| Action Item H-1.1.1 | The City shall continue to maintain an inventory of land owned by the City, Housing Authority, and Redevelopment Agency within the City and its sphere of influence and will analyze that land for potential housing sites | Ongoing | The City Completed an inventory, however, with reduced resources/personnel, it may not be possible to keep it up to date. |
| Action Item H-1.1.2 | The City will cooperate with the Redevelopment Agency, Housing Authority and its affiliated non profit organization, and other low income housing developers to identify suitable sites and projects for affordable housing throughout the City, with the intent to avoid concentrating affordable housing opportunities in a limited number of neighborhoods. | Ongoing | This is a continuing effort that is periodically discussed among the remaining principal parties. |
| Action Item H-1.1.3 | To fulfill the requirements of its regional housing need allocation, the City will rezone the following parcels of land to PD (4500), or equivalent zone district with allowances for equal or greater density, with the intention of making these parcels appropriate for the development of housing types affordable to moderate-income households: (As shown in Appendix A of the Housing Element) | February 2011 | Completed |
| Action Item H-1.1.4 | Most assisted housing developments utilizing State or federal financial resources include 50 to 150 units. The City will provide incentives and technical assistance through the processing of subdivision or larger sites located in Specific Plans and Special Planning Areas to facilitate development of a variety of housing types and affordability consistent with typical developments affordable to lower income households. The City will offer the following incentives for the development of affordable housing including but not limited to: priority processing for subdivision maps that include affordable housing units, expedited review for the subdivision of larger sites into buildable lots where the development application can be found consistent with the General Plan, applicable Specific Plan and master environmental impact report, financial assistance (based on availability of federal, state, local foundations, and private housing funds, and modification of development requirements, such as reduced parking standards for seniors, assisted care, and special needs housing on a case-by-case basis. | August 2010 | The City continues to implement this policy. | | | | |
|---------------------|--|---------|---|
| Action Item H-1.2.2 | In cooperation with the Redevelopment Agency and Housing Authority and its affiliated non profit organization, the City shall work with interested for-profit and non-profit developers in consolidating infill parcels designated for multi-family residential development. | Ongoing | While this started out as a feasible effort, the State's grab of Redevelopment funds and subsequent elimination of the Redevelopment Agency have made this less likely to occur in the future. |
| Action Item H-1.2.3 | The City will explore the feasibility of establishing a housing fee program that would provide fiscal incentives for infill and affordable housing projects. | Ongoing | The concept has not been feasible in this difficult economic period. |
| Action Item H-1.2.4 | The City will ensure compliance with the State Density Bonus by amending its Zoning Ordinance to reflect amendments to State Density Bonus law. | 40422 | The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2016. |
| Action Item H-1.3.1 | The City shall review and potentially amend its Zoning Ordinance to include minimum densities in the medium and high density zones unless there are issues of site constraints or the affordability of the units would be compromised. Policy LU-6 in the City's draft Land Use Element states that the City will establish density ranges and encourage a target density within that range by requiring an explanation for not building at the higher end of the range. | Ongoing | The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2016. |
| Action Item H-1.4.1 | The City shall develop and maintain data via its GIS system to track and maintain an inventory of vacant land by zoning classification along with a subdivision activity list for reference in the evaluation of available sites for housing development activity. This data will also be used to report housing construction and occupancy in group quarters for the State Department of Finance's preparation of annual population estimates. | Ongoing | The City funded the beginning of this effort through CDBG funds in 2010. The GIS Mapping and database are set up, and data has been collected. The entire City has not been completed as of this report. |

Other projects have not been initiated due to a lack of development activity. |

The intent of the interaction still continues as the City has daily working relationships that provide opportunities to coordinate on projects as needed. |
| Action Item H-2.2.1 | The City shall continue to coordinate with the County of Madera and the Madera County Local Agency Formation Commission (LAFCO) to ensure an orderly pattern of urban growth with adequate provision of urban services as well as consistency with all rezoning and annexation applications. In 2010, the City facilitated the approval of a multi-unit low income project and successfully applied for a Home Grant for the project. |
| Action Item H-2.4.2 | The City shall work cooperatively with its Redevelopment Agency to ensure housing set-aside funds are utilized to reach common goals of the two entities including the purchase of infill lots for very low- and low-income housing, and the development of housing for special needs groups. | Ongoing | The Redevelopment Agency has been eliminated. |
| Action Item H-2.5.1 | The City shall, in cooperation with the Housing Authority, maintain and expand a comprehensive annual monitoring program to document the affordability levels (sales price or rental rates) for all new units constructed each year. | Action Item H-3.4.6 | The City shall continue to implement an abandoned real property registration program as a mechanism to protect residential neighborhoods from becoming blighted through the lack of adequate maintenance and security of abandoned properties. | Adopted ordinance May 2009; Ongoing | The City continues to embrace this policy. |

Emergency shelters in the C-2 shall only be subject to the same development and management standards that apply to other allowed uses in the zone. There are approximately 212 acres of vacant C-2 land, much of which is located along major transportation corridors.</p> | Completed May 20, 2015 | This action item was completed with Ordinance No. 920 C.S., Adopted by the City Council on May 20, 2015 |

| | | | |
|---------------------|---|-------------|--|

The amendment will ensure that second units are allowed uses in all residential zones and require only ministerial review by the Zoning Administrator without any excessive burdensome conditions of approval. In addition, the City will omit the condition that precludes second unit development on lots of less than 6,000 square feet. This requirement serves as a potential constraint to the development of secondary dwelling units in residential zones outside of the R1 zone, which conflict with the second unit law. | August 2010 | The language has been drafted as part of a comprehensive update of the Ordinance that is scheduled for adoption in 2016. |

The program shall remove constraints to and provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities." A request for reasonable accommodation may include a modification or exception to the rules, standards and practices for the siting, development and use of housing or housing-related facilities that would eliminate regulatory barriers and provide a person with a disability equal opportunity to housing of their choice. The City currently evaluates the need for reasonable accommodations for persons with disabilities on a case-by-case basis. The City will develop a more formalized reasonable accommodation procedure that will provide an administrative exception process in building and land use matters for housing for persons with disabilities. The process may include minimal review by the Planning Director and may include the following criteria:</p> <ul style="list-style-type: none"> • The request for reasonable accommodation will be used by an individual with a disability protected under fair housing laws. • The requested accommodation is necessary to make housing available to an individual with a disability protected under fair housing laws. • The requested accommodation would not impose an undue financial or administrative burden on the City. • The requested accommodation would not require a fundamental alteration in the nature of the City's land use and zoning program. <p>Additionally, the City will ensure information is available on how to request a reasonable accommodation with respect to zoning, permit processing or building laws at the Planning counter and on the City's</p> | Completed May 20, 2015 | This action item was completed with Ordinance No. 920 C.S., Adopted by the City Council on May 20, 2015 |

| | | | |
|---------------------|---|---|---|
| Action Item H-5.3.1 | <p>The City shall enhance community livability by promoting:</p> <ul style="list-style-type: none"> · Opportunities for transit use including improved bus access and enhanced walking and biking facilities. · Increased connectivity between residential and non-residential uses (i.e., commercial, industrial, and institutional uses). <p>Encourage residential project sites to be designed to increase the convenience, safety, and comfort of people using public transportation, walking, or cycling and coordinate with transit providers to ensure that transit routes are in proximity to high density housing sites.</p> | Ongoing | The City continues to embrace this policy. |
