1. **GENERAL INFORMATION**

The City of Madera is requesting a proposal for small, permanent, Asphalt-Concrete patching services for the repair of sewer, water, and other similar small to medium service trenches and failed asphalt areas in streets and alley ways throughout the City.

2. **SPECIFICATIONS**

   A. All permanent repairs require saw cutting when applicable, removing materials to a minimum six-inch depth, compacting/stabilizing and full depth a/c repairs. Any situation necessitating a variation from these requirements would be at the direction of authorized personnel within the City of Madera Public Works Department.

   B. The successful bidder shall request an Underground Service Alert (USA) on all repair sites assigned by the Public Works Department at least two days prior to beginning work.
