

CITY OF MADERA

ACCOUNTING TECHNICIAN II

*Class specifications are only intended to present a descriptive summary of the range of duties and responsibilities associated with specified positions. Therefore, specifications **may not include all** duties performed by individuals within a classification. In addition, specifications are intended to outline the **minimum** qualifications necessary for entry into the class and do not necessarily convey the qualifications of incumbents within the position.*

DEFINITION:

Under general supervision, performs point-of-capture data entry related to cash receipts and accounts payable transactions; prepares, processes and verifies bookkeeping entries affecting general and subsidiary ledgers; performs customer service functions with the public and/or accounts payable vendors both in person and over the phone; performs other related duties as required.

DISTINGUISHING CHARACTERISTICS:

The Accounting Technician II is the journey level class in the Accounting Technician_series and is responsible for a full range of financial record keeping transactions including accounts payable, accounts receivable, utility billing, collection and taxation. Incumbents may be assigned a variety of accounting related responsibilities and are expected to perform more detailed non-professional accounting duties. This classification is distinguished from the next lower level classification of Accounting Technician_I by the performance of the full range of duties working with minimal supervision and performing the more complex assignments in all areas.

SUPERVISION RECEIVED/EXERCISED:

Receives general supervision from the Revenue Services Manager or Financial Services Manager. May exercise technical and functional supervision over lower level accounting support staff.

ESSENTIAL FUNCTIONS: *(include but are not limited to the following)*

- Performs the full array of duties assigned to classes in the Accounting Technician_series including the preparation and maintenance of financial records.
- Demonstrates a full understanding of applicable policies, procedures and work methods associated with assigned duties.
- Accepts payments for utility services, various licenses, permits and fees; counts cash, makes change, and balances cash drawer.
- Collects information on and creates new utility accounts; determines property ownership and financial responsibility.
- Explains utilities billing, business license procedures and other regulatory policies to customers. Researches account history and takes action based on findings.
- Reviews and processes roll-off bin invoicing.

ACCOUNTING TECHNICIAN II

Page 2
