2. Questions and answers through Friday, January 7, 2021:

Q1 Style and color of uniforms?

A1 Currently the uniform color of the shirts for the field staff is the safety orange, the rest of the shirts that are executive dress shirts or polo shirts are in a variety of colors. Pants that staff currently have chosen are the jeans.

Q2 Quantity of employees in the FR uniforms?

A2 The FR uniforms are for the Electricians and Electrical staff which there currently are 5.

Q3 Quantity and color of mats and mops by size?

A3 Most of the mats are black or the charcoal color. We do not have a count of how many are rented in the various buildings or how many mops the departments receive, as the number of garments or other rental items (i.e., mats and mops) have been increased and/or decreased over the life of the current contract.
