

The City of Madera is a recipient of Housing and Urban Development (HUD) annual funding through its Community Development Block Grant (CDBG) program and distributes the funds to non-profits/agencies that seek to advance the City’s HUD-approved Consolidated Plan. Those activities seek to address the priority needs of low income and moderate-income residents and to advance outcomes that improve the quality of life for residents. The City of Madera invites eligible and interested organizations to participate in this year’s annual allocation process.
