**Multiple Permit Projects**: Where a project requires multiple Planning Department permits that are processed simultaneously, the permit with the highest fee is charged at 100% of the full fee. All additional permits are charged at 75% of the fee.

**Note**: If a development agreement is approved, City Council may choose to reimburse the applicant the cost of the application fee as part of the agreement. **Note**: Any required environmental review fee shall also be added to the total. This provision is applied to projects such as General Plan or Specific Plan amendments and rezoning or Rezoning applications processed concurrently with Use Permits.

**Note**: A 2006 consultant agreement identified variable costs for CFD Annexation Services based on the number of projects being annexed into a CFD at any one time. Based on the age of the contract, the specific costs identified in the prior fee schedule can no longer be relied on. Applicant will pay actual consultant cost for any CFD Annexation or Formation.
