

City of Madera 2024–2032 Housing Element Community Meeting

Join us for a virtual community meeting to discuss preliminary Housing Element work for the City of Madera.

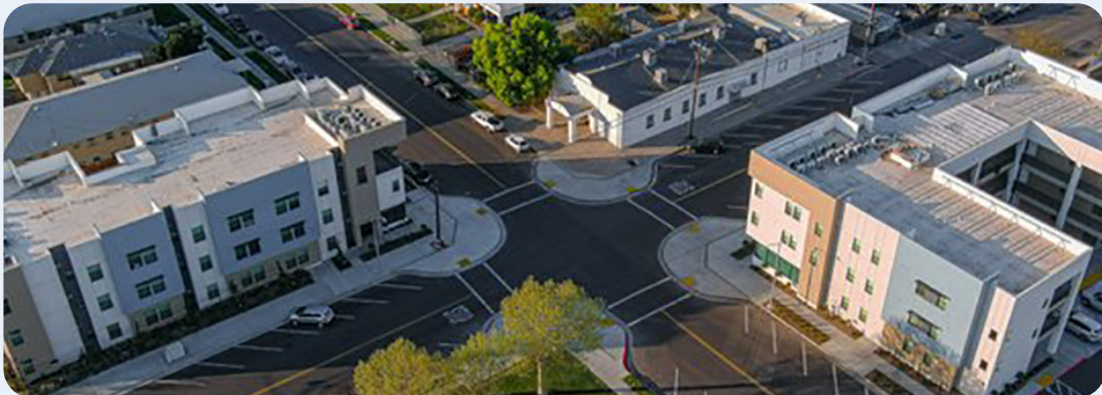

March 21, 2023 6:00–7:00pm
Zoom: madera.gov/hecm-meeting

What is a Housing Element?

The Housing Element is one of the State-mandated components of the City's General Plan. It provides a comprehensive strategy for the City to accommodate sufficient housing at all income levels.

The Housing Element provides an assessment of current and future housing needs for the next eight years and establishes housing goals, policies, and programs that address housing needs, reduce barriers to housing development, and ensure compliance with State legislation.

In this preliminary stage, learn about the City's steps to complete a Housing Constraints and Fair Housing Analysis, to be completed under funding through the Regional Early Action Planning (REAP) grant program, administered by Madera County Transportation Commission (MCTC).
