to fulfil the orders but will have the right to allocate the quantities forecasted by the Settling State evenly on a calendar quarter basis during such calendar year. For each Purchase Order received, Teva USA shall provide the Settling State with estimated delivery dates for receipt of the Settlement Product. Teva USA will use good faith efforts to deliver Settlement Product with at least thirteen (13) months remaining shelf life.

Teva USA will have the right to reject any Purchase Order that would result in quantities of Settlement Product being ordered during a calendar year in excess of the annual Forecast for that calendar year. In the event the Settling State desires to order less than the amount set forth in its Forecast, it shall notify Teva USA in writing of any changes to the Settling State's Forecast promptly after the changes are known by the Settling State. The Settling State shall use its good faith efforts to ensure the accuracy of its Forecasts and to monitor its inventory levels of Settlement Product to ensure that it does not order Settlement Product in excess of its requirements thereby increasing available Settlement Product for patients in need and mitigating the possibility of expired Settlement Product in the Settling State's inventory. In the event a Settling State does not order the quantities of Settlement Product set forth in its Forecast in a given calendar year, it will not be permitted to order any shortfall during any subsequent calendar year.

For purposes of this Agreement, the term "Force Majeure Event" means any event reasonably beyond the control of Teva, including wars, hostilities, revolution, riots, civil commotion, national emergency, unavailability of supplies, epidemics, fire, flood, earthquake, force of nature, explosion, terrorist act, embargo, or any act of God, or any law, proclamation, regulation, ordinance, or other act or order of any court or governmental authority. In the event of a Force Majeure Event or other inability to supply any order made by a Settling State for Settlement Product, Teva USA shall promptly provide written notice to the Settling State. Teva USA and the Settling State shall meet and confer within seven (7) days of such written notice to establish a commercially reasonable plan to resolve any inability to supply as quickly as reasonably possible.

The Settling State retains the right to alter its distribution plan according to the Settling State's needs, including the right to store the Settlement Product at a state facility for any length of time. The Settling State may distribute the Settlement Product as it deems best to address the opioid-related public health crisis in its state, and alteration of distribution to recipients shall be at the sole discretion of the Settling State without regard to the preferences or recommendations of Teva USA.

Exhibit G
Subdivisions and Special Districts Eligible to Receive Direct Allocations from the Subdivision Fund and Subdivision Fund Allocation Percentages

The Subdivisions and Special Districts set forth on this Exhibit G are eligible to receive direct allocations from the Subdivision Fund, if such Subdivisions and Special Districts are otherwise eligible to receive such funds under this Agreement. By default, the Subdivisions and Special Districts set forth on this Exhibit G shall include all Subdivisions and Special Districts set forth on Exhibit G of the national opioid settlement agreement dated July 21, 2021 with Janssen Pharmaceuticals, Inc., et al., including all amendments up to the Preliminary Agreement Date of this Agreement. A State may elect to add any additional Subdivisions and Special Districts to this Exhibit G at any time prior to the Initial Participation Date.

Immediately upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3) that addresses allocation from the Subdivision Fund, whether before or after the Initial Participation Date, this Exhibit G will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VIII.E.3.

For the avoidance of doubt, inclusion on this Exhibit G shall not create any claim for any amount of the Settlement Fund, and no such amounts shall be allocated or distributed to any Subdivision or Special District included herein if such Subdivision or Special District does not otherwise meet all requirements to receive any such funds pursuant to the Agreement.
